-James W. Runkle, landlord of the Centre Hall hotel, was in Bellefonte yesterday trying to find out whether or not the court intended granting him a license. In the event that it does not mean to do so he will close the hotel as he claims it is a losing proposition to run a hotel in Centre Hall without a license for the accommodation of the traveling public.

BELLEFONTE GROCERY FIRM FAILS. of Lauderbach-Barber Co., the whole- hamton, N. Y., and return, sale grocers, of Philipsburg. It is stated that the firm's liabilities are about seven thousand dollars with only their stock on hand and book accounts as assets. The stock is estimated to be worth anywhere from fifteen hundred to two thousand dollars while it is claimed the firm has on its books in the neighborhood of seven thousand dollars. This was undoubtedly a leading factor in the failure.

Among the firm's alleged liabilities are been in charge of Harry Miller, the junior perous and evidently over extended credit without enough capital to carry property. it. A good part of their trade was dition to his blacksmith shop on the pike among the furnace employees and naturally when the Nittany plant was closed early in the winter it affected them probably more than any other firm.

The end came through the entering of a note of \$5,000 by Henry Tibbens, of this place. Then it was discovered that Edward Witmer had a note of \$2,000 against the firm, but his was not entered. On Wednesday Tibbens petitioned the court to have his judgment stricken from the docket and it was done. He took this action because he said he had given the Millers no consideration for the note and at once the presumption was raised that the Witmer note was of the same character.

The case is a peculiar one and may result in a very serious dilemma for some of the persons interested.

Since the assignee, G. Fred Musser, local manager for Lauderbach-Barber Co., has begun investigations amazing evidence of the Millers kindness to worth-Saturday evening, April 22nd, in their less patrons have been revealed. Accounts ranging as high as \$600 are due the firm from persons who are actually unable to pay \$6.

The firm represents the estate of the late Reuben Miller and his son, Harry F. Miller, who had been managing the business alone since his father's death about

Robb, on Howard street, and mistaking the cellar door for the pantry door in the kitchen she opened it and stepped inside in the dark with the result that she tumbled to the bottom of the flight of stairs. One slight bruise on the right wrist was the only injury she sustained.

-The merchants and business men on Allegheny street and about the Dia mond are having their own trouble with the dust this windy weather. The newly paved brick street has never been cleaned off and the dust rolls along in clouds and blows into the stores worse than ever. --- Tomorrow marks the opening of the trout fishing season and so far as the writer has been able to learn the usual number of fishermen will be augmented by a number of others who never handled a rod and line before. If the editor of the WATCHMAN could influence the fishermen in any way he would petition them to spare the trout from the falls to the bridge at the Central Railroad of Pennsylvania bridge, on account of the attraction they are to strangers as well as residents of the the town. But it is hardly likely the general run of fishermen will be generous enough to heed such a petition. With the number of trout now in Spring creek and Logan's branch they may bite freely, but even if they do fishermen should remember that forty a day is the limit, and not go over that number.

--- The city press is making much ado over the big slump in the price of foodstuffs which in Philadelphia is claimed to be from twenty to thirty-three per cent. on everything. Hereabout the only slump that can be noticed is on eggs and butter-The former can now be bought for twelve and fourteen cents as against twenty and twenty-two cents last year at this time. Butter is from five to ten cents lower. Potatoes and flour may be a few cents cheaper but the one staple in which there has been no slump-not even a little reduction-in Bellefonte is meat. THE "MOOLIE" QUESTION IS REVIVED. "Moolie," when it should have been Muley

But later developments reveal the possibility of our having bowed too soon be fore the redoubtable Mr. Shugert. William H. Keller Esq., of Lancaster, writes under date of April 1st, as follows:

Then, too, Harry Rumberger, of Philipsburg, the facetious son of one of Centre county's oldest living pedagogues, has projected himself into the discussion by the following:

PHILIPSBURG, PA., April 3rd.

Kindly advise what would have happen ed had you left the last word of this article

You have probably forgotten just how the article was concluded, so in order that you may properly appreciate Mr. Rumberger's joke we here reprint the last sentence:

Inasmuch as he has since impressed it on our mind at every opportunity we here publicly admit that we didn't know how to spell the word that sig-nifies a hornless cow and Mr. John M. Shugert, of Bellefonte, Pennsylvania,

Read it carefully and form your own conclusions, as to what Mr. Shugert would have been justified in doing if, perchance, the word "did" should have dropped out of our type form or for other reasons failed to print.

P. S.—The above discussion on "moolies," "muleys" or "moileys" is probably being prolonged by the writer of same, who by the way has been attending public sales all spring to buy choice stock for a farm he recently purchased, because he made the egregious blunder last week of buying an ordinary cow for a blooded heifer he had sized up beforehand, and naturally he has got to vent his spleen on somebody. And the cow wasn't a "moolie," either.

ROSSMAN-STEVENSON.-Bellefonte and Centre county friends of Harry A. Rossman, of Ferguson township, and Miss Verna Stevenson, daughter of Harry Stevenson, of this place, were much surprised this week to learn that they had quietly slipped away to Hagerstown, Md., last November where they were married by Rev. Townsend, of the Disciple church. Both Mr. Rossman and Miss Stevenson were Ferguson township school teachers and it was in that capacity they became acquainted and the acquaintance finally developed into a warmer attachment. After their marriage the young couple decided to keep their alliance a secret until after they had completed their school terms. and now that they have done so they naturally allowed the secret to leak out. For the present Mr. and Mrs. Rossman will make their home with Mrs. Swartz, on east High street.

PETERS-SMITH.-On Tuesday Howard Cassady Peters and Miss Pauline Winifred Smith, both of Unionville, went to Altoona and that evening were quietly married at the home of the bridegroom's sister, Mrs. Joseph W. Hoover, three other sisters and the hostess being the only witnesses. The ceremony was performed by Rev. Simpson B. Evans, of the Eighth Avenue Methodist church. Mr. and Mrs. Peters will reside at Unionville.
