

admission and praise than the elegant vehicles displayed by J. C. Condo, proprietor of the Penn Hall carriage works. Mr. Condo's display this year is unusually large, and from what I heard said by visitors, handsomer and more stylish vehicles were never before brought into Centre county.

A day or two since I called into the office of W. M. Grove, conveyancer and surveyor of our town, and found him very busy making a draft of a property located in Clinton county, work which Mr. Grove is almost continually called upon to discharge in neighboring counties. After the drafting is completed and correct in every respect, he makes a copy of it on carbonized paper, it is then called a blue print. This he does of all lands and properties he surveys. He showed me several large copies which he printed recently. They were beautifully executed and looked more like engravings than the ordinary print. Mr. Grove is a skillful penman and in preparing drafts for printing uses the commercial style of penmanship, the letters being large and very plain. Mr. Grove is very accurate and is regarded as an expert in his business. Last year he did considerable surveying for the State and in one of the reports was referred to by name in a very complimentary manner for efficiency and the accuracy of his work.

Last week James Weaver, the Aaronsburg health officer, made an unexpected visit to the Woodlawn dairy of Mrs. C. C. Shook, of our town, and inspected every nook and corner to ascertain its sanitary condition. All the utensils for holding milk were thoroughly examined, milk pails and bottles particularly, also the stables and surroundings. Mr. Weaver found the sanitary regulations more than complied with. Everything connected with the business was in the best possible condition. All the utensils, bottles and tin ware were as clean and bright as the proverbial new pin. The stable was especially so, no accumulations anywhere, not even a cobweb is to be seen, and the cows look as if they were carried, washed and thoroughly brushed. Mrs. Shook and her manager, C. A. Henrick, evidently require no instructions from the sanitary commission. They know exactly what is necessary and required, and have always made cleanliness the cardinal principle of the establishment. Her dairy has a system, is a model, has a place for everything and everything in its place. The vote was the heaviest since 1888, running well up to 140,000. The gains were mainly by the Democrats, the party vote increasing more than 13,000 over that of 1904, while the Republican vote fell off about 2500. The Republican plurality is the smallest recorded in a presidential year in twenty-five years.

For Governor, Charles E. Hughes, of New York (re-nominated).  
For lieutenant governor, Horace White, of Onondaga.  
For secretary of State, Samuel S. Koenig, of New York.

For attorney general, Edward R. O'Malley, of Erie.  
For comptroller, Charles H. Gans, of Albany.

For State engineer and surveyor, Frank M. Williams, of Madison.  
For State treasurer, Thomas B. Donn, of Monroe.

For associate justice of the court of appeals, Albert Haight, of Erie, (re-nominated).

Charles Evans Hughes, of New York, was nominated today by the Republican State convention by an overwhelming majority and on the first ballot, to succeed himself as governor of the State of New York. He received 827 votes out of a possible 1,000, as against 151 for James W. Wadsworth, Jr., of Livingston county, speaker of the State assembly, and thirty-one for former Congressman John K. Stewart, of Montgomery.

#### The Result in Maine.

Portland, Me., Sept. 15.—The Republicans carried Maine by about 7100 plurality, as against 26,181 in the last presidential year, and 8064 in 1906. Returns from 463 out of 519 cities, towns and plantations in the state, gave for governor:

Bert M. Fernald, Republican, 72,117, and Obadiah Gardner, Democrat, 64,993. In 1904 the same places gave 75,334 for Governor Cobb, Republican, and 49,416 for Davis, Democrat. The Republicans carried all four congressional districts by about the usual pluralities, Amos L. Allen being re-elected in the First and C. C. Burleigh in the Third, while John P. Swasey was chosen to succeed Charles L. Littlefield in the Second and Frank G. Guernsey the late Llewellyn Powers in the Fourth district. The legislature will be safely Republican in both branches.

The vote was the heaviest since 1888, running well up to 140,000. The gains were mainly by the Democrats, the party vote increasing more than 13,000 over that of 1904, while the Republican vote fell off about 2500. The Republican plurality is the smallest recorded in a presidential year in twenty-five years.

#### Democrats Sweep Arkansas.

Little Rock, Ark., Sept. 15.—Returns from the state election are meagre. It is known, however, that the entire Democratic state ticket, headed by George W. Donaghey for governor, has been elected by a majority which will probably reach 50,000.

#### Primary Election at Wilkes-Barre So Characterized by Court.

Wilkes-Barre, Pa., Sept. 15.—At the primary election held last April, Michael F. Healy, the Democratic candidate for the legislature in the Third district, was returned as receiving more Republican votes than Rev. R. E. Williams, the Republican candidate for the same office. The clergyman took an appeal, claiming gross fraud. Judge Fuller handed down an opinion sustaining the appeal, which makes Williams the Republican nominee. The judge characterized the election returns as brazen fraud and that "the judicial function must be exercised with strength."

#### Woman Attacked by Performing Bear

Fort Plain, N. Y., Sept. 15.—While giving a performance at a fair here with a troupe of six trained bears, Miss Beatrice Woods was attacked by the largest of the animals and painfully injured before the brute could be driven away from her. The bear bit her in the shoulder and clawed her face. The struggle of Miss Woods to escape and her cries for help caused the crowd to become panic-stricken, and it was with difficulty that the police prevented the spectators from stampeding. Several women fainted. The excitement also caused the other bears to act ugly, and this further frightened the crowd. It was some time before order could be restored. Miss Woods will recover.

#### Parson's Ashes, Kept 20 Years, Buried

Burlington, N. J., Sept. 15.—After resting for twenty years in the crematory that he founded in Brooklyn, the ashes of Chaplain John D. Beughlass, U. S. N., were removed to this city, and were buried at Odd Fellows' cemetery in the family burying lot. Rev. T. M. Eastwood, D. D., of the First Baptist church, being in charge of the services. Chaplain Beughlass for years was president of the Crematory Society of America. Dying while his ship was in port at Nagasaki, Japan, his request that his body be cremated was complied with, and his ashes, stored in a Japanese vase, were sent back to America.

#### Violinist Goes Insane.

Reading, Pa., Sept. 15.—Charles T. Nolan, member of a family prominent in Reading society and himself a violinist of wide repute, became violently insane at his home and was locked up at the police station for safekeeping. He is a nephew of James Nolan, who was the Democratic nominee for secretary of internal affairs in 1902. Nolan is thirty-five years old. He graduated from the Leipzig Conservatory of Music and several years ago conducted the well-known Nolan orchestra of sixty pieces.

#### Fears Loss of Wheat Crop.

Reading, Pa., Sept. 15.—The dry spell is causing much alarm throughout Berks county. If rain is not forthcoming soon the winter wheat, which has already been sown, will be a total loss. As for the second crop of hay, on which many farmers depend, there will be none. The fields are scorched and brown.

The Schuylkill river is very low in this vicinity, and it is possible to ford the stream at nearly any point. There is also fear of forest fires.

Typhoid fever is increasing at an alarming rate. A number of additional cases were reported last week.

Wilkes-Barre, Pa., Sept. 15.—Mrs. August Savokenas and her seven little children were found at her home in Luzerne actually starving to death. The United Charities of this city took charge of them and relief was furnished them.

The woman's husband was killed in the Pettibone mine in April last, leaving her penniless. Until a week ago she succeeded in getting along. She was taken ill, and according to her story, her own people and the church she belonged to, refused to do anything for her. Owing to the crowded condition of the various charitable homes in this city she will be allowed to remain in her home and will be provided for by charitable societies and the coal company for whom her husband had worked.

#### Charge Army Officers With Smuggling

Havana, Sept. 15.—The Union Espionage in an editorial on Saturday alleged that the United States army was smuggling into Cuba great quantities of meat and other goods, thus escaping the payment of duty, and selling the goods. Governor Magoon has ordered an investigation. He will institute proceedings against the Union Espionage if it fails to sustain its charges.

#### Drying Up For Want of Rain.

Wellsboro, Pa., Sept. 15.—Tioga county is drying up for want of rain. Wells and springs that never have failed before are going dry and the whole section is enveloped in a smoke from forest fires. Cattle are being driven great distances to water. The sun and moon look just alike through the smoky atmosphere, hanging like great pumpkins in the heavens. If the autumn equinox fails to bring rain, and plenty of it, this county will suffer as never before.

Bellefonte Lumber Company.

Do you think that we burn the price of this advertising without selling something?

Fact is, we sold stuff before we advertised, but we've sold a lot more since. Much of it went to the same old customers over and over again as they needed it.

It takes some time to get onto a dead one but it don't take forty years. We must have been doing about the right thing all the time.

Do you see where this hits you?

We would like specially to know if you are going to need any planing mill work, or finishing lumber of any kind whatever in any hard or soft wood this fall. It is our idea to provide for the unsupplied folks before the frost comes.
