THINGS ABOUT TOWN AND COUNTY

the writer.

-The first spowflakes of the season were seen flying through the air on Wednesday.

-The new bympals for the Methodist Episcopal church have arrived and will be used for the first time at the services on

-At the county commissioners convention in Gettysburg, on Wednesday, John L. Danlap, of this place, was elected treasurer of the association for the ensuing

-Many a man in Centre county who has not gotten out of bed before sunrise in a year will be out bright and early tomorrow morning for the opening of the hunting season.

-This is the day for the annual reunion of the surviving members of the 110th regiment, which will be held in Gregg Post rooms, this morning, afternoon and evening.

-Saturday of next week is the date for that big horse show at State College. It, will be the second annual show and will be an event in which all farmers and horse owners in the county should be interested.

-Prof. P. H. Meyer last week sold the old Ephriam Keller farm near Old Fort, which he purchased some time ago at execntor's sale, to William G. Rossman, of Pleasant Gap. The price paid was four thousand dollars.

The citizens of Ferguson township are requested to attend the meeting to be this section and the various other smaller interest of the monument to company E .. the members of who enlisted and went to than it has been in years. And, in addi- of our neighboring counties the turkey the war from that locality.

-Thomas Beaver, who the past two Butler, of Altoona, resigned.

-The venerable Henry W. McCracken, of Ferguson township, fell down a flight of stairs on Wednesday night and fractured his hip bone. As he is quite an aged gentleman the injury is quite a serious one, and his friends are naturally concerned as to the result.

-Energy and Mrs. Harvey, of the Salvation Army, are grateful for the receipt of an anonymous contribution of one dollar but again appeal to the people of Bellecan to euroll as regular contributors their Rent League.

The benefit oard party given by Mrs. D. H. Hastings, at her residence on Monday evening, netted the handsome sum of \$125, with a few centributors yet to hear from. The money thus realized will be used by the Ladies Auxiliary in their work at the Bellefonte hospital.

Shoe, to Robert Raymond Vorhis, of Yo- are eager to secure the place. cam, Pa., the event to take place at 12 30 in the Methodist church at Snow Shoe.

examination and treatment for an injury to his heel. His condition is not regarded treatment will bring the injury around all

College, where Miss Betty W. Stewart will serve tea, coffee, chocolates, cakes, salads and sandwhiches every day after three o'clock. Orders for cakes, desserts, salads, candies and rolls will be given special attention. Formal opening today (Friday.)

-Last week a big timber deal was consummated whereby Huyett & McNitt secured four thousand acres of timber land in the Barrens and several smaller tracts on Manoy mountain above Waddle station. Saw and stave mills will be erected in the Meek meadows in Benner township and it is said that a narrow gange railroad will will last for a number of years.

-On Monday the Beliefonte Academy foot ball team went to Indiana and defeated the strong Indiana Normal team by the score of 5 to 0. And in celebration of the victory they had a big bonfire in the Diamond on Tuesday night. At the same time encouraging speeches were made to the students by Hor J. C. Meyer, Col. H. S. Taylor, Capt. M. J. Locke, Dr. J. Alli- no doubt almost jumped from her chair in son Platts, and Dr. Weston. It was a big night for the Academy boys.

-The Baum livery is to be sold out at public sale on Wednesday, October 27th. Mr. Baum has been in the livery business in this town for over thirty years and is probably better known among horsemen all over the country than any man in the business. But he has now reached that age where he feels like getting out of active business, hence his closing out sale. After the sale it is his intention to go south and spend the winter with his daughter in Kentucky. The stable now occupied by

Fell Abr

BELLEFONTE BUSINESS PROSPECTS .-The fires in the Nittany furnace will likely be started today or tomorrow. It had been the original intention to apply the toroh minor changes were decided upon which delayed the lighting a day or two. The repairs and improvements being made at the Bellefonte furnace are more extensive than was at first calculated upon. In addision to relining the fornace they will install a battery of new boilers so that it will be a mounh or longer before that plant is ready to put in blast.

The farnaces are not the only industries hereabouts that will resume business. As stated in the WATCHMAN last week the Lingle foundry and machine shops is another industry that will be booming before very long. New capital has been interested and the firm is to be incorporatdry and Machine company, for which a possible that the plant will be increased in warm weather.

As everything helps to boom a town so the building of a trolley road from Bellefonte to State College will likewise be a big benefit. And in this connection it can be said that J. C. Meyer Esq., and L. T. Munson have been busy this week going over the route of the proposed line to seoure the necessary rights-of-way. So far there has been a spirit of eagerness manifested by property owners along the line to have the road built and the projectors should have little trouble in securing the right-of-way.

With all the above, the running in full of the various lime and stone operations in held at Baileyville on October 21st in the industries business in Bellefonte should be that toothsome bird on the Thanksgiving as good if not better in the near future day dinner table. While this may be true writer only a few days ago that he knew of fact, above the average, and unless outyears has been quartermaster sergeant on two or three new industries that were con- siders come in and gobble up our birds we Col. H. S. Taylor's staff, of the Fifth regi- sidering Bellefonte as a favorable location will all have as good a chance as ever to ment, N. G. BELLEFONTE ELES BUY CURTIN HOME. -At three o'clock on Monday afternoon the deal was closed whereby the Bellefonte Lodge, No. 100, Benevolent Protective Order of Elks became the purchasers of the well known Cartin home on High street, and which they will use as their permaer support; and ask all who on on January first but will not occupy the same before April first, 1910. The property is in good condition throughout, and about the only remodeling or changing necessary to convert it indollars. What changes are needed will be made before it is occupied by the Elks. -Cards have been issued for the wed- The organization has a lease on their presding of Miss Effie Budinger, daughter of ent quarters until April 1st, 1911, but Mr. and Mrs. T. B. Budinger, of Snow there are already several applicants who

The Cartin mansion is not only one o o'clock noon on Wednesday, October 20th, the most prominently located, but most anbstautial and historic of any building -Fritz Barrett, of Pittsburg, one of in Bellefonte. It was built by the late State's most promising back field men, was Andrew G. Cursin in 1868 and was occupied brought to the hospital here yesterday for by him and his family until his death, and since then by members of the family, so that it has never been out of the Cartin as serious and it is thought a few day's possession from the time it was erected until now. It is built of stone throughout and at the time it was erected cost in the neighborhood of \$30,000. The price paid for it a peculiar breed of fowls but is the name of by the Elks was \$10,000, for which three per the place at. No. 116 College avenue, State cent. ten year bonds will be issued and taken up by members of the organization. The Bellefonte Lodge, though only two years old, now numbers one hundred and six members and is steadily growing, which is one reason why they wanted, and now have secured, a home of their own.

A JOKE ON THE INSPECTOR .- A few days ago, a week or two for that matter, an inspector for one of the telephone companies operating in Bellefonte made his apcompany was giving its subscribers. How he learned that it was not up to the stand- feared. be built to facilitate the lumbering, which are it should be he did not divulge, but going to the house of an Allegheny street subscriber be told the lady of the house who he was, that he was here unknown to the telephone people and that she should call the exchange and give a number so he could see for himself what the service was

The lady very obligingly consented do so and the fair operator in the exchange her hurry to make the connection when she heard the request as follows:

"Let me have No .---, and give me good service because there's an inspector here watching."

Of course she got the connection at one but that settled the inspector's usefulness for that trip and he left town. It is to be regretted, however, that his stay was so short, as something is badly needed to improve the service in this place.

_E. T. Roan, the former Bishop street grocer, on Wednesday shipped his bousehold goods and moved his family to Robthe Bazar Hvery will likely be taken by ertedale, where he will take change of a The five cents admission is within the is a question if it will be fluished in time large company store.

-The Kuights of the Macosbees will hold their third anniversary smoker on Wednesday night, October 20th. This is Harrisburg by the Pennsylvania railroad the third year for the Bellefonte Tent No. company for an increase of the capital vesterday but at the last moment a few 100 in this town and the second year in their fine new ball in the McClain Block. from \$100,000 to \$700,000 naturally causes The degree work will be put on in full, the people of Bellefonte and Centre county there being several oandidates for degrees. A full attendance is requested.

-Martin H. Keller, of Peru, last week nght the Alexander farm near Old Fort from Dr. H. F. Bitner, of Centre Hall. As an example of the increase in value of farm land Dr. Bitner bought the farm three years for \$4,500 and sold it last week for age for \$4,500 and sold it last week for \$6,000, thus clearing thirty-three per cent. in bree years on his investment, not countin what he made from the products of the farm in the same period.

-With one more week of fair weather ed under the name of the Bellefonte Foun- the bricklayers will finish the walls of the new High school building on Allegheny charter will be applied for in a few weeks. street. The big steel truss to hold the the road will be double-tracked and thus As stated last week Donald S. Barrows, of roof over the big hall on the third floor is Patterson, N. J., an experienced foundry- now being put in place and work on put- sylvania railroad company far shorter than man and machinist, will come to Belle- ting on the roof will be rushed as fast as any they now have, and which will at the fonte and act as general manager of the possible so as to get the building under same time relieve the congested traffic on plant. Once under roof the inside finish. the company will be opened up and it is ing can be done in rain or dry, cold or

> --- Jacob Baughman, who gave as his residence Cass, W. Va., was arrested last week in the Witmer-Steele lumber camp, near Philipsburg, on a charge of attempting to poison his mother-in-law, Mrs. Annie Stetser and family, of Laurelton. It is alleged that he put arsenic in medicine and flour which the family used because his wife, who had left him and returned bome, refused to live with him again. Baughman was taken to Lewisburg where he is being held for trial at the January

-Residents of neighboring counties 'are bewailing the fact that turkeys are so scarce that there will be a big shortage of tion, a prominent Bellefonter told the crop in Centre county is a good one-in ecessary where-withal to secure the bird.

-The State College foot ball team made an unusually good showing against the Indians at Wilkesbarre, last Saturday. when they played the redskins to a standstill, the score being 8 to 8. In fact State had the better of the game all through and would have had a victory by two points had it not been for a thoughtless play on the part of captain Vorbis which allowed the Indians a touchback or safety, thus tying the score. As it was, however, it was considered an exceptionally good game that it was only the second of the season.

-On the night of October 23rd Judge Ben Lindsey, of Denver, Colorado, will leo to an admirable home for the Elks is a lit- ture in the Auditorium at State College. tle alteration on the third floor, which it is Probably no man of affairs in this country estimated, will not cost over two bundred today occupies a more unique or interesting position than Judge Lindsey. His fame has spread over the entire world and all because he introduced and put to a successful test the practice of treating child offenders in his courts on the honor system. His work has been truly wonderful ; in fact so wonderful that both the dominant parties tried to defeat him at the last election : thinking he was becoming a menace to their machines, but the women and children of Denver made the campaign for him and elected him. He is a man really worth hearing.

--- And now comes the report from various parts of the county that notwithstanding the shortage in the potato and corn crop stories which have been the cry all season there is in reality a big orop of potatoes in Centre county and a fairly good corn crop. Some farmers are digging as high as two hundred and twenty-five bushels of potatoes from one sore of ground while various crops will aggregate from three to five hundred bushels. And vet. with all that, the prices asked are away up, from 75 cents to \$1.00 a bushel in Bellefonte; though over in Pennsvalley they have been selling for 60 and 65 cents bushel. The corn crop, while not as good an average yield as the potato crop, is a pearance in town for the purpose of finding fair one at that, especially the late planting out for himself what kind of service the so that the prolonged spell of dry weather did not result as disastrously as was

> -Ladies please read Yeager's ad. He has a free offer to ladies suffering with departments of every State in the Union.

-Over one thousand people went to the Scenic on Tuesday evening to see the picture of the Hudson-Fulton naval parade at New York less than two weeks previous, which is ample evidence of how much the public appreciates and will patronize a good moving picture exhibition. It is not only a source of amusement but a means of education as well. Few, if any, Bellefonters were in New York to see the real thing, and naturally the picture was greatly appreciated. It was secured by manager T. Clayton Brown at considerable extra expense and given in connection with his usual good show, which is evidence that he does not stop to consider expense in the matter of giving his patrons the latest and best on the market. He will reach of all and it is well worth it.

WHAT DOES IT MEAN?-The filing of an application in the state department at stock of the Lewisburg and Tyrone railroad to be interested in trying to find out just

what it means. It is a well known fact that the Lewisburg and Tyrone railroad, especially the line from Bellefonte to Montandon, is a good paying road and therefore the only conclusion that can be reached is that the increase in its capital stock is for further development in some way. This road is the shortest route from the Snow Shoe and Clearfield coal regions to the eastern markets but under the present conditions of a onetrack system it is not possible to throw it open to any extensive freight traffic in addition to what it already carries. For this reason there is a prevailing belief that open up an avenue of traffic for the Pennthe main line and P. and E. divisions.

Another supposition is that the un finished link of the original route of the two weeks or more. He remained until Monday Lewisburg and Tyrone road, from Lemont to Fairbrook, by way of State College, is to be built, thus affording a direct through line from Tyrone to Montandon. Local railroad officials naturally do not know what the increase of the capital stock means, but it evidently means something, and whatever it is will be for the good of Bellefonte and Centre county .

HALL AUTOMOBILE TO BE MANUFAC-TURED IN MIFFLINBURG. - G. Willard Hall, of this place, last week completed arrangements with the Hopp Carriage Manufacturing company, of Mifflinburg, for the manufacture of his auto-buggy. Mr. Hall's vehicle is well known in Bellefonte because it has been demonstrated here the past two seasons. After it was completed and tested as to practicability and efficiency an effort was made to organize a company and manufacture the vehicles here but men with capital could not be interested.

Mr. Hall then went to Lebanon where the question of forming a company for its nanufacture was taken up by a number of leading business men and it is just possible it might eventually have gone through had not Mr. Hall learned of the fact that the Mifflinburg factory was in the field for the manufacture of automobiles and he at once opened negotiations with the proprietors which were finally consummated satisfactorily last week.

On Mouday Mr. Hall ordered the necessary motors and other mechanical parts for the first instalment of machines and as soon as possible. While the general make-up of the machine will be on the lines of the Hall patents, a number of improvements will be added to lessen the noise while running and at the same time norease its efficiency, and the body of the machine will be constructed along improved and more graceful lines. Every automobile has had a beginning, bence there is every reason to suppose that in time Mr. Hall's will be a success like others

MEMORIAL TO THE LATE GOVERNOR CURTIN.-That the erection of a monument in Altoona cemmemorating the name of Andrew G. Cartin, Pennsylvania's Governor during the Civil war, is to become a national affair was shown by the action of the commemoration committee at meeting in the Logan house parlors, Altoon, Tuesday evening.

Through the efforts of Governor Curtin the memorable meeting of the loyal Governors during the strife was held in the Logan house, and upon that meeting hinged the end of the war. As the same was of vital interest to the entire country, be commemoration committee thought it fitting to give the whole nation an opportunity to help in erecting the testimonial

A building in which will be kept valu able papers of war times and relics of the conflicts, was thought by the committee to be more fitting than a monument and the efforts will be made in this direction, al though the location for such a building will not be decided upon for some time. To interest the nation the publicity committee will communicate with the various

AT THE COURT HOUSE. -On Tuesday morning contractors Gebret & Lambert began putting the new copper roof on the court house. The rewiring of the old building for electric light and the installation of the new heating and ventilating system is also nearing completion and the building will soon be in shape for the other changes to be made in the interior.

Contractor R. B. Taylor is getting very near the end of his big job of excavating the foundation for the new addition to the court house, and in about a week he will have it entirely completed. It has the meantime John Noll and a force of masons are at work building the wall and at the rate they are now going it will not the "Sunrise Club," the "All Night Cl have other good pictures right along and if take them very long to build it all up, you don't want to miss any of them don't after which the inside work can be pushed fail to attend the Scenic every evening. along quite rapidly. At that, however, it for holding the December term of court.
