THINGS ABOUT TOWN AND COUNTY.

Benton D. Tate is suffering with three broken ribs sustained in an accident at the "Has-Beens" camp on Fishing creek last week.

Samuel E. Boisor and family have moved from Johnsonburg to State College and are now occupying the house at 413 west College avenue.

Bass fishermen down Bald Eagle valley are well pleased with the catches so far this season as they have been rather above the average.

Miss Helen Ceador's dinner Tuesday night at which fourteen covers were laid, was given in honor of her cousin, James J. Steinkirchner, of Newton, Kansas.

On Saturday evening, July 23rd, an ice cream and cake festival will be held on the lawn near Gamble, Green & Co's mill for the benefit of the U. B. church.

W. F. Ries, of Toledo, Ohio, author of "Men and Males," will speak in the Diamond this (Friday) evening at eight o'clock. His subject will be "Men and Dollars."

In various places throughout the State complaint has been made about the impurity of the ice cream cone. So far there has been no complaint of this kind in Bellefonte.

Preaching services on Sunday will be held in the United Brethren church at Valley View at 10.30 a. m., and at Houserville at 8 p. m., by the pastor, Rev. E. Harvey Swank.

At a meeting of the Democratic state central committee in Harrisburg on Wednesday Dr. F. K. White, of Phillipsburg, was elected a district committeeman from Centre county.

A party of State College people consisting of W. L. Foster and his family, the Misses McGonigal, Helen Atherton, Caroline Buckhout and Clara Pond are in camp for two weeks at Hecla Park.

Dr. VanValzah Foster, of Centre Hall, brought a patient, Mrs. Kent, to the Bellefonte hospital on Wednesday. The doctor is just starting practice in that town but has already been quite successful.

Mr. Samuel Orris, of Milesburg, was seventy-five years old on Monday and he celebrated the event by spending the day with his daughters, Mrs. E. E. Davis and Mrs. E. L. Walker, in this place.

In a head-on collision on the New York Central railroad at Monument Saturday evening Frank S. Koons, engineer, and J. B. Martin, freeman, on the engine of a work train, were badly though not fatally injured.

After being compelled to stick pretty close to the house the past two or three weeks on account of a sprained ankle G. W. Rees has about recovered and is able to again attend to his duties as deputy revenue collector in this district.

J. C. Harper and family are members of a party camping on the Bald Eagle in the neighborhood of Beech Creek. Of course fishing for bass is the main diversion though they keep from becoming monotonous by frequent auto trips to Lock Haven.

In order to make it more convenient for the letter carriers to gain access to the lounging room fixed up for their accommodation in the basement of the postoffice in Temple Court concrete steps are being put down into the areaway in the alley.

On Saturday afternoon Mrs. Theodore Boal entertained the thirty Catholic Sisters who are taking a special course at State College at her home at Boalsburg at an afternoon tea. George B. Thompson conveyed the Sisters to and from Boalsburg in two large hacks.

The horse sale at the Haag stables last Saturday did not prove a success. Only four animals were sold and they brought such a low price that the sale was discontinued. What disposition will be made of the animals still on hand has not been decided upon by the owner.

It is gratifying to the WATCHMAN editors as well as his old friends in Ferguson township to learn that S. S. Heberling is succeeding so well in his general contracting business at Juniata. He does excavating, puts down brick or cement walks and sewers and does anything in that line, and he has all the work he can handle.

A meeting of the board of directors of the Karthaus Fire Brick company was held in Lock Haven on Monday. The reports showed that the plant of the company is being run on full time and that they have orders booked to keep them busy for weeks. Ambrose Sloteman, formerly of this place, is sales agent for the company.

The Bellefonte soldiers who compose company L, Twelfth regiment, N. C. P., arrived home from their week's camp at Gettysburg on Monday afternoon. The boys had a strenuous week of it but practically all of them came through it in good shape and returned home in good health, though considerably tanned by exposure to the sun and elements.

LIVELY SESSION OF BOROUGH COUNCIL.

Monday evening's session of borough council was characterized by two special features, a visit from a delegation of twenty representative ladies of the town who asked the co-operation of council in the clean-up and reform movement recently started by the Civic committee of the Woman's Club, and by a rather sensational report of the Finance committee.

There were seven members of council present at the meeting and when president Harper called the council to order there was no indication of anything out of the ordinary. The Street committee reported some needed repairs made to the streets and the Water committee reported progress in the matter of laying the four inch pipe to the Bellefonte hospital for the purpose of operating the elevator, as authorized at the last meeting. The only other committee having anything to report was the Market committee, and that was fees collected and turned over to the borough treasurer.

Under the head of new business the Street committee reported a bad crossing at the intersection of Curtin and Spring streets, and they were instructed to put it in good repair. The Finance committee asked for a renewal of a note for \$4,000 which was authorized. The Water committee asked that the water superintendent be instructed to place a better screen over the supply pipe in the big spring, exhibiting as his reason a good sized stone which had been drawn through the valves of the pump. His request was granted.

At the last meeting of council the question of the state road was discussed and a number of the residents of Linn street asked that that thoroughfare be macadamized from gutter to gutter and that a uniform curb and gutter be built. Council consented to macadamize the street on each side of the sixteen foot centre, or four feet on each side, if the property owners would sign up for the payment of the expense of putting in the curb and gutter. A schedule of plans and prices was prepared to be signed by the property owners but as it was not returned to council Monday evening it is not known what progress has been made. This fact caused council to refuse to sign a contract for the extra work presented by contractor R. B. Taylor, and the matter was referred by the Street committee for investigation and report at next meeting.

Henry C. Quigley Esq., secretary of the local board of health, was present and asked council to incorporate into an ordinance the rules and regulations adopted by the board for its government in accordance with the Act regulating the same. No action was taken in the matter. Dr. Kirk, for the Finance committee raised the question as to the amount of funds available as the result of the settlement of tax liens by the borough solicitor. As the solicitor was not present at the meeting the Finance committee was instructed to consult with him and have a statement ready for the next meeting. Council was almost ready to adjourn when Dr. Ambrose M. Schmidt made his appearance and announced that there was a delegation of Bellefonte ladies down stairs who desired a hearing on several matters which they felt were vital to the welfare and good of the town. Whether this announcement frightened president Harper or not is not known, but in any event he asked Dr. Kirk to take the chair and left the room. The ladies were invited up and after all were made as comfortable as possible Dr. Schmidt acted as their spokesman and said there were three things they would like council to co-operate with them in having abated.

They were compelling all stores to keep closed on Sunday, a more strict enforcement of the curfew law in keeping the habitual street walkers off the streets and the enforcement of the law against the sale of cigarettes to minors. They asked that a plain clothes policeman be employed for the above purpose and even offered to bear part of the expense of his salary. The matter was referred to the Fire and Police committee for investigation and report.

Complaint was made about the barrels of refuse and dirt allowed to stand on the street over Sunday and the street commissioner was instructed to notify merchants that same must be removed every Saturday night. In the bills presented to council was one for \$6.50 from Frank E. Naginye, who claimed that amount as damages by having the wind shield on his automobile broken by driving into an open gutter on Linn street. No action was taken on the bill and it was not ordered paid. Bills to the amount of \$447.44 were approved after which council adjourned.

COUNTRY CLUB OFFICERS ELECTED.—The annual meeting of the Country club was held at Hecla last Saturday afternoon. Col. J. L. Spangler declined to again be a candidate for president of the club and Dr. J. M. Brockerhoff was elected as his successor. R. B. Freeman, of Tyrone, was elected vice president and George R. Meek secretary and treasurer. The board of governors elected is composed as follows: L. T. Munson, R. S. Brouse, H. E. Fenlon, J. L. Montgomery and Harry Keller, of Bellefonte; J. G. Anderson, of Tyrone and C. H. Rowland, of Phillipsburg.

The house committee are Hard P. Harris, John J. Bower and Dr. D. G. Stewart. The new town clock is being put up in the belfry on the court house this week. The dials are white with black numerals and when illuminated at night can be seen at quite a distance.

Centre Hall is to have a new bank.

A number of enterprising citizens of that town and Potter township are at the head of the project, which is so far under way that the foundation of the building has already been completed. The new bank will be located almost opposite the building of the Pennsylvan Banking company.

On Wednesday, August 10th, the Pennsylvania fish commission will hold its regular semi-annual meeting at the Bellefonte fish hatchery and afterwards will hold a session at the Bush house to hear evidence on any contested trout streams in the county. It is understood that there are two or more such cases which will be brought before the board for settlement.

Manager T. Clayton Brown had a large eighteen inch exhaust fan installed in the Scenic on Wednesday. This will draw all the impure air out of the room and in so doing will cause a circulation by the inrush of pure air that will no doubt keep the room very comfortable on the hottest nights. This is one more instance of how Mr. Brown looks after the comfort of his patrons.

Last Friday A. Baum was out driving and had with him his little granddaughter, Mary Katz, daughter of Mr. and Mrs. William Katz. He was turning around in the road when the horse turned too short and upset the buggy. The child was thrown out and Mr. Baum fell on her. Fortunately the little girl had no bones broken though she was quite badly bruised and shaken up.

While attending the horse sale at Haag's stables last Saturday Joseph Loreto, the Italian who conducts the fruit stand on the corner of Allegheny and Bishop streets, became dizzy while sitting on the fence and fell over backwards. He fell with his back on a stone and was so badly injured that on Monday it was thought he was dying but he has since improved and now bids fair to recover entirely.

The camping at Pine will open on Saturday, August 6th, and continue ten days. The meetings during the week this year will be different from former years, as an institute or school of methods will be conducted by an able corps of instructors. Instruction will be given in bible studies, mission and young peoples work. Full particulars can be obtained by addressing Rev. R. J. Knox, South Williamsport, Pa.

Harry Baum, who is now on the road selling calendars and advertising novelties, spent last week in Bedford county and on one of his trips on the new Altoona and Bedford railroad the train was wrecked by the rails spreading. Two men were killed and a number badly injured. Harry sustained two deep cuts on the left leg below the knee from flying glass from broken windows, but he was able to go ahead as soon as his injuries were attended to.

Quite an array of camps are located on the banks of Bald Eagle creek between Howard and Beech Creek, and the number was increased this week by a party of Bellefonte young men who put up their tents for a ten days stay. Jake Levy is chief of the cuisine department, head cook and bottle waiter. While it might be generally supposed that fishing is the main attraction for the campers it would not be surprising if that bevy of Pittsburgh girls summering in tents down there are more of a loadstone than anything else.

There is only one popular place of amusement in Bellefonte and that is the Scenic. There you are sure of one hour of good entertainment every evening, and all for the small sum of five cents. There is no place in Central Pennsylvania where so large and so good a program of moving pictures is given as at the Scenic. This has been manager Brown's aim ever since he has been in charge and he has succeeded admirably. Three thousand feet of film every evening, and always the latest and best pictures obtainable.

William Bartley was down on his farm, on the Jacksonville road, this week helping his son with his haying and harvesting. On Wednesday afternoon he was on a load of hay and in going across a small bridge one of the rear wheels of the wagon slipped off the bridge and Mr. Bartley was thrown off the load to the ground. Two of his ribs were broken and he was otherwise injured. He was cared for at his son's home until yesterday afternoon when he was brought to Bellefonte in the ambulance and taken to his home on Bishop street.

Centre Hall is either a very wicked town or some of its residents are extremely careless. Last week we recorded an incident of the careless firing of a gun or revolver and on Monday of this week Russell Smith, son of Witmer Smith, of this place, who is spending his vacation with his grandparents, Mr. and Mrs. Isaac Smith, at Centre Hall, was shot through the left hand by the supposedly accidental discharge of a revolver in the hands of a boy whose identity is unknown. Smith with a number of other boys was on the mountain above Centre Hall when they came across the strange boy with the revolver. The latter fired one shot at a mark and while handling the revolver afterward it was discharged with the above result. As soon as he realized what had happened the unknown boy skipped and has not been discovered or identified.

BUSINESS MEN'S PICNIC TO BE HELD AUGUST 23RD.

The Business Men's Picnic association of Centre and Clinton counties held a meeting at the Brocknerhoff house on Tuesday evening and named Tuesday, August 23rd, as the date for the holding of the big business men's picnic and the place Hecla park.

Twenty-five members were present and the meeting was called to order by the president, T. J. Smull. Following the reading of the minutes of the meetings held last year the annual election of officers was held which resulted as follows: President, Philip D. Foster, of State College; vice president, P. S. Kift, of Lock Haven; secretary, J. C. Meyer, Bellefonte; treasurer, G. Watson Fredericks, Lock Haven. Mr. Foster not being present at that time Mr. Smull continued to occupy the chair.

D. I. McNaull, of Lock Haven, presented a resolution on the death of the late Samuel H. Bennison, of Howard, which was adopted and ordered spread upon the minutes. David Chambers, of Clarence, was elected a member to fill the vacancy caused by Mr. Bennison's death.

On motion of J. A. Herr, of Mill Hill, Hecla park was selected as the place for holding the annual picnic this year and at Mr. Merrill's suggestion the time was fixed for Tuesday, August 23rd.

At this juncture in the proceedings Mr. Foster, the newly-elected president put in an appearance but as the supper hour had arrived adjournment was made for that meal. When the members had properly appeased their hunger the meeting reconvened with Mr. Foster in the chair and Hard P. Harris presented a resolution on the death of W. Herdic Wood, director of the Repass band, Williamsport, which was adopted. The president then appointed the following committees:

Finance.—J. R. Thompson, A. C. Mingle, A. L. Merrill, E. C. Tuten, H. A. Stevenson. Amusement.—H. P. Harris, F. E. Harder, John D. Sourbeck, David Chambers, S. Krumrine, P. S. Kift. Printing.—Dr. D. G. Stewart, W. Gross Mingle, C. F. Brown. Music.—George R. Meek, Torrence Shearer, John M. Bullock.

Management.—J. C. Meyer, J. W. Conley, G. W. Mason.

The committee on closing was discontinued as their efforts in the past to induce business men to close up on picnic day had not been very successful. The Finance committee reported that six hundred dollars would be available to bear the expenses of the picnic and furnish amusement for the crowd. A vote of thanks was extended to Frank Warfield, of the Central Railroad of Pennsylvania, and to landlord H. S. Ray for courtesies extended.

The members and newspaper men present were as follows: G. W. Mason, P. P. Rittman, G. W. Fredericks, C. H. Bressler, H. A. Stevenson, C. Fred Brown, D. I. McNaull, Torrence Shearer and A. L. Merrill, of Lock Haven; Hayes Stewart, of Island; T. J. Smull, of Mackeysville; J. R. Thompson, of Salona; J. A. Herr and D. H. Stover, of Mill Hill; W. Gross Mingle, of Centre Hall; Philip D. Foster, of State College, and J. C. Meyer, Hard P. Harris, J. Will Conley, D. G. Stewart, E. C. Tuten, Francis Spear, Edward L. Gates, John J. Bower, Robert Cole, A. C. Mingle, Frank Warfield, John M. Bullock and Sydney Krumrine, of Bellefonte.

BELLEFONTE SCHOOL NEWS.—The Bellefonte public schools will open for the fall term on Monday, September 5th (Labor day.) At a meeting of the school board on Monday evening Joseph R. Shultz, of Sunbury, was elected as an assistant in the High school and will teach science and have charge of the athletics. He comes to Bellefonte well recommended. He is a graduate of Bucknell and since has been assistant principal in the Jeanette High school.

At Monday night's session the school board also awarded the contract for the concrete pavement and walks at the new High school building to the Haupt brothers, they being the lowest bidder. The work will be done by the foot and in the aggregate will amount to from \$700 to \$750.

When school opens the new building will be ready for occupancy. The contractors will practically finish all the carpenter work on the building in the next ten days or two weeks. About all that remains to be done is the hanging of a few inside doors and putting up the doors at the various entrances. During the past week four or five new cabinets were received and installed in the big laboratory on the third floor where the students of the High school will be drilled in laboratory work. This is an equipment heretofore badly needed and will add greatly to the practical work in the school. Electric clocks have been installed in every school room in the building and all are connected with a master's clock in the principal's room. Every room is also connected with the principal's room with a call bell so that he can be reached without being sent after.

There is still some painting to do and of course considerable cleaning up around the building and then it will be ready for the installation of the seats and desks. The heating and ventilating system has not yet been connected up but that will only be a matter of a few days work. Of course there is considerable filling and grading to do around the building but it can be done anytime during the summer and fall.

Dr. George S. Robison, of Danville, Ill., was a Bellefonte visitor on Wednesday. He is visiting his sister, Mrs. George C. Butz, at State College. The Robison family is surely a doctor family for in addition to Dr. George there is Dr. Fred at State College, and Dr. John, recently of that place but now of Philadelphia, and in addition to their sympathy in professions they very much resemble each other personally.

The flouring mill of Gamble, Green & Co., in this place is being remodeled throughout. The old rolls with one or two exceptions have been torn out and new rolls will be installed. The old equipment, while all right for the manufacture of fall wheat, was not suitable for manufacturing spring wheat and this naturally was a great disadvantage to the firm. The new machinery being installed will be suitable for both spring and fall wheat. While the remodeling to the mill is being done a concrete covering is being put over the tail race and various other repairs and improvements made which will put the property in first class shape.
