

# Democratic Watchman

Bellefonte, Pa., September 30, 1910.

## Democrats Will Make Big Gains

Congressman Palmer Says There Will be Twelve in Next House.

Congressman A. Mitchell Palmer, of Stroudsburg, predicts that the Democrats will have twelve, certainly, and possibly thirteen of the thirty-two Pennsylvania congressmen in the Sixty-second congress. Mr. Palmer is vice chairman of the Democratic national congressional committee and attended a meeting of the Pennsylvania Democratic candidates for congress held in Harrisburg on Wednesday evening last. The meeting was called by Hon. James T. Lloyd, chairman of the congressional committee, for the purpose of consultation and comparison of ideas. Mr. Lloyd is a veteran campaigner and, being from Missouri, wanted to know. None of the Philadelphia candidates was present, but of the twenty-seven others, seventeen were on hand.

### Based View on Information.

Congressman Palmer based his deductions upon figures and information gathered in the various districts which he said will go Democratic this year.

"I am not making any predictions," said Mr. Palmer, "which I cannot back up. For instance, while there are some political workers who predict possible Democratic victories in some of the Philadelphia and Pittsburg congressional districts, I do not believe any Democrat will win there.

"Four of the five Democratic congressmen from this state," continued Mr. Palmer, "will be returned. They are Congressmen J. H. Rothermel, of Reading; W. B. Wilson, of Blossburg; John G. McHenry, of Benton, and myself. The fifth congressman, T. D. Nichols, of Scranton, is not a candidate for re-election, but P. F. Calpin, of Scranton, the Democratic and Keystone nominee, will win out in the Lackawanna district.

### Others Who Will Be Elected.

"In addition to these men it is certain that Robert E. Diffenderfer, of the Eighth district, Democratic-Keystone candidate, will win over his Republican opponent, I. P. Wanger. In the Eleventh district George R. McLean will be elected, and in the Twelfth Robert E. Lee will win. In the Fourteenth district George W. Kipp will defeat Congressman Charles C. Pratt.

"In the Seventeenth or shoestring district, Congressman Pocht will lose to J. Murray Africa, of Huntingdon, and in the Twentieth Andrew R. Brodbeck, of Hanover, will defeat Congressman Lafean, of York. The York-Adams district is naturally a Democratic district, and with this Democratic year here it is certain that Lafean will lose out. Up in Sibley's district, the Twenty-eighth, W. J. Breen will defeat P. M. Speer.

"There is also a strong prospect of the Democrats winning in the Twenty-second district. Curtiss Gregg is the candidate there against J. David McKunkin, Republican."

### Those Who Attended.

Chairman Lloyd, of the national congressional committee, called the meeting to order, with the following Democratic congressional candidates on hand:

Eugene C. Bonniwell, Seventh district; Robert E. Diffenderfer, Eighth; James C. McSparran, Ninth; P. F. Calpin, Tenth; George R. McLean, Eleventh; Robert E. Lee, Twelfth; George W. Kipp, Fourteenth; John G. McHenry, Sixteenth; Andrew R. Brodbeck, Twentieth; Curtiss H. Gregg, Twenty-second; Jesse H. Wise, Twenty-third; Henry H. Wilson, Twenty-fourth; A. Mitchell Palmer, Twenty-sixth; John Smith Shirley, Twenty-seventh; James A. Wakefield, Thirtieth, and Herman L. Gegner, Thirty-second.

Each was invited to tell the needs of his campaign. Several asked for outside speakers to aid them and for campaign literature. It was decided to make the strongest fight in the districts where there were strong possibilities of winning.

Champ Clark, of Missouri; Congressman Foss, of Massachusetts, and Congressman Palmer, of this state, it was said, would visit various sections of the state and make addresses.

Webster Grim literally entrances the people wherever he goes. For force, eloquence and persuasive qualities no such speeches have been heard in Pennsylvania for many years. The Democratic nominee for governor belongs in the class of the late Heister Clymer, Andrew G. Curtin, Milton Speer and William A. Wallace. It is a real intellectual treat to hear him discuss the issues of the campaign.

Even if Roosevelt does defeat Vice President Sherman for the office of temporary chairman of the New York Republican state convention, the fact will not give him power to abolish the supreme court of the United States. As long as he is not returned to the White House the court is safe.

### Taking Her to Task.

Mrs. Plymouth Rock—Yes, we are very proud of the fact that our ancestors came over in the Mayflower. Mrs. Many Rocks (severely)—In the first cabin?—Cleveland Plain Dealer.

Oh, life! An age to the miserable, a moment to the happy.—Bacon.

## Strides of Socialism.

That socialism as a political factor is increasing in strength is revealed by the recent census taker of the organized Socialist party. On January 1st, 1907, that party had regular State organizations in 30 States of the Union comprising 1,000 local organizations, with a total membership of 26,784. In 1910 the party is fully organized in 42 States, the number of its local organizations has grown to 2,300, whose average dues-paying membership in the first part of this year was 55,575.

In brief, in three years the numbers of the Socialist party have practically been doubled, while 1,300 new units of organization have been added.

On September 1st a new Socialist weekly, the "Coming Nation," to be edited by Charles Edward Russell, will appear. The significant fact is that it will start with an assured circulation of 50,000 copies. It should be noted in connection with the recent census that it does not represent the entire strength of socialism in this country. There are many sympathizers who vote with the party who are not formally enrolled as members of any socialistic organization. This fact is established by the votes in presidential elections for the Socialist candidate. In 1900 the vote for Debs was 87,814; in 1904, 402,283, and in 1908, 420,793. This shows an increase in eight years of more than 400 per cent.

These figures afford food for thought. Already the Socialists have gained control of one of the large American cities and there can be no question that the doctrines of the party are finding an increasingly large number of supporters. While the time evidently is not near when the Socialists will figure in National elections, they are making inroads upon the strength of other parties in municipal and State elections.

It's a great deal easier to spend money than to get it. It's a great deal easier to lose the health than it is to recover it. It is not reasonable, therefore, to expect that a few doses of Dr. Pierce's Favorite Prescription will undo the results of years of disease. But every woman who uses "Favorite Prescription" can be sure of this: It always helps, it almost always cures. Women who suffer with irregularity, weakening drains, inflammation, ulceration, or female weakness, will find no help so sure, no cure so complete, as that which follows the use of "Favorite Prescription."

### Hood's Sarsaparilla.

## UTTERLY WRETCHED

NERVOUS PROSTRATION LONG ENDURED BEFORE REMEDY WAS FOUND.

Miss Minerva Reminger, Upper Bern, Pa., writes: "For several years I had nervous prostration, and was utterly wretched. I lived on bread and beef tea because my stomach would not retain anything else. I took many remedies, but obtained no relief until I took Hood's Sarsaparilla, when I began to gain at once. Am now cured." Pure, rich blood makes good, strong nerves, and this is why Hood's Sarsaparilla, which purifies and enriches the blood, cures so many nervous diseases. Get it today in usual liquid form or chocolate tablets called Sarsatabs. 55-38

### Patents.

PATENTS, TRADE MARKS, COPYRIGHTS, &c. Anyone sending a sketch and description may quickly ascertain our opinion free whether an invention is probable patentable. Communications are strictly confidential. Handbook on patents sent free. Oldest agency for securing patents, 60 years experience. Patents taken through Munn & Co. receive Special Notice without charge in the SCIENTIFIC AMERICAN, a handsome illustrated weekly. Largest circulation of any scientific journal. Terms \$2 a year; four months \$1. Sold by all newsdealers. MUNN & CO., 52-54-56 Broadway, New York. Branch office, 625 F St., Washington, D. C.
