> Local Option Bill Killed in the House

HARRISBURG March 9 .- After a long de bate, in which the measure was discussed from all points of view, the local option bill backed by the Anti-Saloon League of Pennsylvania and kindred organizations was defeated in the house tonight by a vote of 137 to 66. The bill was introduced by Representative Fair of Westmoreland county and authorized the electors of any

borough, township or ward of any city to vote upon the question of the sale of liquor. Not in years has the house of representa-tives been so crowded to hear a debate on an important bill. Both sides of the local op-tion question were represented by hundreds of adherents, who came to Harrisburg from all parts of the state. The crowds began climbing Capitol hill shortly after 6 o'clock and when the hour of 8 o'clock arrived there was not an inch of space left in the beautiful chrmber. The aisles were choked with people, nearly every senator being present. The side aisles, the speaker's platform, the press gallery and the public gallery were also crowded, a large percentage of the people being women. The crowd became so dense that the ante-room of the bouse became choked up and it was impossible for any one to get near the en-

Those opposed to the bill wore red arnations. It was noticeable that a large number of the members were the flower. At exactly five minutes past 8 Speaker Cox rapped for order and the babel of voices ceased. With absolute quiet prevailing ceased. With absolute quiet prevailing the chair announced that house bill No. 212 was the special order for the night and after the usual parliamentary red tape had been disposed of the reading clerk read the bill in full.

trance to the bonse

As soon as the first section of the hill had been read Representative Fair, the author of the bill, announced that it had been agreed upon by the speaker and a number of house leaders to allow the bill to go through all stages up to passage on second reading. Mr. Fair asked that the house follow this plan, promising no dilatory tactics. The bill was then read by sections and Fair made the chief argument for the measure. Mr. Meyer, of Centre county, voted for the bill.
