**THE 148TH REGIMENT P. V.**—The meeting of the survivors of this Regiment in celebration of the 50th anniversary of the organization of the Regiment promises to be quite an event. Comrades will meet in the Gregg Post room, Harris block, at 10.30 a. m., September 6th, 1912, to exchange greetings and transact business. Lunch 12 m. **WILLIAMS FAMILY REUNION.**—The thirteenth annual reunion of the Williams clan was held in John Q. Miles' grove near Martha, last Saturday. Between two and three thousand people were present and the weather during the day was all that could be desired. The address of welcome at the afternoon meeting was delivered by Rev. Gilbert and responses made by W. H. Williams and James Gleason, the latter the Democratic candidate for Congress. Rev. J. C. Young and G. A. Williams, of Altoona, were also present and made brief addresses. There were two ball games during the day and the customary big dinner.

**JEWELRY FIRM TO BE DISSOLVED.**—On the fifth page of today's paper will be found a large advertisement announcing a big dissolution sale of jewelry at the old and well-known jewelry store of Frank P. Blair & Co. The reason is that Thomas Moore, of Philadelphia, who has always retained his interest in the firm, will withdraw and the firm will be reorganized under the firm name of Frank P. Blair & Son, the junior partner being R. Russell Blair.

—Wind and rain storms constitute a good part of the weather program these days notwithstanding the fact that "Mary came back over the mountain" two weeks ago, and naturally the Centre county fair managers are wondering if they have butted into a rainy spell again this year. One of the hardest storms of the week was between eleven and twelve o'clock on Monday night when the wind was like a small cyclone, rain fell in torrents and there was also considerable hail. Fortunately no great damage was done.

—Messrs. Noll and Kimport were at State College on Monday staking out the foundation for their new steam laundry at that place. The main building will be 40x60 feet in size with the boiler house separate. It will be built of brick, two stories high. The first floor will be taken up by the laundry while the second floor will be divided into two up-to-date flats for residential purposes. The erection of the building is to be pushed as rapidly as possible to completion.

—On Friday of last week another leak was discovered in the large water main on south Water street and it took from noon until ten o'clock at night to make the necessary repairs, so that the whole town was virtually without water for at least six hours. Surely there ought to be some way that the reservoir could be kept full as a source of supply in the event of an emergency, as in case of a fire six hours without water would be a bad situation.

—Many Bellefonte merchants are preparing special sales for the benefit of the county people who come to the fair next week.

—If PENROSE had agreed to support ROOSEVELT for a third term he would be just as good a man, this blessed minute, as PERKINS. But in the opinion of ROOSEVELT good politicians are those who support ROOSEVELT, as good trusts are those which contribute to his corruption fund.

—It will be interesting to compare the fair exhibits of early September with what we were accustomed to see at the fair in early October.

As yet no regular rural letter carrier has been appointed to occupy the position vacated by W. O. Granley. A half dozen or more are applying for it. No doubt the civil service examination is a kind of a stumbling block.
