TO CORRESPONDENTS.—No communications published unless accompanied by the real name of the writer.

## THINGS ABOUT TOWN AND COUNTY.

—John P. DeHaas, of Blanchard, has purchased a livery business at Hughesville and will move there on November first.

—The barn of F. M. Fletcher, in Howard township, was totally destroyed by fire one day last week, together with all its contents.

—The Bellefonte Central railroad company will sell special round trip tickets to State College tomorrow for the State W. and J. game.

—Mrs. John Porter Lyon and Miss Daise Keichline will represent the Woman's club of Bellefonte at the State Federation of clubs in Williamsport next week.

—This evening a number of State College students will organize a Phi Kappa Psi fraternity at the Brockhoff house. A banquet will follow the business meeting.

—Mrs. James B. Lane has rented her house on High street (furnished, giving up possession this month and going with her maid to Linn street, where she will live with friends until spring.

—The ladies of the United Brethren church will hold an exchange in the room adjoining the church on Saturday evening, October 12th. Home made bread, rolls, pies, cake and ice cream will be on sale. Give them a call.

—Both Mrs. Frank Montgomery and Mrs. J. L. Montgomery entertained Thursday night, the former with dinner and bridge and the latter with six hand euchre, in honor of Mrs. Waterman and Mrs. Harris, guests of Mr. and Mrs. Reynolds.

—The A. M. E. conference closed its sessions at Pittsburgh on Monday. Rev. T. J. Askew was made presiding elder for this district and Rev. J. Henderson was appointed pastor of the Bellefonte church, Rev. T. J. Blackburn being transferred to Wilkes-Barre.

—There are moving pictures of every description and as many varieties are shown at the Lyric as are seen anywhere. Three full reels and a change of program every evening. What more can anyone want for a nickel? The pictures are all new and can be seen only at the Lyric.

—Mr. and Mrs. John Lambert celebrated their twentieth wedding anniversary on Wednesday evening. Thirty-five guests were present and Mr. and Mrs. Lambert were the recipients of quite a number of fine presents. A big supper was one of the features of the gathering.

—While Mr. and Mrs. J. H. Robb were at the opera house on Wednesday evening some petty thief went through the ice box on the rear porch of their home on Howard street and carried off everything it contained except a dozen of eggs. The man evidently didn't realize that the latter were worth thirty-two cents a dozen or he surely would have taken them, too.

—LeRoy Locke, son of Dr. and Mrs. M. J. Locke, who is a student at Haverford and a member of the "Varsity" football team, was injured in the game last Saturday but if pluck will pull him through he will be on the field again in a week or so. "A bunged eye and a bum knee" is the way he characterized his injuries in a telegram to his parents, and the latter is the worse of the two.

—While at work in the car shops at Burnham, on Wednesday of last week, Benner G. Gates, a brother of C. L. Gates, of Bellefonte, had his right leg broken between the knee and ankle, the knee dislocated and sustained several bad cuts on the head by a big wheel falling on him. A big hub on the wheel is the only thing that saved his life, but as it is he will be housed up for two or three months.

—On Tuesday noon a stone weighing over one hundred pounds from a blast in the stone quarry on the Thompson farm near State College, crashed through the roof of a shanty near the location of the new sewage disposal plant, and fell within three feet of a table where twenty men were eating dinner. Of course the danger was all over when the men realized what had happened, but it was a narrow margin to a bad accident.

—All those who have made up their contribution for the rummage sale and are anxious to get it out of the way, can send it, at their convenience, to the Moose house, where the sale will be held. The key can be gotten from Mrs. Sheldon immediately across the street, and returned to her. Those who are unable to send their donations will please notify Mrs. Ceder and thus avoid the chance of being overlooked in the general collection.

—The Kaffir Boys will appear in Petrikin hall this (Friday) evening as the first number in the Y. M. C. A. Star Course. They are under the direction of Mr. J. H. Balmer, with Miss Elsie Clark as pianist, and wherever they have appeared have given complete satisfaction. While a few of their selections are rendered in their native language, the great part of the program is in English. If you are a lover of music don't fail to hear them. Price of admission, fifty cents.

**BELLEFONTE BOROUGH COUNCIL.**—Six members were present at the regular meeting of borough council on Monday evening with president Harry Keller in the chair. There were no verbal or written communications. Under the head of old business the Street committee reported that they had examined the condition of north Water street, where the McCoy heirs asked permission to blast off the point of the hill in order to properly adjust the walk leading from their residence, and recommended that permission be granted so far as the jurisdiction of the borough was concerned, they to assume all liability.

A number of pavements were reported in bad condition and the clerk was instructed to give property owners the customary legal notice to put same in good repair. The question of a new crossing on Spring street from Dr. Dale's residence to the Garman property was referred to the Street committee with power to act.

Burgess John J. Bower stated that for some time past that portion of Water street in the vicinity of the Bellefonte Lumber company's office has been made a rendezvous by a certain class of men and women who take advantage of the dark to make it a place for spooning and other things, and that residents of that locality are much annoyed by what they see and hear. All efforts of the police to break up the nuisance have proven futile because the spooners can always see the officer before he can see them; and either get under cover or unconcernedly walk away. As a remedy the burgess suggested putting an incandescent or tungsten light at that point. The matter was referred to the Fire and Police committee.

The burgess' report showed that during the quarter ending September 30th fines and licenses had been collected to the amount of \$56.10. Costs of hearings, etc., \$32.00, leaving a balance of \$24.10, for which a check was presented.

A report was presented in effect that the conferees of the Logan and Undine fire companies met at the Logan house last Saturday evening and elected the following department officials for the ensuing year: Chief fire marshal, George Eberhart; first assistant, O. A. Kline; second assistant, Bruce Robb. The report was approved by a vote of council and ordered placed upon the records.

The overseers of the poor presented a request for the exoneration of taxes on the poor house property, amounting to \$22.40. The matter was referred to the Finance committee for investigation and report.

Chairman Beezer, of the Fire and Police committee, reported that the Logan house was badly in need of new ropes for hauling up their hose to dry; and that the big door on the public building was badly out of shape and should be repaired before the weather becomes too cold. Both matters were referred to the Fire and Police committee with power to act.

A note for \$1,000 was renewed for six months, bills to the amount of \$1,290.49 approved and council adjourned.

**TYRONE COUNCIL OBJECTS TO AUDITOR'S REPORT ON PRUNER ORPHANAGE.**—At the regular meeting of the Tyrone borough council on Monday evening the following resolution was passed:

As the auditors report on the E. L. Pruner Home for Friendless Children submitted to us at our last meeting for approval was not as clear as it should have been, I therefore offer the following motion that we refer the same to the Finance committee of the Bellefonte borough council, and make a thorough investigation of this fund, and submit their report to the councils of Bellefonte and Tyrone. The legitimate expense connected with making such report be paid out of the orphanage fund; also that the secretary notify Bellefonte council of our action, requesting their committee to act in conjunction with our committee as soon as possible.

When the report was presented to the Bellefonte borough council at a regular meeting on September 2nd it was referred to the Finance committee for investigation and report and that is as far as it has gone. The committee has evidently forgotten that the report was presented, or else they are emulating the entire council in its action regarding the removal of the splash board from the dam in Spring creek. At the regular meeting on August 5th a resolution was passed that Gamble, Green & Co. be notified to remove the splash board within one month and in their failure to do so the borough engineer was instructed to remove the same. At the meeting of council on September 2nd a letter was read from Gamble, Green & Co. setting forth reasons why they refused to remove the splash board and council at once turned a flipper and decided to leave the matter—as well as the splash board—rest for the time being.

And as it is with the splash board so it has so far been with the action on the auditor's report for the Pruner orphanage. Both matters are now in a state of "innocuous desuetude."

—Taft Republicans are all crying good times because there is work for everybody who wants to work, but the fact that so many are busy does not in any way interfere with going to the scenic in the evening for the motion pictures. It not only affords an hour of restful relaxation to the tired nerves of the hard worked man and woman, but gives them sixty minutes of good entertainment. Always something new to be seen at the Scenic each evening.

—The Osgood football team, of Altoona, came to Bellefonte last Saturday to test their mettle against the Bellefonte Academy eleven, but they proved an easy mark for the locals, who won the game by the score of 45 to 0. Carpeneto, for the Academy, got a badly bunged eye during the fray and one of the Altoona players was disabled and had to be taken out of the game. There were no serious mishaps, however.

—Because there was a clean-up sale at the well known jewelry store of F. P. Blair & Co., an impression has gained credence throughout the county that they are going out of business. This is not so. The sale was merely to effect a change of co-partnership from F. P. Blair & Co. to F. P. Blair & Son, and the new firm will continue business at the old stand with a new and complete line of everything kept in a first-class jewelry store.

—On Saturday evening Abe Switzer took two cases of beer to his boarding house at Coleville and entertained a few friends during the night. On Sunday he claimed that he had been relieved of a ten dollar bill and the next day he had a young man named Peace arrested on suspicion. The latter was given a hearing before justice of the peace Henry Brown on Tuesday evening, but as there was no evidence against him he was discharged and the costs put upon Switzer.

—Mrs. J. Milo Mayers, a niece of Mrs. John McGarvey, of this place, committed suicide at the home of her mother, Mrs. Florence E. Moody, in Lock Haven, on Tuesday morning, by drinking two ounces of carbolic acid. She died before she could be taken to the hospital. She was twenty-eight years of age and is survived by her mother, four children, one sister and three brothers. Estrangement from her husband is the only cause that can be assigned for the woman's rash act.

—Mr. and Mrs. John S. Dale and family moved from College township into their new home in State College last Thursday and the string of heavily-laden wagons looked very much like an industrial parade. Just ninety people sat down to the bountiful dinner Mrs. Dale had so lavishly prepared. In addition to the "substantials" there were different kinds of fruit from the Dale farm, fourteen large cakes, several gallons of ice cream, etc. Their many friends wish the Dales as much happiness in their new home as they had prosperity on the farm.

—Dr. Edwin Erie Sparks, president of The Pennsylvania State College, will give a lecture in Petrikin hall on Sunday afternoon, October 13th, on the subject, "A Clean Bill." The lecture will be preceded by a concert at 3:30 o'clock. The name of Dr. Sparks and his success as a speaker ought to insure a crowded house. Doors will open at three o'clock and everybody is cordially invited to attend. A special invitation has been sent out to the business men and a place will be reserved for them. Orchestra selections, double quartette, soprano solo and violin solo.

—It will be greatly appreciated by those in charge of the rummage sale, if where it is at all possible, contributions to the sale, would be delivered at the Moose house opposite Mrs. D. G. Bush's residence on Spring street. The necessity of collecting all donations would incur expense, to avoid which great efforts are being made, consequently, someone will be at the house Tuesday and for the remainder of the week to receive what is sent. Should you be one who would be greatly inconvenienced by this, take what you have to some near-by house so that the collections in your neighborhood can be more quickly made.

—A big sewage disposal plant is being erected at State College which will not only handle the sewage of the college proper but of the entire town. An idea of the size of the plant can be had from the fact that it will take one thousand barrels of cement in the construction of the concrete work. A Harrisburg firm has the contract and work is already under way, although they are badly in need of laborers, notwithstanding the fact that they pay 17½ cents per hour. The plant is being built near the stone quarry on the Thompson farm east of the town, and it is estimated that it will take a year or longer to complete it and put in a complete sewerage system.

—Tomorrow will be a great day at State College, if the weather is favorable, and many Bellefonters will go up to see the State—W. and J. football game. This will very likely be the best game to be played at State this season and it is sure to be a hard contest. The fact that State played a sluggish game last Saturday, when the best she could do was to defeat the light Carnegie Tech team by the score of 41 to 0, and that W. and J. succeeded in holding the strong Carlisle Indian team to a no-score tie, is evidence that State will have to play a much different kind of football tomorrow to win out. The last game between State and W. and J. was in 1899, when the contest ended in a fight and the visitors left the field. While that antagonism has all died out the old-time feeling of rivalry still exists and both teams will play their very best to win. The game will without doubt be a good one and Bellefonte lovers of the sport should take advantage of the opportunity to go up and see it.

**KNAPPER—KELLEY.**—A wedding that excited considerable interest in Snow Shoe was that of William Knapper, a son of Mr. and Mrs. Joseph Knapper, of Phillipsburg, and Miss Mame Kelly, a daughter of Mr. and Mrs. H. P. Kelley, of Snow Shoe, which took place in the Catholic church at that place at eight o'clock last Thursday morning. Quite a number of friends of the contracting parties were present to witness the ceremony which was performed by Rev. Father Connelly. The attendants were Miss Justina Kelly, a sister of the bride, as honor maid, and Mr. Herlacker, of Williamsport, best man. Following the ceremony a wedding breakfast was served at the home of the bride's parents and later the young couple left for a wedding trip to eastern cities. Both the bride and bridegroom are well and favorably known in Bellefonte, the latter having taken a course at The Pennsylvania State College and a year or so ago being located in Bellefonte for some time while working under the Chestnut Tree Blight Commission. He is now employed as a mining engineer by the Lehigh Valley Coal company with headquarters in Snow Shoe, where he and his wife will reside.

**DAUGHERTY—BARNARD.**—Quite a pretty wedding took place at the home of Mr. and Mrs. Harvey Barnard, near Mill Hall, on Monday evening, when their daughter, Miss Florence Barnard, was united in marriage to Lloyd Daugherty, of Cleveland, Ohio, but formerly of Pine Glenn, this county. The ceremony was performed by Rev. M. B. Cook, of Kartaus, assisted by Rev. H. K. Ash, of Milesburg. The attendants were Miss Ella Daugherty and John Barnard. Guests were present from Bellefonte, Pleasant Gap, Milesburg and Pine Glenn. The young couple will take up their residence in Cleveland, Ohio, where Mr. Daugherty is a street car conductor.

**KERSTETER—CABLE.**—John W. Kerstetter, of State College, and Miss E. Alice Cable, of Millheim, were united in marriage at the bride's home in the latter place on Sunday evening, October 6th. A few intimate friends were present to witness the ceremony which was performed by Rev. W. J. Dice, of the United Evangelical church. Following a brief wedding tour the young couple will go to housekeeping at State College.

**KORMAN—FANNING.**—On Friday, October 4th, William Roy Korman, of Curtin, and Miss Minnie M. Fanning, of Roopsburg, were united in marriage at the Presbyterian manse, north Spring street, by the pastor of the Presbyterian church, Dr. G. E. Hawes. Both young people are well known in their respective communities. After a brief wedding journey it is expected that they will make their home at Curtin.

**SHUEY—MCCLELLAN.**—John Irvin Shuey and Miss Norma McClellan, two well known young people of State College, were married at the Presbyterian parsonage in Lemont at nine o'clock on Wednesday evening. Only the necessary witnesses were present at the ceremony which was performed by the pastor, Rev. W. K. Harnish. The young couple will make their home at State College.

**WAITE—BAIRD.**—Earl Waite and Miss Effie Baird, both of this place, were united in marriage at the Presbyterian parsonage in Mill Hall, last Saturday, by the pastor, Rev. A. D. Bateman.

**BELLEFONTE HATCHERY TROUT NOW BEING DISTRIBUTED.**—Trout from last winter's hatching are now being distributed from the Bellefonte fish hatchery, and instead of going out as helpless fry the fish range in size from two and a half to six inches in length. This is the first year that no fry were distributed and the fish kept until this time of year, when they have attained a size large enough to be able to take care of themselves, and the result of stocking streams in this way will be carefully watched. The old way of stocking streams with trout fry was always a questionable one, so far as getting any good results were concerned. As an illustration: Last year the Bellefonte hatchery sent out in the neighborhood of two million trout fry. This year almost the same number were hatched out at the Bellefonte hatchery but less than ten per cent. of the number survived. In fact the estimate placed on the number of young trout to be distributed this fall is about one hundred and sixty thousand. In the distribution the trout are being apportioned according to the applications, and the number sent out is necessarily very much smaller than that applied for. Therefore, if you are an applicant and receive only a few hundred trout when you expected thousands, don't kick, as you are doubtless getting your share.

—A baby girl was born to Mr. and Mrs. John Van Pelt on Monday morning; the first in the family.
