—M. R. Johnson is confined to the house with a painful injury to his arm, caused by being knocked down and run over by his delivery wagon.

—A burning flue on the Gamel Rice home on Pine street caused a fire alarm shortly after six o'clock on Wednesday morning but comparatively little damage was done.

—Miss Anna Mutchman, daughter of Mr. and Mrs. Eugene Mutchman, of Pittsburgh but formerly of Bellefonte, was married yesterday to Oscar Sheaffnit, of Pittsburgh.

—A meeting of the High school Alumni Association will be held in the High school building on Monday evening, May 20th, to complete plans for the annual Alumni reception.

—To-night and tomorrow night will be the only opportunities you will have of witnessing the performance of the Bellefonte Academy minstrels, and you had better take advantage of the opportunity.

—The Woman's Auxiliary will have cakes, pies, bread, candy, etc., for sale at the Y. M. C. A. building on Saturday of next week, May 25th, at 2 o'clock. Contributions and customers will be thankfully received.

—With court in session, the High school commencement, Memorial day and Prairie Bill's wild west show there ought to be enough doing week after next to keep the average Bellefonter pretty well occupied.

—Miss Margaret McFarlane, daughter of Mr. and Mrs. J. Kyle McFarlane, of Lock Haven, but formerly of Bellefonte, entered the Bellefonte hospital training school for nurses last week to study for a professional nurse.

—Miss Belle Meyers, the returned missionary to China, who was to have spoken in the United Brethren church this (Friday) evening, will be unable to keep her engagement on account of illness, so that there will not be a meeting.

—The German sketch, "Deacon Jones' Wife's Ghost," which will be one of the local talent features in the Bellefonte Academy minstrels tonight and tomorrow night is extremely amusing. The entire performance will be amazingly entertaining and the boys deserve liberal patronage.

—Workmen are now engaged in making the necessary alterations in the Bush Arcade to enable the Bell Telephone company of Pennsylvania to occupy their new quarters on the ground floor and also install the most modern and up-to-date system, which they intend doing this summer.

BRICK PLANT BADLY DAMAGED BY FIRE.

—The main building of the Centre Brick and Clay company's plant at Orviston was totally destroyed by fire last Friday night and it was only by the hardest kind of work on the part of a bucket brigade that the office, boiler room and storage sheds were saved. The loss is estimated at thirty thousand dollars with only a nominal insurance on the building. Judge Ellis L. Orvis is president of the company and quite a lot of the stock is held by Bellefonte people.

Friday night's fire was discovered about 8.15 o'clock by the men on night duty and while they immediately gave the alarm the flames spread so rapidly that nothing could be done to save that portion of the plant, as the building was only a frame structure. A portion of the trestle on which the company's railroad was built was also burned and the large boarding house was on fire several times, but eventually saved from destruction by the bucket brigade. The machinery in the building was badly damaged by the heat.

The plant employed from seventy-five to one hundred men and had been in operation less than a year. The output was composed entirely of building and paving brick. At this writing it cannot be stated positively whether the plant will be rebuilt or not.

WILD WEST SHOW COMING.—Prairie Lillie's and Nebraska Bill's wild west show will be in Bellefonte on Tuesday May 28th, and will give two performances on the field at Beaver's farm. There are a number of wild west shows on the road and some of them may be bigger than this one, but according to advance reports very few are better. There is no make-up about the Indians and cowboys, as they are the real thing and their feats of riding are so daring as to almost make one's hair stand on end. It is a wild west show with all the features of the wild west, even to a mimic battle with the Indians. The big street parade at ten o'clock will be worth seeing. Two performances will be given, one at two o'clock in the afternoon and one at eight o'clock in the evening. This may be the only opportunity of seeing a show in Bellefonte this season.

THAT MOOSE BANQUET.—Tuesday was Moose day, or rather night, in Bellefonte and there were Mooses of all kinds here—big Mooses and little Mooses, gentleman Mooses and lady Mooses, good Mooses and Mooses that weren't very good, but at that they had a good time at their annual banquet held in their rooms in the McClain block. This was the first time many of the members had an opportunity of seeing their new quarters and they were all well pleased with the change. In addition to the meeting hall and lobby they have a large parlor, an immense grill room and a buffet and kitchen ample for any demands made upon it. This was satisfactorily exemplified on Tuesday evening when upwards of two hundred members, many of them accompanied by their wives, were present at the banquet and all served promptly. A number of speeches were made and the evening passed off very delightfully.

LANTERN EXPLODED, BARN BURNED.—Last Thursday evening Fred Shope, who lives on his father's farm about a mile west of Curtin, was out at the barn until almost nine o'clock tending his stock and doing other chores, working by the light of a lantern. When through work he picked up the lantern to go to the house and as he did so it exploded. The oil was scattered in every direction and Mr. Shope had no means of extinguishing the fire that followed. With the assistance of neighbors he managed to save all his stock and a few pieces of light machinery but the barn was totally destroyed. Mr. Shope carried \$1,200 insurance on the barn and contents.

FARMERS' INSTITUTES.—The county board of farmers' institute managers will meet at the County Commissioner's office on the second Tuesday of June, to arrange for the place where institutes are to be held this season. All of our people who desire institutes ought to attend this meeting and present their claims. This board is composed of the local members of the State Board of Agriculture, and one representative from each county agricultural society, the Pomona Grange and County Alliance. If you find that you cannot attend this meeting, address a letter with your request to Chairman of Board of Institute Managers, care of County Commissioners.

AT THE HOSPITAL.—There are now twenty-seven patients in the Bellefonte hospital. During the week Mrs. Nancy Decker, Miss Janet Potter and Miss Ruth Altenderer underwent operations. Miss Kate McQuillan and Ethel Donovan, of Bellefonte, and George Ravein, of Snow Shoe, were admitted for treatment. Those discharged were Mrs. Harry Badger and little son, Mrs. Virgie McClelland and daughter, of Bellefonte; Mrs. Marcella Shope, of Milesburg, and Miss Gertrude Kane, of Bellefonte.

COUNTY POMONA GRANGE.—The Centre County Pomona Grange will hold its second quarterly meeting at Port Matilda Thursday May 23rd. Two sessions, at 10 a. m. and 1.30 p. m. Railroad fare from Bellefonte 80 cts. for round trip.

He is now in one of the hospitals of that city but there is little hope of his recovery.

D. L. A reunion of the "Under the Pines" fishing camp party was held at the Country club on Monday afternoon. Those present were Noah H. Swayne II, of Philadelphia; Hon. Ellis L. Orvis, Chas. M. McCurdy, John Blanchard, Col. W. F. Reynolds, Joseph L. Montgomery, Dr. R. G. H. Hayes, Henry C. Quigley, John M. Shugert, Hard P. Harris and Geo. R. Meek.

During the past week W. W. Keichle sold a Ford touring car to John Weber, of Howard, and George A. Beizer has ordered a Flanders runabout for John McCoy. George R. Meek is now driving a Cadillac touring car purchased from Lee Larimer, of Jersey Shore, and a number of other Bellefonters are on the verge of buying cars, so that the outlook for a good season for the automobile dealers is very promising.

So far the year of 1912 has certainly established a record for changeable weather, and we have had all kinds of it the past week. Rain, hail, snow, cold, moderate, warm and more rain. It has been many years since the farmers have been so far back with their spring work as they are this year, as there has not been one full week of nice weather at one time since the snow went away. And the indications don't show much improvement.

The Williamsport High school nine will be the Bellefonte Academy's opponents on Hughes field tomorrow (Saturday) afternoon. It will cost you only twenty-five cents to see the game which will begin promptly at three o'clock. The Academy team has been playing winning ball all season and the game tomorrow will undoubtedly be an interesting one, as the Williamsport High is always a fast bunch. Turn out and give the home team encouragement to win.

William A. Moore, formerly president and general manager of the Nittany Iron company, was recently elected vice president and managing director of the Tonawanda Iron and Steel company, at North Tonawanda, N. Y. The plant Mr. Moore is to have charge of is part of the Rogers-Brown & Co. properties, and includes an immense blast furnace with its own fleet of lake ore steamers. We congratulate Mr. Moore on his selection to fill such an important position.

This is the evening for that great picture "The Coming of Columbus," at the Scenic. The bills give only a faint idea of the real thing. The picture has been staged and acted so accurately that one can almost imagine oneself back in the reign of Queen Elizabeth and tense with the excitement following the announcement of the discovery of a new continent. You'll miss a lot if you miss this picture, and you miss something every evening you stay away from the Scenic. No extra charge for big feature pictures.

Dr. H. A. Surface, state economic zoologist, and his corps of assistants will spend three weeks and possibly four in demonstrating methods for the control of the codling moth, curculio, and other insect pests which have started to get busy on the fruit trees in the orchards throughout the State. In Centre county the demonstration will be held in the orchard of E. A. Bartzges, at Millheim, on Saturday, May 25th. Every farmer throughout the county who is interested in the protection of his fruit trees is invited to be present.

R. B. Taylor began work on Tuesday on the new concrete pavement in front of the Bush Arcade. The brownstone steps at each store room entrance will not be disturbed but the old-style cellar doors will be replaced with modern iron doors which will lie flat with the pavement. This was the beginning of a job that will only end when new pavements have been put down in front of the McClain block and Bush house. The street paving will also be done within the next two or three weeks and then this section of the town will present a better appearance than ever before.

DEEDS ALL IN ESCROW.—When Vincent M. Graham, representing the Potter Abstract and Title company, of Pittsburgh, left Bellefonte last Saturday he had all the deeds for the land selected by the prison commission for the site for the new penitentiary placed in escrow with the Bellefonte Trust company. This means that every deed is complete with the titles all cleared up, etc., though a few of them have not yet been signed, but this is a matter that can be attended to any time and will take only a few minutes. Representatives of the Potter Abstract company were expected here this week to close up everything but their delay in coming is due to the fact that the warrants for the payment of the land have not yet been issued by the Auditor General. However, at furthest, it will only be a matter of a few days until full settlement will be made, and then it is to be hoped warden Francis will lose no time in starting operations.

BELLEFONTE FOUNDRY TO BE PUT IN OPERATION.—During the past week workmen have been busy making repairs at the Bellefonte foundry and it is generally understood that it will be reopened in the near future. While no definite announcement has been made as to who will operate it there is reason to believe that it will be mostly by local people. The foundry at one time was one of Bellefonte's best industries and there is no reason why it cannot be made into a paying proposition. Its reopening would therefore mean considerable to the business interests of Bellefonte.

HIGH SCHOOL EXAMINATION.—An examination for entrance to the Bellefonte High school, or the grades, will be held in the new High school building on Friday, May 24th, beginning at 9.15 o'clock in the morning. Only those who are reasonably certain that they can satisfy entrance requirements are urged to present themselves for this examination. While it is the policy of the Bellefonte school board to extend its facilities, freely, to neighboring districts, every effort will be made to safe-guard the interests of the borough as well as the district.

JONAS E. WAGNER, Principal.

BELLEFONTE ACADEMY TRUSTEES ELECTED.—Last Thursday the board of trustees of the Bellefonte Academy met in General Beaver's office and elected Isaac Mitchell, Charles M. McCurdy and John Curtin trustees to fill the vacancies occasioned by those who have died within the last two years. They also elected Andrew J. Cook as president of the board.

CATHOLIC CHAPEL FOR STATE COLLEGE.—At the fifteenth annual convention of the State Council, Knights of Columbus, in Harrisburg on Wednesday, a resolution was presented by the Bellefonte Council asking for an appropriation of twenty thousand dollars for the erection of a chapel at State College, and the same was passed. This will mean the building of a chapel there at an early date.

Pure food commissioner James Foust has announced that grocers and other dealers in foodstuffs who display them exposed in a manner in which they might be contaminated by the dust and dirt from the street will be prosecuted. This applies to berries displayed in open crates, vegetables, etc. Agents of the pure food department are now at work in neighboring towns and Bellefonte grocers had better take warning.
