Killed Mother to Hide Thefts. A lengthy confession by George Si mon in his own handwriting, written enroute to Birdsboro, after the failure of an attempt to kill his father, has come to light at Pottsville, Pa., clearing up the crime of the murder of his mother, Mrs. Phoebe Simon, and the subsequent suicide of himself.

Young Simon says that he killed his mother by shooting her through the head in order to conceal the fact that he had been systematically robbing her and his father since he was ten years old, until they, unknown to themselves, had not a cent in the world. He further confesses that he intended to kill his father with a hatchet while he slept and then saturate the bed and the building with oil and conceal his crime by setting the house on fire. He entered his father's room several

nights after the killing of his mother. but the parent was awakened and ordered the youth from his room. He says that when this attempt failed he determined to leave his father unharmed and to instead take his own life. He went to Birdsboro to see his sweetheart, Miss Viola Hartranft, of Pottsville, who was visiting there, to bid her farewell before shooting himself. His nerve evidently failed him and he returned to Pottsville with the girl. His confession goes no further than up to the time he left the train at Birdsboro.

Jumps From Engine to Save Child. Engineer Samuel King, who runs passenger train on the Schuylkill and Lehigh branch of the Reading railway, performed a brave act that ranks him hero and may entitle him to a Car negie medal. Upon approaching Emerald, a small flag station, near Read ing, Pa., he saw a three-year-old child on the track. The train was running thirty-five miles an hour.

King threw the brakes into the emergency, and, starting out over the footboard of the engine, climbed over the cylinder chest to the pilot, where he jumped off and grabbed the child and lifted it from the track with the pilot of the locomotive within a few fet of him.

Sunday, while out driving, Miss Miriam Death Came Peacefully and His Mind Retained Its Integrity Almost to the End-Funeral Services to Be Held Sunday Afternoon-Estimates of His Fortune Vary From \$50,000,000 to \$100,000,000.

Edward H. Harriman, the greatest organizer of railroads the world has ever known, met the only lasting defeat of his active life at the hands of death. Secluded in his magnificent home on Tower Hill, at Arden, N. Y., and surrounded by the members of his family, physicians and nurses, he succumbed to an intestinal disorder after a fight against disease which will rank for sheer grit with his remarkday last to spend the week at the Granger able struggles in the financial world. He was sixty-one years of age. The funeral took place on Sunday, interment being made in the Episcopal

cemetery. Mr. Harriman died peacefully, and almost to the end his brilliant mind retained its integrity. After a relapse on Sunday he sank steadily, and on Thursday there came a relapse which marked the approach of the end. His wife, his two daughters, the Misses that he had just dug up his potatoes. Driving hurriedly up the mountain side, Mrs. Simons entered the great silent house in time to be present at her brother's death. She joined the wife and children, who, with Dr. W. G. Lyle, of New York, and Orlando Harriman, a brother, and the nurses,

formed a group at the bedside. While the policy of reticence that prevailed during Mr. Harriman's illness was maintained by most of his relatives and associates after his death, Orlando Harriman, whose home is in New York, discussed the funeral arrangements briefly. He said that a dozen cement operations this summer, all Mr. Harriman would be buried in the 'concrete on the brain," why not build a hind St. John's Episcopal church at son, Edward H. Harriman, Jr., who board walk is in a deplorable condition, and died twenty-two years ago, soon after the family first come to Arden. The Everybody in our town seems lively on the service will be held at 3.30 on Sunday

Recent estimates of Mr. Harriman's personal wealth have varied all the way from \$50,000,000 to \$100,000,000. He was, of course, a large holder of securities of the various corporations with which he was identified, including in addition to the Union Pacific and Southern Pacific systems, over a score of smaller or tributary properties, not only in this country, but in Mexico as well. Report credited him with large personal holdings in the Atchison, Topeka & Santa Fe road, Baltimore & Ohio, Delaware & Hudson, Erie, Illinois Central, New York Central and the Pacific Mail Steamship company. His holdings of Brooklyn Rapid Transit stock and bonds were very large a few years ago, and these have probably been increased in late years. He was reported to have been the largest individual stockholder in the Wells Fargo Express company, which only recently acquired a virtual monopoly of the express business in Mexico.

General Corbin Dies at Hespital. Lieutenant General Henry C. Corbin, U. S. A., retired, died in the Roosevelt hospital in New York, after an operation for a disease of the kidneys. General Corbin would have been sixty-seven years old in a few days. Mrs. Corbin and ex-Governor Myron T. Herrick, of Ohio, his personal friend, were at his bedside when death occurred.

General Corbin had been suffering for two years from the malady which ultimately resulted in his death. Accompanied by Mrs. Corbin and the general's daughter, Mrs. Usher Parsons, of Ardsley, N. Y., he went to Carlsbad for treatment on June 12 last. The waters there appeared to have improved his condition after two weks stay and he returned to England, where his former trouble recurred, and he went to Paris to consult with physicians. The general's trouble developed more seriously while he was in Paris, and he determined to return to New York. He sailed on the steamer Rotterdam, which arrived here on Sunday last. The general was taken to the Hetel Martinique in this city, and Dr. Frank Erdwurm was summoned. The physician advised that General Corbin be removed to the Roosevelt hospital, and he was taken there on Monday. The operation was performed Tuesday. Following the operation, General

Corbin revived and the work of the surgeon was regarded as a success, but later a weakness of the heart developed and death ensued a few hours September Strawberries at 30 Centts.
