ADDITIONAL LOCALS.

FATHER AND TWO CHILDREN HAVE NARROW ESCAPE.-William Walker, son and daughter, of Harris township, had a miraculous escape from death in a railroad accident last Friday evening. They had attended a public sale and were on their Bellefonte, and Elmer C., of Spring townway home, the boy doing the driving. They had to cross the railroad at Gregg station and were aware that it was about time for the train. It is stated that the girl said after the accident that she told her brother to wait until the train passed but he would not do so, saving they had plenty of time to get across before the train came along.

The train, by the way, was twenty minutes late and running fast to make up lost time. Engineer Theodore Cherry was at the throttle and he avers that he not only blew the whistle for the crossing but when he saw the borse and buggy on the track blew the danger whistle and threw on the brakes. The train could not be stopped in time, however, and the locomotive struck the rear end of the buggy with such force as to tear it loose from the horse and hurl it a distance of thirty feet, smashing it into fragments. The occupants were hurled out and it was at first thought all were killed outright.

As soon as the train could be stopped it was backed to the place of the accident and R. M. Foster and Dr. Robinson, of State College, and E. T. Gregory, of Bellefonte, jumped off and with the trainmen looked after the injured. Mr. Walker was the most seriously burt, it since developing that his spine is injured and he is also hurt internally, though this week he is some better and his recovery is expected. The girl was cut and bruised and the boy had two teeth knocked out but neither was seriously hurt. They were all taken home by neighbors.

MOTION PICTURES. - Residents of Bellefonte, both young and old, who have never had the time or opportunity to visit New York city can become somewhat acquainted with the great metropolis by means of the illustrated lecture route in the court house next Tuesday evening, April 14th, when Harvey M. Shelley will present his "Wonderful New York" for the benefit of the United Evangelical church. The lecture itself is simply a most interesting and entertaining description of the one hundred and twenty-five separate colored views shown, which includes many of the most conspicuous places and buildings in New York, and two thousand feet of film of moving pictures illustrating various phases of life in that big city. It will be an entertainment of unusual merit and interest and as the object is such a worthy one it should draw a large audience. Don't forget the time, next Tuesday evening.

ATHLETIC FIELD ASSURED .- There is now every assurance that the old glass works meadow will be fixed up this spring into a suitable athletic field for the Bellefonte Academy and other sporting events. Failing to get the voting contest properly started a self-constituted committee tool the matter in hand and have already succeeded to that extent that they have already raised by private subscription a sufficient fund to build a high board fence around the ground. The grounds will also be leveled and put in good condition so far the erection of a grandstand and bleachers sired.

Of course the Academy management mean to keep right ahead until they have accomplished their purpose in having the grounds fully completed, and as it will take more money to do so they still solicit private subscriptions for this purpose. If you have not already done so don't be backward in giving what you can. Contribu-Hard P. Harris, Edward L. Hoy or George R. Meek will reach the proper fund and be gratefully received.
