REV. STEIN SENT TO TYRONE .- Because of dissatisfaction in the congregations of the First Methodist Episcopal church of York and the First church of Tyrone over the appointment of ministers assigned them by Bishop J. W. Hamilton at the adjournment of conference in Harrisburg last week, Dr. James B. Stein, who was sent back here for his fourth year with the Methodists of Bellefoute, has been transferred to the pastorate of the First church in Tyrone and Rev. T. S. Wilcox has been as-

signed to the Bellefonte church. The entire affair is one that might be termed church politics (if there is any such thing) and while it was kept as quiet as out and a correct statement of the facts in the case is only just to the church and those and if you don't believe it try reading it. concerned. When the appointments were read it was found that J. Ellis Bell had been transferred from York to Tyrone ; J. H. Daugherty from Tyrone to Harrisburg, and T. S. Wilcox to Tyrone.

The members of the York church at once entered a vigorous protest against the removal of Rev. Bell, and in support of their demand that he be left there gave as their reason that he had under way some unfinished work which it was but fair to them and him to allow him to close up. Reator's sale recently to William Sprankle for lizing the strength of their argument the Bishop consented to allow Mr. Bell to remain there and assigned Rev. Wilcox to Tyrone, and then the Tyroners kicked ; not so much because they didn't want Rev. Wilcox as because they did want Rev. Bell.

> In this dilemma Bishop Hamilton notified the district superintendents to hold a meeting in Huntingdon on Saturday and settle the matter some way, and the only way they found to do it was to transfer Rev. Stein to Tyrone and send Rev. Wilcox to Bellefonte, and their finding was sanctioned by the Bishop who, on Sunday, notified Rev. Stein of the figal decision.

Rev. Stein was loath to leave Bellefonte because he has just finished an unusually good work here in freeing the church of debt and has greatly endeared himself to his congregation, who deeply regret his removal. As a minister and as a man Rev. -General orders were issued from the Stein has been universally liked in Belleheadquarters of the National Guard in fonte, while his family have won the love Harrisburg on Tuesday specifying Somer- and esteem of all. WHILE VISITING SICK FATHER HARRY FITZGERALD'S STORE ROBBED.-Last Friday Harry E. Fitzgerald, of Columbus, Ohio, was summoned to Bellefonte on ac count of the serious illness of his father William Fitzgerald, and he and his wife town. Read all about it in Margaret arrived here on Saturday intending to stay several days, at least. On Sunday evening, however, Mr. Fitzgerald, who conducts a dental supply house in Columbus, received a telegram stating that his store had been broken into on Saturday night and gold account free with every pair of boys and filling and other articles estimated in value anywhere from five to seven thousand dollars had been stolen. At the same time Mrs. Fitzgerald received a telegram stating that her sister had been taken suddenly sick and her condition was regarded as extremely critical and asking her to come home at once.

> The telegrams were received after the 4 44 train had left for Tyrone and Mr. and Mrs. Fitzgerald were in a dilemma what to do until Charles Mensoh agreed to take them to Tyrone in his automobile so they could catch the 11.05 train west. They left here immediately after supper, Mrs. Harter accompanying them and taking Will Keichline along in case anything went wrong with the machine, and the trip was one they will not soon forget.

> They went by way of the Bald Eagle valley and encountered mud so deep in places that the men were compelled to get ont and push to get the machine through and when they finally arrived in Tyrone it was only to discover that the western train had been gone twenty minutes or longer. Mr. and Mrs. Fitzgerald were compelled to take the trolley to Altoona where towards

morning they got a fast train for Pittsburg. With all the trouble he had getting to Tyrone Mr. Mensch was afraid to return by way of Bald Eagle valley so decided to make the trip home via Pennsylvania now bard at work rehearsing their play Furnace. They left Tyrone about midnight and got as far as Warriorsmark all right but there they got on the wrong road and didn't know where they were until they arrived at Huntingdon Furnace. They then were compelled to return to Warriorsmark and finally getting on the right road came home by Pennsylvania Furnace and Pine Grove Mills, arriving in Bellefonte at just four o'clock Monday morning. Of course Mensch enjoys telling all about the

> A GOOD TESTIMONAL .- The WATCHMAN has at various times made mention of the organization of the Concrete Brick and Manufacturing company organized by J. C. Meyer Esq., J. C. Rowe and others and the intention to erect a plant near the Bellefonte furnace for the purpose of manufacturing concrete brick out of slag. Different samples of the brick have been made and tested here and at State College and in every case the test was highly satisfactory to the promoters. Recently samples of the brick were sent to the Bareau of Building Inspection, of Pittsburg, and on Wednesday Mr. Rowe received the following very flattering letter as a testimonal of the excellent quality of the brick :

MR. J. C. ROWE,

I have tested the sample brick which you left with me, and I find the results to be most satisfactory. I can cheerfully recommend it for its durability, non-absorption qualities and cheapness. We have had quite a number of brick makes left at this office to be tested, and think I can safely say your brick is one of the best that it has been our pleasure to have tested.

Yours very truly, JOHN P. BRENNAN,

(Asst. Superintendent.) It might be added that the building of the plant for the manufacture of these brick is now as much of an assured fact as any project can be until the erection of the same is actually begun and, because it will mean business for Bellefonte and money for the promoters, we heartily hope for them every possible success.

POLLY OF THE CIRCUS.—One of the best stories ever written by that celebrated authoress. Margaret Mayo, is "Polly of the Circus; and with a desire to give it's readers the very best in fiction as well as in news the WATCHMAN has secured the rights for the publication of the story as a serial and will begin the same next week.

"Polly of the Circus" is a story that can be read by everybody, and will be appreciated by those of highly oultivated literary tastes just as much as by the boy whose general reading is confined to the dime novel. It is a story of unusual interes from beginning to end and points a good

GRAUSTARK NEXT MONDAY. - An attraction of unusual interest will be presented at the opera house, Monday evening, April 12th, when "Graustark" will be seen for the first time in this city. Dramatized from George Barr McCutcheon's captivating novel of the same name, it is a clean out, clever and interesting play of love and intrigue, and abounds with sensations and thrilling climaxes. It is a romantic drama of the higher order that appeals to all classes, pleasing the most exacting patroon of the theatre, because there is a touch of romance tucked away in every living mortal, and one is charmed by its sweetness and the true ring of human nature in every line and situation. So intensely dramatic is this play that one is electrified by each climax, and the actors and actresses who portray the principal characters are given curtain call after ourpretation of a difficult role, and Alfred Britton, as "Lorry" has been commended for his portrayal of the daring American The entire cast is an exceedingly strong one and embraces the names of several artists who seldom leave the Broadway theatres The production is personally staged by Mr. ts magnitude can be imagined when on realizes that it takes a sixty foot car to transport its scenic and property effects.
