SPRING MILLS.

H. I. Brian made a business trip to Snow Shoo on last Tuesday, and returned on Saturday. After a week's visit at State College Miss Anna M. Cummings returned home on Saturday

The Penn Hall hunting club, possibly twenty strong, left on Tuesday last on a two weeks hunt-

How about turkeys for Thanksgiving dinner; They are not very plentiful around here. Will we be forced to be satisfied with sausage?

The sudden blizzard like weather of Sunday and Monday last, with winds of a cyclonic order, reminds us very forcibly that winter is not far

Overcoats and mitts were in demand Monday when the mercury dropped 40 degrees in six hours, registering 6 degrees above zero Monday

Some of our Republican friends here have no

as yet gotten over the late election earthquake. They swallowed it about like a child does when it takes a dose of castoroil. J. C. Condo, of the Penn Hall carriage works,

had a galvanized corrugated roofing put on his residence, and intends putting the same kind of roofing on the carriage plant. We are always pleased to hear of the success and advancement of our young men who are seek-

ing fortunes in other latitudes. Merchant H. F. Rossman informed me a day or two since that Harry W. Grenoble, formerly of our town, has just been promoted from night dispatcher at Cumberland to day dispatcher at Keyser, West Va., on the B. and O. railroad. Mr. Grenoble is a young man of undoubted abilities. S L. Condo has certainly made a great in

provement in the southern part of town or what is called the Hill. He has just erected a very substantial three-story building for the manufacture of vehicles, sleighs, sleds, etc. The building is 35x45, and is being fitted up with all the modern improvements and conveniences, Besides dealing in vehicles Mr. Condo is quite a large dealer in harness and horse goods.

Scotch Accent Too Much For Him. The only real blot on my visit to Glasgow, says a writer in the London Sketch, is my total inability to speak with a Scottish accent. I rather pride myself, as most people do, on my vocal imitative faculties, but I confess to all the world here and now that I cannot imitate the Scottish accent. My Irish is beautiful; it would make all Dublin weep. My American is quite good: I could nearly always get any thing that I wanted in the shops if I had the money. Anybody can talk days. Welsh who cares to substitute "p" for "b" and "f" for "va." But the Scottish accent eludes me. Sometimes 1 speak a little Scottish, tentatively, to the policeman or the tram conductors or the shopkeepers. The policemen draw their staves, the tram conductors stop their trams, and the shopkeepers put up their shutters. I am not quite sure, but I rather think that I sha!! shandon the unequal struggle.

She Was Persistent.

A huge package once reached Sir Walter Scott from a young lady in America for which he had to pay \$25 expressage. It contained a manuscript play and a letter from the fair author requesting Scott to read and correct her work, write a prologue and an epilogue, arrange for its production at Drury Lane and negotiate with a pub. and would not be regarded as a poor lisher for the copyright. That was bad enough, but worse was to follow. About a fortnight later arrived another mighty packet, charged with a similar postage Scott, who had not grown wiser by experience, paid the charges and opened the parcel. Out came a dupilcate copy of the play and a second letter from the authoress, stating that as the weather had been stormy and she feared something might have hap pened to her former manuscript she had thought it prudent to send him a duplicate.

How Centipedes Walk.

An eminent authority has investigated the peculiar wavy motion of centipedes and millepedes to determine the manner in which these animals manage to use their superabundant pedat extremities so gracefully and harmomously It has been found that the legs move in groups or waves, each wave including a definite number of legs. The number of waves included in the length of the body is constant for each species. In millepedes the waves of each side are synchronous. In centipedes they are symmetically alternate, giving rise to beautifully accordant movements. The difference may be explained by suggesting that the millepede moves like a pacing horse, the centipede like a trotter .--Chicago Record-Herald.

A Pleasant Surprise.

A young man in Indianapolis felt his heart sink as he pulled from his mail box a letter of the wedding invitation type. That was the fifth he had received this season, and he had begun to wonder whether he had any friends left in the single state.

"Another five dollar bill busted to smash," he mourned. Then he opened the envelope. But it was only the announcement of a wedding that had taken place the week

before. And he found in the same cover a check for \$5. It was then that he recalled a bet made with a friend years before. The conditions were that the one first married should pay the other \$5 .- Indian-

And Upside Down at That. "Where does this train stop next?" asked the pervous traveler on an un-

apolis News.

certain railway. "Well, boss," replied the porter. "dar's three washouts an' some bad track right along here, an' she's liable to stop mos' any place mos' any minute."-Washington Star.

Experienced.

"That trained nurse is quite remarkable. She made a man I know cough up a brass tack at the hospital."

"That's nothing to what she can do. She made the young doctor she's enenged to cough up a diamond ring."thorne. Baltimore American.

Married Women's Names

In England and in the United States a woman loses her identity in marriage. In Belgium and Spain the hushand adds the name of his wife to his own. In the United States women ometimes retain the family name, as Mrs. Harriet (Beecher) Stowe. In the Channel islands the woman never loses her maiden name. In Spain the children write the names of both parents, as Llarena y Monteverde. In "Don Quixote" is the following: "Casajo was my father's name, and I, for being the wife of Sancho Panza, am called Teresa Panza, but by good right they ought to call me Teresa Casajo." In Scotland both names are preserved, and the woman is always known by her maiden name. In Wales it is the custom to describe the woman by her maiden name. The fact that a woman on becoming the wife of a man loses her identity is apparent in many portions of the Bible, when under the ancient custom man, on taking a wife, declared that she be came "flesh of my flesh and blood of my blood," thereby establishing the old time saying that man and wife are one.-Richmond Times-Dispatch.

Tyranny of the Tip. There have always been those who have revolted against the tyranny of the tip. So long ago as October, 1795, we find that ubiquitous personage. "Constant Reader," venting his grievances in the columns of the London Times. "If a man who has a horse puts up at an inn," he complains, "besides the usual bill he must at least give 1s. to the waiter, 6d. to the chambermaid, 6d. to the hostler and 6d. to the jackboot, making together 2s. 6d. At breakfast you must give at least 6d. between the waiter and hostler. If the traveler only puts up to have a refreshment, besides paying for his horses' standing he must give 3d. to the hostler; at dinner 6d, to the waiter and 3d. to the hostler; at tea 6d. between them; so that he gives away in the day 2s. 6d., which, added to the 2s. 6d. for the night, makes 5s. per day on an average to the servants." They did the thing pretty thoroughly in those

A Millionaire. The term "millionaire" is of international use, but it does not mean the same thing in the mouths of different nations. To every one it means the possession of a million, but not neces sarily a million dollars. In Great Britain a millionaire has a million pounds, or hearly \$5,000,000, while in France they count francs, so that there a millionaire is a comparatively poor individual with but \$200. 000 to bless himself with. Million zires are quite common in Prussia. but a million marks don't mean much these days, amounting to a trifle of \$250,000 in our money. For millionaires of real class it is necessary to go back to old Babylon. The Babylonian millionaire had 1,000,000 talents man even by a Wall street office boy. A talent was about \$2,000, and a million of them would be \$2,000,000,000.

A Triple Play. It was at the end of the ninth inning. Yet, though the home team was two runs to the good, things

looked black for them. The visitors were at bat. There were no outs, and three men were on was up, and Terry's batting average reached the clouds.

Terry hunched his shoulders and waited confidently, and a groan went

up from the bleachers. The ball flew in three pieces, and the pieces flew in three directions. One was caught by the pitcher, one was pulled out of the air by the shortstop, and one landed in the first baseman's mitt. A triple play! The game was the home team's.

The bleachers went wild.-Philadel-

change. Happiness in this world, when comes, comes incidentally. - Haw: Some Verbal Slips.

Without being a pedant one may note many inaccuracies in the use of words in his own speech and in that of others. Perhaps "excuse" for "pardon" is the most common of these, not to consider mere malapropisms or murders of the king's English. "Anxious" used where "eager" is meant is another frequent error, and more often "secure" is spoken incorrectly than correctly. Ordinarily when "procure" or "get" is intended "secure" is said. These instances do not come within even the category of distorted synonyms. They are simply words misapplied. Of practically synonymous terms which have different shades of meaning the misuses of ordinary conversation and of writing are innumerable. But to find fault with most of these latter wants of precision would be priggish. It is a profitable mental exercise to study at times a book of synonyms or a thesaurus. The book stores and libraries will be glad. besides, to guide the wayfarer to many books of verbal purities .- Kansas City

The Little Word "Yes." "Yes" is a simple word spelled with

three letters. It has caused more happiness and more unhappiness than any other word

their career than all the strong liquor It has caused more fights than all the "You're a liars" that ever were spoken. It has procured kisses and provoked

It has defeated candidates and elected scoundrels. It has been used in more lies than

any other expression. It is not meant half the time it is Will it continue to make such a rec

Yes .- Philadelphia Inquirer.

Snake's Method of Attack No snake is able to jump or spring from a coil in order to strike, as often represented in pictures. It can only strike when it resembles the letter S and is lying flat on the ground. It can then only reach the distance supplied by stretching the body out straight. The two curves in the figure S supply this distance, which is about half the length of the body. No snake jumps through the air to its victim or springs clear from the ground, rising upon its tail. Such stories and pictures are all false. Neither do they coll like a rope and strike from that position. They may coil partially, but the part of the body that does the striking is ever and only that part which makes the figure

Milton's Opinion. Milton was once asked if he intended to instruct his daughter in the different languages. He replied; "No, sir. One tongue is sufficient for a woman.

Fame can never make us lie down contentedly on a deathbed.-Pope.

Rulers of England

The first to rule over all England was Egbert, king of Wessex, who united all the various petty kingdoms and became king of England in 827. The greater kingdom was disrupted from 878 to 958, when the Danes ruled north of the Thames. In the latter year King Edgar reunited the kingdom, and since that time it has never been partitioned. Between Edmund Ironside (1016) and Edward the Confessor (1042) three Danish kings ruled all England-Canute, Harold I. and Hardicanute. The first king of Great Britain was James I. (1603). The first king of the United | 56-45 Kingdom of Great Britain and Ireland was George III. From the conquest of Ireland in 1172 by Henry II. the kings of England were styled Lord of Ireland until the assumption of the title king of Ireland by Henry VIII., and thereafter this title was used until the act of union in 1801. The imperial sovereignty of India was assumed by Queen

Like a Scene From the Middle Ages. The oldest and largest university in the world is El-Azhar at Cairo. Founded in 975, it has been from the start a national institution, the khedive being the rector. The minimum age of entrance is fifteen, and the applicant must know half the Koran by heart, if blind the whole Koran, and be able to read and write. The curriculum consists of virtually nothing but theology and canon law, the final examination fifteen years after matriculation being upon these, together with traditions of the prophet: Grammar, etymology. rhetoric and logic. It is the same instruction which has prevailed for centuries, and one who goes into the great court where the circles of students are sitting at the feet of their Gamaliels looks upon a scene preserved from the middle ages, "a perfect specimen, living, breathing and entire."-Argonaut.

Fasting For Health. Thousands of years before it was practiced as a religious rite fasting was practiced as a health measure in Egypt, India and China. Contemporary to Cicero was Asclepiades, a Greek physician, who strongly advocated this idea, and 1,000 years after his day Ibn Sina, philosopher and medical sage, argued the virtues of temporary abstinence on the ground that it came easier than constant mod-

PHYSICIAN'S CHAIR.—A good leather up-holstered physician's and surgeon's ex-amining chair for sale cheap. Modern and in good condition. Apply to JOHN M. SHUGERT.

WHEREAS, a petition was presented to the town council of the borough of Bellefonte, on the 3rd day of April, 1911, by the owners of property adjoining and adjacent to that portion of High street lying between Spring creek and the Mill race leading to the Gamble, Gheen & Company mill, at least two-thirds of whom have signed said petition, representing at least two-thirds in amount to be assessed thereon, agreeing to pay their proportionate share of the expense thereof.

Therefore be it ordained and enacted, and it is hereby ordained and enacted by the town council of the borough of Bellefonte, in town council assembled:

SECTION 1. That all that portion of High street

assembled:

Section 1. That all that portion of High street lying and being between Spring creek and the Mill race leading to the Gamble, Gheen & Company mill, be paved with brick in accordance with the same specifications formerly approved by the council in connection with the brick paving heretofore done on Allegheny street as a portion of the State highway, to be faced with a proper and sufficient curb of uniform standard, which brick paving shall include the crossings across Dunlap street at its intersection with High street.

Section 2. That two-thirds of the cost of said street at its intersection with High street.

Section 2. That two-thirds of the cost of said brick paving shall be assessed against the adjoining property owners per foot frontage of each property, in accordance with the petition hereinbefore referred to, notice of which assessment shall be given by the Secretary of Council, and the same shall be collected in accordance with the Acts of Assembly in such cases made and provided, and that the entire cost of the curbing required along the sidewalks of said adjoining properties shall be assessed against the same and collected in manner provided by law.

Section 3. That prior to said paving, the bor-

collected in manner provided by law.

Section 3. That prior to said paving, the borough shall place all necessary manholes for its water and sewer pipes, and that all private or public companies or corporations occupying any portion of said section of street underneath the surface thereof, shall prepare proper means to reach the same in the future for repairs or other purposes without disturbing the surface of said paving after the same shall have been completed.

Section 4. The after said paving is completed. purposes without disturbing the surface of said paving after the same shall have been completed.

Section 4. That after said paving is completed and accepted by the borough, no brick or portion of said paving shall be temporarily removed or taken up by any person or corporation without first obtaining permission in writing from the Secretary of Council, who shall issue the same only at the direction of the borough engineer; and any portion of said paving removed under such permit, shall be replaced under the direction of said borough engineer, and after such methods and in such manner as he shall direct; provided that any person or corporation who shall in anyway violate any of the provisions of this section, shall be subject to a fine of twenty-five (\$25.00) dollars for each violation thereof; and further if such paving should not be relaid by such person or corporation in a proper manner, the borough authorities are hereby empowered to relay the same and charge and collect the cost thereof from such corporation, together with ten per cent. (10 per cent) thereon as penalty therefore.

Ordained and enacted into an ordinance at a regular meeting of the town council of the borough of Bellefonte on the 6th day of November, A. D. 1911.

J. C. HARPER, President of Town Coun
