THINGS ABOUT TOWN AND COUNTY.

—Don't forget "East Lynne" this (Fri-day) night, 10, 20 and 30 cents.

—The chestnut crops turning out to be a good one and the best of all is that comparatively few wormy ones are found.

—A band of gypsies were encamped near the old mill works over Sunday but they pulled out for Tyrone early Monday morning.

—The South ward voting place will be moved from the Brown building on Bishop street to a room in the opera house block.

—The cold, wet weather yesterday was a forcible reminder of what is yet to come, and lucky is the man who will be prepared for it.

—Alexander W. Kennedy, of Sandy Ridge, has been appointed registration assessor of Rush township to fill the vacancy caused by the death of the late William H. Twigg.

—In his will the late Samuel E. Walker, of Salona, appointed his son, W. Harrison Walker Esq., of Bellefonte, sole executor, guardian for the minor grandchildren and trustee.

—The Ladies' Aid society of the Presbyterian church gave a tea yesterday afternoon in the chapel to promote sociability and discuss the completed improvements of their church.

—Apples from the orchards on the penitentiary farms are now being shipped to market packed in the regulation peach basket. They are hauled to Bellefonte and shipped by the car load.

—The condition of W. L. Malin, who has been confined to his home on east Howard street the past few days, as the result of an attack of vertigo, is very much improved and he will soon be able to be around again.

—Russell Krape, formerly of Bellefonte, but who is now with the Pennsylvania R. R., at Harrisburg, has made all arrangements to move his family from their present home on Curtin street, to Harrisburg next week.

—Lester McClellan and Miss Blanche Strunk, both well known young people of this place, were quietly married last evening. The bridegroom is a son of Mr. and Mrs. Charles McClellan and is employed in Hazel Bros. grocery store.

—The Bellefonte curb market is practically over for this year, though a few farmers and produce growers come in on regular market days with potatoes, apples, pumpkins, turnips, etc. Late as the season is a few roasting ears were offered for sale this week.

—The Lyric continues to show a good program of moving pictures every evening, and many persons are attracted there because of the quality of the pictures. Manager Harper has a change of program every night, so that there is always something new to be seen.

—Fresh Curtin made buckwheat flour, than which there is none better, is on sale now at all the groceries in Bellefonte. It is guaranteed fresh, pure and wholesome and as everybody enjoys good buckwheat cakes the right kind of flour to make them is now on the local market.

—There were two arrivals at the Bellefonte hospital the latter part of last week. Mrs. Charles Hughes giving birth to a little daughter and Mrs. Earl Tibbens a little son. The Hughes have named their baby Daisy Graham Hughes, in honor of Miss Daisy Graham, at the Academy.

—The annual charity ball, under the auspices of the Woman's Club of Bellefonte, will be given in the Armory Thursday night, November 14th. As it this year, will be a peasant dance, as many as possible are asked to go in this costume, representing whatever country they may choose.

—George Lentz, a Williamsport young man, who was accidentally shot by a young woman on Wednesday of last week while walking along the street in company with another young man, was formerly a student at the Bellefonte Academy. Fortunately the wound is not considered a very dangerous one.

—As the result of a fall Wednesday evening, at her home on Spring street, Mrs. D. G. Bush is in a serious condition, suffering from a broken hip. Mrs. Bush, who is very much broken in health, after the long illness from which she is only recovering, had not regained her usual strength, and always an unusually energetic woman, it is thought she overestimated her endurance and the unfortunate accident was due to exhaustion.

—A lamp exploded in the home of Mr. and Mrs. C. L. Gates, on east Lamb street, last Saturday evening, and it was only by the prompt assistance of neighbors in smothering the flames that a bad fire was averted. Mrs. Gates had the lamp in her hand at the time it exploded, but fortunately escaped without any burns. On Tuesday evening the oil in a lamp at the Thomas Murphy home on Lamb street caught fire, but Mrs. Murphy had time enough to throw the lamp out of doors before it exploded.

BOROUGH COUNCIL DOES ANOTHER ACROBATIC STUNT.—That dam splash board caused borough council to give another exhibition of gymnastics on Monday evening and while the diving feat was in the shape of a double somersault the performers got a straddle of the cross bar and then resolved that it was up to borough solicitor J. Thomas Mitchell to pull them off. Member Judge, of the West ward, started the performance by asking what council was going to do about removing the splash board. President Keller said the whole matter was up to council for action. Mr. Judge stated that he was under the impression that the action of council at the meeting of August 5th was decisive enough, when a motion was passed that Gamble, Gheen & Co., be notified to remove the board or it would be done by the borough engineer. President Keller agreed to these facts but stated that the borough engineer had never been officially notified to remove the same. Mr. Judge made a motion that he be so instructed. Before the motion was seconded Mr. Brockerhoff stated that according to information he had received the borough had no right to remove the board, as they would be trespassing on private property. President Keller stated that he believed it would be best to let the matter rest for the time being, but Messrs. Judge and Daggett demurred. Mr. Walker then suggested that the borough solicitor be asked to give an opinion on the question of the borough's right to remove the board at the next meeting of council and falling in with the suggestion Mr. Brockerhoff made a motion to that effect. It was seconded and carried, Mr. Daggett voting against it. And there the matter hangs fire while the board rests peacefully in its same old place.

Seven members were present at the meeting and the minutes of the last meeting were approved without comment. Oscar Wetzel was present in the interest of P. B. Crider & Son, presenting council with a statement of the borough's indebtedness to the firm on account of the mortgage and judgment held against the Green mill property and requesting a payment of \$1,000 to be applied on the liquidation of borough taxes. The amount due was \$2,964.08, and upon motion an order for \$1,000 was authorized to be given Mr. Crider to apply on taxes. W. D. Zerby was present representing N. B. Spangler, attorney for the county commissioners, who requested that the borough make settlement for its share of the High street bridge. Mr. Zerby stated that the claim as furnished to him, and certified from the minutes of the county commissioners, called for the payment of one-third the total cost of the bridge, which was \$8,750. The minutes of the special meeting of council held October 5th, 1911, called for the purpose of taking definite action in regard to the building of a new bridge, obligated council to the payment of only \$1,500, one-third of the contract price for repairing the old bridge. To get at some definite understanding and settlement of the matter the question was referred to the Street committee and borough solicitor for investigation and report.

Under the head of written communications a letter was read from the secretary of the Tyrone borough council stating that at their last regular meeting the statement of the auditors of the Pruner orphanage accounts had been referred to the Finance committee for investigation and report. Secretary Kelley stated that inasmuch as the report was still in the hands of the Finance committee of Bellefonte council, and after conferring with the chairman of the committee, he answered the letter in effect that the Bellefonte committee were willing to meet them any time and look into the matter, and this action was agreeable to council. A written request was received from William Rine, an employee in the Water department, for an increase in salary of twenty-five cents a day. The matter was referred to the Water committee for investigation and report. The Street committee reported that in company with the borough engineer they had inspected the Brant house pavement on Allegheny street; the Morrison pavement on Lamb street and that along the Sands property and adjoining lot on Curtin street and they all needed repairing. The secretary was instructed to give the customary notice.

Burgess John J. Bower stated that John C. Rumberger would like to lease the Green mill property, and would pay \$300 a year for same. The property was leased to Homer Carr last spring under the agreement that he was to pay therefore half the tolls received. Inasmuch as he has never operated the mill the secretary was instructed to notify him to vacate the premises within thirty days. Mr. Walker stated that there ought to be a light at the alley near the James Harris properties, as it was a loafing place for men and women at various hours of the night, and a light might prevent such congregating. Borough orders were authorized to the amount of \$1,287.50 after which council adjourned.

—Friday, November 22nd, has been named as the date for Pennsylvania Day exercises at State College. Governor John K. Tener will be the presiding officer and make a short address while the speaker of the day will be Attorney General John C. Bell. United States Senators Penrose and Oliver have accepted invitations to be present and Adjutant General Thomas J. Stewart will review the cadet battalion.

—David E. Baney, of Pine Grove Mills, last week bought the Benjamin Royer property, near Tyrone, containing about forty acres of land, for \$2,700. He expects to move there and make that place his home.

—Mr. Arista Lucas, of Bush Hollow, was sixty-five years old Tuesday last week and the day was celebrated by a family reunion. There were present their twelve children, and thirty-one grandchildren, as well as a few other invited guests.

—Elmer E. Person, editor of the Williamsport Sun, dropped dead from heart disease on Tuesday evening. He was forty-seven years old and a prominent member of the Pine street Methodist church. He was a particularly warm friend of Mr. and Mrs. C. C. Shuey and family, of this place.

—A Vitagraph three reel motion picture play on Shakespeare's "As You Like It" will be the attraction at the Scenic this evening. The leading parts are taken by the best actors with the company and the story is well staged. Some unusually interesting pictures are being shown at the Scenic right along and if you do not attend regularly you are likely to miss something good.

—The Bloomsburg Normal football team will be the Academy's opponents on Hughes field tomorrow afternoon and the game will surely be an exciting one. The Normal was one of the teams that defeated the Academy last year and last Saturday they downed the Carlisle Indian reserves, but the Academy boys are determined to wipe out the sting of last year's defeat, so that a hard game can be looked for. A good crowd should go out to see the struggle.

—The Superior court recently handed down an opinion and decree in the case of the International Harvesting company of America vs. Mollie Miller, who was represented by P. B. Swartz as agent, affirming the findings and decision of the court of common pleas of Centre county. The case grew out of a judgment entered against the defendant by the plaintiff company and an application on the part of the former to set it aside and re-open proceedings. This the lower court refused to do and the case was taken to the Superior court for a decision.

—Last Saturday afternoon Mrs. Foster Shearer and little nephew, Nevin Shearer, of Zion, were driving along Logan street in a buggy when one of the hold-back straps broke. The horse frightened and ran away, turning from Logan street north on Spring street. At Philip Beezer's residence both Mrs. Shearer and the boy were thrown out, the buggy passing over the latter's legs. Both were picked up and carried into Beezer's house where an examination showed that while they were badly bruised and shocked no bones were broken. The horse was caught on Spring street, with the buggy and harness somewhat damaged.

—Tomorrow will be the next to the last chance you will have this season to see a football game at State College, when State and Gettysburg will contend for honors on the gridiron. While State is naturally conceded a winner, the Gettysburg team is strong enough to give the State eleven an interesting contest, so that it will be worth looking at. The State team returned on Sunday from Ithaca, where last Saturday they defeated Cornell by the score of 29 to 6, the worst defeat the Ithacans ever received from the State team. Interest in tomorrow's game will centre around the condition and improvement of the team over two weeks ago, and their likelihood of winning from Pennsylvania on Saturday of next week.

—There are two things in the course of events that everybody enjoys. First, they like an abundance to eat when it don't cost too much; and secondly, the average human being enjoys lots of innocent fun. With this fact in view the Ladies Aid Society of the Pleasant Gap M. E. church has decided to hold their autumn festival on Halloween night at Noll's hall. Oysters and Boston baked beans will be served and as an inducement to encourage a liberal patronage only 15 cents will be charged for a full meal. In addition the bargain counters will have a goodly supply of gingham work-aprons, sun bonnets, silk quilts, etc. Don't forget the time and place: Halloween evening, October 31st. Everybody is invited to spend a pleasant evening with the ladies. Dining room opens at 5 p. m.

—This has been an unusual fall season and in various sections of the State various kinds of trees and fruits have blossomed the second time but none of them have anything on Mrs. Oscar Wetzel's red raspberries. They not only blossomed the second time but grew fruit as perfect and of as good quality as the early crop. Of course they were not very plentiful but on Tuesday morning Mrs. Wetzel gathered the ripened crop and had a quart of the berries, from which she made some good old-fashioned raspberry jam. As proof of the quality of the crop she sent to this office a sprig on which there were four large, ripe, juicy berries and one that had not yet ripened, and aside from the fact that they were perhaps a little darker in color than the first crop of berries they were very similar in every other way.

THE HUNTING SEASON.—Just one week from today, November 1st, will mark the opening of the hunting season for squirrels, rabbits, quail, pheasants and wild turkeys and during the ensuing weeks shot guns will be taken out of their cases, oiled and limbered up in preparation for the event. Quite naturally the main thing that all hunters are interested in is the quantity of game. As stated last week wild turkeys are reported quite plentiful throughout Bald Eagle valley, both on Muncy mountain and in the foot hills of the Alleghenies, but then they always appear more plentiful before the season opens than they are when a man goes after them with a gun. Pheasants also are said to be plentiful. One Bellefonte hunter who is accustomed to taking long walks through the woods, told the writer that during his perambulations last Sunday he saw five of these birds and got almost close enough to them to hit them with a cane before they took fright and flew away. Of course when he goes out next Friday to look up these same birds he will be lucky to get within gun shot of them. So far as quail are concerned, they are so scarce in Centre county that they are not even considered in the game line.

There are some squirrel in the wooded sections of the county, especially where there are a quantity of hickory nut trees, but they are not nearly as plentiful as they were a few years ago, and it will be a lucky hunter who will be successful in filling his game bag. When it comes to rabbits, it can be said that they are quite plentiful all over the county, and hunters will no doubt have fine sport hunting them, as there is just as much fun and excitement in a good rabbit chase as there is in hunting the average game. It will be three weeks yet until the opening of the deer season, so that hunters will have longer to speculate on the outlook for this kind of game. Woodsmen aver that while there seem to be plenty of deer in the woods very few of them are bucks, and if this proves to be the case deer hunters will have a sorry time of it during the two weeks of the season.

BELLEFONTE LIKELY TO HAVE WIRELESS STATION.—Frank P. Blair & Son are planning to construct a wireless receiving station in Bellefonte for the purpose of receiving daily the correct time from the government wireless station at Arlington. The station at Arlington built and now being equipped by the government will be the most powerful sending station in the world. It has been designed and will be used to furnish the correct time to ships at sea and an idea of its magnitude and power can be gathered from the fact that it is claimed ships in the Pacific ocean, as well as the Atlantic, will be within the radius of its wave currents. The naval authorities have signified their willingness to allow watch and clock manufacturers as well as jewelers in any part of the country to erect a receiving station and thus secure every day the correct time as sent out from Washington. Just where F. P. Blair & Son will erect their station has not yet been determined. The ideal place they have in view is the highest apex on the roof of the Brockerhoff house, while the top of the jail is another prospective location. It would be necessary to put up a mast thirty feet in height, at the top of which the wires and various paraphernalia of a wireless receiving station will be constructed, with wires running into Blair & Son's jewelry store where the receiving instruments will be located. While the station is designed primarily for the correct time service everything sent out from the government station at Washington will be receivable in Bellefonte.

GUNS CONFISCATED, FOREIGNERS FINED.—For some time past the State Game Commission at Harrisburg heard rumors of pot hunting in Centre county and the supposition was that most of it was being done by foreigners. Accordingly on Tuesday game wardens Mothersbaugh and Davidson came to Bellefonte and taking out search warrants secured the services of constable Horace Musser and proceeded to search the various foreign colonies in this section. At Armors Gap Tony Coko was arrested for having a gun in his possession; at the old glass works Mike Shobuck was taken into custody and at the Chemical Lime company's plant Tony Benzi was arrested because a gun was found in his home, though he disclaimed ownership. The guns were all confiscated and the men were fined \$25 and costs each, a total of \$87.

EAST LYNNE.—"East Lynne" the play that has thrilled thousands and moved the world to tears, will be given a splendid presentation by Mr. Joseph King's new company at Garman's this (Friday) evening, October 25th. There are very few who have not read Mrs. Henry Wood's touching story of the "Earl's Daughter," and there must be a handful who have not read the novel or seen its splendid dramatization. And all who have read the book or seen the play always want to read or see it again, if for no other purpose than to renew the days of old and the blissful hours spent in pouring over the pages.

—On Tuesday Oscar Yerger shipped his household goods to Renovo, and this week he and his family will move to that place to make their future home. The house on Bishop street vacated by them has been occupied by ex-sheriff W. E. Hurley and family, who moved there from one of the Joseph houses on south Spring street on Wednesday.
