## PENNSYLVANIA RAILROAD BULLETIN

HUDSON FULTON CELEBRATION NEW YORK CITY.

Three hundred years ago, Henry Hudson, an Englishman in command of a Dutch expedition, with eighteen men, explored the Hudson River from Sandy Hook to Troy in his small craft, the "Half Moon."

One hundred and ninety-eight years later, Robert Fulton established, with his steamboat, the "Clermont," a regular water service between New York and the towns along the Hudson river to the

This year, New York City, with sister cities and towns along the Hudson, will celebrate these two achievements by a series of imposing observances, religious, historical, military, naval, musical and literary, extending from September 25th to October 9th.

Replicas of the "Half Moon" and the "Clermont" have been built and will play a large part in the celebration. They will be the center of attraction in the great naval pageant on Saturday, September 25th. The United States Government will have fifty-two war ships anchored in the Hudson, and Great Britain, France, the Netherlands, Italy, Germany, Argentine, Guatemala, Mexico, and Cuba will be represented by war vessels.

Two great parades of water craft will escort the "Half Moon" and the "Clermont" in triumphal procession past the war leviathans, first in the morning and again in the evening, when all the vessels will be illuminated.

On September 28th there will be a grand historical pageant, and on September 30th a big military parade in New York City.

On October 1st, the "Half Moon" and "Clermont" will proceed up the Hudson to Troy escorted by hundreds of river craft, including torpedo boats.

urday evening, October 2nd, which promises to eclipse all previous attempts. The Pennsylvania Railroad, the direct line to New York, with
