

A stogie factory has been opened at State College for the manufacture of the "Co-ed" stogies. Of course this does not mean that the stogies are smoked by the co-eds at the college.

Don't think that the call for clean-up day Wednesday and Thursday June 29th and 30th is a joke, because it isn't. The ladies who have inaugurated the movement were never more in earnest in anything than they are in this.

Mrs. W. F. Reynolds was hostess at a card party Wednesday afternoon at which both finch and bridge were played. Mrs. Hugh North Crider's pink peony luncheon Tuesday, at which everything was served heart-shaped was in honor of Miss Brisbin the bride of week after next.

The wedding of J. Herbert Robb and Miss Katharyn Brisbin will take place on Thursday, June 30th, and will be a very quiet affair. Following their marriage they will live with Mr. Robb's mother until M. I. Gardner changes the Midway school building into comfortable flats when they will go to housekeeping there.

SPRING MILLS.

Miss Ella Cummings made a visit to Centre Hall last week.

The cut worm seems to be doing some damage to garden truck in this neighborhood.

All our sick folks are convalescing, with the exception of Mrs. Jane Nofaker, 93 years of age, who is improving very little, if any.

Misses Anna Cummings and Eleanor Long left on Tuesday last week for Centre Hall to engage in some sewing operations, returning on Saturday.

Rachau & Son are busy making cement posts for the portico of a dwelling in Rebersburg, also posts for letter boxes, hitching and fence posts, and have about all the business they can well attend to.

It is settled fact that if we don't have warm weather very soon we will have precious little summer—the verge of July and yet overcasts are frequently quite comfortable. What the mischief has broken loose with the calendar?

A beautiful spectacle our worthy President displays in snubbing members of Congress when they call to see him simply because they exposed his white washing schemes in the Ballinger case. No wonder the G. O. P. is going to wreck, when the head of it is playing the pot house politician.

Hon. William Allison is creating quite a commotion summer kitchen to his house occupied by Edward Winters, and will introduce a number of modern conveniences. This addition will give Mr. Winters another much needed room in the dwelling for the accommodation of his ice cream patrons, as his present rooms are frequently overcrowded.

Our grain fields look exceedingly promising and the hay crop will evidently be very large, notwithstanding the unusual cool weather we have been having of late. Quite a number of our folks have not yet planted their corn and potatoes, just about as well I guess, for nothing would hardly grow under recent weather conditions. It was reported that potatoes were decaying in the ground, but upon investigation it was found to be a fancy sketch. The potatoes are all right.

According to the number of fishermen who go through our town to Fishing creek one would suppose the fish supply would soon be exhausted, but we venture to say no one gets more trout than our two experts, "Daddy" Carner and Tony Wolfe.

During the past few weeks the public roads in our immediate community have been repaired by the supervisor, Edward Evers, with a covering of crushed stones and ground. In a short time they will be in a first class condition, but Oh, those "gutters!"

The patrons of our creamery and shipping station were put to some little inconvenience on Saturday last on account of a breakdown in the engine. By the energy of the operator, Peter Evers, the difficulty was adjusted and business goes on this week as before.

Owing to the continued rains our farmers are unable to do much work in the corn fields but they are not idle, as some put the time in grading around the railroad station under the supervision of Frank Miller, our efficient mail man and station master. Others spend their time discussing conditions for the improvement of the town in general.

A baptismal service was also included in the program and appreciation of the whole service was shown by the large attendance.

Senator Grim Democratic Choice For Governor.

BUCKS COUNTY STATESMAN IS NOMINATED FOR GOVERNOR ON FIRST BALLOT.

PHILSON for TREASURER

Allentown, Pa., June 15.—Representatives of the Democratic party of Pennsylvania, met in convention here today and nominated the following state ticket:

Governor—Webster Grim, Bucks county.

Lieut. Governor—Samuel B. Price, of Scranton.

Sec'y of Internal Affairs—John I. Blakeslee, of Mauch Chunk.

State Treasurer—Samuel B. Philson, of Meyersdale.

The refusal of C. LaRue Munson, of Williamsport, to run for Governor, and the certainty that State Senator Grim would get the nomination, robbed the proceedings of much of their interest.

While the balloting for the gubernatorial nomination was in progress late in the afternoon, there was more or less excitement but when it was announced that Grim had defeated his opponent, William H. Barry, by 191 to 110, there was a scurrying of delegates to leave the hall and the subsequent proceedings did not excite much interest. In order to avoid a roll call the nominations for lieutenant governor, secretary of internal affairs and state treasurer, were made by acclamation with less than half the delegates in their seats.

The making of the platform called forth an unusual contest. One had been prepared by State Chairman Dewalt and approved by the state executive committee, but when the resolutions committee met, a faction led by Judge James G. Gordon, of Philadelphia, succeeded in making a few of the planks somewhat more peppery than they were in their original shape and the document as finally agreed upon was declared by the leaders to be a very strong declaration of principles.

The final minutes of the session were enlivened by an effort to force Berry onto the ticket as a candidate for State Treasurer, but the protest of the Delaware county delegation was so strong that the chair felt compelled to intervene in the interest of fair play and insist that the wishes of Mr. Berry and his friends should be respected.

When presentation of names for the gubernatorial nomination was called for, Adams yielded to Bucks anti J. Ralphus Freed, of Doylesburg, put forward Senator Webster Grim.

Senator E. M. Herbst, of Berks, seconded the nomination of Grim, his colleague for years.

The appearance of Oliver B. Dickinson, of Delaware, to present the name of ex-State Treasurer William H. Berry, caused a big outburst of applause from delegates and audience.

Joseph G. O'Brien, of Scranton, seconded the nomination briefly, describing Berry as a brave, fearless public servant who dared to do his duty.

This closed the nominations and the roll was called.

The balloting aroused much interest. When Philadelphia was reached City Chairman O'Donnell arose and announced that fifty were for Grim and his followers made a lot of noise.

Mr. Berry's friends moved that the nomination be made unanimous and this was agreed to.

Many delegates had left the hall and there was some hesitation when the chair called for nominations for lieutenant governor. The formality of calling the roll of counties was disposed with. Finally somebody named Samuel B. Price, an attorney of Scranton, for lieutenant governor, and the secretary was instructed to cast the vote for him.

James I. Blakeslee, of Mauch Chunk, was named for secretary of internal affairs.

Fisk Conrad nominated Mr. Berry for state treasurer. The motion was second-

ed, but the delegates from Delaware protested so earnestly that his name was withdrawn. Alfred B. Grier, of Somerset, then named Samuel B. Philson, president of the Citizens National Bank, of Meyersdale, and he was unanimously nominated.

The convention agreed that vacancies on the ticket should be filled by the executive committee of the state committee and the convention adjourned at 5.40 p.m.

PENNSYLVANIA RAILROAD BULLETIN.

JUNE ON THE GREAT LAKES.

Restful, delightful, interesting and instructive, there is no trip like that on the Great Lakes, those inland seas which form the border line between the United States and Canada. And June is one of the most charming months in the year in which to take the trip.

For comfort the fine passenger steamships of the Anchor Line have no superiors. As well-appointed as the palatial ocean greyhounds which plow the Atlantic, their schedule allows sufficient time at all stopping places to enable the traveler to see something of the great lake cities and to view in daylight the most distinctive sights of the lakes, and the scenery which frames them.

The trip through the Detroit River, and through Lake St. Clair, with its great ship canal in the middle of the lake, thence through Lake Huron, the locking of the steamer through the great locks at the Soo, and the passage of the Portage Entry, lake and canal, across the upper end of Michigan are novel and interesting features.

The voyage from Buffalo to Duluth covers over eleven hundred miles in the five days' journey. Leaving Buffalo, the steamships Junata, Tionesta and Octorara, make stops at Erie, Cleveland, Detroit, Mackinac Island, the Soo, Marquette, Houghton and Hancock, and Duluth.

The 1918 season opened on May 31, when the Steamer Tionesta made her first sailing from Buffalo.

The Anchor Line is the Great Lake Annex of the Pennsylvania Railroad, and the service measures up to the high standard set by the "Standard Railroad of America."

An illustrated folder, giving sailing dates of steamers, rates of fare, and other information is in course of preparation, and may be obtained when ready from any Pennsylvania Railroad Ticket Agent, who is also prepared to book passengers who may desire to take this trip through the Great Lakes and back.

Tour to Yellowstone Park and Canadian Rockies.

In the heart of the Rocky Mountains lies one of nature's richest treasure-houses—the Yellowstone National Park. It is America's greatest show ground. To visit this Park is to see nature in a variety of rare and majestic moods.

The Canadian Rockies, glorious in scenery, displaying new wonders in every mile as one penetrates the great canyons through which the railroad runs, combine the beauty of the Alps and the grandeur of the Himalayas.

On August 15, a personally conducted tour through the Yellowstone Park; to Portland and Seattle, and returning through the Canadian Rockies, will leave the East by special train over the Pennsylvania Railroad.

Five and one-half days will be spent in the Park, one day in Portland, one day in Seattle, one day on Puget Sound, going by steamer from Seattle to Vancouver, part of a day at Vancouver, one day at Laggan, one day at Banff, and sight-seeing trips will be made in St. Paul and Chicago.
