

Bellefonte, Pa., June 14, 1912.

TO CORRESPONDENTS.—No communications published unless accompanied by the real name of the writer.

THINGS ABOUT TOWN AND COUNTY.

A little daughter was born to Mr. and Mrs. Charles Taylor on Tuesday morning.

Early cherries are already in market and the crop is a very fair one in this county.

The school house at the Forge is being treated to a new coat of paint. Rev. Samuel Stimer has the contract.

Harry Nighthart has given up learning the barber trade for the time being and gone to Lock Haven where he has secured a good job.

The Bellefonte Academy baseball team played their last game last Saturday, defeating the Bucknell Academy nine by the score of 10 to 4.

Centre county was visited by quite a heavy frost last Saturday morning but fortunately a heavy fog prevailed and the frost did practically no damage.

The new concrete pavements along the Bush house and McClain block have been completed and they are certainly a great improvement over the old ones.

One week from today will be the longest day of the year, the beginning of summer according to the calendar, and so far we have had very little warm weather.

Word came from Panama Tuesday that a little son had been born to Mr. and Mrs. H. A. Pearce. Mrs. Pearce before her marriage was Miss Hazel Cook.

Grappling for suckers is now a favorite sport among the boys and quite a number of good sized ones have been taken from Spring creek within a stone's throw of this office.

The bass fishing season will open tomorrow (Saturday) and camping parties along the Bald Eagle will then be in order. Bass fishermen are anticipating a good catch this year.

Owing to an epidemic of measles at Centre Hall, the Christian Endeavor convention which was to have been held there June 19 and 20, has been postponed until July 18 and 19.

Misses Hazel Johnson and Martha Barnhart have been chosen as delegates, by the Epworth League of this place, to represent the chapter at the coming convention at State College.

The ladies of the United Brethren church will hold a festival and sale of cake, ice cream, rolls and bread in the room adjoining the parsonage Saturday evening, June 15th. All are invited.

Last Saturday afternoon the house occupied by Ezra Smith on Burnside street near the reservoir, caught fire on the roof and before the flames could be extinguished the entire roof was burned off.

Ezra Smith, whose house on Burnside street was badly damaged by fire last Saturday afternoon, on Monday rented the Zimmerman house on east Lamb street and moved there the same afternoon.

William T. Burnside and Andy McNitt entertained a party of fourteen at Mr. Burnside's bungalow on Purdue mountain, for two days during the past week. The party was composed altogether of friends of these two men from up Buffalo Run.

Dr. David Dale has broken ground on the southeast corner of his lot, in the rear of his residence on High street, for the erection of a fireproof garage in which to keep his cars and have them always near at hand. A driveway will run from Spring street into the garage.

To see the number of men standing around watching contractor R. B. Taylor and his gang on High street one would get the impression that work is very scarce in Bellefonte, and yet it is a fact that the American Lime and Stone company wants at least fifty workmen and can't get them.

Bellefonte friends of Mrs. Frederick William Topel, who last week was reported ill with scarlet fever at her home in Brooklyn, will be pleased to know that the first diagnosis was wrong and that she only has a light attack of German measles, (Rotheln); and that she is now down stairs and will be entirely well in a few days.

On Saturday Edward C. McKinley resigned his position as deputy sheriff and W. C. Rowe was appointed as his successor by sheriff Arthur B. Lee. During the five months he held the appointment Mr. McKinley made a very good deputy sheriff, always courteous and obliging, and his friends regret that he could not see his way clear to continue in the office.

The Lewin house on Linn street, which has been leased for the summer by Mrs. George F. Harris, is being put in readiness for occupancy. Mrs. Harris and Mrs. Larimer having returned from Mt. Clemens two weeks ago, Mrs. Harris will take possession of the house as soon as possible, expecting to have with her for the summer Mrs. J. M. Curtin, of Pittsburgh, and her children, who will come to Bellefonte about the first of July.

STATE COLLEGE COMMENCEMENT.—The fifty-second annual commencement of The Pennsylvania State College has passed into history and two hundred and fifty young men and women have their diplomas and are now equipped to go out into the world and fight life's battle. There is no gainsaying the fact that it was a very successful commencement and the crowd was by far the largest ever seen at the College during commencement week.

The program included athletic contests, receptions and entertainments last Friday and Saturday and on Sunday the baccalaureate sermon was preached by Dr. Arthur Holmes, of the University of Pennsylvania. The track meet between State and Carnegie Tech was the feature on Monday afternoon, State winning by the score of 86 to 26. The Junior oratorical contest was held on Monday evening and later there were receptions and dances at a number of the fraternity houses. Tuesday morning the Alumni Association held its annual meeting and one of the things they did was adopt a resolution making all persons who had attended the College, whether they graduated or not, eligible to associate membership in the association.

The board of trustees and various societies held their annual meetings and the trustees elected for the ensuing term were Gen. James A. Beaver, W. T. Creasy, E. T. Tyson and George G. Hutchinson. The athletic event on Tuesday afternoon was the ball game between State and Lehigh, State winning by the score of 7 to 5 in a most exciting contest. The usual number of receptions and dances were held on Tuesday evening.

The commencement exercises proper were held in the new auditorium on Wednesday morning, at which time the commencement address was delivered by Dr. Newell Dwight Hillis, of Brooklyn, N. Y., who talked on "The Republic and the Leadership of Its Educated Men." The customary class exercises were dispensed with, except the valedictory by Lindley Hoag Dennis. Of the class of two hundred and fifty graduates the following are from Centre county:

Mary Irvin Thompson, Lemont; Norman Musser Kirk, Bellefonte; Miles Walter Beck, Scott Stevens Levisse, Frank Craighead, Lyle MacDonald Entriens, George Milton DeHaas, of State College; Frederick Batcheler, of Philipsburg; and Roy Hosterman Kreider, of Rebersburg.

In the list of prize winners the special military award was given to Charles Carroll Knight Jr., Stuart St. Clair and Earl Baker Stanley.

The John W. White fellowship (\$400) was awarded to Florance Harrison Dunning and the medal (\$50) to Harold Everett Davis.

The Rose Valley farm scholarship (\$300) to Reginald Heber Radcliffe.

The Pennsylvania Miller's association prizes (\$50) to F. Maurice Walter and the two \$25 prizes to Willis Gervard Goodenow and William Alexander Noel.

The Oliver Evans prize (\$25) to Robert Morrison.

The McAllister prize (\$25) to Henry Vigor Cranston.

The exercises closed with the reception and dance in the armory on Wednesday evening. The same evening the Class of '62 held a reunion and banquet at the Bush house, in this place. Fourteen members of the class were present and about that many invited guests. Among the latter was Rev. John Hewitt and he was honored by being elected a member of the class. It might here be stated that last year he was elected an honorary member of the class of '61.

THAT HOSPITAL BENEFIT.—Under the management of Mrs. Joseph Ceador, the card party given by the Ladies Auxiliary of the Bellefonte hospital, in the armory last Thursday evening, was not only a most successful event socially but financially as well. Between three and four hundred people were present during the evening and from eight until ten o'clock the entertainment was cards. Bridge, five hundred and finch were the predominating games. No prizes were given but the successful contestants were announced at intervals during the evening, and Miss Anna Curry made the record in five hundred, having a score of 2,750 points to her credit. Including the receipts at the Dutch kitchen about ninety dollars were taken in that night but the total amount of money raised and contributed, including donations from other towns and branch auxiliaries, was over four hundred dollars. The ladies started out to raise five hundred dollars and as this is still their aim they will appreciate any and all contributions for this purpose, no difference how small or how large. And as this is the only effort they will make this year in this direction their efforts are deserving of public support.

BASKET PICNIC.—The ninth old-fashioned annual basket picnic of the Centre county association of Philadelphia will be held on Saturday, June 22nd, at two o'clock p. m., at Belmont mansion, Fairmount park, Philadelphia. In sending out announcement of the same the committee invites all to "come early and bring your family and friends." These annual gatherings of Centre countians in Philadelphia have grown to be an event of more than ordinary interest and are looked forward to by every member with anticipation of a day of unalloyed pleasure. Any resident of Centre county who may be in Philadelphia on that day will be heartily welcome at this gathering.

It will cost the city of Lock Haven \$2,400 for oil for the streets this year. In Bellefonte if residents along a certain street want it oiled to get rid of the dust nuisance they pay for the oil themselves and the only expense to the borough is putting it on.

The commissioners of Centre and Clearfield counties have awarded the contract to build the new bridge over the Moshannon creek at Osceola Mills to George I. Thompson, of Clearfield. The contract price is \$7,883.00, and the bridge is to be completed by October 31st, 1912.

No preaching services will be held in the Baptist church at Milesburg next Sunday or the Sunday following. The newly chosen pastor, Rev. S. S. Clark, will arrive next week and will preach in the church at Eagleville on Sunday, June 23rd. Preaching services will be held in the Milesburg church on June 30th, and regularly every Sunday thereafter.

The hearing in the Geo. H. Knisely bankruptcy case was held in the office of referee Henry C. Quigley on Saturday morning and at its conclusion John Curtin was appointed trustee to have charge of the property until the sale which will be on Saturday, June 22nd. Jay Wallace is now running the pool room and cigar store for the benefit of the creditors.

Just as soon as contractor R. B. Taylor completes the paving of High street he will take all his men and machinery to Slaysville, Washington county, to work on his state road contract there. He will also move his family to Washington, Pa., which is within two miles of the road he will build, where they will spend the summer. In that way he can be near at home and give his entire time and attention to the job in hand.

Dr. J. M. Brockerhoff this week received his new Flanders car through the George A. Beezer agency and, owing to the fact that he took a series of lessons beforehand on the proper handling of a car, he is now running it like an old veteran at the wheel. The doctor stuck to the horse about as long as possible but he finally became convinced that the quickest and best way to keep track of the work on his farms in Pennsylvania and down Little Nittany is to travel in an automobile and he proceeded to get one forthwith.

On Saturday the attorneys for and against the petition for the appointment of a guardian to take charge of the estate of the venerable William Witter drove to Zion and before justice of the peace Henry D. Brown took the deposition of Dr. P. S. Fisher, the latter's health being such that he did not deem it advisable to come to Bellefonte at the present, or at a future hearing. Friends of the doctor, however, will be glad to know that on pleasant days he is able to be out and around the yard, but does not go away from home.

"The Lady of the Lake," a magnificent feature film, will be the attraction at the Scenic this (Friday) evening. And this will be the first of a number of feature films which will be exhibited at this popular place of amusement and entertainment each week. These pictures come in three full reels and will give you a full hour's entertainment of one subject. They are based on popular writings of the past and present and are educational as well as entertaining. Five cents will admit you to "The Lady of the Lake" or any other feature picture.

The five dollar prize given by the Bellefonte Chapter D. A. R. to that student in the Bellefonte Academy making the highest grade during the school year has been awarded to John Love, Jr., and the five dollar prize given to the one making the greatest progress during the year has been awarded to Melvin Locké Jr. The Latin prize of \$500 was awarded to Herbert Eisenbeis, of Pittsburgh, with honorable mention for Anna Taylor, of Bellefonte. The James Potter Hughes mathematical prize of \$10 was divided between Anna Straub and Anna Taylor, both of Bellefonte.

The Bellefonte Lodge Loyal Order of the Moose are perfecting arrangements for their second annual picnic at Hecla park on July fourth. Bellefonte is to have a safe and sane Fourth of July celebration but this will not interfere with the Moose gathering at Hecla and they are making their plans for as big a gathering as last year, when several thousand people were in attendance. There will be several speeches during the day by prominent Moose, a full program of sports of various kinds, band concerts and dancing. Not only Moose and Moose-ees but the public in general is invited to attend.

On Saturday Irvin O. Noll received official notice of his election as principal of the High school at Conshohocken at a considerable advance in salary over what he received in Bellefonte the past year. Mr. Noll did good work as principal of the Bellefonte High school the past year and it is to be regretted that conditions are not such as to enable the school board to retain him another year. But such not being the case he will go to his new position with the best wishes of all for continued success. Conshohocken, the town he goes to, is a place of about seventy-five hundred inhabitants, a manufacturing town located in Montgomery county, not far from Philadelphia, and has all modern advantages.

BALD EAGLE VALLEY RAILROAD TO BE GREATLY IMPROVED.—Five hundred thousand dollars will be spent this summer by the Pennsylvania railroad company in rebuilding portions of the Bald Eagle Valley railroad preparatory to double tracking the entire line next year. The contract for the work this year was awarded on Tuesday to the firm of A. L. Anderson & Co., railroad contractors, of Altoona. The changes include stretches of the road from Vail to Beech Creek, but the most marked changes will be from Vail to this side of Bald Eagle station where the road will be straightened and moved hundreds of feet to the grade of the land close to Bald Eagle creek, and from a point near Mt. Eagle to Beech Creek where the road will also be moved south to the foot of Bald Eagle mountain, following the creek grade. This will run the road south of Howard borough and not directly through the town. In some places the road will be moved south a distance of two thousand feet and to protect it from possible floods and high water it will be necessary to build over a mile of stone or concrete wall along the creek side. It is estimated that the entire contract will involve the moving of about 300,000 cubic yards of earth.

A. L. Anderson was down the valley yesterday looking over the ground as the firm expects to begin work in the immediate future. In the line of the new survey are three or four houses and at least one large barn and these will have to be moved onto new foundations. The contractors will use a number of steam shovels on the excavating as well as all modern machinery. Though there is nothing in the contract stipulating how soon the work must be completed it is hoped to get it through before cold weather in the fall. To show what the change will mean it can be stated that the present average grade from Bald Eagle station to Howard is 9-10 per cent, and when the changes have been completed it will be but 1-10 per cent.

While these extensive improvements on the Bald Eagle may not directly benefit the business interests of Bellefonte they will help indirectly as the American Lime and Stone company has been awarded the contract for twenty-five thousand tons of crushed limestone to be used on the job in the vicinity of Howard.

AUTOMOBILE NEWS NOTES.—About three o'clock on Wednesday morning policeman Harry Dukeman took in tow a young man who was driving an automobile around Bellefonte without any tags. The young man claimed he was from Lock Haven, that the car was his mother's and in an attempt to secure his release displayed a 1911 license card. He was allowed his liberty but the car was held and a telephone inquiry to Lock Haven brought the information that the car was that of H. A. McClintic and his son the driver. The car is still being held.

On Tuesday evening Willis Wian was out on Allegheny street testing out the brakes on one of Sebring's cars when he had a collision with a strange car being driven through town. The latter car was the heavier of the two and was not damaged but the front wheels of the Sebring car were partially wrecked.

On Wednesday night there was another automobile wreck out the pike just opposite Harvey Griffiths. A car load of people was coming down from the College for the reunion of the Class of '62 and another machine, the property of a Mr. Buck, of Warriorsmark, and driven by his son, attempted to pass the machine ahead and in doing so ran into a ditch breaking an axle. Two of the occupants of the car were thrown out, one of them sustaining a number of cuts, but none of the occupants—all young men—were badly hurt. The machine was towed into Sebring's garage for repairs.

During the past few weeks the authorities at State College have been unusually active in arresting automobilists for exceeding the speed limit. As many as fourteen were pulled in in one day and no partiality was shown. Many drivers became incensed over the matter, alleging that the authorities were taking an unfair advantage in making their test on a street where there was absolutely no danger in running a car faster than the ten mile limit. Whether the State College authorities are in the right or not is a matter for them to fight out themselves, but there is no question as to the proneness of many drivers to speed up their machine without any good reason only that they like to go fast. This is the case in Bellefonte, and with the number of machines here and other traffic on the streets, it is dangerous and ought not to be indulged in. Better to drive a little slower than kill or cripple a human being.

Elias Heckman, brother of Daniel Heckman, who was taken suddenly ill while visiting friends in Centre Hall on Monday last week, was brought to the Bellefonte hospital yesterday for treatment. During the week Perry Moran, of Fleming, was also admitted for treatment and operations were performed on Mrs. Ella Houser, of Linden Hall, and Mrs. Samuel Monsall, of Bellefonte. There are now twenty-five patients in the institution.

Harry Harper is pleasing his patrons up at the Lyric and giving a good show every evening. Never less than three and often four full reels of pictures every night with a matinee on Saturday afternoon. If you are not a patron you ought to get in line.
