#### Judge Archibald

Found Guilty.

Jurist Is Convicted of Five of the Thirteen Articles of Impeachment Against Him.

"Guilty" on five of the thirteen articles of impeachment against him was the verdict of the United States senate in the case of Judge Robert W. Archbald, of the commerce court, who was charged with misuse of his power as a judge to his personal gain.

The judge was convicted on the first third, fourth, fifth and thirteenth charges and acquitted on the second, sixth, seventh, eighth, ninth, tenth, eleventh and twelfth. This removes him from office.

Following the executive session, Senator O'Gorman offered his resolution in this form:

"Ordered: that the respondent, Robjudicial court and designated to sit in office and be disqualified from holding and enjoying any office of honor, trust or profit under the United States."

On motion of Senator Oliver, of Pennsylvania, the question was divided. The first half, removing Judge Archbald from the bench, was unanimously adopted, and the adoption of the second part disqualifying Archbald from holding any office followed by a vote of 39 to 35.

The conviction on the first count which charged that Archbald had used his position as a judge to persuade the Erie Railroad company to give to him and E. J. Williams, of Scranton, Pa., an option on a coal dump at a price probably \$30,000 less than its real value, came with an unexpected majority against Judge Archbald, only two-thirds being necessary for a con viction.

On this the first, and thus the cru cial count on the indictment on which the judge had been on trial since Dec. 2, the vote was 68 to 5, for conviction of "high crimes and misdemeanors." The five senators who voted for ac quittal were Burnham, of New Hamp shire; Catron, of New Mexico; Oliver and Penrose, of Pennsylvania, and Paynter, of Kentucky, the latter being the only Democrat.
