—At the regular meeting of the Womens Club of Bellefonte held in Petrikin hall Saturday, December 2nd, Miss Anna Hoy will read a paper on the Value of Literary Clubs. All members and their friends are asked to be at this meeting.

—Mrs. Edwin E. Sparks, of State College, entertained seventeen tables of bridge in honor of Mrs. John K. Tener, Saturday afternoon. Governor and Mrs. Tener were house guests of Dr. and Mrs. Sparks during their visit to State College the latter part of last week.

—One of the best attractions at the opera house this season was "His Honor, the Mayor," last Thursday evening. The company was evenly balanced, carried their own scenery and the dancing dolls were a feature enjoyed by all. The company was greeted with a good house.

—The many Bellefonte friends of Miss Abbie Cook, daughter of Mr. Charles F. Cook, who has gone through a serious siege of typhoid fever at her present home in Kansas City, Mo., will be glad to know that she has so far recovered as to be able to sit up a brief time each day.

—Don't forget the Thanksgiving donation for the Bellefonte hospital. The institution is in need of anything and everything you can give in the way of produce, groceries, canned goods, jellies, lard, etc. And the management will appreciate any donation, however small.

—Several Italians have left Bellefonte within the past few days to return to their native land and render service in the army. The cases known were of Italians who had left Italy to escape the service, but now that their home land is at war they have gone back to fight, if they should be needed.

—Some time during Monday afternoon the top coping on the front wall of Brantman's new building fell out with a crash. The coping was composed merely of one layer of brick, without being tied to the balance of the wall, and being top-heavy toppled over. In rebuilding it was tied firmly in place and is now regarded perfectly safe.

—Rev. Mr. Cottrell, of Amity, Pa., will preach in the Milesburg Baptist church on Sunday at 11 o'clock a. m., and 7 o'clock p. m. Rev. Cottrell is a very able minister and as he comes to Milesburg as a supply for next Sunday only it is desired that the congregation turn out in full to hear him, while the general public is invited also.

—Mrs. James Harris entertained at dinner Friday of last week in honor of Mrs. Hewitt, Miss McCalmont's guest. The same evening Mrs. Warner and Mrs. Kerstetter, of Harrisburg, who were at State College for Pennsylvania Day, were guests of honor at a party given by their hostess Mrs. Harry Yeager. Mrs. Bert Robb's evening entertainment Tuesday, was given for the choir of the Presbyterian church—Mrs. Robb is the church organist.

—Miss Verna May Chambers, daughter of Mr. and Mrs. David Chambers, of Clarence, won the automobile in the Republican's subscription contest. The three gold watches were won by J. Edward Decker, of Bellefonte; G. C. Snyder, of State College, and R. W. Noll, of Pleasant Gap, while the fortunate winners of the diamond rings were Harry D. Rerick, of Bellefonte; James R. Shuey, of Benner township, and Nellie Rathmell, of Hublersburg.

MANY DEER AND BEAR KILLED.—While it has so far been impossible to get even a good estimate of the number of deer and bear killed so far this season there is every reason to believe that the kill has been a large one. This belief is based on the fact that most every one of the few parties heard from have one or more deer, or a bear or two hanging up in their camp. One Phillipsburg party, who are encamped at McCord's on the Black Moshannon, killed a she bear which weighed 250 pounds and her two cubs weighing 90 pounds each, the first day of the season.

The Pine Run hunting club composed of hunters from Snow Shoe, Tyrone and Pittsburg, encamped near Clarence, have two bucks hanging up whose aggregate weight is 390 pounds. One was the spoils of the unerring aim of councilman B. J. Shellenberger, of Tyrone, and the other was shot by one of the Kellys, of Snow Shoe.

E. J. Stover, of Warriorsmark, accompanied by his son, went over onto Tussey mountain back of Graysville last Saturday and was fortunate in bringing down an eight pronged buck. They also saw a fine doe and yearling fawn, but of course did not shoot at them.

Clinton county papers estimate that the kill in that county so far will total sixty deer and fifteen bear, and that record will probably be equalled in Centre county. But Lewistown nimrods hunting on the south side of the Seven mountains either have better luck in getting the biggest deer and bear in the woods, or else they grow bigger on the south side of the mountain than they do on the north, if the reports sent from there are correct.

A report sent out from the Reed hunting camp is in effect that Harry Reed, of Reedsville, killed a buck which weighed 300 pounds; another member of the party named Rhoads shot one weighing 240 pounds, and John Spigelmyer, of Altoona, got a seven pronged buck (weight not given.) David Bartlett, of Lewistown, bagged a black bear which dressed 300 pounds, and Calvin Spigelmyer and John Glenn, of Lewistown, each got a twenty-five pound wild turkey gobbler. If there is any hunting party in this part of the State that can beat the above record the WATCHMAN would be glad to hear of it.

The first two deer seen in Bellefonte this season were taken through town on Wednesday by representatives of the Jeanette hunting party, which is in camp over in the Seven mountains above Pottery Mills. And the one being an Albino or white deer, was quite a curiosity while it lay on the truck at the passenger station from ten o'clock in the morning until one in the afternoon. The Albino was a two-spoke buck and the other one a three pronged one.

A telephone message to the WATCHMAN office on Wednesday conveyed the information that on Tuesday the Foust party, of Reedsville, in camp near Pat Gherrity's, got a big four pronged buck.

The Modocs of Boalsburg have two deer; the State College hunting club two deer and a bear; the Kepler party of Pine Grove Mills one deer; the Bradford party of Centre Hall four deer; the Penn Hall crowd three deer; and the Chambers-Uzzle party of Snow Shoe three deer.

On Wednesday Mr. C. T. Gerberich received a card from his son Harry, in which he stated that the Panthers had one bear but up to that time had not seen a deer. But there was enough rejoicing in the camp over the one bear, as it has long been their desire to capture one.

Last Saturday two nice deer were brought into Howard. One was shot by Robert Confer Jr., at the headwaters of Big run. The name of the man who got the other one could not be learned.

Edward Hill, brakeman on the Lewisburg and Tyrone railroad, is authority for the statement that down at Paddy Mountain two camps have each three deer hanging up, though he didn't know who the parties are.

Thomas Kelly, of Cato, got a nice five pronged buck the latter part of last week, while hunting alone.

Valentine Goodwin, of Pine Grove Mills, got a fair sized buck on Tuesday while hunting on Tussey mountain. He was out alone and of course has the whole deer as his spoils of the chase.

On Wednesday afternoon a big bear strolled down off of Tussey mountain and roamed through Pine Hall and into the sacred precincts of State College. Whether the animal had heard of the advanced educational facilities of the College or was looking for a site for the new penitentiary has not been learned, but he was not at all backward and actually passed through the western part of State College borough. A number of precocious hunters got after him and by actual count fourteen shots were fired at him, without any effect apparently, and he continued on his way to the Barrens.

KILLED ON RAILROAD.—John C. Evans, of Duncansville, was killed on the railroad between Altoona and Hollidaysburg some time Saturday night. The body was found Sunday morning and was badly mutilated. Evans worked for the Vi-pond Construction company, at Tyrone, and went home every two weeks and it is supposed that he was walking from Altoona to Duncansville when struck by a train. He was forty-nine years old and was a native of Centre county, though he had lived in Duncansville twenty-four years. He was married and leaves a wife and two children, as well as a number of relatives in this county.

—"The Wolf" will be a play worth seeing. Don't miss it.

—Those who underwent operations at the Bellefonte hospital the past week were Allen Hoy, Martin L. Altenderfer and Mrs. E. C. Tuten, of Bellefonte. Mrs. Mary Poorman, of State College, was admitted for treatment and Mrs. Minnie Bechtol, of Bellefonte, and Mrs. Julia Shope, of Milesburg, discharged. There are now twenty-one patients in the institution.

The next entertainment in the Y. M. C. A. Star course will be on Wednesday evening of next week when John B. Ratto, psychologist, will appear in the Y. M. C. A. gymnasium. Mr. Ratto's program is miscellaneous, each number naturally and logically following in sequence, making a grand panorama of associated characters. He is an impersonator of remarkable ability, and has the power to sway his audience from screams of delight to tears of sadness. The usual prices will prevail.

—Just before eight o'clock on Monday evening Melvin Cowher, son of Boyd Cowher, went into the Porter—Hoy hardware store and asked permission to use the telephone. It was granted and he went to the instrument in the rear of the store. While there the men in the store, forgetting Cowher, all went out and locked up, leaving him there a prisoner. He was considerably dismayed when he realized his predicament and it was some time before he managed to attract the attention of policeman Justice by kicking on the door, and the latter telephoned to Edward Owens, who went to the store and released the lad.

—Out at Pitsaam on Saturday night eleven persons were injured because the side door of a moving picture show house was locked and those in attendance were compelled to crawl through the windows when two reels of films caught fire and were dropped by the operator at the main entrance to the theatre. Such a thing could not happen at the Scenic as there are two side and one rear exits, which safe-guards the place against any ordinary emergency. This element of safety, as well as the up-to-date program of moving pictures are good reasons for the liberal patronage it enjoys. The people are always satisfied they will get their money's worth.

The anniversary services held in the Reformed church last Sunday were of more than ordinary interest, and were attended by large congregations. In the morning the pastor gave a review of the congregation's history from its beginning, seventy-five years ago, to the present time. Also a review of his ten years ministry in Bellefonte. In the evening letters of greeting from four former pastors were read namely: Revs. Dr. Hiram King, Dr. J. F. DeLong, Dr. R. Leighton Gerhart and Rev. Thomas L. Bickel, the only former pastors now living. The special offerings for the day amounted to \$172.50, with more to be added to this amount. During the ten years of his pastorate, Dr. Schmidt received 161 members into the congregation. During the same period the contributions for all purposes have amounted to \$30,000, an average of \$3,000 per year.

—Work on the High street bridge is progressing steadily. One half of the old structure has been torn away and seats have been cut in the stone abutments for the heavy steel girders which will span the creek. One car load of this material is here and they will be placed in position as soon as everything is ready. There has been considerable speculation on the part of residents of Bellefonte as to whether the new bridge will be built in sections or the entire old structure torn away and traffic cut off on High street until the new bridge is built. As now planned the south side will be built up so that foot traffic at least can keep open before the north side is torn down. The only objection to completing the south side entirely before tearing down the north side is the matter of the concrete. At the most, however, the bridge people do not expect to keep the street closed over a week, if at all.

COUNCIL HOLDS SHORT SESSION.—It took the borough duds only fifteen minutes to get through with all the business there was to transact at Monday evening's session of council. There were no verbal or written communications. In the reports of the standing committees among other things the Street committee reported the laying of six hundred feet of sewer pipe on Stony Batter, and the Water committee reported the meter bills for the current quarter to be \$587.24. Under the head of old business it was reported that the repairs had not yet been made on the superstructure of the Lamb street bridge, and as it is considered in an unsafe condition the Street committee were instructed to confer with the county commissioners regarding the same without delay. Complaint was made of the bad condition of the pavement along the Brant house property on Allegheny street, and the matter was referred to the Street committee.

A resolution was passed formally accepting the state road on Linn, Allegheny and Bishop streets and the brick paving on the Diamond, and the clerk was instructed to notify abutting property owners who have not already paid the assessment for their portion of the same, that it is now legally due and collectible. There being nothing else for consideration bills to the amount of \$679.90 were approved and council adjourned.

STATE COLLEGE STUDENT BADLY INJURED.—H. B. Flagg, a Junior at State College, was badly injured in a fall of twenty feet in the gymnasium, on Wednesday afternoon, and at this writing is lying in a critical condition in the Bellefonte hospital with grave doubts of his recovery. His skull is fractured, three ribs broken and in addition to body bruises he is injured internally.

The students were making preparations for the opening of the basketball season and Flagg had gone up on an I-beam of one of the trusses to adjust the hangings of the basket. He had completed his work satisfactorily and was climbing back along the beam, hand over hand, to the ladder at the wall, when his companions were horrified to see him sway for an instant then fall twenty feet to the hard floor of the gymnasium. It all happened so suddenly that none of the students were able to get to the spot to catch him so as to break the force of his fall. He was picked up bleeding and unconscious and it was at once apparent that his injuries were very serious. As quickly as possible an automobile was secured and he was brought to the Bellefonte hospital. Word had been telephoned here of the emergency case and several physicians were in waiting when the machine with its still unconscious burden reached the hospital about 6:30 o'clock and he was speedily given all attention possible.

The examination revealed the fact that his condition was not only very serious, but critical and his parents were immediately notified by telegraph and arrived yesterday. While the accident is an extremely unfortunate one no blame can be attached to the college authorities or his fellow students. The work that he did had been done many times before in the same way and was not considered a dangerous feat. It is the general belief that Flagg was seized with cramp or vertigo which caused him to lose his hold on the beam and fall to the floor.

A BIG TIME FOR PLEASANT GAP.—Thanksgiving comes only once a year, and we should make the best of it when it does come, we should see to it that the old American ideas and ideals should forever dominate in this our glorious country: every Thanksgiving should remind us that our national life can be kept clean and pure so long, only, as we exhibit individually and collectively the same examples of fortitude, patience, heroism and Godliness as was shown by those who participated in the first Thanksgiving in 1621. Now in order to commemorate this long cherished idea the ladies of the Lutheran congregation of Pleasant Gap concluded to hold their third annual specialty in Noll's hall on Thanksgiving day. The projectors are noted for giving value received in their famous entertainments. The following program has been adopted: The opening on Wednesday evening, November 29th, oyster supper, Thursday (Thanksgiving noon) a full chicken dinner, Thursday evening, a chicken and waffle supper. For these full meals only 15 cents will be charged per meal. In addition ice cream and cake will be served during the entire session. Home-made candies, fruit and an immense line of fancy goods will be on sale. The proceeds to be applied to the general building fund. Since that church must from necessity be either remodeled or rebuilt forthwith, and the congregation is limited in numbers, they take this method of appealing to the good people to aid them in this laudable enterprise. A pleasant and agreeable time is assured. Come!

GEORGE ROBB'S BUTCHERING.—Ten helpers for each hog when four are killed look as if some people must have been in other people's road up at George Robb's butchering on last Thursday. But when it is known that there were two preachers, an undertaker and a lawyer in the crowd the reader will surmise that a large percentage of George's helpers were bosses who worked only when those two turkeys and eight chickens, all so tastefully stuffed and browned, were set out on the dinner table, along with such a menu of vegetables, pies and cookies as the Robb women have the reputation for getting up. Everybody about here knows George Robb, veteran and good fellow—and we say this even though we weren't invited to the butchering. The big day in George's year is when he invites his friends up to his cosy place in the gap above Coleville to help him eat the butchering dinner. Because George is wise enough to know that that is about all a lot of them are good for. Of course we except Charley Shuey, for they do say that donned in a fur cap, gum boots and a big white apron, he scraped pigs so hard that the bristles flew clear over the top of the mountain. The party was a great success, of course. It always is. And next year, if George is still with us and he has the pigs, the same thing will be done over again and everybody there will have just as good a time as they had last Thursday.

STARTING A HOSPITAL FUND.—The Pennsylvania State College is to have a hospital of its own some time in the future and steps have already been taken to create a fund for the erection of same. On Pennsylvania day Dr. Sparks announced that for the year ending June 30th, 1911, the Juniors, had donated \$203, and the Freshmen \$1,200, a total of \$1,403. And for the year ending June 30th, 1912, it is estimated that the Juniors will pledge themselves to give \$1,075; the Sophomores \$1,134; the Freshmen \$1,748; and the two year agricultural men \$526, a total for the year of \$4,483, and a grand total of \$5,886. This money is donated and pledged from the damage department and as soon as the fund becomes large enough to justify it a hospital will be built.

The annual union Thanksgiving services will be held in the Presbyterian church at ten o'clock on the morning of Thanksgiving day. Dr. Ambrose M. Schmidt, of the Reformed church, will preach the sermon. The offering will be for the benefit of the Bellefonte hospital and the public is requested to go prepared to give liberally.
