Tuesday's Election in Centre County.

The chief feature of Tuesday's election in Centre county was the number of stayat-home voters. The highest vote polled for any office was for Supreme Court Justice, 4587 votes, or just 334 votes less than were cast for Taft alone at last year's election. The total vote for State Treasurer this year was 4507 as against 6936 two years ago. The total vote for Jury Commissioner this year was 4559 as against 6124 two years ago for the office of County Surveyor. This shows a condition of apathy probably never before equalled in Centre county politics. The only satisfaction that Democrats can glean from this statement of facts is that the largest percentage of stay-at-homes were Republicans. But at that it is a poor criterion upon the patriotism of the voters of the county that almost fifty per cent. of them failed to go to the polls and exercise the one inalienable right they are entitled to.

As angexample : At Tuesday's election Hon. C. LaRue Munson bad a majority of 1239 over his opponent Von Moschzisker. At the same ratio, had a full vote been polled his majority would have been over two thousand. Such a condition all over the State would have elected him easily. The one vote in the county that can be considered practically a straight party vote was for the office of Jury Commissioner, Decker freceiving 2106 votes and Hazel

Another surprising feature about the election in this county was the way the people slashed the proposed constitutional amendments, the vote being 774 for to 1774 against. But as the total vote was only a few over half the number of votes polled it is evident that many of the voters were so confused when they came to vote for them that they either passed them by entirely or else put a mark where it did no good at all.

A synopsis of the results in this and other States is given below:

REPUBLICANS SWEEP STATE

Entire Tichet Elected Though Munson Cuts Big Slice Off Von Moschzisker's Mojoritu.-Returns from Other States.

Philadelphia, November 2.-The Republicans secured a complete victory in Pennsylvania today, electing their State ticket by a large plurality and putting the reform party to complete ro t in Philadel phia by a majority in excess of 45,000.

The State ticket elected is as follows: State Treasurer-J. A. Stober, of Lan-

Auditor General-E. A. Sisson, of Erie. Justice of the Supreme Court-Judge Robert Von Moschzisker, of Philadelphia. In Philadelphia District Attorney Samuel P. Rotan won re-election by defeating D. Clarence Gibboney, the Reform Fusion candidate by a surpristingly large ma-jority. The other Republican county can-didates were also elected by substantial majorities. They are:
Register of wills. David Martin; city

treasurer, Murrel Dobbins. The vote cast in Philadelphia was one of the largest ever polled here and the large majorities secured by the Republican candidates astounded even the managers of that party themselves. For weeks an aggressive campaign had been carried on and it was thought the result of the election would be exceedingly close. The Republi-

can managers were elated over the result and numerous political clubs despite a rain storm, paraded the principal streets. The Republican State ticket was elected by a plurality well over 160,000 votes. C.
LaRue Munson, Democratic candidate for
Justice of the Supreme Court, ran far
ahead of his ticket and the other nominees on his ticket, receiving a large vote in the interior of the State. Von Moschzisker having 92,244 majority.

The constitutional amendments were likely defeated.

GAYNOR ELECTED IN NEW YORK. New York, November 2. - Tammany elected another mayor of Greater New York today but lost its grip on city finances. William J. Gaynor, of Brooklyn, swept the five boroughs to victory as mayor by at least 70,000 plurality, defeating Otto T. Bannaid, Republican-fusion, and William Randolph Hearst, Independent. He failowever, to carry his ticket with him and the Republican-fusion forces will con-trol absolutely the board of estimate and apportionment, which will dishurse ap-proximately a billion dollars during the administration. This is more than half a defeat for Tammany, for the control of the board of estimate was one of the principal

issues of the campaign.

In addition, the Republican-fusionists elected Charles S. Whitman district attorney of New York county, who defeated nominee, by at least 14,000 plurality and John S. Shea for sheriff over Christopher D. Sullivan, Democrat, by approximately

TOM JOHNSON DEFEATED IN CLEVELAND. Cleveland, O., November 2.—Tom L. Johnson, for four terms mayor of Cleveland, was defeated for a fifth term by Herman C. Baebr, Republican county re-corder. Unofficial returns from approxi-mately half the city indicated that Baebr's plurality over Johnson is at least 4,000 and

may run to 6,000.

At 10 o'clock tonight Johnson conceded his own defeat by 1,500. With him proba bly went the bulk of the Democratic ticket, those councilmen who have been con-spicuous in their support of his street rail-way program suffering the most.

NEW JERSEY POSSIBLY REPUBLICAN. Trenton, N. J., November 2-Returns from the State are coming in slowly due to the cutting out of voting machines.

IN MASSACHUSETTS. Boston, November 2.-The Republican carried Massachusetts in a State election today by the narrowest margin in the his tory of the Bay State for nearly a quarter of a century. Winter Dairy and Buttermaking Cours es at State College.

The regular winter courses at The Penn sylvania State College, begin November 30th, 1909, and close February 25th, 1910. Three courses are offered in dairying: Dairy husbandry, buttermaking and cheese-making. The general dairy husbandry course is designed to fit men to manage dairy farms. Students are given training in the feeding and handling of dairy cows, the management of the dairy, the keeping of revords and the making and handling of pairy products on the farm.

The course in butter and cheesemaking are for men who intend to work in butter or cheese factories. The students receive instruction in the principles of buttermak ing. This course is especially valuable for buttermakers who wish to make a speoial study of starters, cream ripening, moisture, control or any other special phase of buttermaking. The students work every forenoon in the large commeroial creamery where the work is entirely practical. Cheesemakers who wish in-struction in the handling of starters for cheesing, the yield of cheese, moisture, curd and rennet tests, or in the use of acid tests, will have opportunity of giving these anbjects special study. The cheese work is given in a well equipped laboratory. Students taking either the butter or

cheesemaking course will also receive in-struction and practice in ice cream and

cottage cheese making.

The total expense for the twelve weeks need not exceed \$85.00. Further information or a catalogue of the short courses will be sent upon applying to the Dairy Hus-bandry department, The Pennsylvania State College, State College, Pa.

Throughout the country the results are without particular significance; excepting that in Massachusetts the usual Republican majority of sixty thousand was less than eight. Virginia went Democratic as usual, the Democrate gained control of Kentucky and gained many of the up State cities of New York. TAMMANY won the Mayor of of New York, but lost all the rest of the ticket and most of the governmental prizes with it.

In Maryland the Legislature is Demoeratic, insuring the election of United States Senator RAYNER though the amendment intended to disfranchise the negroes is probably defeated.

In Indiana party lines were obliterated in the local fights between the "wets" and the "drys;" the results favoring the latter and three more counties of that State have been added to the local option forces.
