Bellefonte, Pa., May 10, 1912.

TO CORRESPONDENTS.—No communications published unless accompanied by the real name of the writer.

## THINGS ABOUT TOWN AND COUNTY.

—Mrs. Ann Cox is quite ill at her home on Allegheny street.

—Another baby girl arrived in the home of Mr. and Mrs. Herbert Auman last Saturday morning.

—The Bellefonte Academy minstrels on Friday and Saturday evenings of next week, May 17th and 18th.

—Mrs. Samuel Decker, of North Spring street, was taken to the hospital last evening for an operation for appendicitis.

—On next Monday the employees of the Pennsylvania railroad company will don their white caps for the summer season.

—Mr. L. T. Munson, who underwent an operation last week, has been resting very comfortably ever since and doing as well as can be expected.

—On Monday Harry Harper bought the fixtures and belongings of the Lyric moving picture theatre from Mr. Brandman and in the future will operate it himself.

—A meeting of the Altoona Motor club will be held next week to make arrangements for their annual club run to Bellefonte, which will likely be made the week following.

—The final meeting of the year for the Bellefonte Chapter of the D. A. R. was held Wednesday night, Mrs. John Porter Lyon, the treasurer of the Chapter, being hostess.

—Sim the Clothier has leased the store room in the Nittany Inn block, State College, formerly occupied by the Pearce brothers and will open a branch store there next week.

—A little son was added to the family of overseer of the poor and Mrs. Harry Badger last Wednesday night and the following day a little girl came into the home of Mr. and Mrs. Jesse Dunlap.

—Be sure to engage seats for the Academy minstrels. The musical numbers will please you and the German Sketch to be given by a dozen or more of our Bellefonte "stars" will afford you a hearty laugh.

—New songs, new jokes, elaborate costumes, staging and scenic effects combine to make a marvel of wit, beauty and splendor at the Bellefonte Academy minstrels. In the opera house next Friday and Saturday evenings.

—A petition is being circulated among the property owners on High street providing for the paving of the street from the bridge to the Diamond. The matter will be taken up at the next meeting of borough council.

—The board of directors of the Y. M. C. A. has authorized secretary Weston to name two periods a week when boys who are not able to take out a membership in the association will be allowed the free use of the new swimming pool.

—The Young People's Society of the Methodist church of Milesburg will serve an "Old Fashioned Army Supper" in the firemen's hall on May 30th, 1912. The supper will be 25 cents. All are invited. Ice cream and cake will also be for sale.

—While working on a lumber job near Bald Eagle on Monday afternoon John Stevens, of Port Matilda, was caught under a falling tree and had his left leg broken in two places. A physician from Tyrone reduced the fracture after which he was taken to the Phillipsburg hospital for treatment. He is a member in good standing of the Port Matilda lodge of Odd Fellows.

—On Friday of last week Supt. F. H. Thomas started out to the freight station at Coleville in his Franklin car with Robert Walker driving. When they got out the road a little distance Mr. Thomas took the wheel, but he kind of lost control of the car and before he knew it he had collided with a milk wagon and knocked off one rear wheel. The horse frightened and tore up the harness pretty badly but Mr. Thomas will stand for all damages.

—Captain and Mrs. Bowie, of Punksutawney, have taken charge of the local work of the Salvation Army in Bellefonte. They are very much in need of furnishings for the officer's quarters. The captain will be thankful for any discarded furniture that can be used, such as floor coverings, window shades, beds, bed clothes, dishes, etc. Any person having anything in this line can call the Salvation Army on the Commercial phone, or drop a post card and the stuff will be called for.

—Two Coleville young men were fined eleven dollars by Squire W. H. Musser on Tuesday evening for persisting in writing annoying letters to pretty Miss May Price, daughter of Mr. and Mrs. William Price, who moved to Coleville from Eagleville on the first of April. Miss Price's beauty and winsomeness captivated the Coleville boys and as she was unresponsive to their advances they pestered her with letters of various descriptions. The result was she had four of the young men arrested but there was evidence against only two of them and it cost them just eleven dollars for airing their ardor.

W. L. DAGGETT ELECTED COUNCILMAN IN PLACE OF GEORGE S. GRIMM.—Landlord Wells L. Daggett, of the Bush house, will hereafter represent the West ward in the borough council in place of George S. Grimm, resigned, he having been elected at a regular meeting on Monday evening.

Only five members—just a quorum—were present to transact the evening's business. There were no verbal communications and the only written communication was a letter from Joseph J. Rhoads inquiring what council intended doing regarding the damage to the Rhoads property on west Linn street through the building of the state road. This question has been before council repeatedly but nothing definite was ever done and the matter was referred to the Street committee and borough engineer with instructions to investigate the same at once.

The Finance committee reported a balance of \$239.90 in the hands of the treasurer, while nothing of special importance was reported by any of the other committees.

At the last meeting of council landlord J. Mc. Davis, of the Garman house, submitted a proposition in effect that he would furnish the brick if the borough would put down a crossing from the hotel to the court house. The matter was referred to the Street committee to find out if a crossing could be placed there with safety and upon their favorable report council agreed to put down the crossing if Mr. Davis would furnish all the material, brick and stone and cement for the curb.

The Street committee reported that the walk along the south side of the Union cemetery was in a very dangerous condition, also the pavements along the Lane and Orlady properties on Linn street and the clerk was instructed to see that the owners get a legal notice to repair the same within ten days or it will be done at their expense by the borough.

President Harry Keller appointed A. Miles Barr an auditor for the accounts of the Pruner orphanage estate.

Charles E. Dorworth entered a protest against his water rent for the quarter ending January 1st, 1912, which was \$30.65, ten dollars in excess of any previous bill. The difference was occasioned by a frozen and broken water pipe and council voted to allow him a credit of ten dollars on the bill.

At the last meeting of council George S. Grimm tendered his resignation as a member from the West ward, owing to him leaving town and at the suggestion of president Keller the resignation was duly accepted, with regret, by a resolution of council. Mr. Keller then announced that council had the privilege of choosing his successor and upon motion of Mr. Cherry, W. L. Daggett was elected to fill the unexpired term which will run to the first Monday in January, 1914.

Borough solicitor J. Thomas Mitchell stated to council that on November 20th, 1911, he sent out notices to all property holders abutting on the state road to pay their assessment within six months as provided by law. The total amount was \$5,400. Of this sum \$4,000 have been collected and \$1,400 remain unpaid. In order to secure the borough against loss it will be necessary to enter liens against the properties on or before May 20th, and Mr. Mitchell asked the authorization of council to take such action as was necessary. He further stated that the \$1,400 is divided among about fifty-five property holders and he felt confident that half of them will settle in preference to having a lien entered against their property. He was instructed to go ahead.

Tomorrow (Saturday, May 11th) was set as the date for the opening of the curb market and the Market committee desires all farmers to regard this item as official notice thereof.

The newspapers were also requested to call the attention of the tax payers of Bellefonte to the fact that the regular water appeal will be held in the council chamber this (Friday) evening, at 7:30 o'clock.

The Finance committee asked for the renewal of a note for \$3,700 for six months from May 2nd at six per cent., and for a note for \$8,000 to renew one of \$7,000 for three months from May 6th and \$1,000 to pay current bills. Both were authorized.

Clerk W. T. Kelly reported that over two weeks ago he had received a letter from the American La France Engine company that the Undine fire engine would be shipped inside of ten days and as the same had not been done he wrote the company on Monday to know why they had not kept their promise.

Bills to the amount of \$1,215.24 were approved and council adjourned.

A PROPOSITION FOR NEW CATHOLIC CHAPEL AT STATE COLLEGE.—The State convention of the Knights of Columbus will be held in Harrisburg next week, beginning on Monday, and one of the important questions to be considered will be the proposition favoring an appropriation of twenty thousand dollars toward the building of a Catholic chapel at State College. During the last few years the number of Catholic students at State College has largely increased and the Knights, seeing the necessity of a chapel, will advocate an appropriation. At present the Catholic boys have formed a club where services are now held by the Rev. Father O'Hanlon, who resides at the club with the students.

—Hon. John Noll has placed an order for a light motor truck which he can use in his laundry work and also for pleasure if desired.

—Using paint, driving nails, digging weeds, burning rubbish, cleaning gutters, trimming trees, cleaning up the back yard as well as the front yard, these are suggestions for the property owners and renters in Bellefonte, for work next week, when looking about for something to do clean-up week.

—The deal was closed last Saturday whereby Dr. C. M. Parrish became the purchaser of the Mrs. J. C. Meyer property on east Curtin street, where he moved yesterday. Mrs. Sheldon will move into the house vacated by the Parrish's from her apartments over Dr. Hayes' office, the latter not yet being rented.

—According to advices from Harrisburg it looks to be almost a sure thing that a new game preserve will be established in Centre county. The game commission has several available sites under consideration and expect to make a decision in the near future. Once established the preserve will be stocked with deer and different kinds of game.

—Under the new school code teachers holding professional certificates granted in 1910, or prior thereto, will be compelled to take the examination to be held in Bellefonte on July 18th, as under a recent decision their present certificates will expire on July 1st, of this year. The examination will also include the additional branches required under the new law.

—There was an interesting proceeding at the opening of the May term of court in Clearfield county on Monday when life-sized bust portraits of former judges David L. Krebs and Cyrus Gordon were presented to the court by members of their respective families. The paintings are by R. H. Burfoot, formerly of DuBois, and are regarded as very good likenesses.

—Gen. James A. Beaver has been appointed a member of the national memorial committee to devise ways and means of erecting a permanent memorial to the late Miss Clara Barton, head of the Red Cross society. Special memorial services will be held for Miss Barton at the Garrick theatre, Philadelphia, next Tuesday evening, May 14th. A permanent memorial committee will be formed at this meeting.

—The Park hotel at Grass Flat, formerly owned by Edgar Sheffer, of Phillipsburg, was totally destroyed by fire last Thursday morning. The property was owned and conducted by Joseph Strickland. The fire broke out in the attic and when discovered had gained such headway that it was impossible to save the building though most of the contents except the bar fixtures were saved. The loss is estimated at thirty thousand dollars, on which there is some insurance.

—Announcement has been made of the engagement of Miss Ruth A. Bottorf, of Lemont, and Rev. Robert Rush Reed, of DuBois. Miss Bottorf is a graduate of Bucknell University, and later instructor of music at the same institution, has been in charge of music at State College for the past year. Mr. Reed is a graduate of Princeton, has studied abroad and is at present chaplain at State College. The wedding will take place some time during the summer, after which their home will be made at State College.

—Don't forget "The Coming of Columbus" at the Scenic on Friday evening of next week. Three reels which it took three years to make at a cost of \$50,000. This is a big feature picture that manager Brown will secure at an extra expense, but he believes there is nothing too good for the patrons of the Scenic. The Pathe weekly of current events continues quite interesting and draws a big crowd every Wednesday evening. As a matter of fact, however, the program is good every evening which is the reason that so many people are regular attendants. Then there is never any extra charge, always five cents.

—D. O. Downing, of Port Matilda, last week bought the timber on seven hundred acres of land from Budd Thompson, of Martha Furnace. The tract lies on the north slope of the Bald Eagle mountain and extends from Martha Furnace almost to Port Matilda. There are some trees of virgin timber on the tract but the most of it is second growth, though of a good size. Mr. Downing will finish his lumbering operations west of Port Matilda in a week or so when he will move his mill onto the Thompson tract and begin operations there. He figures that it will take him in the neighborhood of two years to get through with the job.

—The ready response made by the people of Bellefonte to the appeal for a general clean up of the town for two successive years, encourages those so deeply interested in this movement, in the belief that an extra effort will be made next week by every resident of the town to in some way aid in this work. Burn your burnable rubbish, have your winter ashes hauled away, gather together all the tin cans, broken crockery and glass and put these in a box or barrel separate from the ashes, so that there be no trouble and less expense when getting a drayman to take them. Do your part in this effort for a sanitary and beautiful town, and that is all that will be asked of you.

FIRST MONEY ON PENITENTIARY SITE TO BE PAID THIS WEEK.—The first money on the site for the new penitentiary at Peru will change hands this week when payment will be made for the W. E. Crust farm. During the past month there was absolutely nothing doing along the line of closing up the deal for the various tracts of lands but on Tuesday morning Vincent M. Graham, of the Potter Abstract and Title company, arrived in Bellefonte for the purpose of clearing up a few defects in some of the titles and putting everything in shape for an immediate conveyance of the land. The deed to the W. E. Crust farm being complete and acknowledged the money for same will be paid at once.

To a reporter of the WATCHMAN Mr. Graham stated that he had checked up the titles to about two-thirds of the properties on which options had been taken and found them complete and satisfactory. He is here to clear up every title and hopes to complete the work this week. As soon as this is done and the deeds acknowledged they will be placed in escrow in one of the Bellefonte banks. The fact will then be reported to the Attorney General by the Potter Abstract company and he in turn will notify the Auditor General who will have the stipulated warrants drawn and forwarded to the bank holding the deeds, and as soon as received the institution will pay over the money to the property holders. Mr. Graham stated that there is no reason why everything should not be cleared up by the middle, or at latest the last of next week and every man have his money.

The apparent hold-up in the closing of the deal was explained last week when it developed that certain persons who wanted the penitentiary located in Westmoreland county had taken the matter up with the Auditor General on the grounds that the site selected in Centre county was not in accordance with the provisions of the Act of Assembly, which stipulated that the new penitentiary should be located in the "western part of the State." This question being raised the Auditor General naturally declined to issue any warrants until he had a legal decision in the matter. This was given last Thursday and the facts will be found in the following story which appeared as a special in last Friday's Pittsburgh Dispatch:

Attorney General John C. Bell today gave an opinion to Auditor General Sisson to the effect that the selection of a site for the western penitentiary in Centre county is not in conflict with the provision of the act of Assembly designating that the institution shall be located "in the western part of the State."

As the Auditor General is required to pass upon all warrants for the expenditure of public money he wished to assure himself that the proposed location was within the provisions of the act before approving the payment of money for the land.

The board of inspectors of the western penitentiary selected a site in Centre county, near State College, and is prepared to take title to about 3,900 acres of ground, with the approval of Governor Tener. The titles to the properties have been investigated and all the papers for the transfer are ready, the approval of the Auditor General alone being required.

Attorney General Bell in his opinion says that "separated from its contract and considered wholly apart from the subject matter of the act in question, the phrase, in the western part of the State would ordinarily mean the geographical western part of the State, but these words considered and understood not merely according to their ordinary general meaning, but according to this meaning as applied to the subject matter with regard to which they are used, have, in my judgment, a wider signification."

The Attorney General quotes from an act of 1871, in which the State is divided into eastern and western penitentiary districts, and Centre county is attached to "the western district of Pennsylvania so far as respects the punishment of offenders convicted in said counties," etc. He adds: "A line dividing Pennsylvania into two penitentiary districts is accurately defined by the foregoing legislation, and its location is presumed to have been known by the Legislature of 1911."

"I am of the opinion therefore that the only limitation intended by the Legislature to be placed upon the discretion of the board of inspectors was that such a site should be located within the lines of the western penitentiary district of Pennsylvania, as now defined by law. In my opinion the phrase, 'in the western part of the State,' should be construed as equivalent to the phrase, 'in the Western Penitentiary district of the State.' The site selected by the board is wholly within Centre county, and as that county is a part of the western district, I am of the opinion that the board has acted within this restriction vested in it by law."

THAT PHILADELPHIA SCHOOL FOR NURSES.—In the issue of January 12th the WATCHMAN published an item (sent in by the management) about the Philadelphia school for nurses, an institution which claims to give free scholarships in a two year course and provide room, board, incidental expense and free railroad fare home at completion of course. They also claim that the institution is endorsed by leading physicians everywhere.

Under date of May 1st, Dr. W. S. Higbee, president of the Pennsylvania State Board of Examiners for registration of nurses, sends out a statement that "it is advisable that the public should know that the young women who enter this school as pupils are sent out after having had the most meagre instruction from incompetent instructors, to nurse in private families for money, eighty per cent. of which is returned to the school treasury. They receive no bedside instruction nor are they under the direction of skilled and competent teachers." Dr. Higbee also states that the institution is condemned by the chief of the Bureau of Health of Philadelphia. Dr. Higbee's notice is sent out as a warning to the public against the employment of young women claiming to be graduate nurses of that school and also to ambitious young women who might be attracted by the advantages set forth in the free advertisements published from time to time to travel a long distance to attend the school only to meet with final disappointment.

The Ladies Aid Society of the Presbyterian church will hold the fifth one of their series of exchanges, on Saturday afternoon, at Spigelmyer's store. Home-made bread, buns, pies, cakes, puddings, salads, candy, etc., will be on sale, also, a variety of aprons.

—Go to the Bellefonte Academy minstrels on the evenings of May 17th and 18th and enjoy a good laugh.

NEW BUGGIES AND CARRIAGES.—Forrest L. Bullock, the Water street dealer, has just received a carload of fine new rubber and steel tire buggies and carriages. They are all the product of the Ligonier Carriage Co., and in workmanship, quality and finish can't be surpassed at the price.

If you are thinking of buying a new vehicle this spring you would do well to look this shipment over because Mr. Bullock guarantees them and will sell them at a figure that marks them all as bargains. 17tf
