He is himself unfit to hold any office; so far as his influence goes, it is a trifle better than Platt's and a little below Depew's to whom he is politically a full brother. Senator Penrose was the man whom Mr. Roosevelt accused of being the revealer of the \$5,000,000 conspiracy to thwart him and his policies. He is now the head of the same old corrupt and infamous Quay Machine, which is in politics for money-making and office-brokerage solely. That he consistently degrades the State of Pennsylvania and betrays the interests of her citizens is of no moment to it. Aud,

Bellefonte Lumber Company.

Planing Mill Work, Etc.

In an ad of this size just about a year ago we said, we supply mill work in hard and soft woods, rough bill stuff, shingles, roofing, glass, sand, wall plaster, cement, and all building needs." That announcement contained a fact which by this time has become pretty generally known throughout this county as "The Bellefonte Lumber Company" plan. We didn't realize at this time just how good and big it was. But those who had to build-and payduring the time since then, and who came to ushave found that the idea is worth on an average of 20 per cent. of the total cost of material bought. Our plan of making the material fit the purpose in both quality and in QUANTITY, and supplying everything ourselves, saves money, time and trouble to those wise enough to benefit by it. . . .
