FREE METHODIST CONFERENCE.

The Oil City annual conference of the Free Methodist church of North America, will hold their thirteenth session at Tyrone, September 25th to 29th, 1912. The hour of the first sitting will be 7.30 p. m. This conference comprises at least sixty ministers together with their wives; also some sixty delegates who represent the various circuits. Those having offi-cial business with the conference will al-so be present. The above are all entitled to free entertainment; all others who wish to attend must be prepared to defray their own expenses. All are cordially invited to attend this conference. Public worship, together with the ministry of the Word will be given attention during the conference. Bishop William Pearce, of Titusville, will preside. L. L. ADAMS.

-Rev. Frum, who expected to be absent from his appointments next Sun-day has been detained at home on account of sickness and will preach on Sun-day as follows: Lemont 10.30 a. m.; Rock Forge 3.00 p. m.; Pleasant Gap

BUFFALO RUNITES IN A MIXUP.—One day last week Jacob Kass, the Dutch butcher who lives at the foot of the mountain near Waddle, was arrested for selling liquor without a license, on complaint of some of his neighbors. At a hearing before 'Squire Henry Brown Kass was discharged for lack of incriminating evidence. Later Kass had Mr. and Mrs. Grant Jones arrested on the charge of larceny; claiming that they stole from him beer and whiskey, and various edibles; while at one time he had twenty dollars in cash stolen. The evidence against Mr. and Mrs. Jones was adjudged sufficient to warrant the justice holding them in five hundred dollars bail for trial at court. Being unable to give bail they were remanded to jail.

FASIC. - Mary Elizabeth, the infant daughter of Mr. and Mrs. Henry Fasic, of Tyrone, but formerly of Bellefonte died on Tuesday morning of infantile de cline, aged three months and nine days. Burial was made at 10.30 o'clock on Wednesday morning.

—Company L, Capt. W. H. Brown commanding, of this place, has been invited and will attend the War Governor's celebration in Altoona next Wednesday, military day, and the day President Taft will be there.

—If the cows need a laxative, oilmeal is better than any kind of salts. Like ensilage and roots, it has a natural laxative and helps to keep the cow in healthy condition. When an animal is run down from wrong feeding a medicine has little value. It is only by right feeding and clean, well-ventilated quarters and good care that health and vigor may be re-

Comes Into \$25,000,000.

As the date rapidly approaches when Aifred Gwynne Vanderbilt, of New York city, is to come into the absolute possession of his entire fortune, he lingers with his bride, the former Mrs. Smith Hollins McKim, in a house boat on the Thames river, England, where they are expecting a

visit from the stork. This event is due so soon, according to the reports, that Mrs. Vanderbilt will be able to return to this country with her husband to celebrate his thirty-fifth birthday, which terminates the period of trust in which half his patrimony was held.

The will of Cornelius Vanderbilt bore the date of June 18, 1896. The seventeenth provision created the trust in favor of Alfred, assigning to the executors the duty of holding, investing and reinvesting the remainder of the estate and collecting rents, incomes and profits for the use of Alfred Vanderbilt until he became thirty years old. At that age, on Oct. 20, 1907, he received one-half of the estate, which amounted to \$25,000,000. This fall he will receive the other half.

T. R. Kansas Men Win In Court. The Kansas Progressives won a legal victory in Denver, Colo., Monday, when an opinion was handed down in the United States circuit court in the Taft-Roosevelt Kansas electoral vote controversy, providing that the order refusing an injunction in the case be affirmed, and the case be remanded to the Kansas courts. with instructions to dismiss the bill of complaint.

This case will be appealed to the supreme court of the United States. An injunction was asked by the supporters of President Taft to prohibit the names of the eight Roosevelt electors being placed on the Republican ballot in the general election in November. This was denied on Sept. 6 by Judge W. H. Sanborn, of the Unit-ed States circuit court of appeals, at Topeka, Kan. The decision affirms

BOOKS, MAGAZINES, ETC.

POPULAR MECHANICS MAGAZINE FOR OCTOBER. The marvelous products of invention and disvery described each month in the Popular Mechanics Magazine are rich in suggestion many of the new devices are but index fingers along the highway of progress. In the October magazine there are 306 articles and 256 illustra tions. These cover a wide range of topics, som of them describing new adaptations of old utilities, others sounding a note of warning, and still others discussing current disasters in their rela-tion to future welfare. "The Menace to the Sky scraper"-in other words, electrolysis-is discussed by John C. Miller, who declares that this form of corrosion destroys the steel of sky-scrapers. Victor Loughead contributes an article on aviation, pointing out what development prom. ises for the machine of the future. H. H. Windsor discusses, editorially, the following topics: "S-O-S-Save Our Streets," "Passing of the Runaway Boy," "More Caution in Flying," "High Standard in Our Navy." An interesting article estimates the value of the human body as an electrical machine.

Among the other important features are the use of the submarine light on city police boats for locating drowned persons, or stolen goods; a siren devised by Sir Hiram Maxim to use on ships Stockmen from every section attended the Everhart cattle sale Friday, and bidding was New York Parks;" "Devices Used to Create Inspirited and prices soared high. Cows were side Football;" a description of the big aquatic grandstand constructed for the Chicago regatta; "Carrying a Skyscraper on a Cantilever:" "Phonograph Messages from Aeroplanes;" "Organ Plays in Three Places at Once;" "The months, who died at an early hour Sunday morning. Burial was made Tuesday at ten o'clock a. With an Ordinary Typewriter;" "Thirty-five-Foot Motorboat Crosses Atlantic;" "Marathon Milk-

ers on a Big Dairy Farm;" etc. The Shop Notes Department is unsurpassed for clear, concise descriptions of devices and methods for workmen of every craft, and the Amateur Mechanics department contains its usual amount of good material. Every article is "written so you can understand it."
