The newly appointed Board of Health met in the office of Henry C. Quigley Esq., on Wednesday evening and organized by electing John Blanchard Esq., president and Mr. Quigley secretary. The smallpox situation was discussed pretty thoroughly but as there is nothing alarming about it, with no new cases and all the old improving no action was taken further than a declaration to maintain a rigid quarantine over the infested houses until the disease is stamped out.

BOROUGH COUNCIL NAMES NEW BOARD OF HEALTH.—The recent smallpox scare in Bellefonte has stirred up the authorities to the necessity of having an efficient Board of Health, one with authority to act in any emergency, and one of the important things that borough council did on Monday evening was to appoint an entirely new board, which will be given the proper authority by rules and regulations enacted into an ordinance.

Henry C. Quigley Esq., secretary of the old Board of Health, appeared before council and stated that last week, when the smallpox scare developed, a meeting of the Board of Health was called. Only three members were in commission, Drs. R. G. H. Hayes and David Dale and John Blanchard Esq., Dr. Locke's commission having expired over a year ago and the other vacancy being caused by the death of the late S. H. Williams. The three members reorganized by electing Dr. Hayes president and then Mr. Quigley was authorized to appear before council and present the resignation of the three members and ask for the appointment of five men for the purpose of reorganizing a new Board. Under the Act of Legislature governing the same the president of council is empowered to appoint the members, which appointments must be approved by council. President Keller therefore appointed C. Y. Wagner to serve for a period of one year; Dr. M. J. Locke two years; Dr. R. G. H. Hayes three years; John Blanchard Esq., four years, and Dr. David Dale five years.

When in Bellefonte last week Dr. Hunt, of the State Board of Health, left with Mr. Quigley a copy of the rules and regulations approved by the State Board for the governing of boroughs and townships of the first class, and Mr. Quigley asked that a committee of council be appointed to confer with the new board when organized regarding the adoption of rules and regulations. President Keller appointed Theodore Cherry, chairman of the Sanitary committee; Dr. J. M. Brockerhoff, Philip L. Beizer and borough solicitor J. Thomas Mitchell. This committee will confer with the new board when organized and report at the next meeting of council, when the rules and regulations adopted will be enacted into an ordinance.

Just five members were present at Monday evening's meeting, the first held since December 18th. Following the reading and approval of the minutes John Noll asked that a crossing be placed on south Water street opposite his steam laundry. There had been a crossing there at one time but when the street was filled up it was covered and never replaced. The Street committee was empowered to put down such a crossing as they deemed best.

P. H. Gherrity, representing the Undine Fire company, was present and stated to council that the company had in view the purchase of three horses to be used in hauling their fire apparatus, inasmuch as it was next to impossible to get a team in case of fire, and wanted to know if council would guarantee them the borough hauling as a help in keeping the horses. A resolution was passed requesting the Street committee and borough engineer to favor the Undines in so far as it is possible to do.

Applications were received from W. A. Ishler for reappointment as water tax collector; Harry Dukeman as chief of police; William Beizer policeman, and J. Henry Wetzel borough engineer. There being no other applicants all the above were reappointed.

President Keller called attention of council to the fact that Oscar Yeager had left Bellefonte and while he had never resigned as a member of council his seat was nominally vacant. Dr. Brockerhoff made a motion that his seat be declared vacant by reason of his having moved out of the jurisdiction of the town and the same was carried. James D. Seibert was then elected to fill the vacancy until the next general municipal election.

W. A. Ishler, water tax collector, presented a statement of his account for 1912 and the same was referred to the Water committee for investigation and report.

The burgess' report for the last quarter in 1912 showed a balance on hand of \$2.55, for which his check was submitted.

Mr. Miles, of Milesburg, through Mr. Judge, submitted a proposition for the purchase of several building lots off of the Green mill property and the matter was referred to the Special Water committee for investigation and report.

Bills to the amount of \$1,995.79 (one month's accumulation) were approved after which council adjourned.

STATE COLLEGE GRADUATE TO THE FRONT.—It is interesting to note that of the three civilians examined for appointment as second lieutenant in the United States army corps of engineers, the only one who qualified was John C. Gotwals, of Norristown, Pennsylvania, and his nomination has been sent to the Senate for confirmation. Mr. Gotwals is a graduate in civil engineering of The Pennsylvania State College, class of 1906, and for some time past has been in charge of a section of construction of the new Catskill aqueduct for New York city.

Col. C. G. McMillen, of the Giddings hotel, Dayton, Ohio, writes the WATCHMAN editor that everything favorable he will send the next Fourth of July week in Bellefonte. While this notice comes considerably in advance of the date we know that the colonel's many friends will look forward to the time with anticipation of a very pleasant reunion.

A corps of state highway engineers are now at work surveying the route from Lock Haven to Milesburg through Bald Eagle valley. A part of this road has already been built as a state highway, those portions moved by the Pennsylvania railroad company when changing the route of the Bald Eagle Valley railroad last summer, and it is more than likely that the road will be built through the coming summer.

At Garman's opera house three days, commencing Thursday the 30th, the Mrs. General Tom Thumb company, assisted by Count and Baron Magri and the Bijou Comedy company, in music, mirth, comedy. Eighteen people in all, Matinee Saturday afternoon, as well as farewell reception for ladies and children. Prices 10, 20, 30 and 50 cents. This is an attraction that will no doubt appeal to all amusement-loving people of Bellefonte.

The Pennsylvania State Sabbath School association has arranged for five missionary temperance institutes to be held places throughout the State advantageous enough to reach forty-four counties. The nearest one to Bellefonte will be at Altoona on Wednesday, January 29th. The institute will be held in the Second Presbyterian church and a good program has been prepared. All persons interested in the cause of temperance should attend.

James Davidson, of Boggs township, recently brought action against the Pennsylvania railroad company for damages done his crops by fire. Mr. Davidson's farm is at Snow Shoe Intersection, the railroad running through it. Frequently sparks from the locomotives set fire to his fields and the railroad company always reimbursed him for any loss. Until April of last year when seven acres were burned over and five acres of hay destroyed in August. Mr. Davidson claimed \$208 damages and the company failed to settle, hence the prosecution. The case was heard before Squire Musser last Saturday and judgment rendered for the entire amount.

Beginning Sunday, February 9th, immediately upon the close of the "Service Campaign" to be conducted by the College Y. M. C. A., Rev. Bob Jones, who has been making such a profound impression upon Scranton during the past two weeks, will hold a ten day evangelistic meeting in the Methodist Episcopal church of State College. Mr. Jones is a southerner. He is making his first extended evangelistic tour in the north at this time. He is no relation of Rev. Sam Jones, the Georgia evangelist, who died a few years ago, nor are his methods of preaching similar, but he is conceded by southern ministers to be without a superior among modern evangelists.

The third of a series of parties at which Mrs. Dinges, Mrs. Hughes and Miss Green have been hostesses, will be given this afternoon, when they entertain at a thimble party at the Green home, on Linn street. Mrs. Charles Gilmour has issued invitations for a flinch party, which will be given at her home on Linn street tonight. Mrs. Harry Yeager entertained last night, the second of a series of five hundred parties she has been giving. Miss Marie Haupt had as guests at a party last Friday night, some of her High school friends, who had arranged to go to Boalsburg, but on account of the condition of the weather accepted Miss Haupt's hospitality and remained in Bellefonte. Mary Van Dyke, the daughter of Mr. and Mrs. George VanDyke, entertained a number of her girl friends Tuesday night. Mrs. John Miller, of Curtin street, entertained a number of her neighbors from Hulersburg and that vicinity, Friday of last week.

FOR RENT.—Brick livery stable for rent, centrally located. Inquire of 48-3 St. LYON & CO.

WOMEN'S CLUB NEWS.—The first meeting of the study class was a pronounced success, if one may judge from the number of men and women present—at least one hundred and fifty—and the attention and interest displayed. Dr. Hawes, the speaker of the evening, held the closest attention of his audience from start to finish, because of the great amount of information he had on hand and his forceful way of delivering it. Additional information was furnished by the discussions and questions at the close of the address. A pleasing feature was the presence of a class of young people with their note books.

The next meeting, February 4th, will be led by Miss Hill on the subject of "The Settlement of the Colonies." It promises to be most instructive and no one can afford to be a loser in this progressive movement. No expense and everybody welcome.

The regular monthly meeting of the Woman's Club will be held on Monday evening, January 27th. Mr. Jonas E. Wagner will give another of his valuable talks, so let the audience be as large as possible.

THAT BIG REAL ESTATE DEAL—Three weeks ago the WATCHMAN announced that it would soon give to the public information concerning a big real estate deal in this community. The hint aroused considerable curiosity that we are now at liberty to gratify.

Dr. R. G. H. Hayes has sold his handsome country place and farm near town to the Jennings Bros., of New York, who propose to establish there a stock farm the like of which Centre county has never known. Because of the limited acreage it will not be so much of a breeding place as a development farm and market for trotting and draft horses and full blooded Holstein cattle.

The Jennings Bros. are among the largest stockmen in New York State and their name alone insures a quality of stock that meets all the requirements of the fancier. We understand that they have made arrangements with the Centre County Fair Association for the use of the race track adjoining the farm and there they will develop the race horses. The draft horses they will continue to raise on their large farm near Buffalo, but will keep several studs for service here and, always, a lot of thoroughbreds for sale.

The sale was effected by the Leathers Bros., and has gone to the point where all doubt of its finality seems removed.

SCHOOL TEACHER PROSECUTES SCHOLARS.—Seven boys and girls were defendants in a case of alleged assault brought before Squire W. H. Musser on Tuesday morning, the prosecutor being Miss Mary Meyer, the twenty year old teacher of the Elk Creek school in Penn township. Miss Meyer is a daughter of Mr. and Mrs. Daniel Meyer, of Penn township, a graduate of the Millersville Normal school and this is her first year as teacher. The Elk Creek school has an average attendance of twelve scholars, and according to Miss Meyer's story the scholars have been very disobedient and unruly. Following several clashes between teacher and pupils the climax came on Friday of last week. Several of the scholars persisted in running around the school room and in and out the cloak room without leave and finally Hattie Keen refused to go to recitation. Miss Meyer attempted to punish the pupil when she was attacked by three other scholars and in the mixup that followed the teacher sustained a blackened eye. Miss Meyer, upon the advice of the secretary of the school board, decided to prosecute.

Consequently she came to Bellefonte last Saturday and made information against Helen Treaster, Hattie Keen, Edna Orndorf, Margie Krape, Norman Braucht, Lee Swartz and Fred Bohn, ranging in age from nine to sixteen years. The case came before Squire Musser on Tuesday morning for a hearing and Penn township was out in force. Miss Meyer was represented by Henry C. Quigley and the defendants by W. D. Zerby. After hearing the teacher's story the attorneys agreed that the case did not come within the jurisdiction of a justice of the peace, but belonged to the juvenile court, and it was promptly certified thereto by Mr. Musser. What the ultimate outcome will be remains to be seen.

SMALLPOX SITUATION UNCHANGED.—No new cases of smallpox have developed in Bellefonte and vicinity during the past week, and so thorough have been the precautions taken that the health authorities confidently believe that the disease will be confined to the original cases. As extra precaution the doctors have been doing a lively business vaccinating school children and even grown people, so be careful about grabbing a person on the left arm, because that may be the place the person is vaccinated—and then it may not.

Stories are afloat throughout the county that Bellefonte is in the throes of an epidemic of smallpox, and much fear is felt in some localities. The WATCHMAN can assure the public that the stories are grossly exaggerated and the fear almost groundless. When the disease was diagnosed as smallpox almost two weeks ago three cases were discovered within two days. These were strictly quarantined and so far no other case has developed. This condition is neither cause for alarm nor worry.

One of the most amusing occurrences happened at Pine Grove Mills last Saturday, when several Bellefonte school teachers journeyed there to attend the district teachers' institute. There, among a class of people famed all over the county for their open-hearted and generous hospitality, the school teachers were shunned almost as if they had had a plague. Where under ordinary circumstances dozens of houses would have welcomed them to dinner they wouldn't have gotten any had not the principal of the Pine Grove schools taken in the situation and invited them to his own home.

SCANDALOUS RUMORS CIRCULATED.—During the past week scandalous rumors have been circulated in Bellefonte about three or four business firms having either made assignments or gone into bankruptcy, when there is no truth whatever in them. The stories have even reached neighboring towns and given publication in at least one newspaper. Who started the story, or for what purpose, cannot be discovered, but scandal-mongers of that class should be severely dealt with, if found out.
