

With the Churches of the County.

Notes of Interest to Church People of all Denominations in All Parts of the County.

AT REBERSBURG AND TYLERSVILLE.
The C. E. Societies of Rebersburg held a union meeting on Easter Sunday evening in the Reformed church. The president of the Lutheran Society, Mr. T. A. Auman, had charge of the service. It was an inspiration meeting. The main auditorium of the church was filled with attentive listeners. The offering was liberal and will be applied toward the erection of a residence for the C. E. missionary in Japan.

The spring communion was administered in the Reformed church at Tylersville on Easter Sunday morning. In spite of the inclement weather there was an excellent attendance and the per cent of communicants was good. One person was reinstated. The offering overpaid the appointment.

PINE GROVE MENTION.

Mrs. Curt Meyers is a grip victim. Some of our farmers have begun ploughing. Mrs. Daniel Irvin spent Saturday in Tyrone viewing the Easter fashions. Mrs. Frank Swabb has been ill the past week and is not improving very fast. Morris Bohn is shy a good horse that died suddenly last Thursday morning.

Prof. Samuel C. Miller, of West Chester, was a welcome guest at his parental home over Easter. Theo. Ritchie, a prince of good fellows, spent Easter Sunday and Monday with friends at Pine Hill.

A two hundred foot well has just been sunk on the Chas. Snyder farm, with seventy feet of water.

David Barr attended Presbytery at Altoona this week as a representative from the Presbyterian church here.

Health officer Port is quite busy tacking yellow cards as a quarantine for messels and a few cases of diphtheria.

John E. Reish, a student at the Susquehanna University, is spending his Easter vacation at his home here.

W. Harrison Walker spent Thursday in this end of the county visiting his chances for the county chairmanship.

Liveryman Evey is short a horse that sickened on the road from Warriorsmark to Pine Grove, where the animal died.

The many friends of Mrs. Shultz will be glad to learn of her recovery from a serious operation at the Bellefonte hospital.

Jos. S. Meyers last week disposed of his personal effects and left for Pittsburg to make his home with his son-in-law.

Wilson Cummins, the well known drover of Stoneville, was here for fresh cows, but the prices did not suit his purse.

Wm. N. Roush, who has a good position in an auto factory in Tarrytown, N. Y., is visiting his family on Main street this week.

The venerable Martin Haven, one of our oldest citizens is seriously ill at the St. Elmo, suffering a break down of the nervous system.

Farmer N. E. Hess last Friday purchased a new Stanley forty horse power car containing all the modern improvements. It's a dandy.

Perry Gentzel, one of Spring township's progressive farmers, was around among our farmers last week and purchased a bunch of young cattle.

Jacob Clapper, of Ohio, administrator of his brother Henry's estate, with other relatives are here for a final settlement before the auditors.

John R. Lemon is spending several weeks with his son Clarence in West Virginia, and expects to spend some time in Pittsburg on the way home.

Weiland and Ginzler are arranging to erect a new carriage shop on the old site and in addition a large garage for their extensive trade at Boalsburg.

Harry Irvin for the first time in twenty-five years is visiting Baileyville, the home of his child, hood, and noted many changes, most of the old folks having passed away.

John Johnson, who was at the Wills Eye hospital in Philadelphia last Friday, is not improving as rapidly as he hoped, and is now in Altoona under the care of a specialist.

The venerable Samuel Ellenberger, now past eighty-two years old, is planning for a month's visit with friends in and about Sunbury shortly. He is one of the kind that don't appear out of the sixties.

Poles are up ready for the wiring from this place down the Branch and across the valley to Frank Millers where the farmers line makes connection with the Commercial company's line. Some fifteen phones will be installed on this line.

On Tuesday Charles and Blanche Parsons were passengers west, bound for Warriorsmark to be present at the fourteenth birthday anniversary of their only platmate, George Bloom, whose parents, Henry and Mrs. Bloom, arranged for the occasion.

Last week a corps of surveyors located the State road from Tyrone via Pine Grove Mills to State College. A petition endorsing this route is being circulated and largely signed. There is also another petition largely signed recommending the White Hall road to State College.

The three-linked men fraternized in the I. O. O. F. hall last Saturday evening when the officers elected for the ensuing year were installed by district deputy grand master R. M. Krebs, as follows: N. G. H. N. Walker; V. G. L. P. White; Rec. Secy., J. W. Sunday; R. S. to N. G. H. A. Elder; L. S. to N. G. H. Myers; War., A. S. Walker; Con., J. H. Bailey; R. S. to J. E. Kepker; alternate, Harry McCracken.

After the routine business was gone through with, all were invited to the dining room to partake of the spread that was prepared by the committee. The wind-up was a smoker. Prof. Miller acted as toastmaster and succeeded in getting many members on the floor to respond to short toasts. It was a late hour when adjournment was made. The lodge is one of the best in the county and working along the line of membership the last time the roll was swelled twenty-two members and more awaiting admission. The degree team now appears in a costly new uniform, of which the boys are very proud.

How much do I know about myself? Such a question honestly asked and answered would show at once the need of a medical work such as Dr. Pierce's Medical Adviser. It is a book dealing with the plain facts of physiology, hygiene and reproduction, in plain English, and is sent free on receipt of stamps to pay expense of mailing only. Send 21 one cent stamps for paper covered books, or 31 stamps for cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

HUBLERSBURG NOTES.

The old school house in the town which has stood the storms for many years was disposed of at public sale last Saturday by the board of directors. Harvey Truckenmiller, of near Bellefonte, was the purchaser.

Boyd Heckman, who is operating a saw mill a half mile north of our town, had a fire last Tuesday afternoon, when a spark from the smoke stack ignited the dead grass in an adjoining field, and the strong wind drove the fire over the entire field before it could be extinguished.

The commencement exercises of Walker township High school began on Sunday evening, April 7th, at which time Rev. Faust, of Howard, preached an able and interesting discourse to the graduating class.

The exercises proper were held Wednesday evening, April 10th. The members of the class acquitted themselves well, which is sufficient to prove that success comes only to those who put forth diligent and persistent efforts. The speaker of the evening was Dr. S. E. Weber, dean of the school of Liberal Arts, State College, who gave an eloquent and spirited talk on "The Value of High School Education." The members of the graduating class were Lulu Glessner, Estella McCormick, Mabel Bierly, Malcolm Emerick, Clair Grubb, Lillian Kessinger, Madeline Spayd and Hope Strunk.

LEMONT.

Mrs. Daniel Keeler is getting along nicely. Claude Hoy is slowly getting better now, as the fever has broken.

Monday was cold and windy and did not feel like a spring day.

Mrs. Agnes Grove is spending a few weeks at Watson, at the home of her son William.

Ortberine Dale and wife came up from Montgomery to attend the funeral of his brother Edward.

A corps of surveyors have been working near town this last week, but it is not known what they are working on.

This warm weather has brought out the wasps and fishermen, and by the number of the latter seen along the creek the sport must be fine.

Chas. C. Shuey spent a few hours at the home of his parents, Mr. and Mrs. Jacob Shuey, as both of them have been ill. They are slowly getting better.

Prof. R. U. Wasson, of Coburn, spent a few days at the home of his mother, near town, and went home Saturday, to be on hand Monday to open his select school.

The frogs make things lively with their songs these warm evenings, but Monday evening the thermometer stood at 25 degrees and made it too cold for open air concerts.

Saturday morning while some men were fishing along Spring creek two dogs brought a fine deer from Nittany mountain, and the men drove the dog and the deer waded along the creek for more than an hour, then returned to the mountain.

The schools of College township have about all closed, and it was a very successful term, as was shown by the examinations held during the term by the teachers, which is part of the course of study adopted by the school board a few years ago, and is being worked out to the satisfaction of parents and all others interested.

The following officers of Lemont Lodge, No. 717, I. O. O. F., were installed for the ensuing term by Past Grand J. C. Eters on Saturday evening: N. G. George Glenn; V. G., John S. SPRING HILLS.

J. C. Cameron, of Berwick, made a business trip here on Monday last.

Monday last we jumped back to winter weather, decidedly cold, ice everywhere.

Considerable house painting is going on all over town. Apparently we are getting proud.

Mrs. W. T. Stealy, of Sunbury, was here on a flying visit to her sister, Mrs. C. C. Cummings, on Wednesday last week.

Cleaning up and burning rubbish previous to garden making, to be followed by the white-wash brush, are the next pleasant jobs in order.

No politics all winter, but they are now getting up quite lively. No doubt we will get enough of political claptrap before the summer is over.

This week's primaries, no doubt, will meet Teddy and his third term business. The people are about as sick of Roosevelt as they are of Bryan.

W. O. Gramley on Friday last had a sale of all his cows, a dozen head of very superior stock, also a 4-horse gasoline engine. The sale was largely attended, and realized over \$1,400.

Of course eggs suffered here very severely on Easter. Everybody seemed to have plenty of them. I did hear of one or two parties gobbling up a dozen each for breakfast, but really that's a trifling loss to egg-travagant.

Friday last being the opening day at the millinery salon of Mrs. Geo. W. Wolfe, I called in to take a glimpse of the latest styles of feminine head wear. The rooms were beautifully decorated and arranged for the occasion, and thronged with anxious and delighted sight-seers. The display of hats is simply bewildering in almost every conceivable shape and style. Among the trimmed Parisian and London models are some of the prettiest and most artistic hats that can be found in this end of the county. Mrs. Wolfe has certainly displayed exquisite taste in her selection.

High Pressure Days.

Men and women alike have to work incessantly with brain and hand to hold their own nowadays. Never were the demands of business, the wants of the family, the requirements of society, more numerous. The first effect of the praiseworthy effort to keep up with all these things is commonly seen in a weakened or debilitated condition of the nervous system, which results in dyspepsia, defective nutrition of both body and brain, and in extreme cases in complete nervous prostration. It is clearly seen that what sustains the system, gives vigor and tone to the nerves, and keep the digestive and assimilative functions healthy and active. From personal knowledge, we can recommend Hood's Sarsaparilla for this purpose. It acts on all the vital organs, builds up the whole system, and fits men and women for these high-pressure days.
