-The students in the primary department of the Bellefonte Academy have contributed a large collection of suitable articles which will be distributed among the needy and worthy poor as Christmas gifts. In the collection are a set of doll's mission furniture, books, toys, games, puzzles, school companious, marbles, rubbers, skates, bells, jellies, canned goods, cereals, nuts,

WHO HAS TICKET No. 812 ?-On Monday, December 7th, Manager Garman, of the Electric theatre, advertised that he mark the beginning of the winter season; nation, or building castles in the air, has would give five dollars in gold to the person who held the lucky number ticket purchased for the moving picture show during last week, the drawing to take place on last Monday evening. The drawing was made as announced and the lucky ticket number was 812. In the event that number was lost and in order to be fair and make their offer good two more numbers were drawn, 388 and 211, respectively, so that in the event the holder of the first number did not come forward and claim the money it would go to No. 388, if found,

or eventually No. 211. Four days have now passed and neither number has been turned in at the office of the Electric theatre and the money claimed. In his desire to do justice to all Mr. Garman yesterday turned the five dollars in gold over to the WATCHMAN to find the person entitled thereto, or, if that cannot be done in a reasonable time, to give it to some worthy charity, at our own dis-

Therefore the five dollars in gold will be held at this office until Christmas eve, December 24th, awaiting claimant by No. 812 first ; 388 second and 211 third, and if not claimed by either up until six o'clock of said evening then the WATCHMAN will give it to the most worthy charity within its knowledge, with the best wishes of Manager Garman, of the Electric theatre, and the hope that it will bring good cheer and comfort on Christmas day to whomever it will be given.

The offer at the Electric theatre is being continued this week, therefore when you go to see the moving pictures save your dinuer to twelve of their young friends at ticket number as you may be the next lucky one.

MEMBER OF WRECKING CREW HURT. -On Sunday the Tyrone wreck crew went out to the scene of last Thursday's wreck at the big fill on the Snow Shoe railroad to recover the derailed engine and cars, and while at work on the same Joseph Snellenbach, a member of the crew, was injured by the breaking of one of the derricks and was brought on a special to this place and taken to the Beilefonte hospital. At first it was feared his back had been broken and he was seriously injured internally by being caught under the falling derrick, but injuries are abrasion of the head and contusion of the body.

The engine was fully one hundred feet from the railroad down a steep embankment and it was no small undertaking to get it back on the track. Two huge derricks were used and after the engine was on Sunday left for a visit with friends in purpose of pulling the engine up onto the up when the pin which held the apright in one of the derricks broke and the penderpleased to learn that she has entirely re- embankment. A new derrick had to be secured from Tyrone and the crew was compelled to work the most of Sunday night to clear up the wreck.

Mr. Snellenbach has so far recovered that

NOT APHTHOUS FEVER. - On Monday of this week the farmers in the vicinity of Curtin were somewhat alarmed over the rumor that there was a case of mouth and foot disease at the farm of Benjamin Bathurst. Dr. Nissley, of this place, was notified by the state authorities to go and inspect the herd and he did so on Tuesday, with the result that not a trace of the dreaded disease was found. A slight affection was found on one or two cows but it was only a mild form of eczema and not at all of a dangerous or infections character, so that the people of that vicinity need feel no alarm over the matter.

-One day in the early part of last week Alfred Stewart was nailing shut a box of stuff to be shipped to Mr. and Mrs. G. Murray Andrews, in Philadelphia, when he made a misstroke and the nail flew up and bit him in the centre of the eye. The eye became very sore and painful and a week ago yesterday he wrote and told Mr. Andrews about the accident. That gentleman at once telegraphed him to come to Philadelphia and he went down on Saturday and was taken to the Wills Eye hospital. There an examination revealed the fact that a small particle of iron was embedded in the eyeball. This was removed and the indications now are that he will not lose the sight of the eye as was at first feared.

A FAIRY TALE .- While fact is stranger the former beat to a standstill all the time.

A few days ago a resident of east Linn street was on his way down town when he was accosted by one of the bricklayers working on the new house Albert Schad is erecting on that thoroughfare. After discoursing in general on the inequalities of this world the bricklayer assumed a very

confidential tone and to the east Linn

streeter said . "I suppose you and a lot of other Bellefonters, who knew the Schad boys years ago, are wondering where they are getting all the money with which to build this house on Linn street, buy that property on Lamb street and erect the two large brick houses they now have under way there, and you can't figure it out, but I'll tell you. A few years ago Charlie Schad bought that piece of land on the top of the mountain for a mere song and in order to realize on his investment decided that he would have to improve it. He went up there and began digging out the stones and stumps and-Hist! he found that bag of gold and silver that those famous robbers, Lewis and Connelley, were reported to have hidden somewhere in these mountains three quarters of a century ago. Of course Mr. Schad knew it would not do to report his find at once so he discreetly kept quiet and now after the lapse of several years he is beginning to feed it out and it wont be long until we'll all wake up to the fact that he is the richest man in Bellefonte by all odds."

That ended the fairy tale and the bricklayer returned to his work, the east Linn town and the Schads are keeping right along with their building, as the brick-Col. Haverly was born in Bellefonte in 1837 layers went to work on their Lamb street houses this week.

FOR CHRISTMAS SHOPPERS. - Even though Christmas comes but once a year it is always a puzzling and vexations question when it comes to do the holiday shopattack of diphtheria and on Saturday last ping. WHERE HUNTING IS GOOD .- Andy Farbaugh, of Altoona, was recently a member of a hunting party in Mexico whose experience puts to shame any tale hunters hereabouts might have to tell. Farbaugh will be remembered as the noted football player who, during his college days, captained the a year in advance subscription Lehigh eleven and was a member of the Canton, Ohio, team when they spent three weeks at State College several years ago in preparing for their annual game with the assillon team. He has frequently visited

in Bellefonte and has many friends here. Six months ago Mr. Farbaugh went to Mexico where he has since been employed as a mining engineer for the Dolores Minng company. His health becoming bad he oined a party for a fine weeks hunt in the Mexican mountains. On the trip the party shot forty-eight deer, a leopard, a black bear, a silver fox, two hundred and fifty ducks, eleven geese, thirteen turkeys, and a large quantity of smaller game. Mr. Farbaugh sent his sister in Altoona eighteen of the hides of the slain animals, including the leopard, bear, silver fox and fourteen deer skins.

A MUCH PRIZED EXHIBIT-Bellefonte sent to the loan exhibit in the Carnegie museum at the time of the Sesqui-centennial of Pittsburgh a relic which was surpassed in interest only by General Braddook's knee buckles. It was a powder born carried during the French and Indian war and later through the Revolution by Captain William Irvine and now in the possession of his great-great-grandson, H. -Miss Edna Meyer returned on Monday even. S. Linn, the seventh generation from Captain Irvine being represented in Bellefonte by George Harris Shugert through his great-grandmother, Mrs. Andrew G. Curtin. Captain William Irvine was a consin of General William Irvine, of revolutionary fame. He came from Cumberland county to Union county in 1774. On the horn captain Irvine has etched the settlements between Philadelphia and Pittsburgh on the march to Braddock's field, the British insignia, a plan of Fort Duquesne and Indians with scalping knives. Later he traced the route in the same way from Philadelphia to Fort Stanwix, on the Mohawk, and Crown Point.

A powder horn marked in this way is rare. Some years ago John B. Linn could find only one of its kind in a collection in Albany. The horn was sent to Pittsburgh in Mrs. Thomas Anderson's care, and yesterday afternoon Mrs. Anderson brought it to Reliefonte.
