BASE BALL DOINGS .- As it looks now Bellefonte will be represented this season with a baseball team and be one of the four day evening. towns comprising what will be known as the Central Pennsylvania league, the other three towns being Look Haven, Jersey Shore and Renovo. Preliminary steps for the organization of the league were taken at a meeting held in Lock Haven last Saturday evening at which Bellefonte was represented by Harry Otto. All the other towns were represented and the feeling was that by confining the personnel of the team to strictly local players the expense could be kept within the limit of the receipts and at the same time strong enough teams could be gotten together to make the contests interesting. Another meeting will be held at the Fallon house in Look Haven the Golden Eagle will attend services next this (Friday) evening when the league will be permanently organized and officers

> A meeting of Bellefonte enthusiasts was held in the arbritration room in the court house on Monday evening and it was upanimously agreed to organize an association and join the above league. > Pitchers, Leo Scholl, Earl Kline and Dundy Gilliland; catchers, Harold Kirk and Rash Irwin ; first base, Harry Otto ; second base, Morris Otto; third base, Philip Holter ; shortstop, Robert Roberts ; left field, Ralph Moerschbacher ; centre field, Ed Keichline, and right field, John Gordon. At a meeting last evening delegates were elected to represent the Bellefonte association at the meeting in Look Haven this evening to complete the organization of the league.

DOLL'S ICE PLANT. - Two weeks ago we made mention of the fact that William Doll, the baker, was going to circumvent H. B. Douglas, of Philipsburg, was last the ice famine in Bellefonte by installing an artificial ice plant of his own. The machinery and tank for the plant arrived on Wednesday and a force of experienced workmen are now engaged putting it up in one end of his hig ice house in the rear of the Bush Arcade. They expect to have it completed in a day or two and from that on Mr. Doll will not have to worry a par ticle about where his ice will come from.

The plant is not a small one by any means, the tank being about twelve feet long by four wide and four feet in depth. The plant will have a capacity of two tons of ice every twenty-four hours, which will be more than double the quantity Mr. Doil will need for his own use. But a number of big ice users in Bellefonte, who were caught without getting any ice stored, are considering a deal with Doll to supply them and there is hardly any doubt, but pose of all the surplus ice he can manufacture by running his plant to its full capacity. And the one good thing about the artificial ice will be that it will be good and solid and being frozen out of Bellefonte water will be absolutely pure and

ENGINE HOUSE BURNED .- Between three and four o'clock last Friday morning fire broke out in the engine house of the Bellefonte Central Railroad company at Coleville and the entire building was burned to the ground. Augustus Wian is the night watchman at the building and he out not over fifteen minutes before the flames were discovered. When he returned he saw a small blaze near the roof in one corner of the room and at once sent in dollars with assets of only about half an alarm. The Logan fire company responded but by the time they arrived on -Since the weather has settled J. C. the scene the building was all on fire and Unionville, this county. Only two of the engines belonged to the railroad company, the other five being the property of Wilson & Co., of Philadelphia, and being in the shops for repair. The damaged engines included four of Wilson & Co's and one belonging to the railroad company. The total loss aggregated about \$10,000, on which there was a partial insurance.

FOR THE HOSPITAL AMBULANCE .-Great interest is being manifested in the entertainment to be held in the opera house on Friday evening, May 21st, in the interest of raising money to purchase an up-to-date rubber tired ambulance for the Bellefonte hospital. Tickets are being sold quite plentifully in Bellefonte, Milesburg, Centre Hall and other places; and quite a number of generous contributions in money have been made to the fund.

A new and up-to-date ambulance for the hospital is almost an absolute necessity, and the one it is purposed getting will not only be a credit to the institution but one that will insure as much comfort as possible to patients who have to be taken to the hospital. The price of the ambulance will be a little over four hundred dollars and in order to insure its purchase as soon as possible the people of the town and county must be liberal in their patronage of the coming entertainment. In addition, they can be assured of getting a good evening's amusement in return for their money, as some of the best local talent here and at State College will take part in the same. Prices of admission will be from 25 cents
