Another Billion Dollar Merger. Big Meeting Attended by Prominent NEW YORK, NOVEMBER 16 .- ADDOUDC

ed in Boston, confirmed in New York and commented on with interest everywhere, another billion dollar merger became a re-ality in the financial world today with the

practical absorption of the Western Union Telegraph company by the American Tele-phone and Telegraph company. The West-ern Union, one of the pet properties of the late Jay Gould, has been in the Gould family for a generation and it was by the sale of Gould stock today that the merger was omplished.

In order to make the absorption complete the incorporation of a new billion dollar company, it is said, will be neces-sary, to include the \$592,475,400 of bonds and stocks of the American Telephone compapy, known as the Bell company, and outstanding \$165,000.000 of bonds and stock of the Western Union.

The acquisition of the necessary stock and voting rights of the Western Union by outline a campaign of organization the Bell company has been in progress for about six months. The work has been conducted quietly and only a sufficient amount to insure control, said to be 51

per cent., was taken over. The officers of the telephone company believe that the merger will save the Bell company \$75,000,000 in new construction, while it will also enable the utilization at the same time of wires for both telegraph.

It is believed that Starr, the wounded cashier, will recover.

Kill and Burn Slayer of Girl.

Will James, the negro suspected of being the murderer of Miss Annie Pelley, was killed at Cairo, Ili., by a mob. James was strung up to the public arch, the rope broke and at least 500 shots were poured into his body. He made a partial confession and implicated another negro, Arthur Alexander, for whom the mob is now

searching. The negro was lynched in the most prominent square of the city. Women present were the first to pull the rope. When it broke the frenzy of the mob was uncont. ollable, and they fired volley after volley into James' body, shooting him to pieces.

The mob then dragged the dead negro to the scene of the crime, a mile distant from the arch at Twenty-sixth and Elk streets, made a huge bonfire and, throwing the bullet-riddled body on top, ahe torch was applied, and the crowd stood by and with cries and pistol shots added their chorus to the

crackling of the flames.
