Two Boys Killed In Mine.

Pottsville, "a., May 11 .- Two boys were killed and three others seriously injured on the outskirts of Mount Carmei cy a fail of coal in an abandoned mine working which they were exploring.

Since the suspension of the mines miners have been taking coal out of this shaft for their own use. They fired a shot and retired for the air to clear. While they were gone the five boys entered the drift. At the spot where the shot had been fired the roof gave way.

John Keretis, aged fourteen years. with a broken leg, crawled to the mouth of the drift, where he notified several men, who came along. They found James Besloich, aged eighteen, with a broken arm and leg, and Frank Thursick, aged fifteen years, with a broken leg, both pinned down by the coal.

Mrs. Grace was lonely and asked th jailer to show her over the prison. The well meaning official, trying to cheer her, took her to the gallows room. Here he exhibited the black cap and showed her how the noose is adjusted. For her benefit the trap was sprung and she was told how with the pulling of the big lever the condemned man's body falls six feet into space, bringing up with a jerk, which nine times out of ten breaks his neck. As the jailer sprang the trap Mrs. Grace screamed "Oh, I can't stand it," and fell in a faint. Physicians were called and revived her, but she is hysterical, claiming the picture of the gallows is fixed in her mind.
