THINGS ABOUT TOWN AND COUNTY.

—Clean-up day Wednesday and Thursday of next week.

—The Curtin furnace has been shut down temporarily for lack of orders.

—Mrs. Edward Young was taken to the Bellefonte hospital for treatment on Monday.

—The farmers have begun making hay and it will not be many days until harvest time is here.

—Lawrence McMullen, at Hecla, has a new Middleby runabout, with rumble seat, for his own use.

—Mrs. Gessner, of Coleville, was taken to the Bellefonte hospital on Wednesday, quite seriously ill.

—Dr. Lee B. Woodcock is ill in the State hospital in Scranton with a severe attack of the whooping cough.

—The Nittany Lime and Stone company have increased the wages of their employees at their plant at Salona an average of twenty per cent.

—The Methodist Sunday school held their annual picnic at Hecla park yesterday, and the gathering was a happy and successful one in every way.

—The venerable Merty Cunningham was stricken with paralysis the latter part of last week and is now in a serious condition at his home on Bishop street.

—Mrs. Louise Bush last week opened up her house on Spring street and moved there from the rooms in the Bush Arcade which she occupied during the winter.

—Dr. Raubitschek, the famous eye specialist and optician of Pittsburg, will be in Bellefonte two days each week until August 15th. See his advertisement elsewhere.

—RICHARD S. SELLERS, former treasurer of Philadelphia, on Monday was sent to Atlantic City for his health and dropped dead in the bus while going from the depot to his hotel.

—Beginning last Sunday the evening service in the Presbyterian church opened at 6:30 o'clock and lasted for one hour only. This change will continue during the summer months.

—A Mother's meeting will be held in Petriken hall Friday afternoon at three o'clock. All women are requested to be present when a matter of special importance will be discussed.

—Mrs. Harry Keller and Miss Caroline Canfield gave an afternoon tea last Friday in honor of Miss Kathryn Brisbin, who is to become the bride of John Herbert Robb on June 30th.

—The Ladies Aid society of the Lutheran church will hold a social at the home of Mr. and Mrs. Lew Gettig, on Thomas street, on Thursday, July 7th. Everybody cordially invited.

—Members of the Methodist church are hereby reminded of the fact that the Sunday school during the summer will be held at 9:30 o'clock and the morning preaching services will begin at 10:45 instead of 10:30.

—On Tuesday evening an even dozen of Lock Haven young people came to Bellefonte in three automobiles and partook of a nine o'clock supper at the Brockert house, returning home about eleven o'clock.

—John J. Bower has recovered from his recent attack of typhoid fever and is now able to be down town part of the time during the day. He is looking fairly well for having been confined to the house over two months.

—Don't think that the call for clean-up day Wednesday and Thursday, June 29th and 30th is a joke, because it isn't. The ladies who have inaugurated the movement were never more in earnest in anything than they are in this.

—Willard McDowell, son of Mr. and Mrs. Harry McDowell, of Howard, returned Saturday from the Jefferson hospital at Philadelphia, where he has been for several weeks undergoing treatment for sciatic rheumatism. He is much improved.

—Among the graduates at the Lock Haven Normal school this week were the following from Centre county: Verna Allison, Nittany; Anna J. David and Pamela Huston, Snow Shoë; Laura Williams, Moshannon, and Wilbur Dunks, of Mingoville.

—Hon. A. G. Morris' new Reiner car arrived in Bellefonte on Monday and has been attracting considerable attention since. It is a seven passenger car with doors in front as well as rear and, in addition to being quite attractive, has plenty of power and speed.

—On Tuesday evening the stores in Bellefonte, with two or three exceptions, adopted the six o'clock closing hour to continue during the months of July and August. Therefore if you have anything to buy, buy it before six o'clock or you'll have to wait until the next day.

—All day on Wednesday Samuel B. Rumberger, agent for the American Express company, while delivering packages walked around on his tiptoes with a don't-wake-the-baby look on his face, and it was all because a chubby little boy arrived at his Wilson street home on Tuesday.

DOINGS IN COUNCIL.—Only six members were present at the regular meeting of borough council on Monday evening, probably because the weather was so hot, but they were enough to transact all the business that was brought before them.

In the reports of committees the Street committee reported work on different streets and the Water committee reported a number of repairs made on water pipes and fireplugs throughout the town, while all the other committees merely reported progress.

W. T. Noll, of Thomas street, was present to make protest against the complaint made by Jim Murray at the last meeting of council that his pigs were a nuisance that ought to be abated. He alleged that Mr. Murray's complaint was more one of spite work than anything else. He was advised to keep his hog-pen and yard clean and his pigs out of Murray's garden and then he would be on the safe side.

Joe Bryan came into council with a complaint against the street commissioner, who, he claimed, refused to allow him for a half day's work. He was told to settle his troubles with Mr. Showers, who employed him.

The Street and Water committees reported that in consultation with Thomas Beaver they had selected as the site for the watering trough to be erected by General Beaver the north side of Bishop street at the junction of the old Lewistown turnpike, which is just above the brick school house.

The Water committee reported the amount of the duplicate for the current year as \$5,236.50.

Mr. Grimm presented the request of the ladies of the Village Improvement committee of the Woman's Club that council remove all the dirt and debris collected during the clean-up days next week.

Inasmuch as there was a unanimity of sentiment that a little cleaning up would not hurt the town the Street committee was instructed to remove the collection, so now you don't need to hesitate in cleaning house, or rather cleaning yard and garden.

At the last meeting of council Mr. F. W. Crider asked permission to have a meter put on Crider's Exchange and the stone building so that he could pay for just the amount of water used. The Water committee, to whom the matter was referred, did not care to assume the responsibility of a recommendation and reported that they preferred leaving it to the action of council and after considerable discussion it was concluded that the resolution passed in April in effect that all meters were to be removed from private residences covered the matter and that no further action was necessary.

Residents of east Lamb street presented a well signed petition asking that that thoroughfare be put in a fit condition for driving. The matter was referred to the Street committee.

Mr. Musser introduced a resolution in effect that in the future when material or repairs of any kind are needed they are to be secured only on a requisition signed by the chairman and one other member of the committee in charge of said department; with the proviso that council had the right to approve any purchase made otherwise than above when the chairman of the committee could not be reached and it was absolutely necessary to have the material at once. The resolution passed.

The Water committee asked permission to purchase a new belt for No. 2 pumping plant, and as one is badly needed they were instructed to act.

Mr. Kirk called the attention of council to the kind and quality of brick now being received to be used in the paving of Allegheny street, which in his judgment were inferior, and asked if it was the intention to allow them to be used. Inasmuch as the other members of the council confessed that they were not brick experts, though they knew a brick when they saw it, it was decided to wait until the state engineer comes to Bellefonte, which will be in a few days, and get his opinion. Then if the brick are not the right kind and quality they will have to be shipped back and others secured.

Mr. Musser presented a request from Miss Calderwood, superintendent of the Bellefonte hospital, that the borough gratuitously lay a four inch water pipe to the hospital for the purpose of running the elevator it is intended to install, and also furnish the water for its operation free. The matter was referred to the Water committee without discussion or comment.

The Finance committee reported a note of \$2,000 due June 1st; one of \$2,200, one of \$800 and one of \$2,000 due June 20th; and also that one of \$3,000 would be due before the next meeting of council. To cover the latter he asked permission to negotiate two private loans for one year, one for \$3,000 and one for \$1,400, at five per cent, the surplus to be used in meeting current expenses; and that new notes be given to cover the first four. It was so ordered. The committee also recommended the millage for the ensuing year as three for borough purposes, six for street purposes (an increase of one mill) and five for interest, etc.

Bills to the amount of \$505.23 were approved and council adjourned.

Dr. Samuel G. Dixon, state health commissioner, announces that anti-tetanus serum will be distributed free on the Fourth of July to anyone injured by the deadly firecracker or toy pistol, and the drug store of F. Potts Green, in this place, will be the distributing agency for Centre county.

—While the weather and water have not been very favorable so far bass fishermen down Bald Eagle already report some good catches. There are lots of bass in the stream and some good sport and big catches are anticipated when the water gets lower. Several Bellefonte parties are planning for a week's camp between Howard and Eagleville.

—One of the finest collections of mounted wild animals and birds in Bellefonte is that of George H. Knisely, at his cigar store, and the most recent addition to the aggregation is a large bald eagle with spreading wings. The bird is the size of a large turkey and mounted its wings have a spread of over four feet. The bird was killed last winter near Curtin and was mounted in Williamsport.

—Nelson E. Robb has resigned his position with the American Union Telegraph and Telephone company and on or about the first of July will go to Jackson, Miss., as general superintendent of the Mississippi Home Telephone company, a subsidiary of the Bell system. His family will spend the summer at Zion and will not go south until the latter part of September. The position carries with it a largely increased salary.

—The Children's day services in the Presbyterian church last Sunday morning were unusually interesting. The church decorations were the work of Miss Overton and were exceptionally fine and appropriate. The music and various recitations were rendered in such a way as to make them decidedly impressive. Bibles were presented to Mary Schad, Lois Kirk and Frederick Schad for having committed the shorter catechism.

—Emil Joseph and family will in the near future be rated among the Bellefonte automobilists as they are daily expecting a second-hand Franklin car which Mr. Wallack is sending them from New York. Though he may have a little trouble at first learning to navigate the machine we feel sure that once he has conquered the critter there is nobody in Bellefonte who will enjoy the delights of motoring more than just Mr. Joseph and his family.

—Preaching services will be held in the United Brethren church at Valley View on Sunday at 10:30 a. m., by the pastor, Rev. E. Harvey Swank, and at Houserville in the evening at 7:30 o'clock. The last quarterly conference of the year will be held in the Paradise church on the afternoon of the 29th, at 2:30 p. m., by the presiding elder, Rev. J. S. Fulton, of Johnstown. All quarterly conference members are requested to be present.

—Manager T. Clayton Brown is arranging to install a large electric exhaust fan in the scenic so as to render it perfectly comfortable during the hot weather, a fact that will be duly appreciated by its regular patrons. In this regard Mr. Brown is just as enterprising and desirous of pleasing the people of Bellefonte as he is in his selection of pictures for their entertainment, and everybody who attends the Scenic knows what a high-class place it is. There never was another like it in Bellefonte and there are no superiors anywhere. Watch for the special feature films to be shown in the near future—they'll be worth seeing.

—W. J. Musser, the dairyman of east Lamb street, has what is probably the prize field of alfalfa in Centre county. He cut his first crop of the season last week and on a field of about three acres the alfalfa averaged from four to four and a half feet in height and was unusually well set. While he has been growing alfalfa the past several years this season's crop was not only the largest in acreage but the best yield by far of any he has yet grown. Mr. Musser considers alfalfa the equal if not the superior of any hay crop grown, and as it makes excellent forage after the main crop has been cut and housed he thinks it just the kind of a crop to grow on a dairy farm. Farmers throughout the county might profit from Mr. Musser's experience.

—Wednesday and Thursday of next week are the clean-up days the Village Improvement committee of the Woman's Club have set for Bellefonte. How is the property you occupy? While it may be as clean as the average is there not some refuse lying around that ought to be raked up and burned; or some unsightly piles to be hauled away; and how are the weeds in your yard and garden or along the fences? Nothing is so unsightly as a rank growth of weeds where there ought to be vegetables, vines or flowers? If there are any around your premises won't you make a general clean-up of them as well as of your gutters and other surroundings? You'll appreciate it as well as everybody else in town.

—Jonas E. Wagner, accompanied by Mrs. Wagner, and Misses Mary Underwood, Helen Crissman and Helen Harper are Bellefonte school teachers who will take advantage of a very cheap excursion trip through New York and the New England States offered to school teachers only, during the month of July. They will leave here early in the month and go to New York, thence on a trip up the Hudson, to Lake Champlain and east to Portland, Me., on the Atlantic coast, thence return (probably by boat) to Boston, Mass. The trip will cover a period of about three weeks. All the above will go direct from here to New York with the exception of Miss Crissman who will go to Sunbury and join a party of about thirty teachers, of which her cousin will be a member.

BELLEFONTE'S BIG FOURTH.—The movement started by the Civic committee of the Woman's Club for a safe and sane Fourth of July celebration is meeting with popular approval and there is no doubt but that Bellefonte will have one of the best Fourth's it has had in years. The reports presented at the meeting in the new High school building last Friday evening showed unusual interest and enthusiasm and if the people generally enter into the spirit of the amusements planned for the day we should have, in the words of Teddy R., a "bully good time." The finance committee reported a liberal number of subscriptions and were confident that an ample fund can be raised to carry out the program, which as arranged by the committee are amusements is as follows:

From 9 to 11 o'clock a. m., band concert in the Diamond.

10 o'clock little girls parade from Bishop to Linn street. Only very little girls, with dolls and carriages are eligible, and prizes aggregating \$10.00 will be given for the best turnout.

11 o'clock, marathon race in charge of Dr. Weston. Prize \$15.00.

A unique part of the program will be a boy's base ball league contest. All boy's teams are eligible and during the forenoon they will play a regular series of games to decide which are the two best teams. These two teams will play the deciding game on Hughes field in the afternoon, the winner to receive a substantial prize. All teams desiring to enter this contest should report to Hard P. Harris as soon as possible so he can arrange the schedule for that day.

At 11:45 reading of the Declaration of Independence by Rev. Dr. Platts.

At 12 o'clock all the whistles in the town will be blown, bells rung and a noisy time generally for five or ten minutes.

At 1 o'clock the big parade of the day will take place. It will be made up as follows: Drum corps, Company L. N. G. P., fire companies, Pleasant Gap fanatics, Red Men in uniform, P. O. S. of A., automobiles decorated, and last the boys tin horn battalion.

At 3 o'clock there will be a base ball game on Hughes field between two teams that will make a very interesting contest. From 7:30 to 10 o'clock band concert.

At 9 o'clock there will be a monster display of fireworks put off on a hill where everybody in the town can see it. This will conclude the program and it is one that should appeal to all. It is safe and sane and yet so diversified that there will not be a dull minute during the whole day. The only thing to do now is for all to get together and push it along.

PECULIAR DISAPPEARANCE OF FORMER CENTRE COUNTMAN.—On Wednesday last week John A. Gettig, of Braddock, a former Centre county boy and a brother of S. D. Gettig, of this place, was to have been married to Miss Lamena Anderson, of Essen, Pa., but on Tuesday evening he disappeared very mysteriously and when the hour for the wedding arrived there was no bridegroom. His brother Samuel went out on Thursday and helped in the search for him but he was not found until late Saturday evening when he was picked up by the police in Fort Wayne, Ind., while wandering aimlessly about the streets. His mind was a blank, as he could not remember his name, where he lived or anything about himself. On being notified by the police his brothers, W. A. Gettig and J. A. Gettig, went out to Fort Wayne and took him back to Braddock on Monday. Physicians who examined the man diagnosed his case as one of aphasia, or loss of memory, the result no doubt of overwork and the excitement caused by his approaching wedding. When he was taken home he had so far improved as to recognize his fiancée and his sister, and as soon as he has fully recovered the delayed marriage will take place.

—Rev. Samuel McClure, who recently graduated from the Princeton Theological Seminary, arrived in Bellefonte on Saturday and will be at the home of his parents, Mr. and Mrs. James L. McClure, until August first, or thereabouts, when he will leave for China, where he will go as a missionary.

—Dr. D. K. Musser went to Philadelphia where he will look after some business affairs until the beginning of next week when he will return to Harrisburg in time to attend the annual meeting of the State dental society. Dr. J. E. Ward will go to Harrisburg next Monday to be present at the meeting.

—Harry Keller Esq., David Chambers and Charles E. Dorworth attended the Republican state convention in Harrisburg this week. The two former were the delegates from this county but they might as well have stayed at home so far as their having a say in naming the candidates was concerned.

—Col. W. Fred Reynolds and family will leave about the middle of next week on a two weeks automobile trip to Canada. They will go to Syracuse and Watertown, N. Y., then cross to Kingston, Canada, and go through the Dominion to Toronto, recrossing at Niagara Falls and return by way of Geneva, N. Y.

—Dr. W. S. Glenn and Dr. Nannie S. Glenn, of State College; Dr. Tom Glenn and Mrs. Glenn, of Bradford; Dr. Edward Holmes and Mrs. Holmes, of Harrisburg; and Dr. M. A. Kirk will go to New York Monday and from there by boat to Boston, where they will spend a part of the week at the National Convention of Eclectics, returning to Philadelphia by water.

—Mrs. John P. Harris left last Thursday for Trenton, N. J., and will be joined the latter part of this week by Mr. Harris in a visit to their grand-daughter, Mrs. George Girard Child. It must be admitted, however, that the greatest reason for their visit at this time is to see their new great-grandson, Harris Child, who recently made his advent in the Child family circle.

—The venerable Shuman Lyon, of Lyontown, was a Bellefonte visitor on Friday and a caller at the WATCHMAN office. Mr. Lyon has been a reader of this paper ever since the present editor has been at the helm and if all our subscribers were as prompt in the payment of their subscription as he, Mr. Postmaster General in Washington would have to seek some other channel in which to employ his time instead of bothering the country editors.

Mrs. Schroyer remained in Bellefonte, the guest of Miss Allen.

CLEAN UP BELLEFONTE.—Clean up days in Bellefonte, which have been appointed for Wednesday and Thursday, the 29th and 30th days of June, mean that everyone in the town within the borough limits, or outside, owning property or occupying that which belongs to others, is asked to improve the appearance of that same property by cleaning your yards, your front pavements and gutters, your alleys, trimming the trees, cutting the grass and cleaning weeds from vacant lots and having hauled to the public dumping pit all ashes and rubbish that may have accumulated about your house or stable after having burned that part of the accumulation that is burnable. The clean up day is a universal movement throughout the United States and should particularly appeal to the residents of Bellefonte when considering the natural beauty of the town and its surrounding country, and how that same beauty can be enhanced by a few hours work about your own home or in lending a helping hand to that neighbor who is unable to do for himself. The children in this vacation time will greatly enjoy you, interest them and arouse their pride and the results will be gratifying. As Bellefonters do for Bellefonte—and you will not regret time so profitably spent. Signed
