ADDITIONAL LOCAL NEWS.

NATIONAL DAIRY SHOW A BIG SUCCESS.—The Pennsylvania State Dairy Husbandry Department was represented at the sixth National Dairy Show, Chicago, last week by Professor H. E. Van Norman and W. A. Cook, of the instructional staff, and Messrs. Houghton, Felton, Loveland and Herrington, students.

Professor Van Norman is president of the Dairy Show organization and reports that this year's show was larger and better than ever. There were over one thousand head of dairy cattle, including herds from the States of Washington, Texas, Kentucky, Connecticut, New Hampshire, Minnesota and many others.

The show was notable because of the large amount of space used by each exhibitor for the display of the latest apparatus used in the dairy industry, one exhibitor alone having six and one-half car loads of dairy machinery on exhibition. It was notable for the educational exhibits, including feeding demonstrations, a full sized section of a modern cow barn and milk house, with charts and photographs all installed by the U. S. Government Dairy Division.

The Illinois Live Stock Commission, the University of Illinois and the State Dairy and Food Commission each had large and instructive exhibits, as did the Pure Food and Drug Commission of Kentucky. With the Dairy Show as a magnet, men were there from the extremes of this Continent, the Pacific Coast, Mexico, New England and Canada.

Many conventions, including the American Cattle Congress, the American Butter Manufacturers Association, National Creamery-Buttermakers Association, International Milk Dealers Association, Official Dairy Instructors Association, American Dairy Farmers Association and several cattle registry associations held meetings of from a single session to three days, many associations having elaborate banquets at which were present men representing dairy accomplishment, business success and aggressive leadership in their various departments of the dairy industry.

President Taft honored the show with his presence and an address, after which he sampled the mammoth cheese, weighing six tons, and presented to the dairy student having the highest score in the National cattle judging contest the cup known as the President's cup, which is the first tangible recognition the Chief Executive of the United States has accorded the student work in any national exposition.

At one of the banquets John R. Valentine, president of the American Ayrshire Club, promised the School of Agriculture of The Pennsylvania State College a fund which should be awarded to three students doing the best work in dairy cattle judging during their college course. This fund to defray their expenses for a trip to the future National Dairy Show as a judging team to represent the Pennsylvania State College.

Pennsylvania was represented in the cattle exhibits, market milk, dairy butter and creamery butter classes, but not as largely as she should be when it is remembered that Pennsylvania ranks second in the value of its annual dairy products.

Attractive and at the same time most gratifying to both gift makers and gift buyers at this season of the year, is Miss Morgan's great assortment of fancy work, in designs either elaborate or simple with suggestions for the bed-room, for the dining-room or for the living-room. The new punch work is perhaps the readiest seller, as it is very effective, quickly done and requires but little knowledge of fine work. For the knitter is a full line of Utopia yarns and for those preferring the finished pieces, simple and inexpensive little articles for remembrances and exquisite art pieces that would satisfy any lover of art needle work, can be gotten at Miss Morgan's shop at most reasonable prices.

Thieves are plying an active trade over in Philipsburg. Within a week one store was burglarized two nights in succession. A private dwelling was robbed in broad daylight and an entire wash of clothes was stolen from off the clothes-line.

RAY.—William Ray, a native of Centre county and one of the first men to be retired by the Pennsylvania railroad company when they established the pension system ten years ago, died at his home in Altoona on Saturday night, of paralysis. He was retired ten years ago at the age of seventy-five years and after that did light work until three years ago when he was stricken with blindness. Notwithstanding this fact he was in fairly good health up until two weeks ago.

Deceased was born at Centre Hall, this county, February 14th, 1827, so that had he lived until his next birthday he would have been eighty-five years old. When a young man he engaged in the burning of charcoal and later learned the blacksmith trade. He served during the Civil war as a private in Company H, 205th regiment. At the close of the war he went to Altoona and entered the service of the Pennsylvania railroad company as a blacksmith, in which capacity he labored until placed on the pension roll ten years ago.

His wife, who was Miss Mary Connor before her marriage, died six years ago but surviving him are two children, L. W. Ray and Mrs. Laura Wolf, both of Altoona. He also leaves one sister, Mrs. Sarah Blair, of Benora, this county. The funeral was held on Tuesday afternoon, burial being made in the Fairview cemetery.

STOVER.—After an illness of many months with a complication of diseases Mrs. Catharine R. Stover, relict of the late John H. Stover, died at her home one mile east of Unionville, at nine o'clock last Friday night. She was a daughter of Mr. and Mrs. Joseph Alexander and was born in Union township, at her death being 63 years, 6 months and 17 days old. Practically her entire life was spent on the farm on which she died. When a girl she became a member of the Methodist church and during her entire life was not only a faithful attendant but an earnest worker in the Master's cause. During all her illness she was a patient sufferer and bore her affliction with meek humility. Her husband died five years ago but surviving her are two sons and one daughter, namely: Clayton, of DuBois; Joseph, of Tyrone, and Mrs. Stella Parsons, on the old homestead. She also leaves two brothers and one sister, J. B. Alexander, of Snow Shoe Intersection; Mills Alexander, of Julian, and Mrs. Julia Emerick, of Unionville. Funeral services were held at her late home on Tuesday afternoon. Rev. Dr. Piper officiated and was assisted by Rev. R. S. Oyler, of Milesburg. Burial was made in the upper cemetery at Unionville.

MEYERS.—After an illness of some weeks Jacob F. Meyers died at his home at Coalport, Clearfield county, last Saturday. He was born in Centre county and was 68 years, 10 months and 4 days old. It 1865 he was married in Curwensville to Miss Mary J. Robbins, of that town, who survives with the following children: Mrs. D. A. Hinterliter, of Cresson; Mrs. W. R. Kline, of Deemer, Wash.; John H. and William A., of Altoona; Lewis L., Mrs. John Shaw, Mrs. Zimmerman and Mrs. Anna Meyers, of Coalport, and Miss Anna at home. He is also survived by eight sisters and three brothers, namely: Mrs. Rebecca Zimmerman, of Hecla; Mrs. Mary Strunk, of Mill Hall; Mrs. Sarah Miller and Mrs. Catharine McEwen, of Hublersburg; Mrs. Anna Harshberger, of DuBois; Mrs. Bunn Gardner, of Allport; Mrs. Henry Piper, of Jersey Shore; Mrs. Samuel Neff, of Philadelphia; A. M. and J. C. Myers, of Clearfield, and H. B. Myers, of Nebraska. He is also survived by twenty-five grand children and four great grand children. The funeral services were held in the Presbyterian church at Coalport on Tuesday, and were conducted by his pastor, the Rev. William Gibb. Interment was made in Coalport cemetery.

HOUSER.—On Tuesday, November 6th, Luella Elmira Houser died at the home of her parents at Houserville after a brief illness, aged 12 years, 5 months and 9 days. She was a bright young girl who had many warm friends, and had endeared herself to all by her kind thoughtfulness for everybody. Gone but not forgotten, she sleeps the long sleep of the innocent and will receive her reward at the hands of her Master. The funeral was held on Wednesday of last week and was largely attended. The services were conducted by Rev. S. C. Snyder, of Boalsburg, and burial was made in the Houserville cemetery.

EARON.—Mrs. Eva Catharine Earon died at the home of her son, Adam Earon, near Beech Creek, on Wednesday morning, of infirmities of old age. She was born in Germany on December 31st, 1828, hence was 92 years, 10 months and 16 days old. She is survived by one brother, Adam Meyers, of Beech Creek township, Clinton county; six daughters, thirty grand-children and eleven great grand-children. The funeral will be held this (Friday) afternoon, burial to be made in Allen's cemetery.

BECHDEL.—Mr. and Mrs. Lloyd Bechdel, of Liberty township, are mourning the death of their eldest daughter, six years old, who died on Friday evening after an illness of three weeks. She was a bright and interesting child and the parents are almost heart-broken over their loss. A younger sister and brother also survive. The funeral was held on Sunday, burial being made at Blanchard.

FUNK.—Mrs. William Funk died at the home of her daughter, Mrs. Geo. Meyers, at Woodlawn, Beaver county, on Sunday evening, after three months illness with dropsy. She was a daughter of Mr. and Mrs. Daniel O'Neil and was born and raised on Marsh Creek. She is survived by her husband and one daughter, Mrs. Meyers; also by the following brothers and sisters: William O'Neil, of Lilly; Mrs. Austin Kerns, of Moshannon; Mrs. James Burns, of Chicago; Michael O'Neil, of W. Va., and her mother, Mrs. Mary O'Neil. The remains were brought to Bellefonte on Tuesday morning and buried in the Catholic cemetery.

YEARICK.—After an illness of over a year with diabetes Corman Yearick died at his home at Nittany on Tuesday of last week, aged 30 years, 3 months and 20 days. Surviving him are his wife and four small children; his father, Benjamin Yearick, and three brothers, John, of Mingoville; Frank, of Pleasant Gap, and Clyde, of Waddle. The funeral was held last Friday morning, burial being made in the Hublersburg cemetery.

WAY.—Edward Way, a well known farmer of Halfmoon valley, died at his home near Stormstown, on Wednesday night of last week, of pneumonia, aged forty-two years. Several other members of the family are also ill with the same disease. He is survived by his wife and seven children, as well as a number of brothers and sisters. The funeral was held on Saturday afternoon.

HOLLOBAUGH.—Fay Hollobaugh, the two month old daughter of Mr. and Mrs. George Hollobaugh, of Coleville, died on Thursday of last week and was buried on Friday.

DEER KILLED ON WEDNESDAY.—The fact that most of the hunters who went after deer are away out in the mountains beyond the reach of communication in any way, makes it impossible to give any accurate account of the first day's shoot. But the good tracking snow on Wednesday morning rendered conditions very favorable and it is very probable that quite a number of deer were killed. The only place in the county where a report has been received is Pine Grove Mills. The J. Will Kepler party, encamped on Sand creek in the Seven mountains, got a fine buck, which was shot by J. W. Sunday, and J. C. Keatley, of Graysville, went out alone on Wednesday morning and got a buck before noon.

Residents of Ferguson township aver that more than a dozen deer were seen going from Tussey mountain across the valley to the Barrens, evidently having been driven from the mountain by the hunters. Shortly before noon on Wednesday a large doe came down off of Tussey mountain and attempted to cross to the Barrens between Graysville and Pennsylvania Furnace. Unfortunately it got tangled up in a barbed wire fence and in its struggles to free itself broke its back. The animal was killed to put it out of its misery and the carcass turned over to two game wardens. Just what disposition was finally made of it we did not learn.

HOSPITAL NOTES.—Thanksgiving day is drawing near and the public and friends of the Bellefonte hospital are asked to bear in mind the annual donation to that institution. Bellefonte people and people throughout the county, have always been quite generous, and this year the hospital is very much in need of all kinds of food supplies, as well as many other necessities.

Miss Minnie Gerginski, of Rolfe, and Miss Jessica Kerstetter, have completed their courses in the training school for nurses and will be given their diplomas on Thanksgiving day, without the formality of commencement exercises. Miss Gerginski will remain in Bellefonte while Miss Kerstetter will go to Pittsburg.

Dr. James H. Dobbins, who has been an inmate of the hospital the past year, has given a handsome rug for the office on the first floor. Dr. S. M. Huff, of Milesburg, was recently elected to the surgical staff of the hospital.

Mrs. Lillie Kellerman, of Bellefonte, and William Sutter, of Coleville, were admitted for treatment the past week.

On Sunday evening Hugh N. Cridler drove his big Silent Six Matheson car out home and left it stand on the street in front of his residence all night. Monday morning when he attempted to start the car to come down town he discovered that the cold wave during the night had frozen the water in the cylinders and cracked every one of them, completely ruining the motor. The car cannot be repaired without shipping it back to the factory at Wilkes-Barre.

The Scenic has been a popular place of amusement for the school teachers this week, which shows that they appreciate a good thing in this line just as much as do the people of Bellefonte. But then the moving pictures at the Scenic are universally enjoyed by the public at large, because they are always up-to-date and the best that manager Brown can secure. One solid hour's amusement for the small sum of five cents.

A surprise party for which forty-five invitations were accepted, was given for Mrs. John Page, Friday night of last week, at her home in Rebersburg, in celebration of her fiftieth birthday anniversary. The guests were from Bellefonte, Rebersburg and the surrounding country.

FOOTBALL NEWS.—The Bellefonte Academy football team on Saturday wiped out some of the sting of the defeat by Mercersburg a week previous by defeating the Williamsport High school eleven by the score of 32 to 0. It was the most one-sided game seen on Hughes field this season.

Apropos of the Academy's game with Mercersburg on the 4th, when they were defeated by the score of 31 to 0, it cast quite a gloom over the friends of this school, for the unprecedented record of the Academy in the first five games of the season had made their friends believe that they could play at least a tie game with Mercersburg even though the latter team does pose as the strongest "Prep" school team in the country today. It was the first defeat the Academy had suffered in two years, and it was just as unnecessary as it was overwhelming, for if three or four of the Academy boys had been as faithful in the observance of good rules of training as Mercersburg always is—for they train as strictly as the big colleges do, there would have been at least a tie score, if not a victory. The locals gave their opponents the biggest kind of a scare in the first half by reason of their successful forward passes and splendid running and would have scored a touchdown, it is believed, if an official had not accidentally blocked Holmes during his long run. Luck broke in favor of Mercersburg and the first half ended after thirty minutes of the hardest kind of struggle with the score standing 5-0 in favor of Mercersburg. During the intermission coach Sommers told his team that they were facing a 6-5 defeat at the hands of Bellefonte, little realizing that some of the latter team would lose the opportunity of a victory for their school by their wretched physical condition. When the third quarter got fairly started it became evident at once that the Mercersburg boys would win out by a reasonable score as they soon learned that they could advance by and through the one side of the line at will. It was a bitter disappointment to the Academy management to see a possible victory torn from their grasp in such an uncalled for manner, but a lesson has been learned that will make a repetition of the incident almost impossible. Dr. Irvine, president of Mercersburg Academy, complimented the Academy backs and said they had made more gains on their field than any backs of the opposing teams had done, including the Princeton and Penn Freshmen. Decker's runs startled the crowd. He also admitted that the poor physical condition of the Bellefonte boys had lost them the game. Well, let us hope for better luck next time.

The game at State College on Saturday between the State team and Colgate, was the best seen on Beaver field this season. The visitors outplayed State in the first half but the Centre county boys took a brace in the second half and pulled a victory out of what looked like a possible defeat, the final score being 17 to 9. This was the last game to be played at the College this season.

The Bellefonte High school suffered their second defeat of the season at Jersey Shore, on Saturday, when the High school team of that place defeated them by the score of 16 to 3. Tomorrow will end the football season in Bellefonte so far as the Bellefonte Academy is concerned and football enthusiasts will have an opportunity of witnessing a double-header. At two o'clock the Jersey Shore High school will play the Academy reserves and at three o'clock the regular Academy team will play the Bucknell Academy eleven. The price of admission for both games will be 35 cents, and it will be well worth the money. Remember it will be the last opportunity you will have to see the Academy play on the home grounds.

GOOD ATTENDANCE AT TEACHER'S INSTITUTE.—The sixty-fifth annual session of the Centre county teacher's institute, held in this place this week, was perhaps more largely attended than it has been in years, as the new school code makes it a matter of thirty dollars between attending or staying at home. The first session was held on Monday afternoon and the first speaker introduced was Prof. Smith Burnham, of the West Chester Normal school, who discussed literature, story telling and history. The remainder of the afternoon was taken up by Prof. William Pierce, of Ridgway, who talked on order and discipline. Monday evening Dr. Stanley Krebs, of Swarthmore, lectured on "Bouncing the Blues."

At Tuesday's sessions Prof. Pierce talked on languages, Prof. Burnham continued his discussion on literature and Dr. Krebs gave a very interesting talk on psychology. Tuesday evening the institute was entertained by Prof. and Mrs. Frank A. Hips, of King's School of Oratory, Pittsburg. The discussions on Wednesday and yesterday by Profs. Burnham, Krebs and Pierce, were all very interesting and instructive to the teachers and were listened to with close attention. The institute will close with a brief session this morning, after which many of the teachers will go to State College to witness the Pennsylvania Day exercises.

The School Directors association held their annual meeting in the High school room on Wednesday and yesterday. W. C. Heine, president of the association, presided and interesting talks were made by a number of members as well as the various institute instructors.

Free Hidden Debts. Foreign Commerce. Imported Labor Packages. Undervalued Hide Debts. Export Steel. Waste Coal. Twist the Sherman Anti-Trust Law. Trade Complication. Greater Cosmopolitan Grinding the Life Out of the Republic.

Editor Democratic Watchman:

The constitutional provision of (Act 1, Sec. 8), "that all duties, imports and excises shall be uniform throughout the United States" are violated by our incongruity tariff laws. To wit: On dutiable cotton goods there is levied fifty-six per cent. advalorem; on charcoal pig iron, six and one-half per cent. and on coke iron twelve per cent., and in the average of both ten per cent. by the specific rate of all being one scale, \$2.50 per ton dutiable, though the commercial value on charcoal and pig iron are twice greater. There are excluded charges on imported labor packages not included in statistical values of imports, to wit: Foreign transportation, insurance and commission of which we know not what amount.

In the first half of the century of the Republic the taxable scale on imported merchandise was the actual cash cost of goods packed for export. At that time the United States had an equal share in foreign ocean trade, to equalize debits on imports and exports transportation by foreign ships, but now these different exports of ninety per cent. of our foreign commerce carried in foreign ships and procedures of payments on imports by complicated barter, and excessive long hauls, waste coal ship rush to obtain commercial bills of exchange to pay debits abroad.

The export steel by the United States consolidation of various companies, to reduce cost on output and broaden the power of agencies abroad, for the markets anywhere, with our over capacity at bare cost and loss on royalty coal, where necessities to meet immediate wants of the wherewithal to meet our excessive foreign trade on high grade imports and transportation of imports and exports pay to foreign nations, that have become exceedingly aggressive (except France) of impoverishing the masses of silver paying Nations now driven to desperation, by money obliterated of \$1,893,000, 000 silver coin in India, China, and Siam alone and the upheaval of governments appalling.

SALVATION BY NATIONAL REFORM.

The administration bill of customs to be commercial, whereby the people will have a chart of knowing the amount we pay for foreign services, ocean and land, and resume coinage of our standard silver dollars of embossed motto "In God We Trust." The silver coins are more valuable than gold when equity prevails in the measure of valuation by ratio weight of silver and gold mined throughout the world the last twelve years twelve silver to one gold, and the average for one hundred years about fifteen to one. Revise the tariff to be in touch with the constitution named above. To build more American merchant marine. Railroads, mills and reservoirs to save coal and labor. The incentive joy are to work intelligently, industrial gains by avoidable bucket water hauling drudgery.

JAMES WOLFENDEN, Lamar, Pa.

TRIAL LIST.

Following is the list of cases on the docket for trial at the December term of court:

- FIRST WEEK. Spring township vs. the Central Railroad of Pennsylvania. An appeal, non assumpsit. JONATHAN AUMAN vs. Huber Manufacturing company. Feigned issue. MIRA R. GOEHEAN vs. Alice Gensimore and Annie Nearhoff. Feigned issue. PENN COMMERCIAL CO. vs. Mary C. Ammerman. Trespass. ISAIAS DAVIS, J. S. Pifer and James D. Steele vs. M. D. Kelly, H. P. Kelly, Matthew Shadeck and Samuel Emerick. Ejectment. MARY KAUFFMAN (formerly Mendleman) vs. Celia Mirbank and Harry Mirbank. Assumpsit. GEORGE FRAVEL vs. the officers of the Greek Catholic Free and Independent Church of Clarence. Assumpsit judgment. GEORGE STOTT vs. Henry Kline. Assumpsit. MORRIS BOHN vs. College township. Trespass. SAMUEL OSMAN vs. Spring township. Trespass. ANGELINA TATE vs. A. J. Tate and Wm. Dale. Rule to strike off judgment. WASHINGTON NATIONAL BUILDING and Loan Association vs. Michael H. Davidson and Jennie Davidson. Sci fa sur mortgage. Same vs. Andrew D. Bowes and Melissie Bowes. Same vs. Mary Jane Eagan, et al., two cases. Same vs. Susan E. Snyder. W. H. BRADFORD vs. M. D. Kelly, J. P. Darby and J. T. Kelly, trading as the Quaker City Coal company. Assumpsit. Mrs. NANCY BAKER vs. T. W. Krumke, Exr. Assumpsit. W. H. PHILLIPS vs. T. W. Kreamer, Admr. Non assumpsit. FRANK MCCOY, trustee, vs. J. Howard Lingle, et al. Non assumpsit. JAMES A. NOONAN and Louise Noonan vs. the Borough of Bellefonte. Trespass.

With the Churches of the County.

Notes of Interest to Church People of all Denominations in all Parts of the County.

REVIVAL MEETINGS.

Beginning with the services of next Sunday, November 19th, a series of revival meetings will be held in the Methodist Episcopal church of Bellefonte. These meetings will begin each evening (except Saturday evening, when no meeting will be held,) at 7:30 o'clock, and will be conducted by the pastor. All christian people are cordially urged to share in these meetings for the quickening of heart and life, and all who do not claim to be christians in experience are entreated to use them in seeking and securing the pardon, peace and life which our Lord proffers to all who truly seek Him.

ANNIVERSARY SERVICES.

Next Sunday will be the seventy-fifth anniversary of the organization of the Reformed church of Bellefonte; the thirtieth anniversary of the laying of the corner stone of the present church edifice and the tenth anniversary of Dr. A. M. Schmidt's pastorate, and because of this fact special anniversary services will be held both morning and evening. The public is invited.

Marriage Licenses.

Reuben G. Rishel, of Madisonburg, and Blanche P. Limbert, of Spring Mills. Alexander Park and Anna Henwood, both of Winburne. Frank Casselberry and Bernice B. Tressler, both of Howard. Chas. Eisele, of Clay Centre, Kan., and Rebecca J. Rockey, of Bellefonte.

Col. and Mrs. W. F. Reynolds entertained at dinner Friday of last week in honor of Mr. and Mrs. H. Laird Curtin of Curtin. At Mrs. Louise Harris's evening with cards Monday, finch was in play.

PINE GROVE MENTION.

Thomas Woolford was a Philipsburg visitor all of last week. Miss Lillian Dale, of Boalsburg, did shopping in town, Saturday. John Fortney spent part of Saturday in town on a business mission. W. D. Port spent Sunday and Monday with friends in Altoona. Mrs. John H. Williams is visiting friends at Woodward this week. Joe Eckly spent Sunday with his old neighbor, Emanuel Roan, at Pine Hall. Gibson McAfee and chum J. C. Way came in on Friday, each with a nice turkey. Mrs. Etta Shugert, of Altoona, is visiting friends here and through the valley. Will Wagner came down from Altoona all tugged up for a hunt with the Riley crowd. Waldo P. Cori is housed up nursing a bealed jaw, that is causing him sleepless nights. Dr. Frank Bailey, of Milton, is with the Pine Grove Mills hunters over on Stone creek. Walter Shutt and family, of Boalsburg, were royally entertained at the A. S. Walker home on the Branch on Sunday. Mr. and Mrs. John Bowersox, of Milroy, visited friends here and at Pine Hall over Sunday, returning home Monday morning. J. B. Witmer was out in Clarion and Butler counties last week in quest of a bunch of colts, but failed to find what he wanted. LOST.—Stable blanket between State College and Pine Grove Mills. Please return to Oliver Shaw's saddlery store at Pine Grove Mills. Dice Thomas is thus far the champion turnip grower. He has one to his credit large enough for a Thanksgiving dinner. Weight, 8 1/2 pounds. W. Frank Mayes, the popular granite man, last week placed splendid tomb stones at the graves of the late J. G. Fortney and J. B. Ard, in the new cemetery. John Drelichinski at private sale last week bought the G. W. Keschline farm, one of the finest in the valley. The price paid was \$5,400. He will occupy it April 1st, 1912. C. H. Meyers pulled in his thrasher on Saturday, having hauled out 40,000 bushels of wheat thirty per cent more than the crop of 1910, on the same number of farms. The stork was busy last week on its rounds, leaving a nice baby boy at Harry Musser's home in Shingletown, and a dear little girl at the Geo. Koch home. Both are doing nicely. The old proverb goes that a house divided can not stand. Thus it is with the Geo. Harper household. Mrs. Harper and several of the children have gone to State College to their new home while George and several of the youngsters are running the old farm. An army of nimrods climbed old Tussey's heights Monday. Six wagon loads of provisions and colic relief went out from here. The Roosevelt club went into quarters at the old McCormick place above Graysville. Hon. J. Will Kepler and his bunch are in camp in the Shull Gap. Our town was all ablaze Monday morning when young Randolph reported two deer grazing just above town.

LEMONT.

Robert Herman came in from Philipsburg to enjoy a few days among old-time friends. Winter apples are selling at fifty-five cents per one hundred pounds and potatoes at \$1 per bushel. John Peters came in from his western home to spend the deer season in the mountains with his old comrades. The hunters of small game have bagged but very little so far, for aside from some five or six turkeys, there has been but little reported. College township's new school board will be composed of the following gentlemen, viz: P. C. Bradford, L. F. Mayes, Chas. Dale, William Ralston and S. B. Wasson. Abraham Evey opened his new store here in town this week, and it is hoped that he will gain a good trade, as he is not able to do any work owing to a paralyzed condition of his hand and arm. The teachers are spending the week at the county seat, attending the county institute and it is hoped that they will bring many good ideas home with them to put into their work in the school room, so that the whole community may reap the good seed of truth thrown out by the instructors. Several days ago Mr. O. C. Spencer, head miller for the Wasco Warehouse Milling Co's 2,500 barrel mill, of Dallas, Oregon, called on our miller, Mr. Clayton Eiters, to investigate the working of several machines Mr. Eiters has, before placing them in their large mill, and he pronounced the flour Mr. Eiters was making, and his separate to be the finest he has ever seen. And this means much, especially for a small country mill.
