A DRAMATIC THEATRICAL CLIMAX. -Tuesday evening Patrick E. Carrigan's 'great company of artists" presented "Saved from the Slums" to a partly filled house at Garman's. Wednesday Miss Mabel Charles, the leading lady gave notice that she was going to quit and demanded her pay for playing Monday and Tuesday nights, on the basis of \$25 per week. She gave as her reason that the show was on the bum and would go stranded in a few days. Manager Carrigan refused to pay her and also held her costumes and trunk, claiming that her agreement called for a two weeks notice in case she desired to

leave the company. Miss Charles then went to the office o justice of the peace W. H. Musser and force of clerks in Joseph Bros. store last asked that he get her trunks for her by process of law. Mr. Musser issued a writ of trover and conversion and sent constable Charles Eckenroth to recover the trunks which he did and took them to the squire's office, where Miss Charles was in waiting. Quite naturally Mr. Carrigan also went to Mr. Musser's office and meeting Miss Charles there the two began to vent their standing Mr. Musser's attempts to keep peace. Stahl, has heaped more trouble on his shoulders by stealing chickens from Mrs. Charles McClenahan.

The pilfering of Mrs. McClenahan's ben roosts occurred on the night of November 15th. Mr. McClenahan is a keeper for the Spruce Run Park association on the Allegheny mountains and of course was away from home at the time. The McClenahan fowls were not looked up, some of them roosting in the hen house and some on a nearby tree. On the night in question Mrs. McClenahan heard a big commotion among her chickens and on looking out of the window she could plainly see a man very deliberately stealing the chickens from their roosting places. She was alone at the "Deutoh Market" which the Ladies Aid time and quite naturally was too much society of the Methodist church will hold frightened to make any outcry or attempt in the vacant rooms in the Garman resi- to drive the man away. No from the From home, and the latter evidently thought be would have an easy thing making a transfer of the chickens, knowing that Mr. McClenaban was away from home.

When From appeared in court here on Monday, therefore, it was with two charges of theft hanging over him. When the case against him for stealing corn from James Stahl was presented to the grand jury for consideration he waived a hearing and plead guilty, probably in the hope that by so doing the court would be lenient in pronounc-

ing sentence. On Wednesday the case against him for stealing the chickens was taken up. The grand jury returned a true bill and From entered a plea of "not guilty." He was put on trial and Mrs. McClenahan testified that he was the man she saw stealing her chickens. From produced several witnesses who testified that the night in question he was at a farm house south of Old Fort. The jury, however, returned a ver-

KILLED IN LOUISIANA WHILE HUNT-ING. -Edward Tibbens Johnson, formerly of Beech Creek and well known throughout lower Bald Eagle valley, but who of late has been one of the men in charge of fellow hunter, last Friday, and died a few minutes later. Johnson, who was about thirty two years of age, bad been in the south about three years. One of the warmest friends he had in that section was Dr. Banghart. Last Friday the two men went out gunning for birds and as Johnson was the better shot of the two he told the doctor to take first shot at any birds raised and if he missed them he would try his luck. They had not been long out when their dog raised two birds at once. Doctor Baughart threw up his gun and just as he did so Johnson stepped in range to get a shot at the second bird and received the full load of shot in his side.

With an incoherent exclamation fell to the ground and expired in less than a half hour. The unfortunate young man was a son of Mr. and Mrs. William Johnson, of Dents Run, who survive him with two brothers, two sisters and a young wife to whom he was married less than a year ago.
