Killed by Anarchist as He Admin- DOG SPOILED ATTEMPT TO DIE istered the Sacrament,

Denver, Colo., Feb. 24 .- Father Lec Heinrichs was shot and killed by Giu seppe Guarnaccto, an avowed anar chist and priest hater, while the priest was administering sacrament at early mass in St. Elizabeth's Roman Catholic church. Kneeling at the altar rail be tween two women, Guarnaccto pressed the muzzle of a revolver against the body of the priest, after receiving from him the consecrated wafer, and shot the priest through the heart. Exclaiming "My God, My God" Father Leo fell prone in front of the altar and died.

With an inarticulate scream, the as sassin sprang into the aisle and, waiving the smoking pistol about his head, dashed to the church door. For a moment, the hundred or more persons in the church were dazed. Then a woman shrieked and the congregation became panic stricken. Several women fainted and many others became hysterical. Several men, including Patrolman Daniel Cronin, started in pursuit of the murderer. Policeman Cronin overtook the fleeing Italian on the church steps. Guarnaccto attempted to shoot the policeman, but was foiled and overpowered after a desperate struggle, in which several men assisted the officer.

The murderer was hurriedly removed to the city jail. As threats of summary vengeance were made by men who quickly gathered in front of the church. Chief of Police Michael De laney called out the reserve force of patrolmen.

Guarnaccto was put in solitary con finement. He admitted to a policeman that the priest whom he had killed was a stranger to him and, in explanation of his crime, said:

"I just went over there because] have a grudge against all priests in general. They are all against the working man. I went to the communion rail because I could get a better shot. I did not give a damn whether he was a German priest or any other kind of a priest. They are all in the same class.

"I left Italy three months ago and went first to Central America and then came to Denver. I am an anarchist and I am proud of it. I shot him, and my only regret is that I couldn't shoot the whole bunch of priests in the church. I am a shoemaker, but have not worked since coming to Denver."

YOU CAN GET

in any quantity, and the delivery and price will be right.

For those who don't like prepared roofing, or where shingles are more desirable-for certain styles of architecture, or repairing old roofs, there is only this kind of shingles.

If the conditions that surrounded our grand-parents, those of endless tracts of Pine and Chestnut and other timber, coupled with impossible transportation, were here to-day, we might justify using some other wood than Red Cedar. But things are so different now, that you can get Cedar a little better than any other kind. This comes from the Lumber Man knowing what is good and what is not, and getting a stock accordingly.

Red Cedar is so far ahead of other possible woods to us here, that there is no comparison. No impartial investigator would use any other. They do not curl, split or rot. They hold the nails and have long life.

The B. L. C. make it a specialty of seeing that every bundle is of the very highest grade. They must be well seasoned and perfeot in every way. No imperfect shingles can pass this examination. When the shingles are sent from here, you can be confident that your roof will not leak if they are properly laid When the time comes to bay-will you give us your order?

The only regrettable feature of the entertainments arranged in honor of the visitors is the fact that the commander himself, Rear Admiral Evans will not be able to attend. It was stat ed that Admiral Evans, who has been suffering almost from the beginning of the voyage from rheumatism, was slightly better, but as yet he does not feel that he should risk the danger of coming ashore. Rear Admiral Charles M. Thomas, commander of the second squadron, will represent him at the official ceremonies attendant upon the visit, but Rear Admiral Evans is still the commander of the fleet.
