The Pittsburg Dispatch announces a vacation contest that outclasses anything of the kind ever offered. It proposes to send 74 people on trips that should appeal to many of our people. The plan is very simple. The persons are selected by a voting contest. You don't have to solicit subscriptions or collect any money. It does not cost the candidate or his friends anything, and the territory is divided so that a certain number of trips must go in different districts. The contest will not officially begin for a few days, and anyone entering now will have a good opportunity to win. The trips include Europe, the West Indies, lake and ocean voyages. One nice feature about the contest is that you don't have to go at any given date, but within a reasonable time after the contest is over. Also that the person receiving the largest vote gets two European trips, enabling him to take a
