

Fix Peace Parley for Friday a Week

Ottoman Government Regards Outcome of Negotiations as a Victory.

The peace plenipotentiaries representing Turkey, Bulgaria, Servia and Montenegro will begin their work in London on Friday of next week.

It is officially announced at Sofia that the Greek plenipotentiaries at Bagitche did not definitely reject the terms of the armistice, but reserved their decision for twenty-four hours. Even in the event of her declining to approve the armistice protocol, Greece will participate in the peace negotiations in London.

The armistice contains the following conditions:

1. The belligerent armies shall remain in the positions they at present occupy.

2. The besieged Turkish fortresses shall not be evacuated.

3. The revictualing of the Bulgarian army in the field shall be carried out by way of the Black sea and Adrianople, commencing ten days after the signature of the armistice.

4. The negotiations for peace shall begin in London on Dec. 13.

Turkey's concession to the effect that Turkish garrisons now under siege should not be revictualled indicates that Turkey believes that peace will be speedily concluded.

A feeling of intense relief swept through Turkish government circles when news of the armistice was promulgated. Turkey regards the final outcome of the negotiations as a victory for the Ottoman envoys.

"Turkey retains her national honor and we believe that our empire has been strengthened rather than weakened," said Grand Vizier Kiamil Pasha at the close of a meeting of the ministerial council.

While the Turks have refused to surrender Adrianople, Scutari and Janina, they have agreed to discuss the cession of these places at the peace negotiations at London, according to a Sofia dispatch to the Paris Matin.

A Constantinople dispatch to the Times says that a report is current there that certain of the powers advised Bulgaria to sign the armistice without the Greeks, on condition that the campaign, if continued by Greece, should be localized in Epirus.

The Greek people felt that Janina should be surrendered to them and that the Turks on the islands of Chios and Mitylene should also give up their arms rather than merely march away, as they might do under the terms of the armistice. But most of all the Greeks were indignant over the proposal that all besieged towns should be daily revictualled during the armistice, which, although not announced, is supposedly for fourteen days.

They thought that if the siege of Adrianople was thus raised voluntarily and the Bulgars deprived themselves of what was practically in their grasp they would be called upon to sacrifice some of the land they had wrested from the Turks as a reward to the Bulgarians.

So the Greek representatives, armed with these instructions from their government, came before the delegates and said very firmly that they would sign no such armistice at this time.

Servia, Montenegro and Bulgaria thereupon told the Greeks that if they would not strike hands with their allies and wear insistent upon holding out, they could fight on. But under these circumstances they must fight alone. The three Balkan states felt, said their representatives, that it was time for an armistice and that it should be signed.

Railroad Merger Must Dissolve.

The United States supreme court in an opinion announced by Justice Day held that the Union Pacific Railroad company, by the acquisition of stock in the Southern Pacific Railroad company, by the acquisition of stock in the Southern Pacific Railroad company, had effected a combination in violation of the Sherman anti-trust law.

Justice Day, reading the opinion, indicated that the court would enter a decree to dissolve the combination and also an injunction to prevent the Union Pacific from voting Southern Pacific stock.

PENNSYLVANIA RAILROAD

BULLETIN.

Convenient Transportation Facilities.

The Pennsylvania Railroad, by main lines, branches, subsidiary lines, and connections, covers the Eastern country so completely that the people of almost every community may avail themselves of its facilities.

The lines reach the cities, the big towns and the little towns, so that whether the impulse to travel be for business, pleasure, or social purposes, it may be satisfactorily carried out, as far as transportation facilities are concerned, by taking a Pennsylvania Railroad train at the nearest point.

Through cars are operated over the lines between all important centres of population, and an excellent dining car service is available at the usual hours for meals on the through trains. The all-steel equipment of the trains adds greatly to the security and comfort of passengers.

The spirit of the holiday season stimulates the wish to travel, and the facilities of the Pennsylvania Railroad and its connections appeal with equal force to the home-coming young folks and the migrating people of maturer years.

The comprehensive train service, apart from the local trains well known in each community, covers a wide extent of territory.

BETWEEN THE EAST AND THE WEST.

There are splendid limited trains between New York, Philadelphia, Baltimore, Washington, Harrisburg, Altoona, Pittsburgh, and points in the West, notably Chicago and St. Louis. Included among these are the "Broadway Limited," the 20-hour train between New York and Chicago; the "24-Hour St. Louis," to St. Louis and Chicago; "The Pennsylvania Limited," to Chicago, St. Louis, Cleveland, and Cincinnati; and the "Chicago Limited," to Chicago, Cincinnati, and Cleveland. These are all-Pullman trains and provide the highest grade of service. In addition there are a number of express trains to Chicago, St. Louis, Cincinnati, Louisville, Indianapolis, Columbus, Cleveland, Toledo, Detroit, and other important centres of the Middle West, which provide both Pullman and all-steel coach service. Among these are the "Chicago Special," "Chicago Express," "St. Louis Express," "Western Express," and the "Cleveland, Cincinnati, and Chicago Express."

TO THE SOUTH.

Those contemplating a trip South, to the resorts of the Carolinas, Georgia, Florida, and the Gulf Coast, will find a number of fine trains between the important terminal cities of the Pennsylvania Railroad; and cars to the more important cities of the South, running through from and to New York via Washington, Baltimore, and Philadelphia. On January 6, 1913, the through Limited Trains between New York and Florida will be placed in service.

COMMERCIAL CENTRES LINKED.

An examination of the time tables of the Pennsylvania Railroad will show that practically all important commercial centres on its lines and connections are linked by through trains, through cars, or convenient connections, affording accommodating service.

Anyone who wishes to go anywhere should consult the nearest Ticket Agent of the Pennsylvania Railroad. He can give all the information a traveler requires.
