—We predict that New York will have a Democratic Senator in Washington ready to qualify when the Sixty-second Congress meets in extraordinary session on the 4th of April and he will be a man worthy of the Empire State and the great party which controls its Legislature.

—In his remarkable letter commendatory of BALLINGER President TAFT reveals a marvelous power of invective and a meagre amount of sincerity. He denounces Mr. BALLINGER's enemies as foul conspirators and assassins of character and immediately afterward appoints one of them as the successor of his "fallen idol."

—Representative MEYER, of this county, has presented a bill "authorizing justices of the peace, aldermen, magistrates or other officers, authorized by law, to take an information and issue warrants of arrest, to require, under certain circumstances in cases of misdemeanor and larceny of goods under ten dollars (\$10.00) in value, the informant to file with the said officer a bond to cover costs accruing before the said justice of the peace, alderman, magistrate or other officer and empowering the said justice of the peace, alderman, magistrate, or other officer to dispose of the costs upon the discharge of the defendant or defendants for want of sufficient evidence and providing a penalty for default in payment of the costs of the said hearing."

ADDITIONAL LOCAL NEWS.

—The peanut party given by Mrs. Frank Clemson, at her home near Stormstown, Friday night of last week, was one of the most unique and successful events ever given in Half Moon valley. The invitations, with peanut decorations and an original line, were the work of Mrs. Clemson's daughter Sara; the house was elaborately decorated with strings of these nuts; a feature of the evening entertainment was a peanut hunt, the nuts being hidden in bunches of colored bags, the bags corresponding with the table decorations in the dining room, where their colors were the means of seating the guests at refreshments. In this, however, the nuts were only a minor feature. The two prizes offered to the thirty guests in the peanut hunt were given to those finding the greatest and least quantity of peanuts in their group of bags.

—During the middle of the day the past week, when the sun shone with considerable warmth, it has been quite an alluring sight to watch the trout feed in Spring creek, opposite this office. For some time after the big consignment of trout from the Bellefonte hatchery had been put into Spring creek and Logan's branch large numbers of them could be seen opposite this office and all along in the creek from the falls to the Central Railroad of Pennsylvania depot. Then came the high water and for some time afterward they were very scarce and fishermen were more or less alarmed over the possible fact of their having been swept down stream. But they had evidently taken refuge in the deeper water and now that the stream has cleared up and sunny weather prevails they are once again seeking the shallower water as the best place to feed, because they are now more plentiful in the section of stream referred to above than they have been for a month. And the question still agitating the minds of many is will the portion of Spring creek from the falls to the bridge at the Central Railroad of Pennsylvania depot be made a preserve for the trout, or will it be fished clean of the speckled beauties as it has in other years?

KILLED ON THE RAILROAD.—George P. Bradley, a freight brakeman on the Pennsylvania railroad, was killed in the yard at Hollidaysburg on Saturday evening while engaged in shifting cars. He was a son of Philip and Elizabeth Bradley and was born in Snow Shoe, this county, thirty-eight years ago. In 1893 he was married to Sarah M. Colby, of Lock Haven, and the following year they moved to Altoona. He had since been in the employ of the Pennsylvania railroad company and was always regarded a careful and industrious man. The remains were buried in the Rose Hill cemetery on Wednesday afternoon.

DROWNED AT PHILIPSBURG.—On Monday, February 27th, Henry Nelson, a well known colored resident of Chester Hill, near Phillipsburg, mysteriously disappeared from his home and all efforts to locate his whereabouts proved futile until Monday afternoon of this week when his lifeless body was found by dredgers in Moshannon creek, opposite the Pennsylvania railroad freight station. How he met his death is not known but a coroner's jury will make an investigation. Deceased was aged fifty-five years and is survived by a wife, one son and one daughter.

Announcement has been made of the engagement of Miss Ida C. Rhoades, daughter of Rev. and Mrs. W. W. Rhoades, of Howard, to Samuel R. Kling, son of Mr. and Mrs. Joel Kling, of Nittany, the wedding to take place in the near future.

BOROUGH COUNCIL HELD LONG SESSION.—Every member of borough council was present at the regular meeting on Monday evening and it was the longest session held in a year. Many questions were discussed and a few settled.

At a meeting of the board of directors of the Y. M. C. A. held on February 24th, C. T. Gerberich, H. C. Quigley Esq. and Joseph L. Montgomery were appointed a committee to interview council relative to the water for the swimming pool Mrs. W. P. Wilson has offered to construct for the Association and the two last named members of the committee appeared before council Monday evening. Mr. Quigley acted as spokesman and after telling of Mrs. Wilson's very generous offer, which he said, if carried out, would be of inestimable benefit to everybody in Bellefonte, asked that council furnish the water free of cost, as it would be too much of a burden upon the Association to be forced to pay for the water as well as the steam necessary to keep it at the right temperature, light, etc. He stated that it would take 80,000 gallons of water to fill the pool, which would have to be changed twice a week. When the matter was taken up in regular order council figured that to supply the pool would mean a yearly consumption of 8,320,000 gallons of water, which at present meter rates would cost practically \$330.00. The proposition appeared such a stupendous one that the matter was referred to the Water committee to secure more definite information in the matter, especially as to who was to be benefited by the swimming pool, every boy and girl in Bellefonte who saw fit to take advantage of it, or only those who were able to take membership in the Association, and report at next meeting of council for further action.

The Street committee reported some minor repairs around town and the Water committee presented the report of the borough engineer showing a number of repairs made to water pipes, and also an inventory of the stock on hand at the water works. The Market committee reported \$6.10 fees turned in by the market clerk.

The Village Improvement committee presented the request of the Woman's Civic club that council join with them in the purchase of garbage cans, at the time exhibiting literature showing the kind of a can the club desires to purchase. It is a patented article with a bag enclosed which, when full of garbage, can be tied and lifted out of the can and hauled away and a new bag substituted. The can is manufactured in Denver, Col., and the cost for one can is \$15.00. The one can be secured as a model and they can then be manufactured by a local firm by paying a royalty of \$2.50 per can. Council voted to grant the request and join with the ladies in the purchase of a sample can, and if satisfactory to go halves in the expense of having five additional cans manufactured.

Some time ago the water rent collector reported that the county commissioners refused to pay their bill for the quarter of July, August and September, something over \$37.00, which they considered beyond all reason, as the bill for the preceding quarter was less than six dollars. When the meter was read for the quarter embracing October, November and December it showed a consumption of water to the value of \$9.61, the highest it ever was, outside of the disputed bill. This amount the commissioners were willing to pay, and on vote of council the collector was instructed to make a settlement accordingly.

The final settlement of the account of the borough solicitor was taken up by Mr. Keller, chairman of the Finance committee, and after explaining the matter thoroughly, the solicitor's check for a few cents over \$351.00 and his account up to last August was accepted and approved. Mr. Keller then presented two bills for special services rendered by the borough solicitor. One for \$125.00 for a trip to Harrisburg in regard to the new sewerage system demanded by the State Board of Health, and one for \$195.00 for trips to Huntingdon and Philadelphia relative to an attempted sale of the Green mill property. Dr. Kirk objected to the payment of the bills on the ground that the extra service had not been properly authorized by council, but they were approved and ordered paid by a vote of five to two, Messrs. Beezer, Judge, Keller, Musser and Sheffer voting aye and Grimm and Kirk nay.

The Bellefonte hospital authorities asked that a crossing be laid on Willowbank street opposite the entrance to that institution and council voted to have one laid.

The Finance committee asked for the renewal of a note for \$5,000 for four months, which was authorized.

An application for re-election as water rent collector from W. A. Ishler was received and held over until next meeting night.

A letter was received from the members of the board of borough auditors notifying council that they were now in session and to present their books, vouchers, etc., for investigation and audit. Under the new law changing the time for the election of borough officers council was undecided as to whether the fiscal year was not changed as well and the matter was referred to the borough solicitor for investigation as to whether an audit was compulsory now or it would be legal to extend or re-establish the fiscal year as ending the first Monday in January, 1912, and report at next meeting. Bills to the amount of \$1,211.64 were approved and council adjourned.

NOAH H. SWAYNE II SCORES WITH THE PHILADELPHIA ORCHESTRA.—It hasn't been so long ago that Noah H. Swayne II, then president of the Nittany Iron Co., and one of Bellefonte's most esteemed residents, contributed so well and so often to the musical events of our town. In fact his powerful bass voice is still the standard by which all others are rated by the local critics. Mr. Swayne, as you will recall, has been living in Philadelphia recently; being the local manager of Rogers-Brown & Co., iron brokers. It was but natural that his voice should find him out even in so large a city, but the notice published in the Ledger concerning his recent appearance with the Philadelphia orchestra, at one of its popular concerts, is so flattering that we republish it for the pleasure of his many Bellefonte friends.

In fulfillment of its commendable policy of doing its utmost to develop local talent and encourage our Philadelphia musicians at its popular concerts, the Philadelphia orchestra last night presented Noah Swayne, the enthusiastic and indefatigable president of the People's Choral Union, and in this and in other ways an important factor in the musical life of the city, sang with consummate artistry his group of delightful and well-chosen songs. He has a basso of delicious quality which he uses with extraordinary skill and the most refined discernment.

THE METHODIST CONFERENCE.—Dr. T. S. Wilcox, will preach his farewell sermon for the conference year on Sunday, if able, and on Tuesday will leave for the annual conference which will be held at Bloomsburg beginning Tuesday evening with the opening conference sermon. Conference this year will be unusually interesting as several important questions will come up for settlement. One of these will be the re-districting of the conference area and adding an extra district superintendent, making six instead of five as at present.

But the greatest interest manifested at the present time is the assignment of ministers. As now figured out it will be necessary to make one hundred and sixty-four changes of ministers, which will be one of the biggest changing around of assignments ever known. Naturally the ministers are on the anxious bench, for not one of the many to be moved knows where his next home may be. And it is just as natural that the many congregations throughout the conference are wondering who they will get for their next pastor. In less than two weeks the whole matter will be settled and everybody be either mad or satisfied.

FEBRUARY COURT CONCLUDED.—At the conclusion of last week's term of court Judge Orvis sentenced Alva Fetters, who pleaded guilty to malicious mischief, to pay a fine of one dollar, costs of prosecution and thirty days in jail. William Kessinger was sentenced to pay the costs and eight dollars a month for the support of his three children.

The cases disposed of this week were as follows: M. D. Flannigan vs. James A. Flannigan. Verdict in favor of plaintiff for \$1,038.64. F. F. Condit vs. John W. Ward. Verdict in favor of plaintiff for \$106.83. D. W. Garner vs. Henry Garner. Verdict for the plaintiff for \$1,100. W. S. Gilliland and J. S. Grieb, trustees vs. Mary D. Holt and J. Kennedy Johnston, Admsrs., an action to revive judgment. Verdict in favor of plaintiffs for \$4,025.00, with an attorneys commission of \$155.30.

A large number of other cases which had been docketed for trial were continued for various reasons.

DR. KIRK TO OPERATE A CHICKEN FARM.—Dr. M. A. Kirk has decided to go into the chicken business on the wholesale plan. He recently purchased thirty-two acres of land on the hill east of Nittany furnace and adjoining the Humes farm, from William Swarmer, of Birdsboro, but who formerly lived near this place, and it is his intention to put in all the spare time he has from his practice in starting and operating a chicken farm. Up-to-date hen houses will be built and only choice breeds will be selected to make up his stock. The doctor, who will start his farm this spring, has always been a chicken fancier and will be right in his element in growing chickens on the wholesale plan. Then, in addition, he will always be sure to have all the eggs chums at Stormstown Friday.

The talk before the Womens Club of Bellefonte last Friday afternoon, by Mrs. Anderson of the state board of the Children's Aid Society of Pennsylvania, should bear fruit as it was interesting and appealing, enlisting the sympathy of every one in the great work they are doing and forcibly calling attention to the work left undone in our community. The cause although so worthy has a very small following in Bellefonte, and anyone wanting to contribute in a small way to the aid of helpless children can do a great good by becoming a member of this organization.

—Mr. George C. Musser, of Curtin, was in Bellefonte yesterday and very much elated over the fact that he had just shipped a thoroughbred Jersey bull to a prominent breeder in West Chester. Mr. Musser has been breeding Jerseys only four years but in that time he has taken first premium every year at the Centre county fair, which shows the excellence of his breeding. He still has another young Jersey bull, better bred than the one shipped yesterday, which he will sell to anyone desiring it.

McCOY—HARRIS.—A very pretty home wedding took place at the residence of Mrs. John Harris, on Spring street, on Wednesday evening when her daughter, Miss Mary Morris Harris became the bride of John McCoy. The color scheme for the house decoration for the wedding as well as for the dinner given by the bride's mother on Tuesday evening at which fourteen covers were laid, was pink and white, and very prettily arranged.

The ceremony took place promptly at six o'clock and was performed by Rev. Dr. Fife, of the Presbyterian church. The bride wore a gown of white satin with a veil, and was attended by her sister, Mrs. John VanPelt, as matron of honor, who wore a gown of pink satin. Edmund Blanchard officiated as best man. About seventy-five guests were present and after the ceremony refreshments were served and the happy young couple were given an informal reception until it was time to depart for the 8:16 train which they took for a brief honeymoon which they will spend on a trip south. Upon their return they will be with the bride's mother for the present.

The groom is the only son of Mr. and Mrs. Frank McCoy and for several years has been associated with the iron and ore operations of the McCoy—Linn Iron Co. The out of town guests present were Mr. and Mrs. Joseph Harris, of Baltimore; Charles and Guy Harris, of Washington, D. C.; George C. Harris, of Wheeling, W. Va.; Mrs. J. F. Alexander, of Centre Hall; Miss Mable Allison, of Frank Allison, of Spring Mills; Miss McCabe, of Baltimore, and Mr. and Mrs. Montgomery, of Lambertville, N. J.

GREGG—WARD.—Fred Gregg, of Lewis-town, formerly of this place, and Miss Alta M. Ward were quietly married at the home of the bride's mother on east High street, this place, at 7 o'clock last Saturday evening. Only a few close friends were present to witness the ceremony which was performed by Rev. C. W. Winey, of the United Brethren church.

BARNER—KUHNS.—The home of Mr. and Mrs. William Barner, on Logan street, was the scene of a quiet wedding at eleven o'clock on Tuesday night when Perry F. Barner, of Bellefonte, and Miss Grace A. Kuhns, of State College, were united in marriage by Rev. C. W. Winey, of the United Brethren church.

SPECIAL SERVICES AT ARMY HALL.—Major John Richards, of Philadelphia, will conduct a meeting at the Salvation Army hall Monday evening, March 13th, at 8 o'clock. The Major is an old officer of some twenty-five year's standing and those who hear him will not go away disappointed. All are welcome.

THE PARENT—TEACHER—CIRCLE.—Considering the unfavorable weather of Tuesday evening the Parent—Teacher circle held in the High school auditorium, was well attended, and great interest shown in the proceedings. The question box called forth many important questions from both teachers and parents. All who attend these meetings are impressed with the importance of establishing a closer fellowship between teachers and parents. Co-operation between the home and the school will surely bring forth good results for the child.
