

Democratic Watchman

Bellefonte, Pa., August 6, 1909.

Can anything be more offensive than foul breath in man or woman? Who has not had the experience of a conversation with some one whose every word seemed to reek with corruption? Foul breath is only one symptom of a foul stomach. The work of the stomach and organs of digestion and nutrition is not being properly performed when the breath is tainted. Dr. Pierce's Golden Medical Discovery will sweeten the breath by curing the stomach and organs of digestion and nutrition. It removes accumulations of effete matter from the system, clears the machinery of the body from clogging waste, and increases the action of the blood-making glands. When it sweetens the breath it also brightens the eye and clears the clouded complexion.
