

Her Throat Cut From Ear to Ear and \$700 Gone.

MONEY WAS SEWED IN DRESS

Philadelphia, Nov. 5.—Marina Carmela Mongoluzzo, an aged Italian woman, was murdered and robbed of \$700, the savings of herself and husband, while she was at work in a shed in the rear of her home in southwest Philadelphia.

The woman's husband, Amatto Mongoluzzo, who is employed on the Baltimore & Ohio railroad, left her at work on the week's wash, and when he returned home he found her lying in the shed, with her throat cut from ear to ear. Six hundred dollars, which the couple had saved, was sewed in the woman's dress and nearly \$100 additional was in her purse. When Mrs. Mongoluzzo was found the pocket containing the money had been cut from her dress and the purse was gone.

The couple lived in an Italian boarding house, but had the use of a shed in the rear of the place. The police are at sea in the case, though they believe some one familiar with the Mongoluzzo's habits committed the murder. A dozen boarders in the house were taken in custody by the police for examination, together with the husband. He is 48 years old, but the woman is said to have been nearly 70 years of age.

GIRL BRUTALLY ASSAULTED

Beaten Insensible and Robbed by Thug While Walking Street.

Scranton, Pa., Nov. 4.—Miss Belle M. Osborne was the victim of a fiendish assault. She was struck with a huge club on the head, but fortunately the blows did not cause death, although this was no fault of the assailant. He left her for dead in a field into which he dragged her after beating her into insensibility. Fear is entertained that, though she may not lose her life, her reason may be permanently affected.

The crime took place on Richmond street, near the home of her brother, F. W. Osborne. She knows nothing about the crime except that while walking along the street to her brother's home she suddenly lost consciousness and did not come to her senses until six hours later, when she found herself in a field, her head battered and covered with blood, her clothing disheveled and her purse gone. The club with which she was struck was found in the field. It is four feet long and 3 1/4 inches in diameter at the butt.

SURGERY FOR DULL MINDS

Physicians May Operate On Backward Pupils in Pittsburgh Schools.

Pittsburg, Pa., Nov. 1.—Surgery may be resorted to in an effort to brighten the minds of backward pupils in the Pittsburgh public schools. It is planned to have physicians perform operations on pupils who are behind in their lessons and whose deficiency is found to be caused by physical ailments. Councils will be asked to make an appropriation for the establishment of a bureau of inspection in the schools, which bureau will order operations when physicians deem them advisable. At the conference of the officers of the bureau of health and members of the Civic club it was decided to collect data for presentation to councils in an effort to convince them of the advisability of the innovation.

D., L. & W. Raises Pay.

Phillipsburg, N. J., Nov. 5.—Notices have been posted all along the line of the Delaware, Lackawanna & Western railroad to the effect that the wages of locomotive drivers, firemen, conductors and brakemen on all trains have been raised, the increase dating from November 1. The raise of wages was voluntary and amounts to 25 cents a day for engine drivers, 10 cents for firemen, 10 cents for conductors and 15 cents for brakemen. The notice was a surprise to the men.

Athlete Seriously Injured.

New York, Nov. 4.—Dennis Horgan, a well-known athlete, was seriously injured during an altercation with Clemente Luigi, a fruit peddler. Horgan was hit over the head with an iron shovel and his skull fractured. He is said to be in a critical condition at a hospital. Horgan was a shot putter. In 1906 he held the American record with a 16-pound shot and his put with a 28-pound shot in 1896, 36 feet three inches, still stands as a record.

Another Football Victim.

Cleveland, O., Nov. 5.—Richard S. Evans, left half-back of the Wooster, O., university football team, who was injured in a game between Wooster and Western Reserve here on October 5 last, died here.

Dr. Alexander Caldwell Dead.

Philadelphia, Nov. 4.—Dr. Alexander Caldwell, a widely-known physician and philanthropist and former army surgeon, died here after a short illness, aged 63 years. Dr. Caldwell was a surgeon in the 10th Missouri regiment during the Civil War and was afterwards on General Grant's staff. Since the war he has devoted a great deal of his time to practicing among the poor of this city.

FATAL HALLOWEEN PRANKS

Boy Shot Playmate Dead Making Mock Rescue of Girl.

New York, Nov. 1.—During a Halloween frolic in Harlem, Joseph Barbenero, aged 14 years, shot dead his playmate, Frank Reynolds, 12 years old. Barbenero was making a mock rescue of a little girl from the custody of Reynolds and, drawing a supposedly harmless pistol, put a bullet into the other's head.

Girl Fatally Burned.

Buffalo, N. Y., Nov. 1.—While playing a Halloween prank with a burning bowl of wood alcohol, Margaret Mary Dissett, a 15-year-old girl of a well-known family, was probably fatally burned.

Fired Into Crowd; Killed Boy. Brookville, Pa., Nov. 2.—David Blish, under arrest, charged with the death at Oak Ridge, near here, of Newton Redding, 17 years old, during Halloween celebration. Blish is alleged to have fired into a crowd of boys who annoyed him. Redding's head was blown off.

Tube Kills Boy at Halloween Tricks. New Haven, Conn., Nov. 2.—Nine-year-old Carl Appel is dead here as the result of a singular accident. He was celebrating Halloween and had a tin pipe with which he was shooting beans at other children. With the pipe in front of him, he suddenly turned and ran into a brick wall. The blow pipe was driven into his throat, where it severed an artery and the lad bled to death.

SHOT HIMSELF IN HEAD

Philadelphia Theatrical Manager Attempts Suicide.

Philadelphia, Nov. 4.—Gustavus A. Wegfarth, lessee and manager of the Grand Opera House, and president of a company which is erecting the new William Penn theatre in this city, attempted suicide at his home by shooting. Mr. Wegfarth, with his son, W. Dayton, assistant manager of the Grand Opera House, were entertaining several friends in the parlor at their home when he left the party and went up stairs to his bed room and shot himself. When his son and guests, together with a neighbor, went to his room, they found Wegfarth lying on the floor with three bullet holes in his head. He was taken to a hospital, where an operation was performed and it is said he has a possible chance of recovery.

Mr. Wegfarth is 52 years of age. Several years ago he was injured in a runaway accident, from the effects of which, it is said, he never fully recovered. Recently, it is added, business troubles have caused him much worry.

FOR FAIR RECEIVER

State Exhibits at Jamestown to Close This Year.

Norfolk, Va., Nov. 5.—The National Meter company, of New York, has asked that a receiver be appointed for the Jamestown Exposition. The case has been referred to a commissioner, who will make a report on the case. At a meeting in the Ohio building it was decided that it would be impracticable for the various states to maintain their buildings and exhibits at the exposition for another season for the reason that the appropriations made by their legislatures for the Jamestown participation are now exhausted and in many instances it would be impossible to obtain additional appropriations.

A meeting of a number of the commercial exhibitors of the food products building resulted in a division of sentiment bearing on the reopening next year of the Ter-centennial. The idea was to secure other exhibitors to take the places of those who withdrew, should it be determined to open the exposition again next year.

Shooting Deer in Jersey Illegal.

Trenton, N. J., Nov. 5.—Justice Swayze filed an opinion in the supreme court which holds that the shooting of deer in New Jersey has been prohibited by the legislature until 1909. The opinion sustains the conviction of William Grace and another, who were fined \$200 for attempting to shoot deer in Cumberland county last year. The case was a test one and the conviction was carried to the supreme court.

Roasted to Death in Boiler.

Washington, Pa., Nov. 5.—Being drenched and cold through exposure during Charleroi's bridge celebration Saturday, Richard Eckles, of West Brownsville, crawled into the fue of a boiler at the Hamilton bottle works at Charleroi late Saturday night. Fire was started under the boiler at midnight and Eckles' charred remains were later taken out. It is supposed Eckles was overcome by gas fumes.

Taking Chances.

There is no more reckless fighter than the American soldier. The American soldier is but the American citizen in uniform. His recklessness is characteristic of the man, whether working or fighting. He is always taking chances. The worst feature of this recklessness is the way in which men take chances with their health. Symptom after symptom warns of increasing physical derangement. But they run by all danger signals,—often to collapse in a total wreck. If there is undue fullness after eating, or bad taste in the mouth, spots before the eyes, loss of appetite, or sleeplessness, heed the warning of nature and put the stomach, blood and liver in a healthy condition. It can be done by the use of Dr. Pierce's Golden Medical Discovery. It cures ninety-eight per cent. of all who give it a fair trial.

Fishes That Are Lost. It is pretty well established that the common mackerel, for example, lays some 50,000 eggs and that out of the number not more than two come to the reproduction stage. Presumably the loss is equally great in the eggs of other fishes. The greater part of this loss occurs, of course, while the young are too small to look out for themselves. By hatching the eggs artificially and maintaining the young until they can shift for themselves it is claimed that in place of one in 25,000 one in a dozen may live to maturity.

Medical.

COMFORTING WORDS. Mary a Bellefonte household will find them so. To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell her this great change can be brought about will prove comforting words to hundreds of Bellefonte readers.

George R. Laird, employed in the Inspectors Office, of the P. E. R., and living on W. 16th St., Tyrone, Pa., says: "I worked as a section hand on the P. E. R. for over twenty years, and the heavy lifting and continual stooping and bending told on my kidneys and brought on backache. Before I got Doan's Kidney Pills at a drug store, the pain in my back was almost continual and sometimes the sharp shooting twinges almost set me crazy. The action of the kidneys was noticeably weak and the passages of the secretions were very irregular. Doan's Kidney Pills cured me, and whenever I feel the least touch of backache I use Doan's Kidney Pills and they never fail to relieve me. My daughter was troubled in the same way about four years ago, and two boxes of Doan's Kidney Pills cured her so thoroughly that she has never had any trouble of that kind since."

Plenty more proof like this from Bellefonte people. Call at Green's drug store and ask what customers report. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other. 52-27-2m-e-o-y.
