## Wild Animals Reach Port After Long Run.

The most extensive consignment of wild animals, reptiles and birds ever landed in the United States reached port at Philadelphia during the month of April on the German steamer *Braunfels*, but because of the many deaths on the long voyage from the Orient the loss to the importers will probably exceed \$40,000. The deaths included 200 monkeys, several lions, tigers and leopards, a tapir and about 300 birds. One fine orangutan died as the *Braunfels* came up Delaware bay on Saturday and several sacred cows had to be killed to supply the animals with fresh meat.

Several birds flew ashore as soon as land was sighted, and on the long run from Calcutta the lives of the Mohammedan crew were made miserable by the constant fighting of the animals and the horrible noises made at all hours of the day and night. The boa constrictor devoured many rabbits on the passage and was still hungry when the steamer tied up at pier 41, South St. wharves.

Captain Wehlmann had trouble with his crew several times, as they were overcome by fright, but was relieved when able to assure them that ample protection will be given by the police. Then the Mohammedans began chanting their prayers. The steamer left Calcutta in February and came via the Suez canal, a distance of over 10,000 miles.

It is insisted which causes a tiny girl to hold up her skirts when going across a muddy crossing.

The proudest moment in parents' lives is when their first kid is big enough to be sent on an errand.

## Pennsylvania Railroad Announcement.

### PENNSYLVANIA RAILROAD

#### BULLETIN.

#### THE FORTY BEACHES OF NEW JERSEY.

The one hundred and twenty-five odd miles along the New Jersey coast line from Long Branch to Cape May presents the greatest pleasuring section in the United States.

Upon the bluffs of the norther end and the gently shelving sand of the southern end are located forty resorts which entertain during the spring and summer season millions of pleasure seekers.

At no time in the year in this section more delightful than during the spring and early summer months. One who has not seen them at this season would marvel at their delights. The great pine belt, which extends through the center of New Jersey, fills the air with life-giving ozone, which combined with the salty tang of the sea and the open air exercise possible at all times, is exhilarating and tonic to the highest degree.

Long Branch, with its beautiful cottage-neighbors, West End, Hollywood, and Elberon; Deal and Allenhurst, largely devoted to cottage life; Asbury Park and Ocean Grove, attracting thousands yearly; Avon, Belmar, Gomo, Spring Lake, and Sea Girt, are a galaxy of attractive places upon the bluffs where "the country meets the sea."

Then the Barnegat Bay section, where Point Pleasant, Sea Side Park, Island Heights, Barnegat City, and Beach Haven, with other smaller places nearby, welcome the summer sojourner.

Atlantic City, with its seven miles of beach and drives, and its charming suburbs, leads the island resorts, separated from the main land by the great salt marshes.

Ocean City, Sea Isle City, Avalon, and Stone Harbor; Anglesea, Wildwood, Holly Beach, and Wildwood Crest also have a large summer population.

And Cape May, with its new million dollar hotel and its wonderful improvements makes a fitting climax and holds a high place among the forty beaches.

The Pennsylvania Railroad is the direct route to all of these resorts from all sections of the country. Its splendid train service makes each of them neighbor to all the rest and to the world at large.

## Cause for Appendicitis.

Writing in *Unsehau*, Dr. Mahler discusses the latest theories of appendicitis. The motives for the inflammation of the appendix are more and more attracting the attention of physicians as well as of laymen. Scarcely known 12 years ago, it is now one of the most frequent and most dreaded diseases. The treatment of appendicitis was formerly part of the inner medicine, but belongs now to surgery.

Professor Kremmer, of Hamburg, who has performed countless operations for appendicitis, has come to the following conclusion concerning the disease: The theory particularly advocated by French physicians, that the use of enameled cooking pans, particles of which entered the appendix, caused the inflammation can no longer be held. This idea must be abandoned, as such particles were never found in the Paris operated upon. There is no doubt a hereditary cause, as members of the same family often times are affected one after the other.

The enjoyment of too much meat appears to be one reason. The frequent occurrence of this disease in England, America and in the city of Hamburg, where meat is used more than elsewhere, and the fact that well-to-do people are most exposed, speaks for this theory. The connection with contagious diseases is also startling. The relation between grippe and appendicitis is proved by French physicians. In pointing out that the disease has occurred most frequently after epidemics of grippe and proving the existence of grippe germs in the abscesses from the appendix, this connection can no longer be questioned.

It seems singular that any woman should continue to eat on moments with diseases like that from which Mrs. Mary A. Sasser was cured by the use of Dr. Pierce's Favorite Prescription. From High, Lamar Co., Texas, she writes: "For three years I suffered with falling of the womb and ulceration. After using three bottles of your 'Favorite Prescription' and 'Golden Medical Discovery' and 'Pleasant Pellets,' I have found an entire cure. I am able to do my work with ease."

"Favorite Prescription" cures when all else has failed. Prove it.

One of the popular small fixings is the silk tie and belt to match for use with morning jackets.

## If Hearing is Granted, Slayer of Stanford White Will Appear Before Supreme Court, Where His Sanity Will Be Determined.

Poughkeepsie, N. Y., April 21.—The first step in proceedings looking to the release of Harry K. Thaw from the state asylum has been taken. James G. Graham, of Newburg, formerly secretary to Governor Odell, appeared as Thaw's counsel before Justice Morschauer, of the New York state supreme court at White Plains, and applied for an order directing the superintendent of the asylum to permit Thaw to sign an application for a writ of habeas corpus. The order was promptly granted, and it will probably be served upon the acting superintendent of the asylum at once.

According to the usual procedure in such cases, Thaw will sign the application for a writ of habeas corpus which will then be submitted to a justice of the supreme court, probably Justice Morschauer. Such writs are always granted, and the date when the writ is returnable is fixed to suit the convenience of all parties concerned. Then Thaw will appear before a justice of the supreme court for a hearing to determine whether he should be released from the asylum as sane. Probably this hearing will be held before Justice Morschauer at Poughkeepsie.

This method of obtaining the release of a prisoner at the state asylum is the one usually taken when the state lunacy commission is unwilling to declare that the prisoner is sane. Whether an expression from the commission has been had could not be learned here.

## Jerome Will Oppose Release.

New York, April 21.—When told that an effort was being made to have Harry K. Thaw released from the Matteawan asylum for the insane, District Attorney Jerome said that he and Assistant District Attorney Frank Garvan would go before Justice Morschauer at White Plains if the latter granted the habeas corpus to James G. Graham, of Newburg, of Thaw's counsel. District Attorney Jerome is opposed to Thaw's being released from the asylum.

## GOULDS TO PATCH IT UP

Mother-in-Law of Frank Declares There Will Be No Divorce.

New York, April 21.—Mrs. Edward Kelly, mother of Mrs. Frank J. Gould, made the positive statement that a reconciliation will soon be effected between her daughter and Mr. Gould.

Mr. Gould is in Hot Springs, Va.; Mrs. Gould is in Lakewood. The suit for separation instituted by Mrs. Gould will be discontinued by the end of the week and the couple will be together again.

"I may say positively that there will be a reconciliation," said Mrs. Kelly. "Mr. Gould is not averse to this nor is my daughter. Both are young and impetuous, but both are very much in love, and it is certain that they will be happily reunited. There will be no divorce."

## Booze at Asbury Park Barred.

Trenton, N. J., April 17.—The supreme court in an opinion by Justice Reed set aside the liquor license granted the Continental hotel of Asbury Park by the Asbury Park authorities, and in doing so held to be constitutional the law of 1896 prohibiting the granting of licenses within one mile of any camp meeting ground. The hotel in question is within one mile of Ocean Grove, the famous Methodist camp meeting place.

## Two Bitten 'By Mad Dog.

Millville, N. J., April 21.—A mad dog terrorized the employes of Wheaton's glass factory, Miss Harriet Bartley, who had just begun work, was bitten on the leg, and William Keen was also bitten. Both sufferers were taken to the Emergency hospital, and had their wounds cauterized. The animal was unquestionably mad, and was later on shot and killed.

## Bryan Wouldn't Drink a Cocktail.

Albany, N. Y., April 20.—William Jennings Bryan spent two hours in this city and spoke at Glens Falls later. He was the guest of State Comptroller Martin H. Glynn at luncheon, during which he was asked to drink a cocktail, but refused, stating that he knew of one presidential nomination seeker who was put out of the running through a cocktail.
