Democratic State Convention.

2.00

Democratic State Headquarters, Harrisburg, Pa., February 6th, 1912.

To the Democrats of Pennsylvania: In pursuance of the rules governing the Demo cratic party of Pennsylvania and agreeable to the action of the Democratic State Executive Committee at a special meeting held in the Democratic State Headquarters, Harrisburg, on the last day of February, 1912, notice is hereby given that the Democratic State Convention will assemble in the Majestic Theatre, at Harrisburg, on Tuesday, May 7th, 1912, at 12 o'clock, noon.

The business to be transacted at said convention will be: The nomination of one candidate for Auditor

The nomination of one candidate for State

Treasurer. The nomination of six candidates for Electors at large, and to elect in the manner provid-

ed by the rules of the party. Twelve delegates and twelve alternates at large to the National Democratic Conven-

and to consider such other matters, pertaining to the interests and success of the party in Pennsyl vania, as may be brought before it. WALTER E. RITTER.

P. GRAY MEEK. Secretary.

"Sounding Brass and Tinkling Cymbals."

The Democratic State Executive Committee did a number of important things at its meeting in this city yesterday, but among them all, perhaps, the most important, the most significant of the character and purposes of the reorganiza tion movement, was the committee's unanimou approval of the proposition made weeks ago by State Chairman Guthrie to Walter E. Ritter, of Williamsport, claiming to be State Chairman, and

This proposition made and rejected early in January, was to unite with Mr. Ritter and his committee in a joint call for a convention, the roll to be made up under joint supervision, placing on it the names of those shown to be elected by the official certificates, and no others, and to be call ed by a temporary president to be also jointly selected, and leave to the convention thus organ ized the decision of all questions

The above we copy from Mr. McCor-MICK'S Harrisburg Patriot. It is the same kind of rot that Mr. GEORGE W. GUTHRIE and Mr. VANCE C. McCORMICK-partners in the effort to divide and discourage the Democracy-with the few hangers-on they can get for the price they are willing to pay, have been giving the people since January last.

Now both Mr. GUTHRIE and Mr. Mc. CORMICK know just as well as does any one else that the rules of the party and the laws of the Commonwealth fix, plainly and explicitly, how the roll of the convention shall be made up and what authority shall name the person to call it to order. And they know also, that there is no power under the sun that could authorize Mr. GUTHRIE and Mr. RITTER, or any other self-constituted committee, to attempt to make up that roll or call that convention to order in any manner other than that prescribed by the rules of the party.

It is upon the certificate of election furnished by the county commissioners of his county-and upon that alone-that a delegate's name can be put upon the roll and Mr. GUTHRIE or Mr. RITTER have no more authority to exclude from that roll a name that is certified as elected or add to it one that is not certified, than they would have to add to or take from certain provisions in the regularly enacted laws of the Commonwealth.

They know, too, that the rules of the party are just as explicit in specifying how and by whom the temporary chair man shall be chosen and who shall call the convention to order. And they know these things just as well as they know how and by whom the roll must be made up and what names must be placed upon it.

This proposition to ignore and set aside the rules of the party, and to defy the laws of the State, under the pretext of wanting to get the party, together, is a presumption that the Democrats are a pitiable bunch of asses unable to distinguish between an honest effort to unite the party, and a deliberate scheme to get it into additional trouble and make illegal every act its convention would undertake to perform.

If these people were in earnest about being willing to have but one State convention and wanted to get the party together, why didn't they call their rump meeting at the same hour and in the same place that the regular convention had been called to meet? There can be no dispute as to who the legally elected delegates are, for the commissioners' certificates of election, which every delegate must produce, will show that. If their backers had a majority of them they could run the convention just

as they saw proper. And why should they ask more? Simply because their purpose is to ruin if they cannot rule.

-The Hon. WILLIAM BERRY'S advice to Democrats of Centre county would come with better grace if he were a Democrat. But when a man takes all he can get from a party, then leaves it as he says he has done, we think he should be hiding his head rather than telling those who have remained loyal what to do.

-There is comfort in the fact that the South pole was discovered without a quarrel between the searchers.

Plain Truths that Democrats Should Know.

Certain it is that there was no one in this entire section of the State, during the past two years, who did more to help along the cause of the Keystoners, or to create a sentiment for the re-organization of the Democratic party than our friend Mr. JOHN F. SHORT, of the Clearfield Republican. Evidently Mr. SHORT has sickened of the job, as it is being carried on, and grown tired of his late associates who are now without cause showing the real-purpose of their undertaking to be the building up of a selfish and undemocratic faction, rather than the betterment of the Democratic party. From Mr. SHORT's paper of the two last issues we clip the following extracts, and ask the attention of readers of the WATCHMAN to the undisputed truths he makes public. Read this, Democrats, and you'll be wiser about matters you will be expected to vote upon at the coming primaries.

A Change for Worse.

From the Clearfield Republican of March 1st. The Guthrie-Palmer-McCormick faction of the Democratic party is no better than the Guffey-Hall-Donnelly-Ryan faction. Mr. Guthrie received the aid, counsel and financial backing of Colonel Guffey and all of his followers in his successful contest for Mayor of Pittsburg. "Billy" Brennan was the manager of Guthrie's campaign and the aesthetic Guthrie never kicked on the use of Guffey-Brennan methods or their money until after he took the oath of office.

"Billy" Brennan's best friends in Pittsburg say more than \$40,000 of Guffey-Brennan money was spent for Guthrie and without a murmur of protest. Not until he was out of office and ready for another job did Mr. Guthrie show signs of violent reform tendencies in party managements.

Same is largely true of A. Mitchell Palmer. Colonel Guffey and Senator Hall financed several of Palmer's campaigns to wrest the Democratic leadership in the Carbon-Monroe-Northampton-Pike congressional district from Howard Mutchler. Likewise the Guffey-Hall-DeWalt organization was used to the limit by Palmer to achieve his ends. He even went out on the stump for Grim in 1910 and plead for his election and the repudiation of Berry. Palmer was a tied fast follower of Colonel Guffey and Senator Hall so long as he had use for their money and their or-ganization. Last year he felt he could stand alone and he bloomed out as a reformer, under the wing of Guthrie and backed by Vance McCormick's bank account. It was simply a change of financial backers with Palmer. He thought Colonel Guffey was broke and quickly flew to the next best thing he could get

How leadership of the Guthrie-Palmer brand with McCormick as the "angel" can improve on the Guffey-Hall-Donnelly brand is the perplexing question. It would be the same close corporatian and just as liable to deal with the enemy as it is alleged the present organization is ever ready. There might be a difference as to reasons but none whatever as to results. Guthrie and McCormick have always been ready and willing to aid the enemy when the platform or the personnel of the Democratic ticket did not strike their fancy. Neither of them could "stomach Bryan and the Chicago platform." They flew the track then and have never been back on the track with all the endorsement of the Citizens ticket in Pittsburg in 1905 when that Pittsburg "reform' bunch placed the name of Lee Plummer at the head of its column on the November election ticket instead of the name of William H. Berry in the State Treasurer fight. Plummer beat Berry 28,804 in Allegheny county because of Guthrie's Citizen party having Plummer's name at the head of its ticket. In the much damned bailiwick of the Donnelly-Ryan cohorts-Philadelphia, Berry had a majority of

32,147 over Plummer. We do not allege for a moment that the Donnelly-Ryan organization in Philadelphia should receive the credit for Mr. Berry's big majority in that city, but we do allege and it is a well known fact that George W. Guthrie and his so called reform bunch in Pittsburg were responsible for Plummer's big majority

There is just one way to reorganize the Democratic party in Pennsylvania and that is by forcing both factions to stand aside and choose leaders who can and will lead honestly; leaders with brains and endowed by nature and experience with the elements of lead-

Clearfield county Democrats have no use for either faction and will not support candidates for State or National delegate who do not come out in the open and declare for a new deal; declare against both Guffey and Palmer line-up all around.

(From the same issue of the Republican.)
No man in Pennsylvania did more to disrupt the Democratic party and render it impotent for good as a strong virulent minority than did George W. Guthrie. He bolted the Chicago platform and ticket in 1896 and ever since has been up in the clouds theorizing and gazing upon the image of George W. Guthrie as the nly honest Democ rat within the confines of the Keystone State.

Must Declare Themselves.

From the Clearfield Republican of March 8. That announcement in the Harrisburg Patriot and copied in several papers of this congressional district to the effect that the Democrats of Clearfield county together with the Democratic county chairman of Centre and Mc-Kean had endorsed Asher Johnson, of McKean county, and John C. Barclay, of Clearfield, at a meeting in Clearfield, as candidates for delegates to the Baltimore convention, is mali-

ciously false. While Vance C. McCormick, of Harrisburg, was here the week of February 19th prosecuting a damage case in court Democratic County Chairman Kimport, and Bob Foster, of Centre, and J. G. Paul, of the "reorganizers" Democratic faction and Asher Johnson, of McKean, came to Clearfield to talk things over. They had a conference at Mr. McCor-mick's hotel but what Clearfield men were present no one knows. No Clearfield Democrat can be found who knows anything of the confer-

The following day Mr. McCormick's paper, the Patriot, announced that the conference at Clearfield had practically selected Barclay and Johnson to represent this district at Balti-more and to elect a National committeeman. That the people will want a word or two on the subject before anyone gets credentials goes without saying. Vance McCormick may be able to help Messrs. Barclay and Johns in the district in a financial way, but he should not count his chickens so early. There are other Democrats in the district who want to represent the district at Baltimore besides Barclay and Johnson. William Hanley, of Mc-Kean; W. A. Hagerty, of Clearfield, and P.

as candidates. Each and all these are as good ocrats as either Barclay or Johnson and may have better claims on the honor than either of Mr. McCormick's favorites. Sure it is that the Democrats of Clearfield county do not intend to tie up to the Guthrie-McCormick Palmer faction or line up for candidates who will do the bidding of that faction at

Harrisburg or at Baltimore. We want no more betrayal of the sentiment of the Democratic voters of this county in either State or National convention. The Clearfield county Democrats are against both Palmer and Guffey, against both factions now claiming the right to run party affairs. Every Democrat who wants to be a National dele gate should 'declare himself-Barclay and Johnson and all the others. Vance McCormick is no more fitted to select delegates for the Democrats of this district than is Colonel Guffey, and the people will not tolerate his interference any more than that of any of the bosses of the other faction.
