THE TEACHER'S INSTITUTE. - Before this issue of the WATCHMAN reaches all its readers the sixty-first annual session of the teachers' institute of Centre county, which was held in the court house in this place, will have come to an end and the teachers have departed for their respective

To give a detailed account of the institute is more than our limited space will allow, notwithstanding the fact that we realize the importance of the institute to the educational welfare of the county. That the institute throughout was one of the most interesting, earnest and well attended of any held in years cannot be gainsaid. About two hundred and eighty of the three taken rooms at the Bush house for the hundred teachers in the county were present and to the credit of all of them it can be said that they were pauctual and regular in their attendance at every session, manifesting an interest in the talks of the various justructors far beyond the ordinary.

The first session of institute began at two o'clock on Mouday afternoon with county superintendent David O. Etters presiding. Prof. Philip H. Meyer, of Centre Hall, led the music with Miss Bessie Dorworth as olub last evening and bad a very pleasant pianist. The first speaker was Dr. Charles Miller, of Lima College, Lima, Onio, who gave a most excellent talk on "This Busy World of Ours." His theme was history and he strove to impress upon the teachers the importance of following closely every -A big per cent. of the farmers important event transpiring in order to of Monday afternoon was Dr. J. C. Willis, -The engagement of Miss Eleanor of the University of Kentucky. His sub the tenor of his discourse was an argument against too much ambition to forge ahead rapidly, too much hurry in your work to accomplish the best results. Take time enough at anything you undertake to be sure that the work is well done and in the and the results accomplished will be more

satisfactory. Dr. Willis was also the first talker at when he took for his subject, "Psychopathia and Neurology." At first sight the subwas appointed manager of the Pennsylva- ject looks hard but when it is realized that the real strain of his talk was on the conand brain, and how the nervous system hours work, eight hours recreation and eight hones sleep.

Dr. C. H. Gordineer, of Kee Marr College, Hagerstown, followed Dr. Willis in a talk on "The Art of Questioning," and part of the cemetery purchased by his during a brief intermission Miss Betty Heinle gave two very good recitations in negro dialect. Dr. Charles C. Miller closed the session with a talk on "South America, the Land of the Twentieth Century."

On Tuesday afternoon Dr. Gordinier, Dr. Miller and Dr. Willis spoke in turn tute is marked with bad weather. and their talks were exceedingly interesting and instructive. On Tuesday evening Edward Elliott, the great impersonator, entertained a large audience with the story of "The Lion and the Monse."

Dr. Willis was again the first speaker on Wednesday morning when he talked on 'Personal and Public Hygiene." He particularly emphasized the fact that most of the ills that man is heir to are caused because we have in one or more ways broken the law of nature. He impressed upon the teachers the importance of cleanliness in the school rooms, proper ventilation, plenty of light, the right degree of heat, temperate babits, etc. Miss Betty Heinle again entertained the institute with two Presby terian church at 10:30 o'clock Thurs- very pleasing recitations after which there were two brief talks by Dr. Miller and Dr.

> Dr. N. C. Schaeffer, superintendent of public instruction, was a new speaker on W ednesday afternoon and naturally a very interesting one. He talked on "The Future of War." He spoke of the Hague conference and its work in the interest of everlasting peace and urged the teachers to foster a peaceful feeling by paying more attention in their instruction to the young of the victories of peace than the conquests of war. Dr. Willis gave the teachers some very good advice on discipline when he talked on the subject, "Management," while Dr. Miller closed the days work with a dissertation on Edgar Allen

The instructions yesterday were of an equally high class order as those for the preceding days and were by the same instructors. Wednesday evening Dr. N. C. Schaeffer lectured on "Work and Play in Education," and last evening's entertainment was by the Gypsy Concert company. The institute will close with this morning's session.

CONCERT COMPANY COMING .- It is the intention of the Bellefonte Y. M. C. A. to give the people of Bellefonte some high son and the first of the series is booked for Tuesday evening, December 3rd. It is the Otterbein Male Quartette company, one of the very best of the kind on the road today. The entertainment will be given in Petriken hall and every lover of good music wants to reserve that date for that attraction. In addition to being very pleasantly entertained you will be contributing to a worthy institution at the same time.

-In the list of 684 students at the West Chester State Normal school this ssion is Miss Mary M. Brown, of Bellefonte, the only pupil from Centre county. Miss Maude E. Miller, of Pennsylvania Furnace, is the only pupil from Huntingdon county, while Blair is represented with one pupil and Clearfield county with three.

-Mr. and Mrs. Edwin F. Garman bave quit housekeeping and vacated their ooms in the Garman residence on the corner of High and Spring streets. They have taken one room in the Benner residence on High street and will take their meals at the hotel. This move was made mostly because Mrs. Garmau's health has not been the best for some time.

-This is the kind of weather that makes the coal man happy and the ice man weary-unless the same man handles both commodities. As to coal, dealers in this place are kept busy supplying the demand, owing to the increasing cold weather. But at that there is no cause for becoming alarmed as the coal supply in the country is ample to meet all demands.

-W. E. Tyson & Son, of Tyrone, Tuesday morning's session of institute, have disposed of their retail coal business in Tyrone to Joseph M. --- Don't forget the foot pall game between the Bellefonte Academy and Lock Haven Normal elevens on the glass works meadow grounds tomorrow afternoon. This will be the last opportunity the people of Beliefonte will have to see the strong Acad. emy team play, as this is their last home game this season. The game will also be a hotly contested one and a large crowd should be in attendance. Go out and give the boys a royal farewell send-off, and don't forget to pay your way in.

-This is "Pennsy!vania Day" at The Pennsylvania State College and also the day for the dedication of the new agricultural building for which the Pennsylvania Legislature appropriated one hundred and fifty thousand dollars. TURNPIKE CONDEMNED. - Several months ago a petition was presented to the railroad, fell on Friday afternoon and broke court asking that viewers he appointed and her leg in two places. She was brought to a rule granted in condemnation proceedings against the Bellefonte, Boalsburg and Kishacoquillas Turnpike company for the condemnation and vacating of the pike from the foot of Rishel's hill, near Humes mill, to Lemont, a distance of between six and seven miles. The court granted the rule and appointed as viewers Col. John A. Woodward, John Holmes, Solomon Peck William Pealer and Henry Meyer. J. C. pastor of the Centre Hall Lutheran charge Meyer Esq., was appointed master in the

Having duly inspected the road testimony both for and against the vacating of the turnpike was taken before Mr. Meyer in the court house last Thursday and Friday. Fortney & Fortney represented the petitioners, of which there were just two hundred and twelve. Gettig, Bower and Ella Twitmire Zerby represented the courty, John Blanchard the turnpike company and Clement Dale the taxpayers of College township. Considerable testimony was taken, the most of which was either in favor of having the turnpike thrown open as a public road or else only mildly opposing it. Jacob went to Williamsport last Saturday, for a visit of Herman and I. J. Dreese were two men who opposed the turnpike being vacated on the ground that it would increase the taxes of the property owners. When asked if he thought it would raise his taxes to more than what he now pays for toll Mr. Herman said he thought it would. He was then asked how much it cost him for toll and he replied very little because he never paid unless they saw him. Mr. Dreese being asked the same question stated that it cost him nothing for toll because he drove around the gate.

It was a four cornered argument and after each side bad been heard the case was given into the hauds of the viewers who then acted as a jury and after full consultation they declared the pike condemned and vacated, and awarded the company damages to the amount of three hundred and fifty dollars.

This now makes that road a public highway and abolishes the toll gate near Lemont. Of course there is a probability that the case will be appealed to court by the turnpike company, whose officers think the damages awarded entirely too small, and the result will be a trial of the case before the court and an award made by a regular jury.

BELLEFONTE FEELS NOTHING .- About all that Bellefonte and this community is what it reads in the city papers. The been a minute since the agitation began

Money has not been at a premium here and will not be. Checks of all kinds-that are good-are cashed as freely as ever by our merchants and banks and things move on in the even tenor of their ways with a ripple of disturbance.

The industrial situation has suffered slightly owing to a suspension in the ont put of lime, ballast and furnace stone by some of the quarries in the neighborhood. But that was to be expected with the approach of winter. The season puts a partial stop to the building business and naturally orders for building lime fall off, just as they do every fall. The railroads stop their work of laying and ballasting new tracks consequently ballast orders cease. just as they do every fall. These are normal conditions, not unusual and if the excitable people will only stop to seriously consider the matter reasonably they will see nothing that they haven't seen late in

the fall of every year. Both the furnaces in this place are running full blast and the managers tell us that so far as their present knowledge is concerned they have no idea of shutting down. The match factory is so crowded with orders that it can't begin to keep up. The Yeager Manufacturing Co , is the same way and both the lumber mills are work-

ing full time. Merchants report a slight falling off in business but they know this is due to the fact that the unusual good weather has kept the farmers at home husking corn. They are hopeful of a large increase later because everyone knows that with wheat ranging from 90c to \$1, apples 60c to 95c,

-Mortimer Donohue, looking as fat and puffed up as any of the big railroad magnates in New York, spent Sunday and Monday with his old friends in Bellefonte. Since the time he left the Centre Iron company and Bellefonte at the same time he has been over the country quite a lot but is now permanently located in Philadelphia and getting along tip top.

-John Q. Miles, of Martha, was a Bellefonte visitor on Wednesday looking if anything young er than he did when he was county treasurer ; lived in Bellefonte. Of late he is clinging quite tenaciously to that comfortable home of his as he now gets to Bellefonte only about twice a year, unless there is something big politically going on, when he is always sure to be on hand.

-Levi P. Miller, an old Beliefonte boy but who for over twenty years has been connected with patch, has been visiting friends in this section the past week and was an agreeable caller at the WATCHMAN office on Wednesday; looking hardly a day older than he did when he organized the Junior Sons of '76 and almost succeeded in hav ing himself elected sheriff of Centre county.

-Prof. Philip H. Meyer, of Centre Hall, but who is as well known in Bellefonte as anywhere else in the county through his residence here when he was county commissioner, was one of the most interested attendants at the teacher's institute this week. Of course as musical director he felt a personal interest in the success of the gathering and anybody who knows Mr. Meyer knows that when it comes to music he is a past master and right at home all the time.

-Capt. W. H. Fry, of Pine Grove Mills, was a Bellefonte visitor on Monday; and although he didn't admit it openly we conclude he came down just to see how many pretty school marms there were in town. He was called to State College on a professional trip and having performe his duties and nothing to do when the train left for Bellefonte he just jumped aboard and came to the county seat. -John C. Mulfinger, of Pleasant Gap, was in own yesterday with his son Morris who is about as bright a lad as there is in the county. He wanted to get an idea of his own as to how printing is done so drifted into the WATCHMAN office o watch the girls stick type.

BETTY HEINLE'S RECITAL .- On Wednesday evening, November 27th, Miss Betty Heinle will give a recital in the hall -Mrs. Lyda Gibson, of Philadelphis, arrived in in the Reynolds building. At her first public recital in this place Miss Heinle won the plaudits of the people of Bellefonte and they can be assured that her recital next Wednesday evening will be one of more than ordinary merit. At that time she will appear in costume, which will give a more realistic cast to her selections. Miss Heinle will be assisted in her recital by Miss Bertha Collins, of Philadelphia, a young lady of more than ordinary musical talent. The price of admission to the recital will be but fifty cents and the hall should be crowded.

BIRTHDAY CELEBRATED .- On account of it being the eighteenth anniversary of her birth a suprise party was given Miss anied the Mounta'n city High school foot ball Marjorie Richard, daughter of Mr. and Monday night. Fourteen couples of young people were present and the evening proved a most delightful one to all, none of whom enjoyed it more than the young lady in whose honor it was given. Miss Richard was the recipient of quite a large number of useful and valuable presents, mementoes of an occasion in her life she will not soon forget.

> CHANGE IN TIME OF SPECIAL TRAIN. -Oa account of "Pennsylvania Day" at State College today the special train will leave the Pennsylvania station, at 8:50 a. m.
