April fooling was quite limited here on the 1st inst. It must have been forgotten by the boys, or possibly they have gotten over the nonsense.

Rev. J. Max Lantz has been returned to the Pennsvalley charge to the delight of his congregation. During the past year the reverend gentleman has made many friends and become quite popular.

Our merchants report a fair business during the month of March; commercial agents stopping off here say that traffic on the road is entirely too conservative for their pocket books. When it costs six dollars to sell five they think it about time to take a halt.

The next move will be to move to the garden for digging purposes. Some little garden has been made already for onions, to be in time for the onion snow. However, the weather has been a little off for much garden work. There is plenty of time yet.

Quite a number of our people are caught with empty ice houses. They waited too long for the granite like crop. Among the delinquents was the hotel, but the landlord succeeded in purchasing a stock in Rebersburg and had it hauled here and packed in

The little folks are making large calculations on Easter eggs. At most any time now a half dozen or more can be seen looking at the sugar eggs displayed in the store windows and telling each other how many they expect, and then their eyes assume the di mensions of a silver dollar.

Dr. Gentzel, veterinary surgeon of our town, reports considerable sickness among horses and cows and he is kept very busy. He says there is no particular ailment, only a tired condition with a slight fever which yields very readily to proper treatment. But the doctor remarked that only about half the animals receive the care and attention they should, hence the "played out" condi-

A Temple-Ladies of the Golden Eagle, auxiliary to the K. G. E., organized here a few weeks since, was instituted and the officers installed by the grand officers on Tuesday evening last. They had fifty-five charter members, which is certainly a very good commencement. A dozen or fifteen Sir Kuights witnessed the ceremony which proved highly interesting. The grand officers from Bellefonte arrived here in carriages late in the afternoon and were immediately taken to the hotel. After a rest and partaking of a sumptuous supper especially prepared by laudlord Wood they were escorted to the hall of the K. G. E. to discharge the duties which occasioned their journey here. At the close of the session quite an elaborate lunch was served. After assuring the members of the Temple that it had been a great pleasure to participate in the proceedings of the evening and wishing them every success, about midnight the grand officers departed for Bellefonte.

Flames at Fort Worth, Texas, Destroy 300 Dwe!lings, Three Churches and Several Warehouses and Business Places - Twenty Locomotives and Many Box Cars Also Burned.

To boys and a carelessly thrown cigarette stub is generally credited the fire which destroyed property in South Fort Worth, Texas, that was valued at \$2,000,000, caused the death of J. J. Newton, a bank employe; the serious injury of six persons, rendered over 1000 homeless and caused the temporary idleness of several hundred workmen employed in the manufacturing plants and business houses

The burned area is under the guard of state troops to prevent looting, and the entire fire department is still engaged in extinguishing the burning embers, which, with the wind still

high, spasmodically spring into flames. The fire originated in a barn near May and Tucker streets. Driven by a gale, the flames spread through buildings made dry by a protracted drought and within a few moments the conflagration was beyond control. Spec tacular in the extreme, the flames leaped from building to building, across broad avenues and at times for a block at a time. The rapidity of the fire's progress rendered impossible the removal of household effects. Even trinkets and jewelry had to be aban-

doned. After eating its way through a residence quarter, reducing to ashes 300 pretentious dwellings, the Broadway Presbyterian church, the Baptist church, the Swedish chapel and the Walker sanitarium, the flames, spreading to the south, attacked the manufacturing plant of the Sawyer Electrical company. This building was quickly destroyed, as were five large warehouses and several smaller busi-

ness houses. The yards of the Texas & Pacific railroad were next in the path. The roundhouse, the repair shops, the coal chutes and many box cars were destroyed, and twenty locomotives were reduced to twisted masses of steel. Next to the railroad yards is an open space, and this checked the flames to the southward.

Separate Votes to Be Taken on Hides, Lumber, Oil, Barley, Tea and Coffee Schedules-Twenty Republicans and Their Party.

Four of the sixteen votes came from the Louisiana delegation, who likewise broke away from their party. Previous to the adoption of the resolution there was some severe criticism of it from the Democratic side. Aside from the interest which attached to this pro ceeding was the speech of Mr. Clark. of Florida who denounced Bryan and Bryanism, Populists and Populism, and who declared that he would sup port the Payne bill if it contained what his constituents wanted-a duty on Sea Island cotton and protection for citrus fruits, pineapples, etc. His remarks led him into an exciting colloquy with Mr. Randell, of Texas, and other Democrats, but he declared that, having been instructed by the legislature of his state and his constituents as to the stand he should take on the erticles mentioned, he would not vio late his solemn obligation to them. His whole attitude was one of defiance to the Democrats of the house.

Separate votes are to be allowed on hides, lumber, oil (countervailing duty removed and 75 per cent ad valorem substituted), barley, barley malt, tea

and coffee. Before the rule was reported there were numerous speeches on the bill, those occupying the floor being Messrs. Bartlett (Georgia), Calderhead (Kansas), Burgess (Texas), Stanley (Kentucky), Hobson (Alabama), Gillespie (Texas), Thistlewood (Illinois), Saunders (Virginia), Reeder (Kansas), Madden (Illinois).

An interested spectator throughout almost the entire session was Mrs. Taft, who was accompanied by her two sons and Captain Archibald Butt, U. S. A., one of the president's aides.
