THINGS ABOUT TOWN AND COUNTY.

—It is none too early to begin booming the Centre county fair.

—Haymaking is about over and the wheat harvest is under way.

—Another little daughter arrived in the home of Mr. and Mrs. Louis Carpeno on the night of June 28th.

—This is the kind of weather we were all wishing for last winter when the thermometer was twenty degrees below zero.

—Mrs. Calvin Walz is so critically ill at her home at Pleasant Gap that it is thought impossible for her to live for the remainder of the week.

—Mrs. A. O. Furst bought a five passenger Michigan touring car on Wednesday evening. It is a new car, fully equipped and has a self starter.

—A little daughter was born Tuesday to Mr. and Mrs. J. E. Dundore, of Pittsburgh. Mrs. Dundore will be remembered as Miss Nan McIntyre.

—Gamble, Gheen & Co. will issue receipts for grain stored in mill to be settled for on or before July first of each year, as per old custom of issuing receipts.

—Go to the Lyric and enjoy the pictures and you'll forget all about this hot weather. A long program every evening for the small price of five cents. Can you beat that for cheap amusement?

—At a meeting held by the Altoona Motor club on Tuesday evening it was definitely decided to make a sociability run to Bellefonte next Wednesday, July 17th. An effort will be made to have fifty cars in the run.

—There will be a grand fete held in Lemont by the ladies of the M. E. church on Saturday evening, July 20th. Ice cream, cake and all the delicacies of the season will be served. Everybody is invited to attend and take all their friends.

—William Schmidt, son of Dr. and Mrs. Ambrose M. Schmidt, fell from a cherry tree to the ground last week, a distance of about twenty feet. He was severely shocked and unable to get out of bed for a few days but is now coming around all right.

—Announcement has been made of the engagement of Miss Margaret Thomas, daughter of Supt. and Mrs. F. H. Thomas, to Mr. Wallace H. Gehart, superintendent of the Central Railroad of Pennsylvania, the wedding to take place in the fall.

—Work was begun this week on the remodeling of the Presbyterian church. The choir gallery will be changed somewhat and a number of other alterations made in addition to being repainted and frescoed throughout. A. L. McGinley has the contract for the latter work.

—On Wednesday of last week most of the men employed on remodeling the Nittany valley road went on a strike because they could not get their money for the Fourth of July. The result is that work has not progressed as rapidly as possible but more men will be added to the force as fast as they can be secured.

—Dr. Albert Engles Blackburn, of Philadelphia, secretary of the Pennsylvania board for the registration of nurses, has announced a list of 326 who have been granted registration, among the number being Emma M. Georginski and Jessica E. Kerstetter, Bellefonte; Jennie B. Cross and Agnes D. Campbell, of Phillipsburg.

—On Tuesday evening a rear axle broke on the engine hauling the night train on the Central Railroad of Pennsylvania to Bellefonte. The accident occurred on the up grade near Zion and the train was brought to a stop without any further damage. Another engine was secured and it was almost midnight when the train finally reached this place.

—Harry Miller, of this place, was on Monday awarded the contract for building the new seventy-five thousand dollar Presbyterian church at State College, and he expects to begin work within ten days. He will push the construction so that the building will be under roof by the time cold weather sets in next fall, so that the interior finishing can be done during the winter.

—Bud Morris and John Hayes drove to Milesburg to swim in Bald Eagle, on Tuesday afternoon. All went well until their return home when their horse frightened at a freight train, near the station in that place, and ran away from the boys; finally landing the whole outfit in a wire fence. John Hayes was not hurt but Bud was cut rather severely about the arms.

—On Saturday afternoon, June 29th, the house on the farm of Jerry Roan, near the Meyers cemetery, was totally destroyed by fire together with all the contents including between seventy and eighty dollars in cash. The house was occupied by Mr. Roan and his son-in-law, John Kelley and family. The loss is about \$2,000, with \$600 insurance. The same evening the home of Abraham Robb, near Coleville, was badly damaged by fire, and Mrs. Yarnell, an aged lady who was ill in bed, had to be carried out of a second story window.

A SERIES OF ACCIDENTS, FATAL AND OTHERWISE.—On Monday morning Lewis L. Clevens, the eighteen month old son of Mr. and Mrs. William L. Clevens, of near Zion, fell into a kettle of boiling water and was scalded to death. Mrs. Clevens had heated the water for washing in a large kettle which stood in a walled in fire place and on a level with a walk leading from the kitchen door. She left the child sitting in the kitchen door while she went to look after some other household matters and when she returned and found it missing started a search which resulted in finding her baby boy dead in the kettle of boiling water. The fatality was a severe shock to the parents and they have the sympathy of everybody in that community. The funeral was held at nine o'clock on Wednesday morning. Dr. Ambrose M. Schmidt, of Bellefonte, had charge of the services and burial was made in the Hubbersburg cemetery.

BOY DRAGGED TO DEATH.—On Tuesday morning Miles Owen Jacob Miller, the nine year old son of Mr. and Mrs. Samuel K. Miller, who live near the Humes farm along the mountain above Coleville, was dragged to death by a runaway horse. Mrs. Miller was preparing to drive to below Milesburg to visit her sister and after the harness had been put on the horse, which is a three year old, the boy was told to take him to the creek for water. Instead of leading the animal he drove him with the lines and evidently must have wrapped them around his arms in order to the better hold the horse. While at the creek several boys happened along and one of them by cracking a whip frightened the horse so that it ran away. The boy was unable to free himself of the lines and he was dragged down through Coleville to the Bellefonte Central roundhouse where the horse was caught, a distance of about half a mile. Every stitch of clothing was torn from the boy's body except his shoes and the flesh was also torn from his face. Undertaker Nagney prepared the body for burial, which was made in the Union cemetery yesterday.

THROWN FROM AUTOMOBILE.—On the evening of the Fourth Robert Adams (colored) jumped upon the running board of one of the automobiles hauling the Millheim band, when they started home and rode down High street. At the bridge the machine was stopped and he was told to get off but did not do so and going out Water street he attempted to jump off with the result that he was thrown and sustained a number of bad cuts on the head and face. However, he is now able to be out and around, but with no desire for a repetition of the jumping feat.

BOY'S HAND BADLY MANGLED.—One day last week while men were engaged in hauling in hay on the Dr. Hayes farm in Spring township Claude Corl, the four year old son of Calvin Corl, got his right hand in the pulley used on the rope to operate the hay fork. Only quick action in cutting the rope saved the boy's life, but as it was his hand was so badly mangled that it may yet have to be amputated.

PAT RYAN VICTIM OF ASSAULT.—On Saturday afternoon Pat Ryan was assaulted by Linn Saylor, who kicked him in the face, knocking out several teeth and cutting his lip and cheek so that it took seven stitches to close the wound. Pat was taken to the hospital where he is getting along as well as can be expected. Saylor was arrested but settled the case.

SCHOOL BOARD ELECTS MORE TEACHERS.—At the regular meeting of the school board on the evening of July first new instructors for the High school were elected, as follows: Arthur D. Latimer, M. A., of Shenandoah, Iowa, a graduate of Swarthmore College, as instructor of mathematics; Miss Laura T. Harrison, of Bellefonte, promoted to instructor in English; Miss Carrie W. Woodward, of Carlisle, a graduate of Dickinson College, assistant instructor in English and science; Harry A. Cochran, of Poughkeepsie, N. Y., elected as the head of the new commercial department. It was also announced that arrangements had been made with the professors in charge of manual training at The Pennsylvania State College to conduct the new department of manual training to be established with the opening of the High school on September 9th. This completes the list of instructors for all the schools.

The board also re-elected Mrs. Mary Elizabeth Brouse secretary for the ensuing year and Charles F. Cook treasurer. The matter of repairs in the way of painting, etc., to the school buildings was left entirely in the hands of the two women directors to do whatever they deemed necessary.

FORESTRY MEETING.—A forestry meeting will be held in the public school building at Unionville this (Friday) evening, July 12th, under the auspices of the Chestnut Tree Blight Commission. J. M. Hoffman, district superintendent in the employ of the Commission, and J. Linn Harris, of the State Forestry Commission, will be present and give practical talks along the lines of the protection and conservation of timber lands. Thousands of acres of woodland in this State are rapidly becoming denuded of their tree growth. Forest fires each year are causing immense losses and much of the land good only for the growing of trees is now waste land and will scarcely grow a crop of rattlesnakes. The wealth of any community is largely embodied in the forest land. Everybody is cordially invited to attend this meeting.

—The Woman's auxiliary of the Bellefonte Y. M. C. A. will hold an ice cream festival on the lawn at the Y. M. C. A. building on Saturday night and you are invited.

—The Potter-Hoy Hardware company last week purchased outright the big warehouse occupied by them west of the railroad as well as all of the property at that location owned by Charles K. McCafferty, of Bradford.

—Don't fail to see "A National Peril," the big Pathe feature picture at the Scenic this evening. One of the most thrilling war dramas ever put on the stage by the camera. No such pictures shown in Bellefonte as can be seen at the Scenic every evening. The room is comfortable even in hot weather. Try it.

—The 12th annual reunion of the Lock Haven, Howard, Nittany Valley and Bellefonte Reformed congregations will be held at Hecla Park, Wednesday, July 31st. A special train will leave Bellefonte at 8.15 a. m. An interesting program is being prepared and a cordial invitation is extended to all the friends of the several congregations to spend the day with them.

—The church of the Messiah located at Snyder, on the road from Pleasant Gap to Zion, and of which Rev. E. A. Meredith, of Snow Shoe, was pastor, was entirely destroyed by fire between one and two o'clock on Sunday morning, June 30th. It was with the utmost difficulty that the school house adjoining the church was saved. How the fire originated is a mystery.

—The Mt. Eagle Sand company, controlled by G. B. M. Welliver, of Williamsport, and Dr. Wm. Bleish, of Lock Haven, has been awarded the contract for fifty thousand tons of sand by A. L. Anderson & Co., of Altoona, for use in constructing concrete underground crossings and culverts on the new route of the Bald Eagle railroad between Bald Eagle station and Beech Creek. The sand is to be delivered on the ground.

—Mr. and Mrs. J. W. Herron moved to Centre county from Pittsburgh last week and are now located in one of the farm houses on the new penitentiary site. Mr. Herron will be the engineer in charge of laying out the wall, grounds and buildings for the penitentiary and will be permanently located on the grounds. While the plans for the buildings have not yet been completed there is a lot of preliminary work which will be done right away.

—The Bellefonte Y. M. C. A. swimming pool is out of commission because of the fact that it cannot be emptied and refilled with fresh water. When the pool was built a cess pool was dug to take away the water but it did not prove to be the case and the consequence was the pool wouldn't drain. A drain pipe is now being laid from the pool to the main sewer on High street which, when completed, will afford better drainage than could be gotten in any other way.

—There is nothing more annoying than bad feet. On the other hand there is nothing more grateful to the owner of a pair of troublesome pedis than the deft work of an experienced chiropodist. Isaac Mitchell Esq., and John Curtin visited such a place in Lock Haven on Tuesday afternoon and both returned with understandings so comfortable that they almost forgot that they had any at all and what they were for. At least that must have been the state of Mr. Mitchell's mind for he never heard the trainmen call "Bellefonte" and didn't realize that he was flying westward away from home until the train reached Unionville, where he got off and telephoned here for an auto to come to his relief.

—The trip of a thousand miles in their big Franklin touring car, from which Mr. and Mrs. John S. Walker, their son Robert, Miss McCalmont and Miss Shortidge returned a week ago, included a run through the mountains of western Pennsylvania. From Buffalo, following the Onondaga trail, which consists of state road entirely across New York, Schenectady was easily made with an average of thirty-five miles an hour. Turning north to the Adirondacks and Lake George, down to Saratoga, Albany and along the Hudson river as far south as Kingston they crossed into Pennsylvania to the Delaware Water Gap. Leaving the Delaware Water Gap a trail over the Pocono mountains to Wilkes-Barre was followed, from where they returned to Central Pennsylvania through the Wyoming valley.

—Thursday, July 4th, was the fiftieth anniversary of the marriage of Mr. and Mrs. David Haines, of Beaver and Hoy row, and while they made no effort to have a golden wedding celebration their friends gave them a most delightful surprise party. Between twenty-five and thirty people were present and the aged couple were so overcome with the kindness and generosity of their guests that they were unable to express their gratitude. Rev. C. W. Winey was present and acted as the spokesman of the crowd in conveying the best wishes of all for the future health and happiness of both Mr. and Mrs. Haines. The refreshments served during the evening were contributed by the guests and in addition Mr. and Mrs. Haines were the recipients of quite a collection of very useful presents as well as a purse of money.

BACK BROKEN IN FALL.—On Wednesday morning of last week McKinney Osman, aged 50 years, fell from a cherry tree to State College and fractured the vertebrae between the shoulder blades, completely paralyzing his body from the arms down. He was brought to the Bellefonte hospital the next day and this week an operation was performed in the hope of reducing the fracture, but what the outcome will be has not yet developed.

—The dinner Mrs. J. L. Montgomery gave at the Country club Saturday, in honor of Mr. and Mrs. Samuel Reynolds, of Lancaster, guests of Mr. and Mrs. W. F. Reynolds. Mrs. Francis and her party, who were motoring from Pittsburgh to Lock Haven were entertained by Dr. Joseph Brockerhoff at the Country club Sunday. Mrs. Francis will be remembered as Miss Mame Ball.
