The Sunday services will be held as follows: Lovefeast, 7.30 a. m.; Sunday school at 8.30 and preaching at 11.00 a. m. and 7.30 p. m.

—Miss Sarah McGinley, eldest daughter of Mr. and Mrs. A. Linn McGinley became ill with appendicitis on Saturday afternoon, was taken to the Bellefonte hospital the same evening and underwent an operation on Sunday morning. Her condition was not serious and since she has been getting along so well that in another week she will likely be well enough to be taken home.

IN JAIL FOR RAISING CHECK.—Oscar Hendricks is now in the Centre county jail awaiting trial on the charge of "check raising," or forgery, but he had a good time while his ill-gotten money lasted. Just where Hendricks is from, or what place he calls home, is hard to tell. He has worked in Bellefonte at various times but for some time past he had been working in the woods back of Howard for W. G. Shaffer, of Mill Hill.

On Saturday he received his pay in the shape of a check for \$6.70 and went to Howard to make a few purchases. Going to the store of Kline & Wolf he bought a few handkerchiefs and some other minor articles and gave them the check in payment therefor. But the check was different than the figures on it stood for \$56.70, Hendricks having quite skillfully written a five in front of the six, though he made no effort to change the writing on the check. Mr. Kline took the check and merely looking at the figures gave Hendricks his change in cash, close to fifty dollars, and it was not until late in the afternoon when he took the check to the First National bank of Howard that the forgery was discovered.

In the meantime Hendricks had left Howard and as he was seen around the station by different parties it was supposed he came to Bellefonte, which he did, and word was telephoned to the authorities here to watch for him. Officer Dukeman knows Hendricks by sight and he at once started the rounds of his old haunts when in town looking for him but failed to locate him. He visited all the livery stables but got no clue, though it later developed that Hendricks, on arriving in Bellefonte, went directly to Bartley's livery stable and paid five dollars for a horse and buggy from Saturday evening until Sunday evening.

Hendricks' mother lives at Valley View and a man was sent up there to see if he was in that locality, but he was not. He also has relatives out at Yarnell and that is where he was finally arrested on Sunday afternoon. After getting the rig at Bartley's he drove direct to Yarnell, attended a festival on Saturday evening and spent the night and Sunday with friends. That he must have had a good time is evidenced by the fact that when arrested he had in his pockets but \$4.25 of the almost fifty dollars he received.

Hendricks was taken to Howard and held in custody until Monday morning when he was given a hearing. The evidence against him being conclusive he was committed for trial and was brought here on the noon train and put in jail.

LOCKJAW PATIENT GETTING WELL.—Lockjaw, or tetanus, has always been considered almost certain death and is more dreaded by doctors, perhaps, than any other disease. But Centre county has a woman who suffered in the throes of lockjaw for five days but will probably live to tell the tale as she is now getting along very nicely with every chance favorable for her complete recovery.

The woman in question is Mrs. David Yocum, of Hublersburg. Three weeks or more ago she tramped upon a rusty nail which ran through her shoe and penetrated her foot to the depth of an inch. Ordinary remedies were applied and though quite painful for a few days the wound healed without giving any further trouble. Last Thursday, however, she became very ill and Dr. Fisher, of Zion, was summoned. By the time he got to the Yocum home he found her suffering with a well defined case of lockjaw which rapidly developed until her jaws were firmly locked. She remained in this condition almost five days and the only nourishment she received was what little milk could be forced between her teeth.

In the meantime she was kept as much as possible under the effect of opiates and the wound in her foot was opened and careful while she was subjected to careful treatment for the disease. Early this week her system began to respond to the treatment, her jaws relaxed and yesterday Dr. Fisher said that he had every hope of her early and full recovery.

AT THE COUNTRY CLUB.—The annual meeting of the Country club was held at the club house at Hecla last Saturday and was attended by a large representation of members. All the old officers were re-elected with one exception, Thomas Beaver being elected a member of the house committee in place of H. C. Quigley Esq.

The new hydro-electric plant has been completed and for the first time the members that night had an opportunity to see the house and grounds lighted by electricity, which is a great improvement over the old system of kerosene lamps. The plant runs very smoothly and, while in dry weather there is not water head enough to run the plant continuously at its full capacity there will likely be plenty for all purposes of the club.

The annual clay pigeon shoot was held in the afternoon with the following result. Out of 100 birds R. B. Freeman, Tyrone, broke 71; H. C. Quigley, Bellefonte, 84. Out of 85 John J. Bower, Bellefonte, broke 47. Out of 65 Chas. Rowland, of Phillipsburg, broke 26. Out of 75 Geo. R. Meek, Bellefonte, broke 45. Hugh N. Crider, Bellefonte, had a clean score out of 50 birds shot at. Mr. Quigley won the club cup as well as the DuPont trophy.

The borough council on Monday night passed the ordinance providing for a license tax on livery hacks and automobiles and on theatrical companies, shows, etc. The Water committee reported that the reservoir had sprung a good-sized leak and they were instructed to have the same repaired.

—Mr. and Mrs. Charles J. Taylor have rented the rooms over Casebeer's jewelry store, formerly occupied by the late Miss Clara Anderson, and went to housekeeping there this week.

—Tuesday was quite a busy day at the Bellefonte hospital. In the morning Miss Eliza Lorah, head nurse at the Spangler hospital, underwent an operation for appendicitis and in the afternoon operations were performed upon Mrs. Kreamer, of Centre Hall, and Miss Alkey, of Spring township. Mrs. Brooks, of Curtin, was discharged the same day.

—The fourth annual reunion of the Myers and Maury families will take place on August 12, 1909, at Hecla park. A cordial invitation is extended to all the friends and relatives of said families. A good time is expected. Arthur Reigel, president, Salona, Pa.; J. Zimmerman, secretary, Mingo, Pa.; Shuman Zimmerman, treasurer, Mingo, Pa.

—A visit to the opera house on Saturday night is like a visit to a large city park to hear the beautiful music and see the lovely pictures. But we would like to impress upon the people to go earlier to avoid the crowds. The seating capacity is almost a thousand, yet they are taxed to the utmost to meet the rush, so great is the interest in the music and pictures. We can faithfully say no offers more for the money. Don't miss it. All for 5 cents. Every Saturday night.

—The executive committee of the Centre County Christian Endeavor Union met at Unionville on Saturday and arranged for the annual convention to be held at Eggleville, September first and second. A delegate from the committee visited the society at Eggleville on Sunday and completed the arrangements with the local society. He found the people there very enthusiastic over the prospects of entertaining the convention, which promises to be the best in the history of the Union.

—About midnight on Friday night of last week Dr. D. G. Stewart and Hard P. Harris returned from the Country club in the former's automobile and as Mr. Harris opened the door of the Palace livery stable, to house the machine, he was attacked by the big dog which makes that place his headquarters, and which evidently mistook him for a stranger. Before the animal could be driven off he bit Harris in the right wrist and hand, but fortunately, not hard enough to lacerate the member. No serious results are apprehended.

—John I. Thompson Jr., the little son of Mr. and Mrs. George Baul Thompson, of Alto, narrowly escaped death on Wednesday morning and as it is quite badly hurt. He was with his father upstairs in one of the stores at State College and while Mr. Thompson was busy making some purchases the boy wandered away and fell through a trap-door into the store room below. No bones were broken but he sustained a number of cuts and bruises and quite a shock to his nervous system. Fortunately it is not thought he is injured internally and when his cuts and bruises heal he will be as sturdy a little man as ever.

—The "Has Beens" fishing club which was in camp on Fishing creek for two weeks broke camp last Friday and the last of the members returned home. During their stay there they not only caught a nice lot of trout, which of course were eaten in camp, but afforded a favorite rendezvous for automobile and other parties and there was hardly a day that they did not entertain a crowd of visitors. But with that their camp was always wide open and their hospitality unlimited. The Meek-Curtin-Shugert camp is now the only one on Fishing creek and it will be kept open until the close of the season next Saturday.

—Marrioe A. Jackson recently severed his long connection with the Bellefonte Trust company and has under consideration the acceptance of a position with a Reading insurance company. He will probably leave Bellefonte about August first and his going will not only remove a widely known and generally liked young man but it will mark the passing from this community of the last member of a family that was once a leader in almost every phase of life in this locality. The youngest son of the late George W. Jackson, banker and miller, he is a fine young man and one for whom we trust there will be much pleasure and profit in any position he may choose to accept. J. H. Robb, now with the Centre County Banking company, has been selected to fill the vacancy in the Bellefonte Trust company caused by Mr. Jackson's resignation and will go to work in his new position August first or fifteenth.

—Deputy factory inspectors have been canvassing the various towns in the State and inspecting the buildings in which morning picture shows have been given. Many of the places have been condemned and ordered closed but Petriken hall, in this place, in which the scenic holds forth, was pronounced one of the best rooms in the State for that purpose and only a few precautionary measures were suggested. Hence when the people of Bellefonte go to the scenic they can do so with a feeling of the utmost safety as well as the knowledge that they will see a program of good pictures. Manager Brown is just as careful for the comfort and safety of his patrons as he is in giving them good pictures, and his reputation for the latter is so well established that it needs no further comment. After an absence of two weeks Will C. Lave, of Lock Haven, is again back at the scenic singing the illustrated songs to the delight of all who hear him.

FINAL SCHOOL HOUSE CONTRACTS AWARDED.—At a meeting of the Bellefonte school board last Friday evening the final contracts for the new high school building were awarded. The general contract for completing and furnishing the building throughout was awarded to Lewis Wallace and Harry Miller for \$35,901.13 theirs being the lowest bid for the work complete.

The board had some difficulty in awarding the contract for the heating of the building because of the fact that they desire to have installed the best system obtainable. Five bids were submitted for this purpose but as one of the bidders gave no assurance that by his system the building would be properly heated and ventilated his bid was of course rejected outright. The other bids were as follows: E. Keeler Co., of Williamsport, \$9,727, with work to be done by the board which would have footed up an additional amount of \$1,300 to \$1,400.

Snyder & Raub, of Philadelphia, everything complete, including toilets, \$12,995. The American Heating and Ventilating company, of Philadelphia, \$7,977, with work to be done by the board which would cost from \$1,600 to \$1,800.

The successful bidder and to whom the contract was awarded, was the Bellefonte Steam and Gas company, for \$8,850, which will include all the work with no extra expense to the board for anything. This bid is guaranteed by the Buffalo Forge company, of Buffalo, N. Y. The system to be installed will be the indirect heating with just enough radiators in the halls to keep the building warm at night. It will be equipped with heat regulators or thermostats throughout and all the material and fittings will be the best obtainable.

The walls of the new building are fast nearing completion and will be up by the last of the month. The big steel girders are now being put in place for the basement floor and by August first it is believed everything will be in readiness to begin the bricklaying. Mottled brick will be used in the construction of the building.

BIG PEACH CROP.—It is not often that one big peach crop will follow another but with favorable weather the rest of the season that will prove the case in this county; especially in the Col. W. F. Reynolds orchard. It will be remembered that last year his crop of peaches was unusually large, about twelve thousand bushels, the first real big crop grown in his orchard. As a rule peach trees bear fruit only every two years but this year the crop in Col. Reynolds' orchard gives promise of being almost as large as last year. The trees are all heavily laden, even after the imperfect and small fruit have been plucked to give room for the perfect fruit. The estimate of his crop this year is placed at from ten to twelve thousand bushels. Other growers in Centre county, and there are a number of them, will also have good crops, so that the yield of peaches in Centre county this year will be as large if not larger, than last year.

The fruit this year is of an extra fine quality, much finer than that of last year, and considerably earlier, as some of it will be ready for market within two weeks. Col. Reynolds this week received three car loads of baskets to be used in marketing his crop, and it is not certain that that number will be enough.

CENTRE COUNTIANS IN OHIO REUNE.—The fifth annual reunion of the old residents of Centre county in Ohio was held at the home of J. D. Danley, Medina, Ohio, July 5th. A picnic dinner was served under the trees and the time was spent in cementing old friendships and forming new ones. Ex-mayor R. A. Cassidy, of Canton, met with the crowd for the first time. Mr. Cassidy was a chief musician in the 148th regiment of Pennsylvania volunteers and was a most welcome and delightful addition to the company.

An organization was effected at this meeting with M. M. Danley, of Seville, president; Mrs. J. D. Danley, of Medina, secretary, and J. H. Gates, of Medina, chairman of the committee on arrangements. One of the good things in life is to have lived for a time in old Centre county, was the expression of all present.
