Many Fires In Adirondacks.

Utica, N. Y., Oct. 20. - A dozen Utica firemen, one engine and one hose truck left for Lake Kushaqua, above Tupper lake, where Stoneywold sanitarium, the state tuberculosis institution, is threatened by forest fires.

Heavy winds in the central Adirondacks have picked up the fires which raged during the long drought and are driving them on as furiously as beand pour over cabbage, previously out very fore. Reports are coming in from sections which have hitherta been untions which have hitherto been unheard from. One fire is cutting a path four miles wide near Big Tupper lake. The mill of the International Paper company at Underwood is in the path of this fire. The company has 250 men combatting it. Piercefield, near Loon lake, is threatened by a fire which appeared on a mountain and came down from the heights toward the village.

Fires are reported from Dolgeville, and one is in the Pleasant lake district. Another fire is a mile from Oregon, a saw mill settlament in the Dolgeville neighborhood.

Hunters Start Fires.

Latrobe, Pa., Oct. 20 .- Forest fires are sweeping Chestnut Ridge, menacing New Derrick, Bradenville, Kingston and Laughlintown. Hunters are presumably responsible for the fires. From Ligonier to Somerset the peak

of the ridge is aflame. Large forces of men have been fighting the fires since Saturday and many have dropped of exhaustion. The towns of New Derry, Bradenville, Kingston and Laughlinstown are also menaced. Farmers declare these fires are all due to careless hunters.

Hills Swept By Fire. Columbia, Pa., Oct. 20 .- Serious forest fires are now burning in the York county hills skirting the Susquehanna river, opposite Columbia. Hundreds of acres have been burned over, and the flames are still spreading. Despite the efforts of a small army of men engaged in fighting the fires, much valuable young timber has been destroyed. The smoke hangs thickly over Columbia. Even Lancaster, fifteen miles away, is filled with smoke.

Fires Raging In Maryland. Baltimore, Oct. 20 .- Advices from the western part of the state say that forest fires are raging on South mountain, Washington county, at present covering an area three miles long by half a mile wide. Farmers are making a hard fight against the flames. From the Eastern Shore comes the report of fires in the woods near Easton, Talbot county, endangering that town.

Fires Raging Around Reading. Reading, Pa., Oct. 20 .- Fierce fires are raging on the mountains east and north of Reading. The baze and smoke are so dense that Mount Penn is completely enveloped. It was impossible to see the mountain a few squares away. On the Blue mountains a great tract has been burned over. The state police fought the flames on Mt. Penn.

Gunners Start Big Fires.

Pottstown, Pa., Oct. 20. - Forest fires are burning in the Chestnut hills, near Pine Swamp, Chester coun ty, and in White House hills, this side of Reading. Much damage is being done and scores of fire fighters are attempting to stop the progress of the flames. Gunners started the fires.

Fires Causing Heavy Damage. Bradford, Pa., Oct. 20.-A number of forest fires are causing heavy damage in this vicinity. In the Sugar Run and Balivar Run districts valuable timber is burning, and many oil well rigs have been destroyed.

500 Harvard Students In Danger. Boston, Oct. 20 .- Five hundred Harvard students fled pell-mell from their dinner in Randall hall, Cambridge, when the ammonia reservoir in the ice-making plant burst, flooding the building with suffocating fumes. A dozen maids in the kitchen were overcome and rescued with difficulty by the firemen

COFFEE, you know, is a flavor. Many people think of Coffee as a food, a drink, a Stimulant or a berry. It is all of these and then some. But, 95 people out of every hundred drink Coffee merely because they like it. And they like it because a particular flavor of it

pleases them. People who "don't like Coffee" have never yet found the particular flavor of Coffee which would have pleased them. They can find it yet. When they do find it they won't quit drinking it, and they shouldn't quit. But, how to "find-out" really good Coffee. And how to find out the precise kind of Coffee flavor which best pleases your palate. For the first time in history you may now buy a "Find-out Package" of Bakerized Coffee. This Find-out Package contains the three flavors of highest grade Coffee. Observe that the three distinct flavors in the "Find-out Package" of Bakerized Coffee are not merely three

kinds of Coffee, but three fixed and unvarying flavors of Coffee. When therefore you buy a "Find-out Package" of Bakerized Conee, and find from this just which Coffee flavor best pleases your palate, you can then feel sure of getting that same identical flavor year after year, under its given brand. This package will contain over three-quarters of a pound of the best Coffee you have ever tasted. That Coffee will be put up in three separate boxes. One of these three boxes will contain "VIGORO" Bakerized Coffee. This is a robust fuming aromatic stimulating Coffee-full of uplift, spicy odor and generous flavor. It is a vigorous, "black" Southern Coffee which "touches the spot" and "puts you up on horseback."

Another box will contain 'BARRINGTON HALL'' Bakerized Coffee. This is deliciously smooth and fragrant, mellow, fine and satisfying, with a delightful, lingering after-taste. It is more nearly the standard flavor of right-good Coffee than any other we know of. A third box contains "SIESTA" Bakerized Coffee. This is of mild
