REGARDING THE SCOOTAC POWER COM-PANY.-Representatives of the Scootac Power company were in Bellefonte last Friday looking after their interests in extending the service of the company to Bellefonte when the company is finally organized and the plant built. This is the company which has an ordinance now pending before the Bellefonte council for a charter for the Centre County Light, Heat and Power company, and which has an option on the borough's Green mill property at Milesburg.

Lee M. Patterson, of Lock Haven, who is the promoter of the company, returne i to his home from Philadelphia last Thursday and made the authoritative statement that he had secured pledges from Philadelphia financial institutions to the amount of two million dollars and feels confident he can get all the money that will be needed to finance the enterprise. The plan is to merge all the proposed subsidiary companies under one charter as the Scootac Power company and to extend the service east to Jersey Shore and up through the Bald Eagle valley to Bellefonte, furnishing electricity for light, heat and power purposes. Mr. Patterson is positive in his declaration that the plant will be built and feels confident that everything will be settled so that work can be started within six months, at the most.
