Bellefonte, Pa., January 19, 1912.

Twining Plants.

Harper's Weekly.

Primitive Race.

In the more inaccessible parts of the fork of a little maple sapling. Sierra Madre mountains in northern Mexico live a curious people called the Tarahuamaris. Many of them dwell in caves, but they have also small villages, all of them about 8,000 feet called teshuin from the same cereal. he quickly got out of her way. * Their language is limited to about 300 words, and they cannot cou't beyond

Wanted to Patent a Circus.

P. T. Barnum once came to the ofthree-ring circus. In technical parlance his three-ring circus was an aggregation and not a combination to produce a new result. Therefore it was not patentable, which information highly incensed the showman. "It will be adopted by every circus just as soon as I make it known," he declared. And it was .- From the Scientific American's "Ten Stories."

Rap at English Language.

ONE BIRD'S LABOR OF LOVE

Naturalist Watches Thrushes Building Their Nest, Where the Female Did the Work.

The other day I sat for an hour One of the peculiarities to be no watching a pair of wood thrushes enticed in connection with the twining gaged in building their nest near "Slabof plants is the fact that with very sides." I say a pair, though the fefew exceptions all the individuals of male really did all the work. The one species always twine in the same male hung around and was evidently direction. Most plants twine in the an interested spectator of the proceedoposite course to the movement of the ing. The mother bird was very busy sun or the hands of a watch. Such bringing and placing the material, twiners are the morning glory, wis- which consisted mainly of dry maple taria, wax plant, trumpet creeper and leaves which the winter had made many others. Among those which thin and soft, and which were strewn twine in the opposite direction the over the ground all about. How hop and wild bindweed, or climbing pretty she looked running over the polygonum, are familiar examples .- ground, now in shade, now in sunshine, searching for the leaves that were just to her fancy! Sometimes she would seize two or more and with a quick, soft flight bear them to the

Every five or six minutes during her absence the male would come and inspect her work. He would look it over, arrange a leaf or two with his beak, and then go his way. Twice above sea level. The Tsrahuamaris he sat down in the nest and worked are small in body, but possessed of his feet and pressed it with his much endurance. Their only food is breast, as if shaping it. When the femaize, and they manufacture a drink male found him there on her return

But he brought no material, he did no needful thing, he was a bird of leisure. The female did all the druggery, and with what an air of grace and ease she did it! So soft of wing, so trim of form, so pretty of See to know if he could patent the pose and so gentle in every movement! It was evidently no drudgery to her, the material was handy, and the task one of love.-Country Life in America.

NOT ALL ARE LIKE THIS

Example of the Cold-Blooded New York Landlady Probably an Exception.

"Ever since coming to New York I Mr. Ruskin was once asked if tt have heard about the cold-blooded that the body would hardly be re-

covered. "The woman's first thought was that she wanted her husband to know A German who had come to Amer- of their loss and come to her comfort. particularly busy today, and I cannot spare him,' was her harsh reply. Rather hotly I informed her that I would immediately telegraph him, It should need no long discussion to and she replied that the message convince parents that, if they want would not be delivered until after

working hours. "Later I learned that I should have partment and a policeman would have mother had to wait for the comfort of her husband until 'after working hours,' nearly ten hours, at that."

How Divers Fish.

When diving lessons are going on at a small teapot, and the vessel must the Newport Training Station there be only half full when ready for use. is always fish for supper. The thick Be careful of the drip when replacing black mud at the bottom of the bay it on the stove. Several accidents this is dotted with flounders, big fellows season have proclaimed its danger that the divers easily capture by hand and bring up without any trouble. It is hard to walk on the sea floor without stepping on them, where they lie half buried in the ooze. All the man under water has to do is to stoop and pick them up. Being a sluggish fish, they make very little resistance and (sadly)—"Yes, I know; I was down to see his daughter the other night, and tail or fins without any fuss. Big eels, too, are plentiful, fat, green fellows thick as a man's arm. It would take a stout net to hold them and no diver dares to tackle one, no matter how The reason why the sun retains its much his mouth waters for eels stewheat despite the large amount it ed in milk. The muscular contortions gives out is explained by the fact of such eels as inhabit Newport harthat heat is generated by the fall of bor would be pretty sure to foul the lifeline or airhose and would probably result in the diver's death, so the men in the diving suits confine themselves to the complaisant

The Order of Precedence.

The fair Englishwoman looked puzzled. "How do you manage," she asked, "about going out to dinners and about presentations and all that sort of thing? You know no order of prece-

lence, don't you know." "Oh, mistake not," cheerfully replied the American. "We have, indeed." "I have not been able to discover it. What is the basis of it?"

"Oh, we go alphabetically, don't you know."

Cleaning Glass Vases.

Flower vases which have become cloudy and discolored should be cleaned with a mixture of vinegar and salt, poured in and well shaken about. A long piece of stiff wire, upon the end of which is a little pad of soft rag, should be poked into all the corners and crevices, and the vase then rinsed in warm water and dried with a good polishing cloth. Fly marks upon the gilt frames of pictures should be rubbed with half a lemon and then polished with a chamois

Art Anachronism.

"It is generally acknowledged that the most brilliant little cavalry officer the nation has ever produced was Oliver Cromwell. It is, therefore, peculiarly unfortunate-but it is nevertheless a fact—that on the statue of the Protector which stands outside Westminster hall the spurs are represented as attached to the boots upside down! Further, the left spur is on the right foot, and the right is on the left, while it is insisted by the best experts that the spurs are not of the period."-Bargain Book.

Paving the Way.

At a political meeting a very enthusiastic German made a speech beginning like this: "My dear fellow citizens and fellow Shermans. I don't vant to say nodings about nobody, but look at dem Irish in de Tenth vard; vot have dey got? Paved streets! Und vot have ve got? Mut! Mut! Now, my fellow citizens und fellow Shermans, vot I vish to say is dis: Coom, let us put our heads togedder und make a block pavement."--The Housekeeper.

Fault May Be in Eyesight. Children who suffer very much from headaches without any apparent cause should be taken to an oculist to have | zine. their eyes examined. It may be that they are overstraining them without being conscious of the fact. Defects of the eyes can be cured in so many cases if glasses are worn for a time,

Promotion Shoots.

come accustomed to wearing them.

and even the tiniest children soon be-

A wise old financier confides he has often found it valuable to put a stupid man on a promotion scheme. He understands baseball, and this is the way he explains it: A great batter doesn't expect to see a ball come to him straight over the plate; when the dull promoter puts his straight over the plate it catches some of the keenest of 'em napping.

Estimation of Genius. Charles V. asked Michael Angelo one day in what estimation he held Albert Duerer. Then, with all the

talents, he instantly replied: "I es. care of the ewes during the winter. teem him so highly that I would if I were not Michael Angelo, much rather be Albert Duerer than even Charles V."--Life.

Beneficent Work of Nature. ca have been enlarged and its orchards have been rendered more productive and valuable. Grain crops have been made surer and larger and food for A CAREFUL PERUSAL WILL PROVE ITS domestic animals has become more varied and more satisfactory.

Geographical Glee.

Milwaukee, to the funnysmith, is but one vat of beer; Chicago is the windy burg, with lots of atmosphere; Sioux Falls, as the divorcee's joy, long since attained renown, and Brooklyn, to the humorist, is baby carriage town,

VALUE TO EVERY BELLEFONTE READER.

The average man is a doubter and there is little wonder that is so. Misrepresentations make people skeptics. Now-a-days the public asks for better evidence than the testimony of strangers. Here is proof which should convince every Bellefonte

which should convince every beneather reader.

Mrs. C. Johnson, 365 E. Bishop St., Bellefonte, Pa., says: "I cannot say too much in praise of Doan's Kidney Pills, for they are the best remedy I ever used for back-ache and other symptoms of kidney complaint. At one time my back was so lame and painful that I could hardly get around and dizzy spells were common. I was restless at night and my kidneys gave me great annoyance, the kidney secretions being unnatural. On the advice of a member of my family who had used Doan's Kidney Pills with benefit, I procured a supply at Green's Pharmacy Co. and they did me so much more good than any other medicine I had previously taken. The kidney secretions became natural and the pains and lameness in my back was removed. I heartily recommend Doan's Kidney Pills to anyone afflicted with kidney complaint." (Statement given October 21st, 1907.) ney complaint." tober 21st, 1907.)

PERMANENT RELIEF. PERMANENT RELIEF.

On November 23rd, 1999, Mrs. Johnson was interviewed and she said: "I still have confidence in Doan's Kidney Pills. They permanently cured me of kidney trouble and I have had no need of a kidney medicine during the past two years. Other members of my family have taken Doan's Kidney Pills and in each case benefit has been derived."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
