The fruit and produce department which will be displayed in a big double tent, will be under the direct supervision of Samuel Decker, who will be assisted by Oliver Witmer. This department, by the way, will be bigger and better than ever this year. Mr. Decker has spent considerable time in traveling over the county and he has assurances enough to guarantee a monster exhibit, one that will alone be worth the price of admission to the fair.

A county fair without races is not much of a fair and in this respect the everybody knows the excitement of such a race. Frank Smith, of Buffalo, N. Y., will be the starter and this fact not only assures horsemen of a square deal but the general public also that the races will be pulled off on time.

CHILDREN ADMITTED FREE WEDNESDAY.

Don't forget the fact that Wednesday will be Children's Day, when all children will be admitted free. Bring them to the fair and let them see what Centre county is doing along every line that interests the farmer. The fair is an education in itself and the children of the county should be given the advantage of learning all from it they can. Therefore bring them in on Wednesday when it won't cost you a cent for their admission.

Boarding houses and eating tents will be on the grounds to supply all who do not care to be encumbered with a basket.

Last but not least the price of admission this year will be the same as in all former years. Twenty-five cents will admit you to the grounds and the privilege of seeing everything the fair management has to
