

Bellefonte, Pa., May 22, 1908.

TO CORRESPONDENTS.—No communications published unless accompanied by the real name of the writer.

THINGS ABOUT TOWN AND COUNTY

Quite a number of Bellefonters visited the gypsy camp, near the old nail works, on Sunday.

The High school commencement will be the one interesting happening in Bellefonte next week.

Phil Ray, the little son of Mr. and Mrs. Horton S. Ray, has about recovered from a light attack of diphtheria.

Misses Annie and Nora Gray entertained the Halfmoon valley social at their home near Stormstown yesterday.

Toner A. Hugg would like to have a good experienced drummer to fill up the Fifth Regiment bugle and drum corps.

House cleaning time is now practically a thing of the past—for which every man in the country is devoutly thankful.

Edward Hoy is confined to his home at the Bush house with a bad attack of pleurisy, and is threatened with pneumonia.

On Monday Col. and Mrs. Fred Reynolds took their son Philip to Philadelphia, where he was taken to a hospital for a slight operation.

Walter Armstrong has been selected as the new caterer at the Elk rooms in this place, and will undoubtedly make a good one.

W. D. Crosby Esq., of Philipsburg, suffered a slight stroke of paralysis last Saturday but his condition is such as not to be considered serious.

The ladies of the Lutheran church held a very successful festival at the home of Mr. and Mrs. W. H. Musser, on east Lamb street, last Thursday evening.

Rain put a stop to the Bellefonte Academy—Juniata College ball game at Huntington last Saturday at the end of the first inning, neither team having scored.

Mr. and Mrs. Charles Lukenbach returned from their wedding trip on Monday evening and were driven to the Garman home on Linn street where they were given a serenade by the Cotleville band.

The members of Bellefonte Castle, No. 357, Knights of the Golden Eagle, attended divine services at the United Brethren church on Sunday and listened to an eloquent sermon as preached by Rev. Barshinger.

Mrs. Josephine Peck, a woman favorably known by a number of Bellefonters, died at the home of Col. James B. Coryell, at Germantown, last Saturday. The remains were buried in Williamsport on Tuesday.

The curb market in Bellefonte will open tomorrow (Saturday) morning; and through the summer season will be open every Tuesday and Saturday mornings. Truck farmers throughout the county will please take notice.

What is known as the back farm belonging to the Hunter estate in Buffalo Run valley, was not sold at public sale on Tuesday, as the highest bid offered was only \$28.50 per acre. The heirs refusing to accept this the sale was continued.

Postmaster John G. McCamant, of Tyrone, entertained about two dozen of his friends at the Country club over Sunday at what has become well known as their annual apple blossom party. Of course it is not necessary to say how much they all enjoyed themselves.

The attraction at the theater to-night will consist of fine French films while Miss Hendrickson will sing. Tomorrow night Henry Brown will sing and Christy Smith's orchestra of five pieces will render some of the very latest music. Shakespeare's "Othello" will be the attraction at an early date.

The Bellefonte Furnace company are now hard at work rebuilding their ore washer and houses at Scotia destroyed by fire last fall. Work on the same is being pushed as fast as possible so that it can be completed and the ore mines put in operation at an early date; a fact which the people of that place will appreciate to the utmost.

Some one who has a little ready cash and a lot of hustle can make some money this summer by taking advantage of the offer to sell a merry-go-round made in the advertising columns of this paper. We know whereof we write for it is within our knowledge that this very machine has frequently cleaned up \$500 in a three days' engagement.

While playing around the lawn last Saturday George Klump, the little son of Dr. and Mrs. George Klump, formerly of this place but now of Williamsport, fell on a picket fence and tore a gash in his hip which required twenty-one stitches to close. The injury is an extremely painful one but at last accounts the little fellow was getting along all right, with no symptoms of any dangerous complications setting in.

The continued rain has resulted in the flooding of the ore mines of the Curtin Iron company with water to a depth of ten feet or more, so that all work there has of necessity been suspended. This condition of affairs is causing the managers of the company some concern, as their stock on hand will not run them over three weeks or a month and if the wet weather continues much longer they will not be able to work their ore mines for some time to come.

OH, SUCH WEATHER!—Jupiter Pluvius has undoubtedly been working over time the past week and unless he has invested in an automatic rain making machine we are afraid he will exhaust his supply and not have enough on hand to keep away the drought during summer. And just as if Jupiter was not able to hoe his own row Old Boreas stepped to the front for a few minutes last Saturday and gave us a good sized hail storm into the bargain. In fact, so continuous and hard has been the rain the past week that it was not safe for a man to go to his next door neighbors without an umbrella or a rain coat.

Bellefonte was lucky last Friday and Saturday, for while we had an abundance of rain the hail that fell here did little damage. But through the lower part of Bald Eagle valley the storm was quite severe while out at Snow Shoe hail fell in such an abundance as to cover the ground and do considerable damage. In fact, a resident of that town said that the hail was so deep it had to be shoveled off the pavements like snow in winter time, but this was likely an exaggeration.

Every day this week it has rained but it was on Tuesday afternoon when the down-pour reached its maximum, and all that evening and Tuesday night it poured down in torrents. While in Bellefonte the water was not as high as it was two months ago, yet in other parts of the county it was higher. Penns creek, at Spring Mills was the highest it has been in years. In fact it was so high that at one o'clock Tuesday night the water surrounded the houses of several families at the lower end of that town and the inmates were rescued and taken in by neighbors living on higher ground. The water surrounded the Spring Mills hotel and the stock had to be removed from the stable and the pigs carried out of their pens to keep from drowning. The foot bridge from the station to the postoffice was carried away and at one time it was feared that the iron bridge would go out but fortunately it did not. The water was so high, however, that it covered the tracks of the Lewisburg and Tyrone railroad quite a distance between Spring Mills and Coburn, but not deep enough to interfere with railroad traffic.

Down Nittany valley the water was so high that early Wednesday morning between two and three hundred feet of the Central Railroad of Pennsylvania was washed out between Hecla park and Dunkles. On down the valley the water was also very high but no further damage is reported. The Bald Eagle was also high enough to overflow its banks in a number of places, but no special damage was done.

The continued rain and wet weather is hard on the farmers, who are waiting and praying for favorable weather in which to get their corn in the ground.

HIGH SCHOOL COMMENCEMENT.—The annual commencement of the Bellefonte High school will be held next week, beginning with the baccalaureate sermon in the Presbyterian church on Sunday evening by Rev. J. Allison Platts. The Junior declamatory contest will take place in Petriken hall on Monday evening at 8.15 o'clock. Tuesday evening the alumni association will give the customary annual reception to the graduating class, in the armory, beginning at 8.30 o'clock. The commencement exercises proper will be held in Petriken hall on Thursday, the class orations in the afternoon at 2.30 o'clock, and the commencement address by Dr. Judson P. Welsh, and the presentation of diplomas in the evening at 8.15 o'clock.

The graduating class this year numbers sixteen, as follows: Abbie M. Cook, Grace H. Crawford, Frank B. Crissman, Harold B. Gardner, C. Nevin Hoy, Wilbur H. Kreamer, Ogden B. Malin, Mary M. McMurtrie, Bessie A. Miles, J. Walter Rishel, Edward H. Shields, Rachael E. Shuey, William L. Straub, Ivan V. Walker, Arthur T. Ward and Katharine F. Willard. First honor has been awarded to Ivan V. Walker and second honor to Rachael E. Shuey.

DR. EVERMANN'S LECTURE.—The eighth and last lecture for the year in the free lecture course will be delivered in the auditorium at State College, at 8.15 o'clock on Monday evening, May 25th, by Dr. Barton Warren Evermann. The title of his lecture is "To the Tip-top of the Golden Trout." It will be popular in character, and will be illustrated by numerous lantern slides.

Dr. Evermann has been connected with the United States Bureau of Fisheries for the past twenty years. With President David Starr Jordan he has written an exhaustive treatise in four volumes on "The Fishes of North and Middle America." He is the author of a dozen other books on natural history subjects and on the distribution, cultivation, and protection of fish and game in the United States. During the past few years he has delivered courses of lectures at Leland Stanford, Cornell and Yale.

EPWORTH LEAGUE ANNIVERSARY.—On Sunday the Bellefonte chapter, Epworth League, celebrated the nineteenth anniversary of that organization with fitting services, which began with a watch meeting at six o'clock in the morning. At the usual morning hour Rev. Stein preached a very able sermon in which he idealized the work of the League in connection with the church. The regular anniversary services were held in the evening when the program of music and addresses was quite lengthy.

A local weather prophet says we are to have only seven more days of rain this month—a very consoling prognosis.

The Beech Creek Coal and Coke company have resumed operations at all their mines at Peale and Grass Flat on the basis of forty-five hours work a week.

The wedding of Miss Myra Freeman, daughter of Mr. and Mrs. R. B. Freeman, of Tyrone, and Hugh N. Crider, of this place, will take place at the home of the bride's parents on Thursday, June 25th, at 12.30 o'clock.

Dr. Thos. C. Van Tries has been invited by their Christian Endeavor society to deliver his recital in the Westfield, or Mt. Jackson, Presbyterian church, situated six miles west of New Castle, Lawrence county, on Friday evening, May 29th.

The wedding of Miss Frances May Barnhart, daughter of Mr. and Mrs. Thomas Barnhart, of this place, and Charles Thomas, of Meyersdale, will take place in the Methodist church, Bellefonte, on Wednesday, June 3rd, at 6.30 o'clock in the evening.

John Porter Lyon and George A. Beizer went to Williamsport on Monday on the 1.23 train and the same afternoon brought the latter's four cylinder Buick runabout to Bellefonte, arriving here about nine o'clock in the evening. The machine is one of the best of the kind ever brought to Bellefonte.

The thirty-ninth annual convention of the Centre county Sabbath school association was held in the Methodist church at State College on Tuesday and Wednesday of this week. Owing to the very inclement weather the attendance was not as large as it otherwise might have been but the sessions were quite interesting despite this fact.

HAZEL-SCHAFFER REUNION.—The sixth annual reunion of the Hazel-Schaffer families will this year be held at Grange park, Centre Hall, on Thursday, June 11th. The speakers will be Judge Ellis L. Orris, Col. J. L. Spangler, Hon. Fred Kurtz, and Rev. Beaver, of Centre Hall. All members of these prominent families are urged to make arrangements so they can attend.

It has been a number of years since the general conditions for a bumper wheat, hay and fruit crop were as favorable as they are this year. All over Centre county the set of grain and grass is unusually heavy and even, while the weather has been exceptionally propitious for its growth. All kinds of fruit trees are laden with young fruit and it is hardly likely there will be any frost or freezing weather to injure the crop, so that every promise is for a bountiful harvest.

A NEW INDUSTRY.—H. S. Moore, of this place, has completed arrangements for the starting of a structural steel plant in the old chain works buildings between Bellefonte and Milesburg. While the plant will be started on a small scale it will be equipped to turn out all kinds of steel structural work for buildings, bridge trestles, etc. It is to be hoped the promoter may be successful far beyond his expectations and that his new industry may grow rapidly into one of large proportions. Men are already at work putting the buildings in shape for the installation of the necessary machinery.

Three weddings in which Bellefonters will be interested are those of Miss Caroline Atwood Orris to Wilford Cameron Stoddard, which will take place at the home of Judge and Mrs. Ellis L. Orris at six o'clock on Thursday, June 4th. The next is that of Miss Helen Bentley and John Hays Babb, of Williamsport, both well known in Bellefonte, which will take place on Saturday, June 6th, at eight o'clock in the evening, in the Presbyterian church, Williamsport. And the last of the three will be that of Miss Mabel Thompson, of Centre Furnace, to Rev. Jay R. Woodcock, which will take place at the home of the bride's parents, on Thursday, June 11th.

Monday evening funeral director F. E. Naginay was having a nice time taking a spin in his automobile and had just returned to the garage when he was called on the telephone and told he was wanted at once at the Elk rooms. Of course he responded very promptly and when he arrived there was escorted out on the large veranda where he was presented with a handsome jeweled badge, as a mark of esteem to his office of post exalted ruler. W. Harrison Walker Esq., made the presentation speech and did it in a way to win the hearty applause of all present. Mr. Naginay was taken very much by surprise, but nevertheless managed to express his appreciation in a fitting manner, after which the house rules were suspended for his special benefit.

Col. John A. Daley, of Curtin township, was in Bellefonte on Monday, more or less interested in what was transpiring in court; that is when he has time to feel interested in anything outside of manifesting unfeigned pleasure in practically being cured of that cancer on the cheek which troubled him for the past year or two. The very fact that it is almost healed and that without leaving hardly any scar is enough to make him feel unusually grateful to the skill of Dr. Tibbens and son, of Beech Creek, notwithstanding the ethics of their profession which renders them extremely modest over any publicity being given the matter. In a case like this, however, ethics and modesty ought to be cast to the winds and if their treatment results in as thorough and complete a cure as Col. Daley represents, it would be a lasting blessing to suffering humanity to advertise it as widely as possible.

PRUNER ORPHANAGE COMMITTEE ORGANIZED.—On Tuesday Messrs. Frank M. Waring and E. C. Musser, of Tyrone, and Sigmund Joseph and Jared Harper, of Bellefonte, members of the Pruner orphanage committee, met in the council chamber in this place, with Dominic Judge, president of the Bellefonte council, and Mr. Hoffman, president of the Tyrone council, who are also members of the committee by virtue of their position. The board was organized by the election of the following officers: President, Sigmund Joseph; vice president, Jared Harper; secretary, E. C. Musser, and treasurer, Frank M. Waring. Following the meeting the committee inspected the Pruner property on Pine street.

The statement read by Mr. Waring, at the meeting, who has been the financial agent of the properties, shows that the amount of cash on hand May 7th, 1908, is \$3985.97. This represents the net earnings of the properties since the death of Col. Pruner which occurred May 14th '04. In other words the average net income has not been \$1000 per year. This condition is rather in conflict with the statements made from time to time that the net annual income would run from \$1800 to \$2100. Of course during the past year there have been "extraordinary" expenditures of \$1003.20 but in every statement up to this time there have been "extraordinary" expenditures and if "extraordinary" expenditures are to be made every year why not call them ordinary and figure the net results as they appear and not as we hope to have them. About the only sure saving that could be made would be the item of \$672.49 taxes paid in the borough of Tyrone. If that town were to exonerate the properties from taxation the net annual income would probably reach \$1600 to \$2000. Tyrone would probably do this if Bellefonte were to lay an additional tax of a like amount for the benefit of the institution. It would be unfair to ask Tyrone to do it unless Bellefonte stands ready to be as generous, especially since practically all of the trade benefit of such an institution must come to us.

President Judge of the Bellefonte council was particularly wise in naming Messrs. Sigmund Joseph and Jared Harper as members of the commission because both are practical, prudent business men who can be relied upon to do the very best they can under the circumstances and work to a careful and honest conclusion as to whether the plan laid down in the will of Col. Pruner is really feasible and whether there are enough funds available to carry them out.

PERSONALITY IN MOVING PICTURES.—Personality is the potent force that always characterizes Lyman H. Howe's moving pictures and has made it the premier exhibition of its kind at home or abroad. Foresight and ability to grasp opportunities, mean much. But it is only when these qualities are combined with a vital personality that the best is attained in moving pictures as in everything else. His new program to be seen at Garman's Monday night, May 25th, is of the greatest variety imaginable. It combines amusement, humor, and history in a way that only a specialist with only his wide and sure knowledge gained by experience can vouchsafe the public. The scenes of Life in quaint Holland; among the Zulus, and in the French navy, broaden the mental vision unconsciously. Then, too, the program includes superb portraits of familiar wild animals and others of wild birds not so familiar but which will linger long with every spectator. Hunting the polar bear, quarrying stones in France, riding 80 miles an hour in an automobile, and numerous other features interspersed with pictures of a lighter vein compose a program of unequalled merit and charm.

DEAD MAN FOUND IN PHILIPSBURG.—A big excitement was created in Philipsburg on Monday afternoon when the fact was circulated that a dead man had been found in Moshannon creek, near the Presque Isle street bridge. The body was discovered by John Redding and another boy named Gennig, who immediately notified the authorities and an investigation was made which resulted in the identification of the dead body as that of Edward Shoff, of Madera.

Shoff was in Philipsburg on the evening of May first and attended a hearing before Justice of the peace R. J. LaPorte. So far as known that was the last seen of him until his dead and badly decomposed body was found on Monday. So far as could be seen there were no marks of violence on his person to indicate that he had been murdered, so that it is not known whether he fell into the creek and drowned, jumped with suicidal intent or just how he died. He wore glasses at the hearing on May first and these were still in place when the body was found. The man was forty years old and unmarried.

The members of Gregg Post, No. 95, will attend St. John's Episcopal church in a body on Sunday to hear the annual memorial sermon to be preached by Rev. John Hewitt. An interesting feature in connection therewith is the fact that twenty-seven years ago, when the Post was then in its younger days, they attended the same church and it was Rev. Hewitt who preached to them. And on that occasion he was elected an honorary member of the patriotic organization, an allegiance he has held ever true and sacred.

MORRISON.—Mrs. F. F. Morrison, a daughter of John McGovern, of this place, died in New York city on Saturday. The remains were brought to Bellefonte and buried in the Catholic cemetery.

HAZLET—MOORE.—Bellefonters will be interested in the announcement that Miss Lida Irene Moore, formerly of Bellefonte, but of late living with her mother at 1630 Fairmount avenue, Philadelphia, was united in marriage on Monday evening, to David S. Hazlett, of the Hazlett Plastering and Cement company, of that city. The ceremony was performed by Rev. Patterson, of the John Wanamaker church.

THOMPSON—CARTER.—Two well known young colored people of the town in the persons of Fred M. Thompson and Miss Anna Carter, were united in marriage at the home of the bride's mother, Mrs. James Carter, last Thursday evening. Rev. C. P. Herrington, of the A. M. E. church, performed the ceremony which was witnessed by quite a number of friends of the young people.

WILLIAMS—GHANER.—Harrison M. Williams and Miss Dora P. Ghaner, both of Scotia, were united in marriage at the Methodist parsonage in Stormstown, last Saturday evening, by Rev. A. L. Franks, pastor.

News Purely Personal

Miss Rebecca Rhoads left on Saturday for a trip to Chambersburg.

Mrs. Sabra Garman is in Scranton visiting her brother, O. C. Campbell and family.

Grant Hoover, of Williamsport, was a business visitor in Bellefonte on Wednesday.

Frank Kirkland, a former clerk at the Bush house, is at present visiting Bellefonte friends.

William Rice, of this place, spent Sunday with his cousins, the Misses Garland, at Bald Eagle.

Mrs. Clough of Richmond and Miss Margery Knowles of New York are the guests of Mrs. Flora Dale.

Mrs. Charles Shaffner, of Philadelphia, is a guest of Mrs. Tamazine Lane, on Allegheny street.

John Thompson and two children, of Pittsburgh, have been visiting friends in Bellefonte the past week.

Mrs. John Gulsewhite and two little children will leave today for a visit with friends at Cherrytree.

Miss Sida Lambert, of Waterbury, Conn., arrived in Bellefonte last Saturday evening for a visit with friends.

Mr. J. W. Young, of Howard township, was a business visitor in Bellefonte on Tuesday and a caller at this office.

Mrs. Thomas King Morris with Thomas King Jr., of Philipsburg, are visitors at the home of Mr. and Mrs. P. Gray Meek.

Florence Tate, the young daughter of Mr. and Mrs. Alfred Tate, of Punxsutawney, is visiting friends in Bellefonte this week.

Mrs. Edward McGuinness with her little son of Punxsutawney, is visiting her parents, Mr. and Mrs. W. A. Lyon, on High street.

Mr. and Mrs. Claude Jones with their daughter Elizabeth and son Benjamin, of Tyrone, spent Sunday visiting friends in Bellefonte.

Mrs. Lawrence Fuser and Mrs. Harry Rine, of Kane, were in Bellefonte this week attending the funeral of Mrs. Emma Ebel, of Roopsburg.

Mr. and Mrs. Harvey Lingle, of Patton, attended the funeral of Bernard McClain on Monday and visited friends in this place several days this week.

Will Carson has been over from Penns Valley this week attending court and says he is still in love with his new home so that it looks like a permanent move for William.

Clarence Hamilton, of New York, has been spending some time with his parents in Bellefonte, while on business, in the interests of his firm in this section of the State.

Hon. John Noll, W. D. Zerby Esq., James Corl and David Kelly were a quartette of Bellefonters who attended the Democratic state convention in Harrisburg on Wednesday.

Jacob A. McClellan, of Pine Grove Mills, was in Bellefonte on business on Tuesday and dropped in to help the printer out to the extent of another year's subscription to the Watchman.

Among the well known Philipsburgers who were in Bellefonte attending court this week were attorney G. W. Zeigler and H. W. Todd Jr., both of whom were pleasant callers at the Watchman's office.

Edward A. Brown left on Wednesday for Minosia, L. I., where he goes to accept a position under John Munson, who has charge of a large contract there which will keep them busy all summer.

A Lukenbach is in York this week attending the annual sessions of the general Synod of the Reformed church in the United States; he being one of the lay delegates from the West Susquehanna Classis.

Mrs. Geo. W. Atherton, who has been spending the winter with her daughter Mrs. Buckhorn, in Massachusetts, passed through Bellefonte Thursday on her way to State College where she will make her home with her daughter, Miss Helen.

Victor Laird and Neil Ben, two of Tyrone's young gallants, were over Sunday visitors in Bellefonte; and there is no secret in the fact that the loadstone of their attraction here can be found in the persons of two of Bellefonte's attractive young ladies.

Rev. James B. Stein left on Monday for Baltimore to attend the general conference of the Methodist Episcopal church in the United States; consequently the pulpit in the M. E. church in this place will be filled on Sunday by Rev. W. A. Hoek, a former pastor.

John Todd, of Philipsburg, partially recovered from his recent illness, is in town this week acting as a grand juror and, between times, piloting his friends from over the mountain around among his friends who are many in Bellefonte. Wednesday evening he and Mr. Benner were pleasant callers at this office.

Having hibernated in Bellefonte all the winter William Burdise this week hied himself to Scotia to look over his old-time haunts and see how work on that new washer was progressing. Of course he is no doubt anxious for the time to come when work will be resumed up there and he can tackle his old job again.

W. A. Neese, of Gregg township, has been in town all week doing duty as a juror and while the weather has been most disagreeable it is very pleasing to him to think that if he has to serve his country as a juror the wet season makes the work the easier because he couldn't be doing any of the necessary farm work at home.

J. L. Tressler, of Linden Hall, was in town Wednesday night. He had no particular business but said that it was too wet to be doing anything at home so he just decided to have a little look at court. Besides, he has David Bohn as his right hand man on the farm this year and anyone who knows Dave knows that he is one of those kind of fellows who does just as much of the boss as he is away as when he is at home and Mr. Tressler feels that it is a great pleasure to have a man who can be relied on like that, to keep things moving in the right way.

BRIEF MEETING OF COUNCIL.—It did not take the eight members present at the regular meeting of borough council on Monday evening long to transact the business brought before them. The various committees had nothing of special importance to report.

A communication was received from the Tyrone council giving notice of the appointment of F. M. Waring and E. S. Musser as members of the Pruner orphanage committee.

Under the head of old business Mr. Musser moved the adoption of the new water ordinance presented at the last meeting. The ordinance was discussed at some length but was finally adopted by a vote of six to one.

A new and lengthy sanitary ordinance was submitted to council by the board of health, but consideration of the same was deferred until a future meeting.

Joseph Runkle, the plumber, made a complaint to council that superintendent Samuel Rine was devoting a part of his time to superintending the building of private sewers, and the matter was referred to the Water committee for investigation.

Superintendent Rine reported that the water assessment had been completed and the Water committee was authorized to have the moss and grass removed from the big spring.

The following bills were approved and orders drawn:

Table with 2 columns: Item and Amount. Total \$350.75

HARRY BROWN SLUGGED AND ROBBED.—On Tuesday night of last week John Carter, Harvey Jones and Harry Brown, all colored, got on a spree together and after drinking considerable liquor walked down Water street past the Central Railroad of Pennsylvania depot and down the railroad to the trestle leading to the Bellefonte furnace. There the two former men attacked the Brown, beat him into insensibility then went through his pockets and robbed him. Brown claimed he had fifty-six dollars in his pockets, all of which was missing. After robbing him the two men placed Brown on the railroad track evidently with the intention of leaving him there to be run over and killed by the shifting engine, but he regained consciousness before it came along and managed to make his way back to Bellefonte.

The next morning he swore out a warrant and had the two men arrested and at a hearing before Squire Keichline on Friday morning they were bound over for court. Their case was tried on Wednesday and the evidence against them was so overwhelming that they finally confessed and naturally were convicted.

MARRIAGE LICENSES.—The following marriage licenses were issued the past week by Register Earl C. Taten.

Leonard E. Watson, of Fleming, and Sarah M. Weaver, of Centre Hall.

Frederick M. Thompson and Rachel Anna Carter, both of Bellefonte.

Chas. M. Strange, of Morriadiale Mines, and Edie E. Whittier, of Philipsburg.

Milton Bradford and Blanche E. Meeker, both of Centre Hall.

Harrison M. William and Dora R. Ghaner, both of Scotia.

On account of the rain on Tuesday the game between State and Villa Nova had to be cancelled, because of the muddy condition of Beaver field. This was the fourth game State has lost on account of wet weather. Her next game will be with Bucknell at Lewisburg tomorrow.

Bellefonte Produce Markets

Table with 2 columns: Item and Price. Corrected weekly by Seehler & Co.

Bellefonte Grain Market

Table with 2 columns: Item and Price. Corrected weekly by C. Y. Waagen.

Philadelphia Markets

Table with 2 columns: Item and Price. The following are the quotations up to six o'clock, Thursday evening, when our paper goes press.

The Democratic Watchman

Published every Friday morning, in Bellefonte Pa., at \$1.00 per annum (if paid strictly in advance) \$1.50, when not paid in advance, and \$2.50 if not paid before the expiration of the year; and no paper will be discontinued until all arrearage is paid, except as the option of the publisher.

Table with 2 columns: Item and Price. A liberal discount is made to persons advertising by the quarter, half year, or year, as follows:

Table with 3 columns: Item, Rate, and Quantity. One inch (12 lines) this type \$5.00 per 1000.
