-The Steel trust has determined cut prices to meet the cut of the Republic Steel company but as Judge GARY puts it "it is the unanimous opinion that co-operation, as heretofore fully explained, should be continued." In other words the Steel trust relinquishes a trifie of its graft because it has to, but yields in a way that will do the least harm to the trust. As a matter of fact every man connected with the management of this atrocious conspiracy ought to be put in jail and after the election of a Democratic President next fall steps in that direction will be promptly taken.

ANOTHER HARD RAIN STORM.-On storm, with plenty of hail, passed down Pennsvalley between two and three o'clock. Hailstones as large as hickorynuts and walnuts fell in such abundance as to completely cover the ground while the rain descended in torrents. At the Linden Hall station the water swept over the tracks to such a depth that it reached the lower step on the passenger coaches as the train passed down the valley. Many fields were badly washed and large spots of newly planted oats and corn ru-

This is the third hard storm that has swept over Pennsvalley in three weeks and in commenting on the fact a facetious Bellefonter remarked that the weather man was treating the Democrats very liberally and the Republicans otherwise, as Pennsvalley was getting an abundance of rain while Buffalo Run and Halfmoon valleys were scorching. The Democrats of Pennsvalley may be getting an abundance of rain but they are also catching hail, and their crops are suffering about as much therefrom as those in Buffalo Run and Halfmoon valleys from the lack of rain.
